

SLAYS HIS WIFE IN PASADENA

ENGINEER THEN FLEES TO LOS ANGELES

Police Believe That His Body Will Be Found in a Room Here—Tragedy Result of Extended Marital Trouble

Special to The Herald.

PASADENA, July 23.—Lulu Freese Hudson, a domestic employed by Dr. E. B. Hoag, 101 North Los Robles avenue, was shot twice and almost instantly killed at 8:30 this evening by her husband, Will Hudson, employed at San Diego as an engineer.

Foiled in his evident intention to kill Mrs. Hoag, the murderer fled in the darkness and made his escape.

It is possible that the murderer's body will be found in a room in Los Angeles. Late tonight it is learned that he went to Los Angeles, where he is said to have rented a room. He previously threatened to commit suicide, and the local police believe that he will carry out his threat and perhaps already has done so.

Hudson called at the Hoag home this evening while his wife was sitting on a side porch with George Hoag, aged 13 years, and approached her with a request that he wanted to talk with her. Mrs. Hudson demurred, but finally she consented to walk to the street curb for a short conversation. George Hoag went across the street to speak to a neighbor's boy, and in a few minutes he came back, just in time to witness the tragedy. As Hudson set his foot on the curb in front of the Hoag home, Mrs. Hoag related, George noticed from the unusually loud tones in which Hudson and his wife were talking that they were quarreling.

Three Shots Fired

He saw Mrs. Hudson start away suddenly, and the movement was followed by three quick revolver shots in the semi-darkness. The frightened lad heard a scream from the woman, and he fled into the house and to his mother's room on the second floor.

Neither of the boys was in the house and at the top of the stairs the boy turned and looked down. He saw the man outside throw down his weapon and start to run. Then he returned, picked up the revolver, and in his hand he climbed the steps and tried to open the screen door at the side of the house. The door appeared to stick, and the man gave up the attempt, hesitated a moment and then ran across the street and eastward on the sidewalk.

C. Combs, an engineer at the Hotel Maryland, near by, was the first person other than the child on the scene after the deed. He and those who came running after him found the woman lying face down in the driveway leading by the house. Two desperate wounds were in her body and she expired a few moments after medical aid reached her. Constable Austin and Patrolmen Reynolds and Odell were promptly on the scene. The body was removed to the undertaking rooms of Reynolds & Van Nuy, and Coroner Trout was notified by telephone. The inquest was set for tomorrow at 2 p. m.

Trouble of Long Standing

The tragedy is the outgrowth of a long standing quarrel dating back several years and having its seat at Evansville, Ill.; Denver or Colorado Springs, Colo., and Pasadena. Mr. and Mrs. Hudson have been estranged for a long time, and it is said the husband made threats against the woman and against those who have been harboring her. Some months ago Mrs. Hudson appeared at the home of Dr. and Mrs. E. B. Hoag, and was highly respected by them, and they readily yielded to her request. Several weeks ago Hudson appeared at the house and quarreled with his wife again. She refused to go with him and finally she appealed to her employer for protection. Dr. Hoag ordered the man away, and in cursing the entire family as well as his wife. At that time he was employed at San Diego or Coronado in running an engine of some description. At this point he threatened to kill Mrs. Hoag and said she had allowed his wife's affections. The man is said to have been drunk at the time. Dr. Hoag caused his arrest, but Hudson was released on promise no longer to trouble his wife and to leave the city.

Permitted to See His Wife

Three or four days ago he telephoned from San Diego to Dr. Hoag, asking permission to see his wife again. Dr. Hoag went to Judge Klamroth and a letter was dictated to the husband, giving him permission to see his wife under certain restrictions. Hudson promptly came to Pasadena and since then he saw his wife daily, but in each case he was required to speak to her through the screen door at the side of the house. The couple did not appear to be in any other than an amiable mood and nothing was thought likely to follow the husband's threats on a previous occasion. In addition to threatening to kill his wife and Mrs. Hoag he declared that he would commit suicide. Dr. and Mrs. Hoag were away from home at the time Hudson called this evening, otherwise it is possible he would have made good the rest of his threat as far as he was able.

