

SAYS PHELAN IS IDEAL CANDIDATE FOR GOVERNORSHIP

FORMER MAYOR JAMES D. PHELAN

Well Known Editor Believes Popularity of His Man Will Guarantee Easy Victory of Democratic Party—Says the Trend of Opinion Favors San Francisco Club Man

"Of all the men who have been mentioned as the possible Democratic candidate for governor of California, I believe that former Mayor Phelan of San Francisco would have the best chance of being elected," said Colonel Joseph Lynch, editor of Tidings, yesterday.

governor of California would be the wisest thing which could be done. Could Command Votes "He is young and energetic, and could command more votes than any other man whom the party leaders might choose to make the race. Phelan is gifted along many lines. He is young and scholarly and is a thorough patriot.

WILL HAVE FOUR TRACKS TO BEACH

HUNTINGTON INTERESTS PLAN BIG IMPROVEMENTS

Work Will Begin on the Arrival of Delayed Shipment of Rails—Will Push the Hill Street Tunnel

As has been predicted for a long time, there is soon to be great activity in street railway building in Los Angeles with an outlay of hundreds of thousands of dollars.

Now that E. H. Harriman has become the owner of the Los-Angeles Pacific, his representatives acknowledge that much money is going to be spent in improving the road. Arrangements are being pushed forward with all possible speed in order to have the large tunnel through the hill at the head of Hill street finished as soon as possible in order to shorten the time to the beaches.

Other great expenditures will be made in making the road double track and reducing grades. It is also the intention of the owners to purchase much equipment.

Are Working Constantly Work of extending tracks, rebalancing old ones and laying out new lines for the Pacific Electric is never stopped but goes on night and day.

H. E. Huntington has now made public that it is the intention of the owners of the Long Beach line to make it four tracks. It is said that the work is being delayed by a large consignment of rails coming from the east.

UNCOVERS TRUNK STEALING GAME

SAN FRANCISCO SUSPECTS TELL OF A "FENCE"

Los Angeles Police Have No Official Information and Await Definite Clues—Booty Said to Be Shipped Here

Three trunk thieves arrested at San Francisco Friday told the officers that a portion of their plunder had been sent to Los Angeles and was in the possession of a "fence" named M. Schuemaecher.

Detective Sergeant Kelly was puzzled over the news contained in an Associated Press dispatch from San Francisco, and said that the local detectives knew nothing of any wholesale trunk stealing.

It was said that Inspector O'Dea of San Francisco ran down three men who afterwards confessed that they were implicated in the wholesale robbery of trunks and luggage belonging to guests of the Palace and St. Francis hotels.

The men gave the names of Glenn Slater, Alvin Patterson and Harry McLaughlin. Through them, it is claimed, the inspector learned the name of the alleged Los Angeles "fence."

They say that it is rather queer that the San Francisco officers did not notify the Los Angeles police if there was a local end to the robbery.

Found in a Tent The three men arrested by Inspector O'Dea were found living in a tent south of Market street, and it is said that several trunks were found in their possession. The men informed the inspector that thirty-two other pieces of luggage had been shipped to Los Angeles to be disposed of here.

BEGINS WORK ON LINES FOR SEWERS

CITY ENGINEER BUSY WITH PLANS

Twenty-one Miles of Conduits Will Be Constructed and Must Be Completed Within Three Years

Work was begun yesterday in the city engineer's office establishing definite lines for the new lateral sewers for which bonds were voted Thursday. The bonds provide for twenty-one miles of sewers and with work to be done by private contract Los Angeles will have a sewer system of more than two hundred miles when all is completed.

The southern part of the city will profit more than any other section from the new lateral sewers. This district is lacking in sewer facilities, but the longest feeder to the outfall will be built in that part of the city. This conduit will be eight miles long and vary from three to five feet in diameter. The route proposed for this main is from Slauson and Western avenues north on Compton to Vernon, east on Vernon to Soto, north on Soto to a point near the city limits, northeast to Miriam and Asta and north on Miriam to Glen avenue, where it is divided and extends into Boyle Heights.

Is Well Provided For Boyle Heights is well provided for. One branch of the southern main extends into East Boyle Heights for a distance of a mile and a half and serves the district between Euclid avenue and the eastern city limits as far north as west city limits. The main for West Boyle Heights is also a mile and a half in length and supplies the district between Saratoga street to the district of the eastern main and extends as far north as Wabash avenue.

The Arroyo de los Posos sewer extends from Aliso street to Alhambra avenue and the Rio Vista sewer drains the district between the river and Boyle avenue. This sewer, joining the main at the Sixth street, near the river and extends south to near the limits. In the western part of the city a large sewer three miles long will drain the district bounded by Pico street, Wilshire boulevard, Hoover and the city limits. Lake Shore avenue and the district on both sides will be served by a conduit three-quarters of a mile long.

On Jefferson street a sewer a mile and a half long will care for the district as far north as Washington street. Avenue Twenty and nearby streets will have a main a mile and a half in length.

