Small Boys With Gaspipe Cannons

in the Downtown District

Chief of Police Auble yesterday issued
orders to all officers to report any
neglect in cleaning up the streets
and yards before the Fourth of July.
Chief Auble says that in this way the
danger from fire is much lessened. He
also asks that each citizen see to it that
his back yards are not full of weeds or
inflammable material.

Are You Tired, Nervous
and Sleepless?
Nervousness and sleeplessness are
usually due to the fact that the nerves are
not fed on properly nourishing blood;
they are starved nerves. Dr. Pierce's
Golden Medical Discovery makes pure,
rich blood, and thereby the nerves are
properly nourished and all the organs of
the body are run as smoothly as machin-
ery which runs on oil. In this way you
feel clean, strong and vigorous—you are
toned up and invigorated, and you are
good for a whole lot of physical and mental
work. Best of all, the strength and in-
crease in vitality and health are lasting.

The trouble with most tonics and medi-
cines which are a large coming sale
for a short time, is that they are largely
composed of alcohol holding the drugs in
solution. This alcohol shrinks up the red
blood corpuscles, and in the long run
greatly injures the system. One may feel
exhilarated and better for the time being,
yet in the end weakened and with vitality
decreased. Dr. Pierce's Golden Medical
Discovery contains no alcohol. Every
bottle of it bears upon its wrapper The
Badge of Honesty, in a full list of all its
several ingredients. For the druggist to
offer you something he claims is "just as
good" is to insult your intelligence.

Every ingredient entering into the
world-famed "Golden Medical Discovery"
has the unanimous approval and endorse-
ment of the leading medical authorities
of all the several schools of practice. No
other medicine sold through druggists for
like purposes has any such endorsement.
The "Golden Medical Discovery" not
only produces all the good effects to be
obtained from the use of Golden Seal
root, in all stomach, liver and bowel
troubles, as in dyspepsia, biliousness, con-
stipation, ulceration of stomach and
bowels and kindred ailments, but the
Golden Seal root used in its compound-
ing is greatly enhanced in its curative ac-
tion by other ingredients such as Stone
root, Black Cherrybark, Bloodroot, Man-
drake root and chemically pure tri-
refined glycerine.

has been brought to this city of a min-

shaft in the Calico district by which
four miners narrowly escaped death
from an accidental blast which impris-
oned them in a cross tunnel.

Four miners were working near the
bottom of the shaft when the explosion
suddenly occurred. There was no one
at the top except the water boy, named
Simmonds. After listening for some
time he finally lowered himself to the
bottom of the shaft by means of the
rope, having been blown down
away. At the bottom he could hear
nothing of the men, so went after help.

desired for a public purpose, and if his bid can now be vacated, he may do so. It is not known just what will be the outcome of the new complication. Japanese Fairground at Coronado on July 4th. Great illumination.

PASADENA, July 2.—John W. McCauley of 41 Terrace drive has made an offer of approximately \$45,000 for the six acres of the Carmelita estate desired by the board of trade committee as a site for a convention hall. This is the tract for which the committee has been fighting in the courts and which the latest decision of the courts appeared to bring within reach of the committee. The McCauley bid has been approved by Executor Winch, which means that if the committee gets the property it must raise the bid by at least 10 per cent. It had been hoped that no one would enter the bidding for this land in view of the public purpose for which it is wanted and the difficulty experienced in raising the money needed by voluntary contributions. If Mr. McCauley insists on his bid the convention hall committee will now be obliged to raise nearly \$50,000 to effect a purchase. When Mr. McCauley was called upon this afternoon he stated that if the property is really

PASADENA, July 2.—Howard Thomason, a lineman employed by the Edison Electric company, slipped and fell from the top of a pole at the corner of Lake avenue and Center street this noon, receiving serious injuries. The young man was working some thirty feet from the ground when the climbers attached to his shoes failed to catch in the wood in some way, suddenly precipitating Thomason to the ground below. He struck the ground with his right leg doubled under him, sustaining injuries to his leg and to his back. He was promptly removed to the Pasadena hospital. The doctors there state that in their opinion he will recover. Thomason lives at the Edison hotel in Los Angeles. His relatives reside somewhere in the northern part of the state.
