

DEPOSED

PASADENA POLITICIANS GET A BIG JOLT

Senator Hahn Taking a Try at Some Political Sparring and the Republicans Are Angry

Over It

Pasadena Agency, 164 East Colorado Street, Telephone Main 762.

PASADENA, June 21.—Two weeks ago fourteen prominent Republican workers in this senatorial district were dignified by the title of precinct committeemen of their party.

Today it became generally known that these selfsame fourteen have been deposed and fourteen other men put in their places.

It is claimed without notification of any sort whatever and with political malice aforethought.

One of the committeemen ousted thus summarily is Elmer I. Moody, who many people believe to stand a mighty good show of stepping into the official shoes of Senator Ben W. Hahn.

Curiously enough it is asserted that a week or ten days ago Senator Hahn, who desires renomination at the hands of his party, and his bosom political friend, James Campbell, chairman of the American club, ex-city treasurer, handed the Republican central committee a list of the precinct committeemen whom they desired put into office and that the central committee proceeded to deplete the fourteen office holders and to appoint in their stead as many other men designated by Messrs. Hahn and Campbell.

Hahn's friends assert that there is nothing unusual in his arranging to have his supporters in this response to positions if it can be done, and it seems that it can.

Some of the deposed committeemen, however, are mad clear through and have immediately sent a hot protest to the central committee, a protest which they have been assured will be considered at the next meeting of the Republican campaign managers.

"To a man up a tree," said an old-timer. "It looks as though Senator Ben W. Hahn has taken the first trick, and that it behooves senatorial aspirants Moody and Sherry to look closely or the remaining tricks in the Republican game will get themselves lost in the same delightful fashion."

Crown City Notes

The seven Pasadena banks have on deposit at the present time an aggregate of \$7,290,000, an unequalled showing.

It is announced that Pasadena is gradually to have all the red cars taken off the city electric lines and the handsome new green cars substituted, the old red cars to be used hereafter on the interurban.

Secretary D. W. Coolidge has returned from his brief sojourn in the north. During his absence he enjoyed an hour's visit with Wizard Burbank at his wonderful plant laboratory at Corona, Rosemead.

A petition is being prepared for presentation to the city council asking for the widening of East Colorado street from Broadway to Raymond, fifteen feet, to conform to the remainder of the street to the east. It is not known how popular the movement will be with the residents of that portion of the city.

Coronado Tent city now open.

SWARM OF BEES TAKE FORCIBLE POSSESSION

Curious Problem of Dispossession Puzzles Janitor of Crown City Church, but Winged Buzzers Are Not Disturbed

Special to The Herald.

PASADENA, June 21.—A swarm of bees has taken forcible possession of the tower of the newly erected North Pasadena Methodist Episcopal church.

It is not known just how the bees came to consider the place suitable for their operations, or just when they decided to take possession. It is known, however, that they are there and that they refuse to be evicted or to leave of their own will.

Those who have investigated the new plant assert that the bees have settled right down to the business of making honey and that all the foothill slopes, covered as they are with wild sage in sweetest blossom, are yielding their sweets to the increasing store in the tower.

The edifice has just recently been completed and as yet no bell or chimneys have been installed, so that there is absolute peace and quiet in the tower and no easy way of reaching the bee stronghold.

The former Methodist church was burned and its contents destroyed, and it is likely that the bees are attracted to the tower by the remains of the old church.

AUTO BLOWS UP IN VENICE

After the Explosion Alleged Owner of the Machine Repudiates It

Special to The Herald.

VENICE, June 21.—An automobile said to belong to Antonio Mesmer exploded while standing in front of the St. Mark's hotel shortly after 11 o'clock tonight. The explosion started up the street. They had been gone only a few moments when the gas in the car which was allowed to generate exploded.

The automobile took fire and the volunteer fire department responded and extinguished the flames. When the ownership of the car was established, Antonio Mesmer was named by several of the people who witnessed the unusual occurrence. The latter denied proprietorship of the car.

Antonio Mesmer is a brother-in-law of J. Griffith who is well known both here and in Los Angeles.

Coronado Tent city now open.

Veteran Drops Dead

SAWTELLE, June 21.—Philip Maloney of Co. F Sixth Kansas cavalry, dropped dead at the Soldiers' home hospital, presumably of heart disease, as he had been treated for that. He was 69 years of age.

Cool, comfortable, Coronado coast.

MANY SKATE IN COSTUME

Masked Carnival at Long Beach Rink Proves Attractive to Large Crowd

Special to The Herald.