MAYOR PROCLAIMS JUNE 14 "FLAG DAY"

EXHORTS ALL CITIZENS TO OBSERVE

In Open Letter to Public City's Executive Says He Hopes to See Stars and Stripes Float From Every Structure

In a proclamation issued yesterday, Mayor McAleer names June 14 as "Flag day" and calls on all citizens of Los Angeles to do their part toward observing that day in fitting manner. His proclamation is made as an open letter to the public and is as follows:

"I am in receipt of the following request: 'The American Flag association, in accordance with its custom of the past nine years, respectfully reminds you that Thursday, June 14, 1906, will be the 125th anniversary of the adoption of the Stars and Stripes as the flag of the United States. During recent years Flag day has come to be recognized more and more as a national anniversary; and we earnestly request your co-operation in securing the widest possible observance this year.'

"Mayors of each American city are requested to order flags to be displayed upon all municipal buildings, and by formal proclamation to invite their fellow citizens to do the same upon private buildings.

"Editors are requested to make editorial announcement and to publish articles upon the subject of the flag, and to request the public to display the national colors on June 14, 1906."

"In accordance with a report, I proclaim June 14, 1906, as American Flag day, and earnestly exhort our citizens to join in making Flag day an event and its celebration for 1906 a great success.

"May the Stars and Stripes greet the rising and salute the setting sun, and float all day long from every church edifice, school and building, public and private, however humble, throughout our entire city.

"OWEN McALEER, Mayor."

MEXICAN FIRES A PISTOL

Man With Lots of Bravado Startles Santa Fe Avenue Residents

Two pistol shots fired by a drunken Mexican yesterday afternoon on Santa Fe avenue startled the neighborhood and gave rise to a report that a murder had been committed.

An officer detailed to investigate found that an unidentified Mexican living near Ninth street and Santa Fe avenue fired his revolver several times in a spirit of bravado, and then ran down the street.

FINDS BODY OF AN INFANT

Gardener Makes Growsome Discovery While Working at Eastlake Park

The body of an infant was found at Eastlake park yesterday afternoon by one of the gardeners.

FIESTA BRINGS A HORDE OF CROOKS

POLICE EXPECT WEEK WILL BE BUSY ONE

Pickpockets Will Predominate, Say Officers, and Will Reap a Golden Harvest by Nefarious Practices

The police expect a sudden increase in crime beginning tomorrow. The hope of reaping a golden reward for light-fingered work has attracted a horde of crooks, say police officials.

Both Chief Auble and Capt. Flammer say that, despite extra precautions, there is certain to be an abnormal increase in crime. Householders are warned to look well to the fastenings of their doors and windows, tenings as it is expected that many attempts will be made at burglary.

"While the people are watching the parades there will be a lot of crooked work," said Chief Auble yesterday. "We are going to do all we can to locate the crooks, but citizens must help themselves also."

A number of officers in plain clothes will mingle with the crowds to locate and arrest any pickpockets.

Where the crowds congregate there the light-fingered pickpockets will be waiting their opportunity to steal wallets and watches, say the detectives.

Lock Up Valuables

"The best way to prevent loss," remarked Detective Zeigler, "is for people to leave their valuables securely locked up at home. In a big crowd expert pickpockets find little difficulty in securing purses and jewelry. We all expect a busy week of it, and, despite all our efforts, there will be many robberies."

C. C. Boyle reported to the police yesterday that his room at 221 1-1/2 East Fourth street was entered by thieves and a purse containing \$4 stolen.

The thieves ransacked other rooms in the house, but did not secure any valuables.

Sneak thieves entered the Kansas rooming house at Fifth and Main streets on Friday and stole some clothing from a room occupied by J. E. Henrich.

A number of valuable rugs left on the front porch of J. H. Gray's home, 1115 Vermont avenue, were stolen Friday night.

While John Inmon was asleep in his room at 402 East Eighth street Friday night a burglar entered the apartment and stole nearly \$50.

FREE To Herald Subscribers Extraordinary Number of THE PACIFIC MONTHLY

For June will be issued the 25th of May. No publication in the United States will have such a thorough and satisfactory treatment of the subject—San Francisco, past, present and future—as the June issue of The Pacific Monthly. There will be

Over 100 Illustrations

in the number, and 16 pages in color. Every feature of the great catastrophe will be elaborately treated. The pictures before, during and after the catastrophe will prove a revelation.

The Pacific Monthly will contain authoritative statements from great geologists, the board of trade of California, the finance committee of San Francisco and personal experiences of thrilling interest.

Special articles of great importance and permanent value are contributed by David Starr Jordan, president of Stanford university; James D. Phelan, ex-mayor of San Francisco and president of the board for the rebuilding and adornment of the New San Francisco; Governor George C. Pardee, who will call a special session of legislature; Benjamin Ide Wheeler, president of the University of California; Prof. J. C. Branner, Stanford's eminent geologist; Prof. W. W. Campbell, director of Lick observatory, and eight others of note.

This number will contain the most astonishing and complete story of Alaska

that has ever been written. In every detail it will be A MOST REMARKABLE MAGAZINE of over 160 pages of pure reading matter. Price of this number will be 15c.

This great number absolutely free to Herald subscribers upon payment at The Herald office, Los Angeles, of one month's subscription (65c) to The Daily Herald, including the Sunday issue, delivered either by carrier or by mail.
