

# IN QUADRANT OVER GARBAGE QUESTION

## REFUSE NOW DUMPED ON PRIVATE GROUND

Alexander Incinerator Offered to City at Monthly Rental of \$4800, but Board Thinks Price High

With the new garbage incinerator temporarily useless on account of Wednesday night's fire, the question of disposing of the garbage collections is beginning to worry the board of public works a little.

The garbage was dumped yesterday on grounds owned by McGuire & McClure, the contractors who furnish the collection wagons for the city, and the same disposition will be made of refuse today, but this cannot be kept up long. Some means of incineration must be found within a few days.

The board in its extremity has turned to Charles Alexander, former collector of garbage, and asked for the use of his incinerator until a new building can be erected over the plant owned by the city. Alexander is reluctant to let the board use his crematory, as he is preparing to sell it and has it disconnected. The board would use it but a few months, and for a small amount of money the city would be willing to pay for these few months Alexander does not consider it worth while to incur the expense of connecting up the machinery again.

### Want to Sell Land

The board is now negotiating with Alexander for the best terms possible. Several persons appeared before the board yesterday with propositions to sell the city land in the river bottom for a municipal dumping ground. As river bottom land is held at about \$1200 an acre, and several acres would be necessary for the city's purpose, the board does not look favorably on the proposition to buy a dumping ground.

Alexander said last night he had made an offer to the board of public works to use his incinerator for \$1600 a month. The terms for collection will cost \$300 a month and the labor \$100. This will make the collection and incineration of garbage cost the city \$4300 a month during the time the new building is being erected.

According to Alexander the collection and incineration of garbage cost the city \$8000 last month. By using his plant he declares nearly half this cost will be saved.

### VERMONTERS WILL HAVE SUGARING-OFF PICNIC

### OLD-FASHIONED DAY PLANNED BY DOWN EASTERS

Newly Formed Society Will Go to Rubio Canyon for Reunion and Luncheon— Promise Plenty of Maple Sugar and Fun

### Special to The Herald.

PASADENA, May 25.—The first great picnic of the newly organized Vermont Society of Southern California will be held tomorrow in the picturesque Rubio canyon and will no doubt be a unique and pleasant reunion.

The picnic will take the form of a maple sugar "sugaring off" such as the old home state has been holding this spring, and is expected to make many an expatriate yearn for just a day in the old maple woods of Vermont with the crackle of the snow underfoot and the wooden sleds bringing in their loads of sap to the sugar camp.

All Vermonters, whether members of the association or not, are invited to attend. Each person must bring a lunch, together with such equipment as his experience teaches him will be needed to assist in the accustomed "sugaring off." There will be plenty of Vermont's famous maple sugar and syrup.

### SMALL ROBBERIES NUMEROUS

Petty Thefts of Clothing, Jewelry and Money Keep Police Department Busy

Numerous small robberies were reported to the police and detectives yesterday, but all of the crimes were of a petty nature.

Burglars entered the home of George M. Shields of Prospect park and stole an overcoat, a pair of shoes, some jewelry and some bedding.

Miss Swoboda, 555 South Broadway, reported to the police yesterday that a crowd of boys had taken two large American flags from in front of that number.

Joe Rome of the Silver Star lodging house told the police that two unidentified men stole a pocketbook from him containing \$35.

### Hurt in Rink

E. P. Henning of Woodlawn avenue and Main street fell last evening at the Panorama skating rink and dislocated his left shoulder. Henning was sent to the receiving hospital.

### Come for Prisoners

M. J. Morrissy and William McGarr, detective inspectors of Boston, arrived in the city yesterday to take Thomas A. Blake, arrested here recently on the charge of embezzlement, back to Boston.

### Frau Eggert-Smidt, a noted German woman and member of "Der Abstinente Frauerbunde," is to visit this country in August and lecture in September and October on the temperance movement in Germany.

Genuine Must Bear Fac-Simile Signature

**REFUSE SUBSTITUTES.**

### OFFERS CITY A PARKWAY

Andrews Boulevard Company Would Donate Part of Thoroughfare if Board Will Maintain

The Andrews Boulevard company yesterday offered to donate the city, through the board of public works, a parkway twenty-four feet wide on Andrews boulevard, between First and Sixth streets, on the condition that the city keep up the parkway as a part of the park system.

This parkway is similar to several others that have recently been platted by private persons in the western part of the city and is said to make a handsome boulevard. The board, however, did not feel that it had a right to accept it and referred it to the park commission.

