ARGENTA, Ark., Oct. 7.—As a sequel to the killing of John Lindsey and the wounding of his son, Milton Lindsey, here last night, presumably by Garrett Colum and Charles Colum, negroes, H. Blackburn, a negro 37 years of age, was lynched tonight at 10 o'clock at the corner of Sixth and Main streets.

Eight Hundred Stamped By Associated Press. LITTLE ROCK, Ark., Oct. 7.—Blackburn, the negro taken from the jail by a mob at Argenta tonight and lynched, is not believed to have been the man wanted.

The free bridge between this city and Argenta was covered with negroes tonight. Fully 800 deserted their homes in that city and came to Little Rock to spend the night.

Hundreds on Trail By Associated Press. LITTLE ROCK, Ark., Oct. 7.—As a result of ill feeling following the recent shooting of Robert Colum, a negro who conducted an undertaking establishment at Argenta, a city across the Arkansas river from Little Rock, John Lindsey, a white man, father of a man who was suspected by the negroes of having been implicated in the killing of Colum, was shot and killed last night and his son, Milton Lindsey, was wounded.

The shooting, Milton Lindsey alleges, was done by Garrett and Charles Colum, brothers of Robert Colum. The shooting took place in the undertaking establishment conducted by the Colum brothers. Following the shooting officers went to the scene but were fired upon by the negroes, who barricaded themselves. They then turned out the lights in the building and afterward made their escape through a door in the rear.

CHARLESTON GREETS POINT LOMA STATION

By Associated Press.
SAN DIEGO, Oct. 7.—News of the Charleston, now coming up the coast, was received at the Point Loma wireless station this evening.

The cruiser was trying to get into communication with Point Arguello and the message, which was only the word "Charleston," was caught at the Point Loma station.

Judging by the distinctness of the message the cruiser is thought by the operator to be between 800 and 900 miles down the coast.

Unfortunately the sending apparatus at Point Loma is temporarily out of commission and the station consequently was unable to communicate with the Charleston or Point Arguello.

NEGROES PRAY FOR WHITES IN SOUTH

By Associated Press.
NEW YORK, Oct. 7.—Pursuant to an appeal issued recently by Bishop Alexander Walton of the African Zion M. E. church prayers were said today for more cordial relations between the white people and the negroes of the southern states.

In some instances the racial problem formed the theme of the pastors' sermons.

In his appeal to negro preachers to make a special prayer in all the churches in the country today Bishop Walton declared that recent race riots in the south have given evidence that the whites were attempting to degrade and destroy ten million American citizens.

REED MILLION OREGON'S STAKE

SUPREME COURT TO SETTLE CASE THIS WEEK

Whether Pasadena or Portland Was
Testator's Legal Domicile is the
Issue to Be Determined
at Once

Special to The Herald.
PORTLAND, Ore., Oct. 7.—The Reed will case, which has been hanging fire for a long time in the courts here, will come before the supreme court of Oregon on appeal from the circuit court of Multnomah on October 11. The supreme court decision will be final and if the decision of the lower court is affirmed it will mean that the state of Oregon, probably Portland, will receive about \$1,000,000 for the establishment of a great educational institute.

As Mrs. Amanda W. Reed's death occurred at Pasadena, the heirs contended that the testament should be probated under the laws of California. These provide that only one-third of an estate may be bequeathed to charitable enterprises. It has been maintained by the opposing counsel, however, that while Mrs. Reed was at the time of her death living in California, she still maintained her legal domicile in Portland, and that the will should therefore be probated here.

The estate is that of S. G. Reed, for many years one of Portland's prominent citizens. He came to this city in early days, and his wealth was the result of his dealings in the transportation business. As his health failed, he left Portland in 1892 and went to Pasadena, where he died. He had, however, continued a resident here, being a member of the city water board, and his will was admitted to probate in this county.

In bequeathing \$1,000,000 of the estate to what is to be known as the Reed institute, Mrs. Reed is carrying out the wishes of her husband. It was indicated by the trustees of the institute should be, the only provision of the will being that it be located somewhere in Oregon.

As three courts have already handed in the decision that Mrs. Reed's domicile was in Oregon, and as one of these was a California court, the friends of the Reed institute are reasonably sure that this decision of the court of last resort will be favorable to the will.

SOLDIERS LAND ON ISLAND

American Troops Take Possession of Cuba

Gen. Funston Commands Till Fall Comes Tuesday

Taft and Bacon May Conclude Work
Saturday—Troops Needed to
Back Up Disarmament
Demands

By Associated Press.
HAVANA, Oct. 7.—The first landing of American soldiers in the present occupation of Cuba was accomplished today with marvelous promptness, and tonight 500 men of the Fifth United States Infantry and 350 men from the Second battalion of engineers are settled under canvas in Camp Columbia.

