

MAY CELEBRATE WITH BIG FAIR

LOS ANGELES WOULD HOLD WORLD'S EXPOSITION

City Council Acts on Suggestion to Commemorate Completion of the Owens River Project with International Show

An international world's fair to commemorate the completion of the Owens river water project was a subject on which the city council voted favorably yesterday morning. The resolution carries with it a recommendation that Mayor McAleer, the chamber of commerce, the Merchants and Manufacturers' association and the Municipal league each name one member of a committee of four, to be appointed as soon as possible, to work up the proposition.

"A world's fair in Los Angeles would have a different effect than it has had in some other cities," said a councilman in speaking of the plan. "Other places where these fairs have been held have suffered to some extent from the boom that the city has been given and the consequent lull in business following. This is largely due to the fact that these fairs have heretofore been held in cities that the visitors were only too glad to get out of as soon as possible. It is a well-known fact that when an easterner visits this city and returns to his home he is never happy until he has come back to Southern California to live. If we hold this fair during the midwinter months and show the snowbound easterner what Los Angeles is like when blizzards rage in other places, we will advertise this city as it never has been advertised before."

C. D. Willard, secretary of the Municipal league, expressed a belief that the project would be a good one if it is feasible. These international fairs are allotted to a city for two years in advance and I believe that two cities are already ahead of Los Angeles," said Mr. Willard. "The league will be glad to look into it and see if it is feasible, but the short time is a serious objection. It will only be three or four years until we have this water in Los Angeles, which would hardly give us time to prepare for the project. If we do anything in this line at all we want something magnificent, and we should have at least ten years in which to work it up."

Several councilmen asserted that other cities having claims on the next official world's fair would be one of the least of the troubles. "We have influential senators and representatives and private citizens who could be counted on to take care of that part of it," they declared.

The plan for the world's fair was the outgrowth of the recommendation made by the municipal art commission to the water department and through the water department to the city council that a magnificent statue be erected to commemorate the Owens river proposition. The council believed that the idea was a good one, but that a statue, however magnificent, was hardly in proportion to the Owens river proposition. The question of the statue was referred to the water supply committee.

FIX LIBRARY CASE—AGAIN

Date for Hearing Set by Attorneys for Both Sides of Famous Muddle

The library investigation has been finally and conclusively fixed to begin on the evening of Jan. 24—unless the interested persons again change their minds and demand a postponement. This date was suggested by Oscar Lawler, one of the attorneys for the library directors at last Monday's meeting of the council, provisionally that it met with the approval of Attorney Byron Oliver, who, with Will A. Harris, is conducting the case for Miss Jones. Mr. Oliver agreed and representatives of both sides appeared before the council yesterday and consented to the date.

"We had to work hard to have the other side agree on a date at all," said T. B. Dockweiler, one of the directors, who will act with Mr. Lawler in conducting the case for the members of the board. "Miss Jones' attorneys seemed to have lost interest in the case and for that reason were reluctant to agree on a date. I am glad that it has been definitely settled."

F. K. RULE LEAVES SALT LAKE

Resigns Position as Treasurer and W. H. Leele Is Elected as His Successor

Salt Lake railroad directors met yesterday morning at the general offices of the company in the Huntington building and elected the same list of officers with the exception of Ferd K. Rule, who had handed in his resignation as treasurer. W. H. Leele was elected in Rule's place. Mr. Rule gives as a reason for his resignation the fact that he desires to enter the real estate business. The officers who were elected are: Supt. W. A. Clark, president; W. H. Bancroft, first vice president; J. Ross Clark, second vice president; Wm. H. Leele, treasurer, and W. H. Comstock, secretary.

DO YOU GET UP WITH A LAME BACK?

Have You Rheumatism, Kidney, Liver or Bladder Trouble?

To Prove What Swamp-Root, the Great Kidney, Liver and Bladder Remedy, will do for YOU, all Our Readers May Have a Sample Bottle Sent Free by Mail.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is Nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, more serious results are sure to follow. Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince any one—and you may have a sample bottle free, by mail.