### SAYS FIESTA IS THE BEST OF ALL

### NEW YORKER COMPARES CIVIC CELEBRATIONS

Has Seen Many Festivals, but Believes None Equal to One Just Held in Los Angeles

"The manner in which the Fiesta was celebrated by the citizens of Los Angeles, the beautiful electrical and floral displays has outdone everything in that line I have ever seen," said Sidney Lester, a well known business man of New York city, as he sat in the lobby of the Hollenbeck hotel yesterday afternoon discussing Los Angeles with several of his friends and business associates.

"To the whole affair there was a marked individuality that I have never seen duplicated at any celebration in any of the large cities in the United States," continued Mr. Lester. "People of the south talk of their Mardi Gras, San Francisco has always boasted of its New Year's eve and Denver points to her festival of mountain and plain, better known as the Carnival.

"None of these, and I have had the pleasure of being present at many of them, compared with the expressions of municipal patriotism that was apparent during the Fiesta celebrations. The atmosphere seemed surcharged with the spirit of good fellowship and fun. Everybody discarded care and had a 'bully' time.

### Is at Head of List

"For elaborate displays Los Angeles is certainly at the head of the list. The gorgeous riot of colors was amazingly beautiful and the running of the floats upon the street car lines is something entirely new to me. I regard it as being much superior to any number of horse-team floats which are used in like celebrations in other cities.

"The electric decorations of the large buildings on South Broadway and South Spring street were not only beautiful, but exceedingly artistic. The delicate lights thrown off by the thousands of Chinese lanterns which were draped over the buildings with the profusion of flags and Fiesta colors was superb.

"But with all this, which in itself was a great credit to Los Angeles, the conduct of the citizens at large was the most admirable. People crowding each other on the streets' good naturedly could not be avoided but the absence of drunken persons, men and women, raised my estimation of this city far above that of any other. I did not see an intoxicated person on any street during the two days' celebration. This fact impressed me more than any other feature of the Fiesta, as it is such a common sight in other cities.

### People Are Refined

"I do not attribute this to any efforts of the police of Los Angeles. It's the people of Los Angeles. They are refined and cultured and did not go into the Fiesta with the idea that it was an opportunity to get on a three or four days' spree. They had the object of the Fiesta in view, its significance and its meaning to Los Angeles.

"I did not hear of more than one holdup during the two days' street celebrations. In that instance a pickpocket took a man's watch, but the police captured the thief immediately. In any other city the burglars and pickpockets would have reaped a harvest and gone unmolested by the authorities.

### Through the absence of this feature from the Fiesta Los Angeles showed clearly that she is a city well governed, has much less of that element which is naturally supposed drifts here owing to the delightful climatic conditions.

"To all of the thousands of visitors that were present in Los Angeles during the Fiesta the city made an excellent showing. It was, in my opinion, the best advertisement she could ever get."

### WANTS BEER AT FUNERAL

Frederick Dilmann Directs Executors to Provide for Mourners Who Gather at His Bier

PHILADELPHIA, May 25.—The will of Frederick Dilmann, who died recently at 98 North Marshall street, leaving an estate valued at about \$500, admitted to probate today, provides for beer and lunch for those who attend his funeral. The document is in the hands of the testator and leaves the entire estate to a brother, John Dilmann, cutting off his wife and children, whom, he states, cared nothing for him.

He directed that a headstone should be erected over his grave, the cost of which shall not exceed \$35, and drew a diagram of the same. In referring to the funeral, the will reads: "The executor will put me under ground. I want to have a lunch. They can spend for one case of beer, 4 1/2 two pounds of limberger cheese. Whatever any thing they want they can fetch along themselves. John will only pay for the above mentioned."

### "PANTS" POCKETS IN PULPIT

Special to The Herald.

MIDDLETOWN, N. Y., May 25.—The Rev. Dr. Frank L. Wilson of this city, formerly of New York, publishes a hit-the-joke called the Kingston District News, for the benefit of the Methodists of that district, of which he is presiding elder. In the current number he says:

"It might not be a bad idea if the side-pockets of the pants of some preachers were sewed up to break up a habit of putting their hands in their senator fashion, while preaching. It is quite the thing, we are told, but somehow we don't take kindly to it. It isn't a bad idea to stand up like a man to 'declare the whole counsel of God.'"

Friends of Dr. Wilson say the reminder was inspired by the habits of some of the preachers in his district.