Two Shots Take Effect

Dr. A. D. McCoy performed an autopsy late tonight on the body of the murdered woman. He discovered that only two of the three shots had taken effect, but that either of them would probably have proved fatal. One wound in the breast and probably passed through the lungs and the heart. The second wound was in the back, indicating that the woman had turned to flee when a second bullet struck her. The third bullet missed its mark.

PHYSICIAN CLAIMS HOGE IS SHAMMING

By Associated Press.

PORTLAND, Ore., July 23.—All unexpectedly today, the case against M. A. Hoge and Charles Nickell in the federal court came to a stop by word that Hoge was lying in bed high unto death and in a comatose condition.

A recess was taken to investigate his condition. Word came back in the company of Dr. K. A. F. MacKenzie that that man, who has already delayed his trial two days on a plea of sickness, was only shamming illness, while Judge Thompson O'Day, his counsel, declared in open court that he expected his client to be tried by tomorrow.

An order was then entered by Judge Hunt directing Hoge to appear before resumption of his trial at 9:30 tomorrow, unless he was said by Dr. MacKenzie to be unable, and Special Assistant Attorney General Henev gave notice that unless he were taken to St. Vincent's hospital and Dr. MacKenzie appeared and gave such testimony and Hoge did not appear, he would ask for an order forfeiting his bail.

G. O. P. LEADERS TALK POLITICS

DISCUSS SITUATION WITH THE PRESIDENT

Speakers Named and General Outline of Congressional Campaign Is Agreed Upon—Headquarters to Be in New York

By Associated Press.

OYSTER BAY, N. Y., July 23.—President Roosevelt reviewed the campaign plans of the Republican congressional committee today and pronounced them good and entirely to his liking.

He entertained at luncheon at Sagamore Hill Speaker Cannon, Chairman Sherman of the congressional committee, and Representative Loudenslager of New Jersey and McKinley of Illinois, respectively secretary and treasurer of the committee.

Senator Penrose of Pennsylvania came on a later train and was also present. Secretary Loeb was present and after the conference made this statement for the president: "The plans of the congressional campaign were gone over generally and the president expressed himself as being in entire accord with the ideas of the committee."

Speaker Cannon's comment was this: "I was a guest of the president, and as such it would hardly be seemly for me to discuss what took place. I should like to say that the conference was eminently satisfactory and the congressional campaign situation not bad."

Headquarters to Be Opened

Chairman Sherman, after remarking that the president's keen interest was a valuable asset to the campaign, said that headquarters of the committee would be opened in New York in the St. James building Wednesday and from that time on the campaign work would go on continuously. Mr. Sherman is to give his entire time to the direction of the campaign. Secretary Loudenslager also will devote his attention to the New York headquarters, as will Treasurer McKinley of Illinois.

Mr. Sherman added that the speakers so far selected for the house work included Secretary Taft, Secretary Loeb, Speaker Cannon, Senator Beveridge, and several other senators, as well as practically the entire Republican membership of the house of representatives.

Republicans Stand Pat

While no one would speak under quotation regarding the tariff, it was learned that the Republican text book, which is to be issued within two or three weeks, will be a "stand pat" document from beginning to end, and that this will be the tenor of Republican speeches in Massachusetts, Iowa, Wisconsin and other "stand pat" states at other places. The "stand pat" announcement is, of course, accompanied by the statement that when the tariff is revised it should be handled by its friends.

Speaker Cannon is to go to Illinois immediately. The new primary system is to be tried in his district, and as he has not attended one of his nominating conventions for twenty years it is his intention to be present on the 19th of August, when he expects a renomination. He will go to Maine in September to lend his aid to the early campaign in that state, and especially in the second district, where Representative Littlefield is having trouble.

DROWNS IN FIVE FEET OF WATER

IMMENSE RAFT REACHES HARBOR

SANTA CRUZ, July 23.—James H. O'Connell, a young moulder in the Southern Pacific shops at Sacramento, who was here with his mother and two younger brothers, on a vacation, was drowned in the casino plunge this afternoon.