Gentlemen—I attribute my present good health to Swamp-Root. I suffered many years with kidney trouble and had an almost constant pain in my back. Your great remedy, Swamp-Root, cured my trouble, and I have since been perfectly well. Yours truly, B. H. Chalkey, Ex. Chief of Police, Los Angeles, Cal.

Lame back is only one symptom of kidney trouble—one of many. Other symptoms showing that you need Swamp-Root are, being obliged to pass water often during the day and to get up many times during the night, inability to hold your urine, smarting or irritation in passing, brick dust or sediment in the urine, catarrh of the bladder, uric acid, constant headache, dizziness, poor digestion, sleeplessness, nervousness, irregular heart beating, rheumatism, bloating, irritability.

Y. M. C. A. NEEDS MEN AS LEADERS

FEELS GREAT SCARCITY OF SUPERINTENDENTS

Secretary Thomas J. Wilkie of Toronto, Pioneer of Movement, Gives Interesting Interview Regarding General Outlook

"The great problem now is not to get money but men to superintend the work of the Y. M. C. A. Notwithstanding all our efforts to obtain them we have vacancies for over 500 secretaries, so that our greatest difficulty is to prevent more organizations until such times as we have men well trained to take charge of them," said Thomas J. Wilkie of Toronto, Ont., one of the provincial secretaries of Toronto and Quebec, when seen yesterday afternoon at the local association.

Secretary Wilkie is here from a tour of one month in the northwest of Canada in the interests of the Y. M. C. A. He is 62 years old and is one of the first nineteen secretaries who started the association in North America. Mr. Wilkie is now one of the three surviving members of the original secretaries. Now there are over 2000 of them. He was one of the first eleven who formed the secretaries' conference at Washington, D. C., in 1871. Then the association had less than ten association buildings. Now there are 517, a gain of forty-two the past year, erected at a cost of \$2,612,251. A new building is being erected every five days. The total amount of gifts are over \$12,000,000 a year for buildings and maintenance.

"In order to prepare men for the work we have two training schools, one at Springfield, Mass., and the other at Chicago, Ill. We also have a summer school in Silver Bay, Lake George, N. Y., costing \$100,000, which was recently purchased free from debt. This is used as a training resort for the eastern states and Canada. We have another one at Lake Geneva for the western states. There are others in Canada."

Draws Prominent Men

"The railroad associations have increased from 197 to 211 the past year and the membership has increased from 70,000 to 75,000, and the buildings owned number 130, valued at \$2,250,000. The religious work of this department is showing gratifying developments. The number of Bible students has increased from 2088 to 4183. The number of professed conversions reported last year were 4527 and the number uniting with churches were 1739.

"The railroad conference in September brought together about 1500 railroad men, who profited by the spiritual

worn-out feeling, lack of ambition, loss of flesh, sallow complexion. If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling, or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

In order to prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Los Angeles Daily Herald. The genuineness of this offer is guaranteed.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one dollar size bottles at drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

phase of the association. A building, costing \$150,000, has been erected at St. Louis, Mo., for the railroad men there.

"The work is drawing to its support the prominent men of America. President Roosevelt said to the convention of secretaries: 'What I like about your work is that you mix religion with common sense.'"

When asked regarding his opinion of the local situation, Secretary Wilkie said: "I am disappointed in the 'housing' of the association of Los Angeles, but am much encouraged from my interviews with the officers and members regarding the new building soon to be erected in this city at a cost of \$350,000."

MELLIN'S For the Baby FOOD

Does your baby sleep well? A baby should not fret and be restless at night, but on the contrary, after his evening meal, if his food is right, he should go to sleep and sleep sweetly and peacefully until early morning. Use Mellin's Food and your baby will sleep well, and grow strong and good natured day by day. Send for a free sample for your baby.
