Sale Siegel Brothers' Stock = New York

WE have seldom made as good a purchase—certainly none at any time any better. The firm of Siegel Bros., New York, have gone out of business; and as the letter herewith reproduced shows, we purchased their remaining stock; which totaled in value many thousands of dollars; and as our offer was STRICTLY CASH, we secured the merchandise at a big saving. Siegel Brothers for years have been one of the best known manufacturers and also retailers of the finest garments for women's wear; entering especially to the "exclusive set," and some of the garments they produced were of the most select sorts that appealed to wealthy women of fashion. Having discontinued business, not only their made-up stock, but also piece goods and trimmings for same were included in this big sacrifice. Our "buy" included fine

Undermuslins, wash waists, wash suits, wash skirts, embroideries laces, collar and cuff sets, China silks, fine white goods for under-muslins; also white and colored wash goods for suits, skirts, waists

It will be the biggest sale of its kind ever held in Los Angeles, and in many cases we price the merchandise lower than the actual cost of manufacture. You can afford to anticipate your wants for next season; though much of the goods is the kind that is scarce in California at all seasons. We cannot impress the fact upon you too strongly that it is an opportunity that you cannot afford to let pass without taking fullest advantage of it. There never has been, and possibly never will be a like opportunity offered to the women of Los Angeles. Backed by our guarantee of merit you will have no hesitancy in purchasing as liberally as the limitations of your pocketbook will allow. Read every item and serve your own best interests.

Handwritten letter from Siegel Brothers to A. Hamburger & Sons (Inc.), dated Sept. 6, '06, regarding the purchase of their stock.