He was immediately picked up and two doctors worked over him for two hours but without success. It is believed that he may have had heart trouble, as he had been almost impossible for anyone to drown on the five foot level.

REPOLITION NOW SEEMS INEVITABLE

LOWER HOUSE ISSUES BOLD ADDRESS

Russians Are Advised Not to Pay Their Taxes Until Members of the New Parliament Are Elected

Special to The Herald.

SEBASTOPOL, July 23.—The situation here is one of public panic. There is a general exodus of the inhabitants to the interior of the peninsula, and those remaining have their chattels packed ready for instant flight.

A deadly conflict is expected at any moment. Officers of the garrison and the naval staff are shy of showing themselves in the open.

By degrees the whole fleet with its crews and auxiliary arsenal workmen has come under grave suspicion. Two-thirds of the best rifle regiment, the backbone of the garrison, is also regarded as likely to prove untrustworthy in case of total emergency.

One naval officer says if he were the successor of Admiral Chouknin, the commandant here who was assassinated, he would ask the admiralty for instant authority to sink the Black sea squadron in the harbor and disband crews as the only means of preventing a huge disaster.

LAST ACT OF FIRST PARLIAMENT

Members of Lower House Advise General Strike

VIBORG, Finland, July 23.—The curtain dropped this afternoon on the final act of the drama of Russia's first parliament, when under the spur of threat of Governor Rechenberg to use military force to end the sessions, and with troops already converging on the Hotel Belvidere, where the meeting was held, the assembled members of the lower house, 186 in number, hurriedly adopted a signed address to the people which is thoroughly revolutionary in its nature, elected a perpetual executive committee, headed by Prince Paul Dolgoroukoff, vice president of the house, to carry on the work of liberation, and adjourned amid characteristic Russian embracing and kissing.

A few members, including President Mourmoutseff, Ivan Petrunkevitch and Count Heyden, returned to St. Petersburg by evening trains. The Constitutional Democratic cohorts intended to go to St. Petersburg in the morning, but many of the radical members, fearing their arrest on their arrival at the capital, will remain for the present in Finland, or return by roundabout routes.

Strikes Vulnerable Point

The address, which bears a remarkable similarity to the manifesto framed by the council of workmen last November, which landed its authors and the editors of eight St. Petersburg newspapers in the cells of the fortress of St. Peter and St. Paul, strikes the government in its most vulnerable point by declaring that the administration and not parliament is responsible for the delay in the settlement of the agrarian question, and for the postponing cessation of payment of taxes and of military service and repudiation of future loans.

The address is as follows: "To the people from their popular representatives: "Citizens of all Russia: Parliament has been dissolved by the ukase of July 21. You elected us as your representatives and instructed us to fight for our country and freedom. In executing your instructions and our duty to draw up laws in order to insure freedom to the people. We demanded the removal of irresponsible ministers who were infringing the laws with impunity and oppressing freedom. First of all, however, we wanted to bring out a law respecting the distribution of land to working peasants and involving the assignment to this end, of crown appanages, monasteries and lands belonging to the clergy, and compulsory expropriation of private estates."

Conditions Reviewed

"The government held such a law to be inadmissible and upon parliament once more urgently putting forward its resolution regarding compulsory expropriation, parliament was dissolved. "The government promises to convene a new parliament seven months hence. Russia must remain without popular representation for seven whole months, at a time when the people are standing on the brink of ruin, industry and commerce are undermined, when the whole country is seething with unrest and when the ministry has definitely shown its incapacity to do justice to popular needs.

"For seven months the government will act arbitrarily and will fight against the popular movement in order to obtain a pliable, subservient parliament. Should it succeed, however, in completely suppressing the popular movement the government will convoke no parliament at all. "Citizens, stand up for your trampled rights; for popular representation and for an imperial parliament. Russia must not remain a day without popular representation. You possess the means of acquiring it. The government has, without the assent of the popular representatives, no right to collect taxes from the people, nor to summon the people to military service. Therefore you are now the government. The dissolved parliament was justified in giving neither money nor soldiers.

