CHANLER ELECTION NOT YET CONCEDED

BRUCE HAS A CHANCE

Official Count Now
Awaited With
Interest

Missouri Returns to the
Democratic
Ranks

Republicans Elect 223 Congressmen
and the Democrats 163.

By Associated Press.
NEW YORK, Nov. 7.—At midnight
tonight there was still doubt as to who
was elected lieutenant governor.
Fifteen counties had not reported the
official count at that hour, but on the
face of the figures at hand the result
seemed to favor Lewis Stuyvesant
Chanler on the Democratic-Independence
league ticket.

Whatever the result may be the
figures will be close, and until complete
official returns shall have been made by
all the counties now missing it will be
impossible to more than guess at the
winner.

The total vote so far returned, including
the city of Greater New York, for
lieutenant governor, is Chanler, 604,234;
Bruce, 519,479.

It appears that outside of the candidates
for governor and possibly for
lieutenant governor the Democratic
ticket is elected.

In Greater New York Chanler's majority
over Bruce is 134,941, and this big
lead Bruce must overcome in the up-
state counties.

BECKHAM WINS A HARD FIGHT AGAINST SENATOR M'CREARY

By Associated Press.
LOUISVILLE, Ky., Nov. 7.—With but
a few mountain counties to hear from
and these probably decreasing his lead,
Governor Beckham has almost certainly
won his fight against Senator McCreary
for the nomination of United States
senator in yesterday's primaries.

The governor's majority will be about
4000. Samuel W. Hager was nominated
for governor in the same primary by
a majority of between 12,000 and 15,000.

Although Senator McCreary carried
Louisville by 7257, Governor Beckham
ran so well in the country that he over-
took him and has in the neighbor-
hood of 4000 to spare. The Republi-
cans gained two congressmen, giving
them a total of four in the lower house.

John C. Beckham, governor of Ken-
tucky, whose nomination in yesterday's
primary over Senator McCreary is
equivalent to an election, enjoys the
distinction of being the youngest gov-
ernor in the United States, and when
he takes his seat in the senate will be
the youngest member of that body. He
comes from a distinguished Kentucky
family and is 30 years of age.

CUMMINS' PLURALITY NOW BELIEVED TO BE AT LEAST 20,000

By Associated Press.
DES MOINES, Iowa, Nov. 7.—Returns
in Iowa are still incomplete, but there
is every reason to believe that Cum-
mins will receive at least 20,000 plu-
rality over Porter, Democrat. The Dem-
ocrats concede that Cummins will have
a plurality of 5000.

Two of Iowa's congressmen will be
Democrats, Tracy winning in the First
district and Hamilton in the Sixth.

The Republicans will have a majority
in the legislature of at least 20 on joint
ballot, insuring the re-election of Jon-
athan P. Dolliver to the United States
senate.

BRIDGE TENDER IS BLAMED FOR WRECK

By Associated Press.
ATLANTIC CITY, N. J.,
Nov. 7.—The coroner's jury
tonight agreed to place the
blame for the Thoroughfare
wreck of Saturday, October
28, upon Daniel Stewart, the
aged bridge tender.

Stewart will be arrested and
charged with criminal negli-
gence.

Sixty lives were lost in the
wreck.

REPUBLICAN CONGRESSMEN 223 DEMOCRATIC CONGRESSMEN 163

Minnesota	8	West Virginia	5
Mississippi	8	Wisconsin	9
Missouri	4	Wyoming	1
Montana	1		

Totals—Republicans, 223; Democrats, 163.

polls closed, and one-third of the coun-
ties had made no return whatever.
Sufficient returns have been received,
however, to make certain the election
of the entire Republican state ticket
and of sixty to seventy of the 100 mem-
bers of the legislature, insuring the
election of a Republican to succeed
United States Senator Patterson. On
revised returns pluralities in Denver ap-
pear to be about 10,000, and in the
state 15,000 to 20,000.

GOODING'S ELECTION IN STATE OF IDAHO IS NOW CONCEDED

By Associated Press.
BOISE, Idaho, Nov. 7.—Today's re-
turns confirm the estimates made last
night that Governor Gooding, Republi-
can candidate for re-election, has car-
ried the state by a majority of some-
what more than 7000.