The cruiser Brooklyn arrived here this afternoon with 400 men on board. They will be sent out to the camp early tomorrow.

Today General Frederick Funston established headquarters at Mariano, convenient to his command.

Bell to Succeed Funston
L. W. Waller, commanding the marines, has been ordered to report to Gen. Funston, and the entire force of regulars and marines will be under Funston's command in the arrival here next Tuesday of Gen. Franklin Bell, who will direct the distribution of the forces throughout the island.

Within an hour from the time that the summer came alongside the railroad wharf the first train was completed, and the 850 men composing the Second and Third battalions of the Fifth had been transported on street cars direct to the camp.

Their equipment and supplies were taken on freight cars by another route. The movement was so skillfully handled that the men prepared their midday meal from their own rations. The men are in good condition and are pleased with their camp and its pleasant surroundings.

Troops Are Needed
The disarming of the former insurgents went on much better today. Reports from members of the disarmament commission in various provinces indicate that the trouble which was threatened yesterday may be avoided, although ex-rebels and volunteers in a few towns in Santa Clara province are still disinclined to be the first to disarm, and it is feared that American soldiers will have to be sent back up the demands of the disarmament commission.

Havana, Santiago, Pinar del Rio, Matanzas and Puerto Principe provinces are practically clear of rebels and show no signs of trouble.

Governor Taft, Assistant Secretary of State Bacon and General Funston are gratified at the situation and believe that difficulties in Santa Clara province will be overcome in a few days.

So confident are they that Governor Taft and Secretary Bacon say they will be able to start for home next Saturday.

Magoon Due Tuesday
Governor Taft will spend the time after Tuesday in familiarizing himself with the situation in Havana province today to settle a difficulty arising from two or more claiming the post of mayor of that town. Senor Moineda, a Liberal, was elected to the office, but he took to the woods at the beginning of the revolution, and Governor Nunez appointed a man named Bazan to be military mayor. Moineda returned today and claimed the office. Governor Taft and Governor Nunez held a conference and decided to recognize Moineda's claim.

The battleships Indiana and Kentucky will leave here tomorrow for New England.

ASBET'S MEN ARE TURBULENT
Marines Will Exercise Special Vigilance in Guines
By Associated Press.
HAVANA, Oct. 7.—A delegation from the town of Guines came into Havana tonight and reported to General Funston that a party of Asbet's disbanded rebels had entered Guines and attacked some policemen who have been suspended without pay since the arrival there of American marines. Several policemen were badly cut with machetes and the rebels threatened to kill the entire force.

The people of Guines are in a state of considerable alarm.

FLAG CAN BE USED ON ADVERTISING

By Associated Press.
WASHINGTON, Oct. 7.—General Davis, judge advocate of the army, has informed the acting secretary of war that there is no law forbidding the use of the flag of the United States for advertising purposes.

The inquiry was made on behalf of the attorneys of the Jamestown exposition, who desire to make use of the flag for advertising purposes.

NEAR SALINAS FIRES ARE RAGING

By Associated Press.
SALINAS, Oct. 7.—Forest fires which started in Wild canyon, fourteen miles south of Monterey City, eight days ago, that have been raging along the Palo Colorado, Carrapalos, Mill and Stoney creeks, are still unchecked. Hundreds of men are fighting the flames, but aside from saving ranch horses they are making no headway.

L. N. Sweetnam, whose ranch is on the Palo Colorado creek and who has been burned out, said this morning that the fire has passed Nottles landing, twenty-four miles down the coast, reached the lime kilns and was working toward Sargent's ranch on the Little Sur.

All work has been suspended in the district, the men being out trying to save houses and cattle.

Last night an attempt was made to stop the fire by clearing a space thirty feet wide at Murray Ridge, but the flames leaped the clearing.

The fire has reached the Santa Lucia government reservation, known as the Pines, and is sweeping toward Tassajara Springs eastward and Arroyo Seco southward.

A strip of land twenty-four miles long, ten miles wide and covering fifty 135,000 acres has been burned over. The losses will be very heavy.

VISION TELLS DOWIE TO QUIT

By Associated Press.
CHICAGO, Oct. 7.—John Alexander Dowie's plan for a Mexican colony was abandoned in obedience to a command received by Dowie in a vision that came to him last Friday and that lasted five hours, according to announcement made today by Deacon Arrington, one of Dowie's followers who has remained loyal to the deposed prophet.

The scheme, Deacon Arrington said, was relinquished for another that contemplates the raising of \$1,000,000 in Chicago for the purpose of restoring Dowie's power and prestige.

The announcement was made in a small church in Chicago.