LONG BEACH, June 21.—The first masked carnival to be held in a local skating rink drew a large crowd to the Long Beach rink last night.

The galleries were crowded and the floor was thronged with society folk clad in gay costumes.

The first woman's prize was won by Miss Zada Alles, who was attired as Gretchen, a Dutch maiden, and the second by Mrs. Clark McCartney, masked as Lady Teazle.

The first men's prize was won by Harry Faust, who was arrayed like a stage Dutchman. Earl Clark, who wore an attractive Mexican costume, won the second honor. Judges were F. C. Roberts, E. J. Falk and W. S. Clark.

"Hotel del Coronado" better than ever.

AGED MAN LEAPS INTO THE OCEAN

BODY FOUND UNDER PIER AT SANTA MONICA

Past 80, Anderson Kirilin Carefully Removes Clothes and Cane and Jumps—Fisherman Recovers Body

Special to The Herald.

SANTA MONICA, June 21.—Feeble, despondent and believing himself to be a burden to others, Anderson Kirilin, 84 years of age and for eight years a resident of this city, with deliberation committed suicide this morning by dropping into the ocean from a stairway beneath the Hollister avenue pier.

That the body of Kirilin, which now rests in Guidinger's undertaking establishment, was recovered and that positive evidence of how he came to his death is at hand, are subjects for which the dead man's relatives and the police give credit to an unidentified fisherman who snagged the body as it floated unseen from under the pier and who skillfully held it to while summoning assistance to aid in its recovery.

The body had been in the water probably fifteen minutes.

An investigation showed that Kirilin had descended beneath the pier and had removed several of his outer garments which he had placed on a table at the pier's side before he let go of life's hold. He left no note and it is not known that he confided his intention to anyone.

Kirilin was a carpenter and lived at the northeast corner of Grand avenue and Speedway with his daughter and son-in-law, Mr. and Mrs. John Conway.

An inquest will be held on the remains at 10 o'clock tomorrow morning. "Hotel del Coronado" always pleases.

SEEKS LOCATION FOR A MALLEABLE IRON PLANT

W. L. CASSADY PLEASUED WITH LONG BEACH

Thinks Manufacturing Institution Would Be Paying Venture—Asks No Concession From Citizens—Is President of Indiana Plow Works

Special to The Herald.

LONG BEACH, June 21.—W. L. Cassidy of South Bend, Ind., president of a chilled plow company in that city, was in consultation with representatives of the Los Angeles Dock and Terminal company here today in regard to a location for a malleable iron factory in this city.

Cassidy believes a factory for the production of malleable iron would be a paying institution in this section of the country, and says he is thoroughly satisfied with Long Beach as a site for the plant.

A feature of interest is that he is asking no concession from anyone. The only necessity is to secure an available site for such a plant as contemplated.

Mr. Cassidy claims to have the means to carry out his project but will take time to secure the best location. The enterprise of which Mr. Cassidy is president employs several hundred men.

"Hotel del Coronado" better than ever.

LONG BEACH GETS PICNIC

Pasadena Annual Jollification Goes to the Beach City in August

Special to The Herald.

PASADENA, June 21.—The joint committee from the board of trade and Merchants' association has decided to hold the forthcoming annual Pasadena picnic at Long Beach.

Because of the Chautauqua course in the beach city during the week of August 16, necessitating the use of the auditorium at that time for the lectures and other entertainments of the course, it was found impossible to name August 16, as had been intended, but the picnic will be held either one week earlier or one week later, according as the tide is high or low.

It is likely that the offer of the Salt Lake road to carry the picnickers by special trains will be accepted, as on account of the northern part of the state to be the most convenient way of making the trip.

Last year upwards of 3500 attended the picnic and it is reasonable to suppose that fully 4000 will attend this year.

The program of sports and the exercises for the auditorium entertainment usually given will now be made up as rapidly as possible. A number of unique things will be attempted.

Coronado Tent city best ever.

C. H. RUNDEL IS INJURED

Southern California Music Dealer Is Hurt by a Car at Venice

Special to The Herald.

VENICE, June 21.—C. H. Rundel of the Southern California Music company, Los Angeles, while attempting to alight from a Los Angeles-Pacific car at the Windward avenue station tonight, was thrown and it is said sustained injuries of a serious nature.

Mr. Rundel had just returned from Los Angeles and was about to meet his wife at the Windward hotel, where he maintains apartments. Mr. Rundel was attended by a local physician, whose examination showed a wrenched leg and arm and only bruises.