Loans Would Be Involved

"Should the government, however, contract loans in order to procure funds, such loans will be invalid without the consent of the popular representatives. The Russian people will never acknowledge them and will not be called upon to pay them. Accordingly, until a popular representative parliament is summoned, do not give a kopee to the throne or a soldier to the army. Be steadfast in your refusal. No power can resist the united, indelible will of the people. "Citizens, in this obligatory and un-

EXPLOSION KILLS SEVERAL MINERS

By Associated Press.

MOUNT UNION, Pa., July 23.—Four men were killed and five injured today in an explosion in the powder and dynamite house belonging to Jesse O. McClain, near Robertsdale, Huntingdon county.

The magazine was situated about half way between Robertsdale and Woodvale, and the southern terminus of the East Broad Top railroad, and from it the miners daily obtain the necessary explosives for use in the mines.

Today a number of miners went to the powder house, and a moment later the whole place was blown to pieces.

The cause of the explosion is unknown, but it is supposed that one of the men who entered the building was smoking, and through carelessness ignited the powder.

LONG MARCH IS AFFECTING ARMY

Trip Across the Country to Maneuver Camps Shows That Troops Are Not Well Fitted for Ordeal

By Associated Press.

WASHINGTON, July 23.—Without attracting much attention, probably because the movement is general and covers such a wide extent of territory, for the first time since the Civil War almost the entire army of the United States is on the march.

Frequently large bodies of troops have been moved in this way, and during the Spanish war the entire army was moved, but in that case nearly all the men were trained.

In the present case they are marched afoot and on horseback from the various posts and concentrating at the seven big maneuver camps where the regulars and the militiamen are to train together. Officers at headquarters are not surprised to learn that the men are suffering some from the hardships of the march, that many drop out from heat and fatigue and that there has been considerable damage to horseflesh. The fact, as stated by Gen. Oliver, the acting secretary of war and himself a veteran, is that the men have become "soft" in post life, and it is one of the principal purposes of the marches to the joint encampments to discover the weak spots and to season the soldiers by approximating war conditions as closely as possible.

MANY KILLED ON ISLAND OF LEYTE

By Associated Press.

WASHINGTON, July 23.—Bureau in the island of Leyte, was the scene of a hard fight between insurrectionists and the police and constabulary on June 19.

Under the leadership of Casarilo Pastor, a band of insurrectionists attacked the police in the town and killed five of them. Five other policemen were also seriously injured in the fight and the rebels managed to obtain the records of the town, which they burned. Casarilo Pastor was killed in the fight and a number of other revolutionists met death, but their comrades carried the bodies away and prevented the policemen and constabulary from learning how many natives were killed. At that time Pastor was known to have 300 natives in his party.

In 1904 and 1905 Leyte was the scene of many fights between insurrectionists and the constabulary.

BELIEVE THE WRONG MAN WAS MURDERED

By Associated Press.

SHOSHONI, Wyo., July 23.—Two colored cavalrymen from Fort Washakie will be arrested during the next few days charged with the murder of City Attorney Moody and the shooting of Banker Anderson here a few days ago. The authorities have learned that two soldiers, who had trouble with Night Watchman McCoy, were looking for the officer on the night of the murder and it is believed they killed Moody by mistake.

MOTHER SEEKS IN VAIN TO SAVE BABE

By Associated Press.

CLOVIS, July 23.—Fire tonight destroyed property valued at \$10,000. The flames originated in the Byron Hotel. Mrs. Freitas, wife of the proprietor, ran from the building with her clothing on fire, and learning that her baby, eight months old, had not been rescued, made an attempt to rush back into the building.

She was prevented, but received burns that will prove fatal. The infant was burned to death.

BUILDING FALLS; SIX LOSE LIVES

SCORE OF WORKMEN COVERED BY BRICKS

Terrible Accident Occurs at South Framingham, Massachusetts—Several Bodies Are Still Uncovered

By Associated Press.

SOUTH FRAMINGHAM, Mass., July 23.—The front of a partially constructed three-story brick and cement building, a portion of which was being fitted for the postoffice, collapsed today, and more than a score of workmen were carried down in the wreck.