All preparation for Dowie's departure for Mexico had been completed when in a vision, accompanied by a blinding white light, the glory of which could not be described, the "first apostle" declares he saw the Master and heard his voice. He was commanded, he said, to give up the Mexican project and seek the glory of Zion elsewhere.

Dowie commissioned Deacon Arrington "to come to Chicago and raise \$1,000,000 for God and Zion."

MRS. SCHWAB AMONG THE VICTIMS

By Associated Press.
NEW YORK, Oct. 7.—Mrs. Charles M. Schwab, wife of the former president of the United States steel corporation, it was learned tonight, was one of the many persons robbed at the Hotel Ansonia. A fan painted by Watteau and other valuables were taken from her apartment.

Frank E. Fanning, a carpenter employed at the Hotel Ansonia, and Kate Gallagher, were arrested tonight charged with the thefts, which are said to amount to \$20,000.

CLEVELAND, O., Oct. 7.—The officers of the Merchant Marine League of the United States announce that the date for the closing of their contests for prizes for the best essays on "How to Build Up Our Shipping and the Foreign Trade," limited to students in high schools, colleges and universities, originally fixed for November 15, has been postponed until January 5.

MYSTERY IS BURIED IN DEATH

Last Hope of Solving Puzzle Perishes With Victim

Murder Theory Advanced as Solution by Police

Position of Italian on Tracks When
Struck by Train Leads Officers
to Believe That Enemies
Sought His Death

Lorenzo Scanavino, the Italian laborer who was struck by a Southern Pacific engine near Shorb station last Friday morning, while lying unconscious on the track, died yesterday afternoon at 3:40 o'clock at the county hospital.

The mystery which veils the circumstances of the accident that caused his death will probably never be known now, as the only hope of discovering the truth was looked for in Scanavino's testimony, but as he died unconscious and had never awakened from his death-like stupor, the only source of information has been cut off.

Scanavino was seen lying on the track, supposedly drunk, by the engineer of the locomotive which struck him. At the receiving hospital, however, it was found that he was not under the influence of alcoholic liquor, as his breath gave no evidence of it. Neither did he appear to be suffering from a faint or fit of epilepsy.

Immediately the suspicion was aroused that Scanavino had been deliberately placed upon the track and drugged to insensibility by an enemy.

Suspect Murder
The point at which the body was lying on the track seemed to indicate close calculation, as it was just around a sharp curve, where the engineer of the train could not have seen it until the wheels of the locomotive were almost upon it.

Owing to the fact that Scanavino was said to be a close friend of the man suspected of having killed Joseph Cucula, the fleeing murderer disappeared from the sight of his pursuers, the theory has been advanced by some that he may have been drugged and placed upon the track by the avengers of the murder of Joseph Cucula, who may have had evidence to implicate Scanavino in assisting the escape of the murderer.

Among the Italians the curse of the vendetta falls upon all who in any way aid an enemy, and the threat is said to have been made by friends of Joseph Cucula on the night of his murder that the perpetrator of the deed and all who were connected with him would be hounded to the four corners of the earth until vengeance had been wreaked upon them.

Mayor Schwab has not yet made arrangements for holding an inquest upon the body of Scanavino, but it is probable that one will be held today.

ALLOWS TEN YEARS TO REBUILD SAN FRANCISCO

By Associated Press.
NEW YORK, Oct. 7.—"Without being too optimistic," said Mayor Schmitz of San Francisco, "I should say it will take San Francisco about ten years to rebuild."

Mrs. Schwab is staying in town for three days on his way to Europe, where he expects to confer with those German and Austrian insurance companies which have so far failed to settle the losses incident to the earthquake and fire.

"I bring with me to the people of New York city, and especially to the chamber of commerce," said the mayor, "the heartfelt gratitude of the people of San Francisco for the generous way in which this city responded in the hour of distress."

COUPLE IN PHOENIX CHARGED WITH FORGERY

By Associated Press.
PHOENIX, Ariz., Oct. 7.—Two persons claiming to be David M. Baer and wife are in the city jail charged with forgery. The man confesses having signed a fictitious note to four \$18 checks on a Phoenix bank and the woman confesses to having passed them. The woman was apprehended in the act and the man later.

Checks and money were recovered. They claimed it was their first offense, prompted by extreme need, but papers in their pockets lead to the suspicion that they are professionals and have worked in Salt Lake, Denver and on down the Santa Fe line to El Paso, Tucson and Phoenix.

CHINA TOO POOR TO BUY BONDS

By Associated Press.
LONDON, Oct. 7.—Dispatches from Tokio declare that the bonds of the Southern Manchuria railroad have been oversubscribed many times but that there were no Chinese applications.