Mr. Rundel is the husband of Mrs. Eglehoff-Rundel, president of the Crescent Bay Woman's club.

The best people go to Coronado.

MARINES ARE TOLD TO OBEY THE DOCK

BESSIE DOLLAR ARRIVES AT SAN PEDRO

Cargo Consists Chiefly of Cement. Owner Buys Two Vessels for Merchant Fleet While in Japan

Special to The Herald.

SAN PEDRO, June 21.—The first direct liner coming direct from the far east to this port arrived early this morning, twenty-one days out from Yokohama.

The arrival of the steamer Bessie Dollar in the outer harbor here last night direct from Japan, and the oriental ports is something of an epoch for San Pedro, as heretofore when steamers came in with goods from that part of the world they had previously touched at San Francisco and discharged a large portion of their wares there.

Contrary to expectation the Bessie Dollar did not bring a variety of oriental goods, which the owners expected to get when they went over, but has a cargo of 4000 tons of Portland cement which will be discharged at the Crescent wharf here as fast as possible.

The steamer is one of the largest which ever sailed into this port, being something like 400 feet in length. It was built for the Dollar Steamship company at Glasgow by the Rogers Shipbuilding company and is a staunch and able vessel. It is under command of Capt. Gow, who has been with the company a long time, and has a crew aboard her now of forty-two Chinese exclusive of the American officers.

Files British Flag

The vessel is flying the British flag, although belonging to a strictly Pacific coast company. Early this morning the collector of the port and the United States health officer boarded her, the latter reporting everyone aboard in the best of health.

Aboard the vessel when she returned on this trip were Mr. and Mrs. Robert Dollar, the former being president of the Dollar company. Mr. Dollar went over with the other ship six months ago for the express purpose of looking up the steamer M. S. Dollar which had been chartered to the Russian government at the beginning of the war between that country and Japan and which was taken by the latter country and advertised for sale as a prize of war. Mr. Dollar heard of the transaction and went over to purchase. The Japanese officials did not sell the boat on the day it was advertised to be sold but put it up several days previous. Mr. Dollar was not able to get a concession just such a move on the part of the new owners of the boat and had a representative on the spot who was unknown but who bid it off at \$75,000 and secured possession.

Loss Covered by Insurance

The steamer had been insured to the Dollar company by a Russian insurance company for \$100,000 and the loss had been fully paid, so that Mr. Dollar is well satisfied with his stroke of business in receiving more than \$100,000 for the use of his vessel during the time it was in possession of the Japanese, having the boat back again, which, with a few thousand dollars repairs, will be as good as ever.

He also purchased another steamer while there which was sold as a prize. When Mr. Dollar went to the eastern port about six months ago he took along a large number of oranges, lemons and other fruits from Southern California and many boxes of fine apples from Oregon with which to ingratiate himself into the good graces of the potentates of the different ports where he expected to do business. It had its effect, he says, making him popular while there and securing his company considerable business.

"Hotel del Coronado" leads them all.

SUSPECT JAXON TO BE ARRAIGNED TODAY

Logan Golf Links Murder Case Will Occupy South Pasadena Justice's Court Two Days, It is Thought

Special to The Herald.

PASADENA, June 21.—Because of the probability that Saturday forenoon would not be sufficient for the preliminary examination of Taylor J. C. Jaxon of this city, charged with the slaying of James A. Logan, it has been decided to call the case one day earlier.

Tomorrow morning at 9 o'clock the case will open before Justice Glover in South Pasadena, and if present signs do not fail, the hearing will last all day and well on toward noon of Saturday. Legally court cannot be held after noon on Saturday, hence the change of date.

Others have been busy all day today serving subpoenas on the city and it is said that fifty or sixty people will be asked to testify at the preliminary examination.

It does not develop whether anything new is in the hands of the state, but the date is being fixed by the investigation affect to believe that they have ample evidence to cause Jaxon to be held for trial.

On the other hand, Jaxon's friends declare that he cannot be held and that his alibi is irrefragable. Attorney Edwin Hahn will defend and District Attorney Fredericks will prosecute. Coronado is the society resort.

SAN PEDRO TRUSTEE MARRIED

Karl Stromsen of San Pedro and Miss Ada Smith United in Wedding

Special to The Herald.