The rest of the state ticket has a ma-
jority of probably 5000 more with one
exception, the candidate for secretary
of state, who was cut considerably.

Definite returns show the Republicans
have thirteen of the twenty-one mem-
bers of the state senate and thirty-five
of the fifty-one members of the house.
This will give a majority of twenty-
four on joint ballot.

Result Still in Doubt

By Associated Press.
OMAHA, Neb., Nov. 7.—Although at
Democratic state headquarters the elec-
tion of Boyd, Republican, in the Third,
and Norris, Republican, in the Fifth,
is not conceded, there is elsewhere little
doubt expressed that both have been
elected, as well as Pollard, Republi-
can, in the Fourth, and Kinkaid, Republi-
can, in the Sixth. The election of
Hitchcock, Democrat, in the Second is
conceded.

Democrats Win in Missouri

By Associated Press.
ST. LOUIS, Nov. 7.—From nearly
complete returns from all counties, the
Democrats have carried the state by a
plurality of 7640, electing all candidates
on the state ticket and twelve out of
the sixteen congressmen. The Republi-
cans elected congressmen in Kansas
city and St. Louis, but lost all but one
of the districts in the state which had
been swept into the Republican ranks
two years ago.

Chicago Elects Negroes

By Associated Press.
CHICAGO, Nov. 7.—Complete returns
from the city and from the county of
Cook show that the Republicans have
elected every candidate on their ticket
with the exception of three congress-
men. For a time it was believed that
DePriest and Barnett, negroes, for
county commissioner and municipal
judge respectively, had been defeated,
but the latest returns show that both
were elected by small pluralities.

Democrats Gain Two

By Associated Press.
INDIANAPOLIS, Nov. 7.—According
to the latest returns received through-
out the state, Indiana went about 20,000
Republican in yesterday's election. The
Democrats gained two congressmen, one
from the Eighth district and one from
the Eleventh district, making the dele-
gation nine Republican and four Dem-
ocrats. The legislature will be Republi-
can on joint ballot by about thirty.

Result is Close

By Associated Press.
CONCORD, N. H., Nov. 7.—With
seventeen towns still to be heard from,
the returns from yesterday's state elec-
tion indicate quite exclusively that the
contest for the governorship will have
to be settled in the legislature, the Republi-
can candidate, Charles M. Flood, having
failed to secure a majority over the
other two candidates. The returns
from 275 of the 292 wards and towns of
the state give Flood, Republican, 39,948
for governor; Jameson, Democrat, 37,
158. This is a Republican loss from four
years ago of 5164.

Many Favor Statehood

By Associated Press.
ALBUQUERQUE, N. M., Nov. 7.—
Fairly complete returns from twenty-
five counties give statehood a majority
of 5900. This majority may be increased
somewhat by later returns.

Landslide in Oklahoma

By Associated Press.
GUTHRIE, Okla., Nov. 7.—According
to the latest official count tonight in the
election of constitutional convention

delegates the Democrats will have at
least thirty-eight representatives in the
convention, out of a possible 112, forty-
nine from each territory. Republican
leaders attribute the landslide to prohi-
bition, which, as an integral part of
the constitution, many Republican candi-
dates were pledged to support. The
convention will begin November 10.

Crawford an Easy Winner

By Associated Press.
SIOUX FALLS, S. D., Nov. 7.—Re-
turns from thirty-nine of the fifty-two
counties in the state give Crawford,
Republican, for governor and the state
ticket a majority of 25,750. Republicans
have elected 11 members of the legisla-
ture, Democrats seventeen.

Few Want Statehood

By Associated Press.
PHOENIX, Ariz., Nov. 7.—Maricopa
county, with three small precincts yet
to report, gives in favor of statehood
392, against it 2965. No figures from
other counties approach completion.
Some show smaller and some little
larger jointure vote than Maricopa, but
Maricopa is a good average.

Concede Burke's Election

By Associated Press.
FARGO, N. D., Nov. 7.—"We concede
the defeat of Governor Seales by Mr.
Burke, his Democratic opponent, by a
probable plurality of 2000," said Chair-
man L. B. Hanna of the Republican
state central committee, this evening.