## OFFER TO HELP CLARENCE WAITE

KIND PERSONS COME TO HIS ASSISTANCE

Young Man Who Brought Mother to California for Her Health, Then Fell Ill, Finds Kind-Hearted Friends

Clarence Waite, the young man who came to Los Angeles to secure work to earn money to bring his aged mother west, who has been ill for 111 days, was reported yesterday to be resting well after the trip from the general and emergency hospital to the home of his cousin.

Kind-hearted people, through The Herald, are seeking to raise a fund to provide the necessary nourishment and comforts for the weak man to enable him to become strong enough to go to his home in Michigan. Eleven dollars were received for the fund yesterday. Anyone wishing to contribute to the fund can do so by leaving the money in the business office of The Herald.

Young Waite was employed by the Sunset Telephone and Telegraph company when he was taken ill, nearly four months ago. He is said to have been a deserving young man and was saving his money in order that his aged mother might live in a more favorable climate. His relatives in Los Angeles consist of what they call a cousin, who are doing what they can to assist him, but their means are limited, so that they cannot provide him with the medicine and comforts that he must have in order to recover from a painful operation that was the result of an attack of pneumonia.

The Herald will sell you \$25 worth of records and give you a six month subscription to The Herald and a \$25 Talk-a-Phone absolutely free.

### AWAIT ALLEGED BIGAMIST

Carl Knuth Said to Be Missing After Deserting One Wife to Marry Another

Special to The Herald.

PASADENA, May 25.—Deputy District Attorney Fleming is investigating a legal case in which a man named Knuth is alleged to have married a Pasadena woman while his first wife lay seriously ill at the home of a friend in Altadena, and if Knuth can be found he is likely to be placed under arrest on the charge of bigamy.

Carl Knuth has been spending the winter in Pasadena and about a week ago was married to Mrs. Mary Wallen of this city, at least such a wedding was announced in the local papers. They are not now in Pasadena, according to reports, and it is alleged by some that the couple have gone to Honolulu. Meanwhile the woman lying ill at the Altadena home gave birth to a child. Rumors that she was the wife of the man Knuth began to get around the community, the fact that she so claimed appearing to establish the duplicity of the man. Mr. Fleming visited the woman and he is said to have satisfied himself that she is indeed Knuth's wife. Knuth appears to have left the city between two days and a number of bills are alleged to have been left behind unpaid.

### HELD FOR CHILD TORTURE

Parents Said to Have Pulled Out Little One's Hair and Rubbed Salt in Wounds

CHICAGO, May 25.—Torture rivaling the Inquisition days was presented in the Chicago avenue police court today when Michael and Mary Jatoszek of 37 Concord place were held for the grand jury in \$10,000 bonds each on charges of assault upon two of their four children. They are said to have twisted broomhandles in the children's hair until it was pulled out by the roots, rubbed salt into their wounded scalps; broken the arm of one because she lost sixteen cents; locked both little ones in a small box in the rear of the house for two days at a time, feeding them only bits of bread and weak coffee, and seared the arms and backs of both children with red hot poker until they were covered with blisters and deep sores.

### Violate Mexican Laws

By Associated Press. WASHINGTON, May 25.—The Mexican government's reply to the American inquiry as to the seizure of American fishing schooners shows that the ships were in Mexican waters in violation of the Mexican law.

### More Pacific Coast Steamers

SAN FRANCISCO, May 25.—H. W. Cannon of New York, president of the Pacific Coast Steamship line, is arranging to have built three modern steamers for the latter company to be used on its San Francisco-Seattle line. They are to cost about \$2,000,000 and each vessel will be 400 feet in length, constructed of steel, with 5000 horse power engines and fifteen knots an hour. They are to have accommodations for 500 first class passengers.

### DECIDE STREET OWNERSHIP

Board of Public Works Asks City Engineer to Give Opinion Anent Thoroughfare

The question of the ownership of Thirty-eighth street, between Del Monte and Grand avenues, is to be again fought out before the board of public works. This action was begun yesterday, when a numerously signed petition was presented to the board, asking that Thirty-eighth street, between these two points, be opened to traffic.

This portion of the street is claimed by the Los Angeles-Redondo railway by right of possession, and the railway company has fenced in this portion of the street and defied the property owners to use it. The Ganahl Lumber company is using a portion of the street also for storing lumber.

No record can be found of this portion of the street having ever been deeded to the city, but the board of public works believes it should be opened, and has referred the petition to the city engineer for action.

### Every Woman Will Be Interested