SAN PEDRO, June 21.—The marriage of Karl Stromsen, one of the city trustees, and Miss Ada Smith, a prominent young woman of the city, took place this evening at the new home of the groom on First street at 8 o'clock. Rev. F. H. Hickman, rector of the Episcopal church, officiating. The bride was attended by Miss Florence Esterbrook of Los Angeles, while the groom had for his best man William Mahar, the assistant revenue collector of this port. The newly married couple immediately started for many places of interest in the northern part of the state, to be gone about two weeks. Coronado offers every advantage.

Sawtee Republicans Unite

SAWTELLE, June 21.—A meeting of Republicans of the two precincts was held at Leeds' hall tonight to organize a Republican campaign club. Officers of the club are: Chairman, Walter Mundell; secretary, J. E. Houston; treasurer, Joe Bowers. Coronado is the society resort.

If you want to go east, C. Haydock, Agent Illinois Central R. R., 228 S. Spring.

NEED MORE FUNDS TO FINISH HARBOR WORK

Special to The Herald.

SAN PEDRO, June 21.—From Superintendent Charles Green of the North American Dredging company it is learned that the appropriation from the government to dredge from the inner to the outer harbor is now about gone and that if more is not forthcoming the work will stop within a week.

The channel has been dredged to a depth of twenty-five feet at low tide and 100 feet in width now, but it was originally intended to have it from 400 to 500 feet in width, as 100 feet is not enough for practical purposes, it is said.

This channel is large enough for any vessel to enter the harbor without trouble if the channel is known, but many of the captains who come in will not know it. It is bad for the work that it is not all done at this time, as it will go back to a point where it is allowed to rest for any length of time. Mr. Green states that it will take in the neighborhood of \$25,000 to complete the work now. It is expected congress will make the necessary appropriation in the next session, if it is needed now.

Best climate on earth at Coronado.

BEQUEATHS PROPERTY TO BELL BOY FRIEND

LATE ALEXIS BJORNSON LEAVES UNDATED WILL

Special to The Herald.

RIVERSIDE, June 21.—The so-called will of the late Alexis Bjornson, host of the Glenwood hotel, was filed for probate this afternoon by Purinton & Ayley, acting for A. S. White, who has applied for letters of administration.

The estate consists of 100 shares of the capital stock of the Glenwood Hotel company and \$300 cash in bank. Bjornson left a note to Will Herbert, bell boy, in which he bequeathed him all the property he owned. The note was undated and was as follows:

"Dear Will: If anything should by any chance happen to me I want you to give word to Mr. Miller first and deliver to him or Mrs. Miller the two letters you will find. Mr. Miller will show you the letters or tell you the contents, as I leave the very little I have to you. I hope it will help to give you a little start."

"Try and remember always that the only life worth living is all in being useful to some one, and when you can no longer be of use to anyone or serve them in any way then you had better be dead. This has been the sad experience of."

"ALEXIS BJORNSON."

So far as known, the erratic hotel man had no relatives in this country, and if the bell boy cannot make good his claim the estate will go to the state. Herbert is 20 years old and a native of Boston. His parents are well-to-do.

The boy cared for Bjornson in his last hours and endeared himself to the host in many ways.

He was the first to discover that Bjornson had taken an overdose of morphine.

The best people go to Coronado.

THESE ELECTORS MAY VOTE

Preliminary Skirmish for Pasadena Annexation Election July 12

Special to The Herald.

PASADENA, June 21.—City Attorney Wood has prepared an opinion as to the status of the voters in the city wards and in the East Pasadena and Oak Knoll district at the approaching annexation election on July 12.

He states that as regards the voters of the city "all persons whose names are on the great register for the last general election as electors within the ward where they now reside are entitled to vote; that all other persons residing within the city must have registered on or before June 16, 1906, if the ward where they claim their vote."

As to the qualifications of those who would vote in the district desiring annexation he says: "Each person whose name is on the great register for the last general state election as a resident of the precinct where he now resides is entitled to vote; all other persons claiming to vote in said territory to be annexed must have registered on or before June 16, 1906, as a resident of said territory."

In case said last named persons registered prior to June 2 and subsequently changed their residence the transfer must have been made on the great register on or before Saturday, June 16, 1906.

It is understood that within the district seeking to be annexed not more than three hundred voters are so registered and therefore entitled to vote at the approaching election, and that out of this number not more than a bare half dozen are registered as residents of the Oak Knoll district.

Coronado offers every advantage.

Long Beach Notes

Special to The Herald.

LONG BEACH, June 21.—The annual convention of the Christian churches of Arizona and Southern California will assemble here August 9-10. The chief speaker will be Prof. Herbert Willett, Ph. D., of Chicago university. Prof. P. O. Gales will be in charge of the music. A large chorus will be organized under his direction.