Nine men were taken out alive and some of these were badly injured, while six bodies had been removed at dusk tonight.

The building is situated in the center of the business section of the town of South Framingham, and freemen and members of the Ninth regiment of infantry of the state militia, in camp here, were quickly to the rescue.

They succeeded in digging out half a dozen of the injured and later found others almost completely buried by the wreckage. The building was a three-story structure in process of erection at the corner of Concord and Kendall streets.

When the accident happened there were between 35 and 40 men at work in the building. Two or three loud explosions or cracks were heard in rapid succession and then the north side of an inner wall of the front wall collapsed and crashed through to the basement, burying the men.

SENATOR BURTON SEEKS REHEARING

By Associated Press.

WASHINGTON, July 23.—Former United States Senator J. R. Burton's attorneys filed a brief with the clerk of the supreme court today in support of his petition for a rehearing of his case.

It emphasizes the contention that the statute under which Burton was convicted is unlawful and that he was improperly seized on a charge of receiving and agreeing to receive compensation. The brief consists of 33 printed pages and is signed by all the lawyers who represented Burton when his case was before the supreme court last spring.

LEPER MAKES A SECOND ESCAPE

By Associated Press.

BALTIMORE, Md., July 23.—George Ross, the Syrian leper who, while endeavoring to make his way to the leper colony at North Brother island, New York, was stopped by the Philadelphia authorities and by their order sent back to this city, where he arrived today, escaped this afternoon and started afoot along the tracks of the Baltimore and Ohio railroad in another endeavor apparently to reach New York.

Late reports tonight are that he has been located at Coulde, Md., where he was found asleep in a box car.

MICHIGAN WINS \$4,000,000 SUIT

By Associated Press.

LANSING, July 23.—The state has gained an important point in its last of the great railway cases by a decision of the supreme court this afternoon regarding the Michigan Central to collect \$4,000,000 in back taxes claimed to be due the state under an original charter of the corporation and covering the years from 1856 to 1883.

Suit was brought before Judge West in Ingham county circuit court to collect, on the ground that the company had made a fraudulent report as to the amount of property it had subject to taxation.

VINEGAR DIET IS CAUSE OF DEATH

By Associated Press.

ST. LOUIS, July 23.—A long continued diet of pickles and vinegar, caused the sudden death yesterday of Miss Anna Gross, 25 years old.

A post mortem examination today revealed that the inner walls of her stomach were almost completely eaten away. The girl dropped dead while in the act of taking a drink of water.

SAN FRANCISCO, July 23.—C. C. Loomis and family of Los Angeles and H. J. Hulskamp of Santa Barbara are at the St. Francis.

SWITCHMEN SEEK INCREASED SCALE

By Associated Press.

SAN FRANCISCO, July 23.—The switchmen of the Southern Pacific have returned to work at the old scale, but have given notice that they will strike at the end of sixty days if their wages are not increased from 28 cents to 31 cents an hour by that time.

They also ask that the physical examination be made less rigorous. The officials of the Southern Pacific have promised to consider the demands and give a definite answer before the sixty days elapse.

It is probable that a compromise will be effected.

It is believed that a general raise in the wage scale of the shompen, machinists, yardmen and hostlers may be brought about within the next few weeks. Although no demands have been made upon the railroad company, the men employed about the yards and roundhouses have long been dissatisfied with their present wage scales.

RECEIVER NAMED FOR THE ARKONS

CONCESSION COMPANY AT VENICE IN TROUBLE

On Complaint of the Abbot Kinney Company Los Angeles Courts Place Officer in Charge on Midway

By Associated Press.

VENICE, July 23.—The Arkon concession company on the Midway is in the hands of a receiver and a court officer is in charge of the company's office.

This state of affairs is the result of a complaint made in Los Angeles courts by the Abbot Kinney company, to whom the Arkon company is said to be heavily indebted.

Recently Gascon and Ferd Arkon went to New York. They are said to have large interests in Dreamland at Coney Island and they are said to be preparing for midway attractions at the coming Jamestown exposition. The company had the midway attraction concessions at the Portland exposition, but many of the features were brought direct to Venice from Portland.