Explaining this fact the Peking correspondent of the Times says that although China was invited to participate she did not do so because there were no funds available for the investment and none could be had without recourse to a foreign loan, which policy and the fear of foreign complications both forbade.

The railroad therefore, the correspondent says, although nominally Chino-Japanese, would be exclusively Japanese and give Japan effective control of Southern Manchuria.

HOODOO AUTO THROWS OUT TWO MEN

By Associated Press.
SAN JOSE, Oct. 7.—An automobile containing Arch Condon of Berkeley and chauffeur was wrecked at noon today on San Juan hill, about fifty miles south of this city.

It is reported that Condon is fatally injured and that the chauffeur, whose name is not known, was seriously injured.

The car was en route for Los Angeles, having left Berkeley at 4 a. m. Sunday. It is supposed that the brakes failed to work, as the machine went down the hill backward at a terrific clip.

The car is the same as that in which A. E. Rowley of Berkeley was killed some time ago. The car was rented to Condon, who is a retired capitalist and who formerly lived in Tonopah, by Dr. Rowley of Berkeley.

LOOKS FOR SNAKE; SHOTS HIMSELF

INFLECTS PAINFUL WOUND IN WRIST

Bends Brush in Griffith Park to Find
Reptile, and Hand Catches on
Branch, Discharging
Revolver

While attempting to shoot a snake in some bushes in Griffith park Jesse R. Maser, 2224 A street, Edendale, accidentally shot himself through the left wrist last night about 6 o'clock.

Maser was in the park with his wife and sister-in-law, Miss Bessie Peterson. They heard a noise in the underbrush and Maser told the women that he believed he would shoot the snake, which was rustling the bushes. With his cocked revolver in his right hand Maser went into the bushes, while with his left he attempted to bend the limbs and twigs back so he could have an uninterrupted shot at the reptile.

As he was bending the brush back his right hand struck against a branch, discharging the revolver. The bullet entered his left wrist, and after being treated by Dr. Van Scoyoc the patrol wagon was called for and Maser was taken to the receiving hospital for treatment. Maser's wife and sister-in-law stated that they believe he was under the influence of liquor when the accident happened.

CORONER EXONERATES ELLIOTT F. SHEPARD

By Associated Press.
NEW YORK, Oct. 7.—Justice Remsen, one of the coroners of North Hempstead, L. I., said tonight that he did not see how it would be possible to hold Elliott F. Shepard for the killing of Kurt L. Gruner of Passaic, N. J., in the Vanderbilt cup race yesterday.

After examining several witnesses he held that Mr. Shepard was in no way to blame.

TO MEET FACTORY WORKERS

Bell Will Clasp Hard Hands of Sons of Toil

Speeches Will Be Made Only at Larger Places

Democrats Well Pleased With Reception Given Candidate at Beach Towns—Will Talk to Business Men

Many factory workers of Los Angeles tomorrow will have an opportunity to grasp the hand of Hon. Theodore A. Bell, the brilliant young standard bearer of the Democratic party of California.

About 9 a. m. Tuesday Mr. Bell, accompanied by Anthony Schwamm, chairman of the county central committee; Capt. George M. Calk, chairman of the city central committee, and possibly one or two other prominent Democrats, will begin a tour of the factory districts of the city and seek an opportunity of personally meeting the employees of industrial establishments.

Mr. Bell's intention is not to make speeches, but to meet as many men as possible, shake their hands and, as Mr. Schwamm expresses it, let the workmen convince themselves by looking into the eyes of the Democratic nominee for governor that he is a man who will give the laboring man and every other kind of a man a square deal.

At the noon hour Mr. Bell will visit two or three of the larger establishments, where he may say a few words to the assembled workmen.

This morning, accompanied by Hon. William H. Workman, Mr. Bell will call upon a number of business men along Spring street. The visits will be informal and of a social nature.

Great Meeting for Tonight
Early in the afternoon Mr. Bell will go to San Pedro, where a big demonstration has been planned for tonight. He will be accompanied by W. O. Morton, nominee for attorney general, and Robert G. Loucks, nominee for congress from the Seventh district, who also will speak.

Mr. Morton and Mr. Loucks have adopted a free harbor at San Pedro as the principal issue of their campaign, and it is expected that a large number of the residents of San Pedro will avail themselves of the opportunity of hearing outlined the plans of the Democratic nominees for wresting from the control of the Southern Pacific and its allied interests the great harbor of Southern California.

The reception committee at San Pedro has arranged for a dinner at 6 o'clock with Mr. Bell, the other nominees and a number of Democratic committeemen from Los Angeles as the guests.

After the meeting at San Pedro Mr. Bell will return to Los Angeles for a reception in his honor at the headquarters of the Los Angeles aerial of Eagles.