Benjamin Walton, a local man, who has already installed two drinking fountains here, has promised to erect his third at the corner of the city hall, adjoining the Salt Lake depot. The fountain will be constructed of bronze and concrete.

The steamer Elliott, owned by the Nelson-Napier Navigation company, will put back to operation shortly after having been well overhauled and fitted with new engines. H. B. Nelson has been engaged as captain. John Peterson has been engaged as captain of the steamer Nellie, vice Captain Greene, resigned.

From 2 o'clock tomorrow afternoon until 12 o'clock at night the new quarters of the Cosmopolitan club in the Heller-Driskill building on Pine avenue will be thrown open to the public. The rooms will be handsomely decorated with flowers, an orchestra will furnish music and refreshments will be served. After tomorrow the public will not be admitted to the rooms.

The teachers' children of the Sunday school of the Lincoln Avenue Methodist church of Pasadena enjoyed their annual picnic on the beach here today. The pastor, Rev. F. D. Mather, was with the party. They came in five Dollar week Electric cars, arriving here at 10:30. The merry crowd left for home about 5:30 o'clock.

Playa del Rey's Fourth

Special to The Herald.

PLAYA DEL REY, June 21.—The Fourth of July celebration at the city of Playa del Rey was held in the afternoon and fireworks at night. There will also be boat races.

"Hotel del Coronado" is the place.

CHARGES POLICE WITH GRAFTING

SAN BERNARDINO HAS REAL SENSATION

Woman Avers Her Arrest as a Vagrant Resulted From Refusal to Pay Officers Hush Money

Special to The Herald.

SAN BERNARDINO, June 21.—Sensational charges have been made against Policemen Ketting and Hurley of the local department to the effect that they are collecting protection money from residents of the red light district of the city.

The charges have come out as the result of the arrest on a vagrancy charge of a woman of the under world, Mabel Henry. The woman charges that her arrest followed a refusal to pay protection money to the officers.

The trial of the case was begun today and bids to be sensational. The defense claims to have startling evidence which will show the corruption in the police department in the protection of the red light dives. Late this afternoon a jury had not been obtained in the case and a second venire had been issued.

A jury was completed late in the afternoon after exhausting three venires. Two witnesses were examined for the people and some evidence of a damaging character against the two police officers was brought out by Attorney Daley for the defense.

One payment of \$30 to Policeman Hurley was shown, but its object was not clearly established and the officer claims he can satisfactorily explain the transaction.

Chief of Police W. A. Shay says he has investigated the charges against the two police officers and that he has been unable to find any foundation for them and he believes them innocent of the accusations.

The charges have created a decided sensation in this city and the development of them will be watched with unusual interest by the better class of citizens who have long fought to rid the town of the evil.

The trial of the case is being handled by the best criminal lawyers in the city. Attorney Byron Waters assisting City Attorney Swing in the prosecution of the case, while the defense is represented by Attorney Frank B. Daley.

"Hotel del Coronado" always pleases.

GRADUATED IN HOLLYWOOD

Grammar School Pupils Hold Their Exercises—High School Seniors Tonight

Special to The Herald.

HOLLYWOOD, June 21.—The graduating exercises of the eighth grades of the Hollywood city grammar schools were held this evening in Wilcox hall. The program was opened with the invocation by Rev. Mr. Hay of the Christian church. The class history was read by Harold Stern and the prophesy by John Bogardus. There were essays by Lawrence Hiney and Annie McPherson and a reading by Helen Lewis.

A scene from Shakespeare's "Twelfth Night" was presented by twelve of the graduates. The class was as follows: Helen Lewis, Lucille Risler, Edith Robertson, Leah McDermott, Marian Aubuneau, Murray Morgan, Harold Stern, Herschel Louder, Walter Mueller, Carl Ewing, William Rapp, Marshall Wilkinson, Lillian Annie McPherson, Harry Fleischer, Emile La Baig, Arthur Dodds, Lawrence Hiney, Harold Avery, John Bogardus and Walter Couse.

The commencement exercises of the senior class of the high school will be held in the high school auditorium Friday evening instead of in Wilcox hall as was previously announced. Admittance will be by complimentary tickets until 8:15 o'clock.

Cool, comfortable, Coronado coast.

WORDS OF PRAISE WELL MERITED

BY A WELL KNOWN ARTICLE.

So much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on *Materia Medica* one hardly knows where to commence, since they are so voluminous that only the briefest and most important reference can be presented in a short article like this.