Tonight the Midway shows were open as usual and the managers reported direct to the officer in charge of the Arkon headquarters.

BUTCHERS' UNION TO BAR SLUGGERS

By Associated Press.

CHICAGO, July 23.—The prosecution of all sluggers, union or non-union, who take part in labor disputes was demanded yesterday by the Packing Trades council.

The council is made up of the locals of the Butcher Workmen's union in the stock yards plants. Albert Woeckel, who was beaten and then thrown into the river to drown by Rudolph Jones, a union teamster, was a member of the butchers' organization.

In passing resolutions on Woeckel's death the council demanded the elimination of vicious men from the labor unions. The resolutions concluded as follows:

"We do hereby condemn slugging and demand that organized labor assist in the prosecution of any party or parties, union or non-union, in any way connected with slugging gangs. "We appeal to the state's attorney to exercise all possible energy and haste in the prosecution of the murderer of Albert Woeckel in order that sluggers may take warning and that the labor movement may be purged of transgressors of the law."

SCHOONER DESERTED BY NON-UNION CREW

By Associated Press.

SAN FRANCISCO, July 23.—While bound out to sea today the steam schooner Fulton was met off Black Point by the Picket boat of the Sailors' union, with the result that the Fulton's non-union crew went over the side into the launch, leaving the schooner helpless to continue her voyage. She returned for another crew.

While her men were leaving her the officers are reported to have played a hose upon them, and upon the union men in the launch.

PISTOL DUEL ENDS FATALLY

By Associated Press.

GUTHRIE, Okla., July 23.—A State Capital special from Waco, Tex., says that in a duel that occurred yesterday on a crowded street, J. M. Franklin, a farmer, shot and killed Albert Powers, son of a wealthy Waco business man.

The fight followed a hot exchange of words and was entirely unexpected. A bystander was wounded by one of the shots. Immediately after the shooting Franklin surrendered to the officers at the court house.

NINE MEN GO DOWN TO DEATH

Fast Train Sinks in 125 Feet of Water

Flyer Jumps Track Near Camden, Wash., and Disappears

By Associated Press.

SPOKANE, July 23.—The engine, express car and smoking car of the Great Northern fast train, westbound, are submerged in the deep waters of Diamond lake, one and a half miles east of Camden, about thirty miles from Spokane.

Nine men who went down in the smoking car were drowned, and the engine crew are dead in the deep water.

As the train came through the portal of a tunnel the rails spread and the engine plunged down a sixty-foot embankment into the lake, followed by the express car and the smoker.

The other cars remained on the track. The couplings were unbroken. A wrecking car went out from Spokane and has just returned with the dead and injured.

The wreck caught fire from illuminating gas, but the flames were extinguished. One unknown man in the day coach was probably fatally injured by the explosion of the gas tank.

Lake is 300 Feet Deep

Diamond lake, though a small body of water about half a mile long, is known to be 300 feet deep in places, and it is thought the engine lies in 125 feet of water.

The dead: ED MUNSON, Engineer. BELL, freeman. CHARLES DANER, mail clerk. GEORGE R. STRICKLAND, express messenger. GEORGE CURTIS, lumberman of Spokane.

T. J. DOLBOW, 2101 East Pacific avenue, Spokane. Missing: Ed Newcom of the Surety Investment Company. Seriously injured: C. J. Mohills, Spokane, hands and face burned. John Lord, Seattle, left hand cut, face bruised and back hurt. J. Durbin, Spokane, hands cut and otherwise badly injured. Tom Wainch, Spokane, fingers cut. Elmer E. Hall, Colfax, right hand burned and face scalded. H. E. Byrum, Minot, N. D., badly burned and hurt internally. Slightly injured: Luker Milinkevich, Spokane, left hand and head cut. Nick Link Inovich, Spokane, badly burned.

M. C. Cash, Sand Point, right shoulder sprained. Walter H. Ross, news agent, Seattle, wrist cut. E. B. Newcombe, Spokane, left hand hurt. P. E. Nelson, Spokane, head cut. F. D.