"We also concede the election of John
Kanuf, our candidate for judge of the
supreme court, by Judge Fiske on the
Democratic ticket by 8000. We are con-
fident that the rest of the Republican
ticket has been elected. These figures
are regarded as extremely conserva-
tive."

Stewart an Easy Winner

By Associated Press.
PHILADELPHIA, Nov. 7.—Complete
returns from sixty-one of the sixty-
seven counties in Pennsylvania and
careful estimates from the other six
counties give Edwin S. Stuart, Republi-
can candidate for governor, a plu-
rality of 52,333 over Lewis Emery Jr.,
Fusion candidate.

REPRIMANDS WEATHER MAN

By Associated Press.
WASHINGTON, Nov. 7.—President
Roosevelt has directed that a reprimand
be administered to Willis L.
Moore, chief of the weather bureau,
for his action in the case of a printer
named Cooper in his office, who had
been expelled from the Typographical
union for not paying his strike assess-
ments.

Mr. Moore, it is said, urged Cooper
on two occasions to pay his assess-
ments, but the latter refused and he
was expelled from the union. Follow-
ing this Cooper was transferred to
New Orleans and he claimed that this
action on the part of Mr. Moore was
intended as a punishment for him for
not complying with the demands of the
Typographical union.

The matter was referred to the civil
service commission, which expressed
the opinion that Cooper's transfer
would not be for the good of the ser-
vice, as this would give the impression
that the president was punishing
Cooper accordingly will be reinstated
in his former position in the weather
bureau in Washington and the reprimand
to Mr. Moore will be in direction
of the president be administered by the
secretary of agriculture.

By Associated Press.
WASHINGTON, Nov. 7.—It was stated
at the department of justice today

mediately take up the question of in-
stituting proceedings against the
Standard Oil company under the anti-
trust law.

public works for a permit covering all
the work of reconstruction and repair-
ing the St. Francis hotel. The cost of
the work will amount to \$500,000.

ROBBERS BATTER CAR MAN

Strike Conductor a Crushing Blow on Head

Unmasked Thugs Com- mit Bold Assault and Theft

Desperate Men Take Watch and Try to Get Money from Employee on Crowded Euclid Avenue

Electric

In one of the most desperate and dan-
gerous holdups in the history of Los An-
geles, two unmasked men last night at-
tacked the conductor of an eastbound
Euclid avenue car at the approach of
East First street bridge at 6 o'clock, and
in the presence of about seventy pas-
sengers on the car struck him on the
head with a blackjack slug and robbed
him of his watch and chain.

That the men escaped after the as-
sault was due to their cleverly planned
scheme, for they held the conductor on
the bottom step of the rapidly moving
car, and thus kept him between them
and the passengers until they could
make good their escape to the river bed.

The car was No. 323 of the Euclid
avenue line, and the crew, a motorman
whose number was 735, and the con-
ductor, No. 734, had boarded the car at
Second street and Broadway for their
first run of the evening. That the rob-
bers failed to secure considerable money
from the conductor was probably due
to the fact that he had only collected
about a dozen fares, most of them being
transfers, and the \$5 package of change
given each conductor to start his route
with remained in his paper covering in
his coat pocket.

Ring Fare Register

The car filled up rapidly on its east-
bound run, and by the time it had
reached the railroad crossing at First
and Alameda streets passengers were
having to crowd into the narrow space
inside the car and in the vestibules.

At the railroad crossing two men
leaped on the car just as it started to
cross the tracks, and one of them
promptly rang the bell several times.
The conductor, who was on the rear
platform as rapidly as possible, for
the men had yanked the bell cord at-
tached to the fare register.

Neither man made any attempt to
conceal his features. The aggressive
one was above medium height and ap-
peared to be about 25 years of age. His
hair and eyes were brown and his fea-
tures regular. He wore a light suit
and a light soft hat. The other man
appeared younger and wore a black
suit and black slouch hat, pulled down
over his eyes. He did not take an
active part in the proceedings but stood
on the bottom step as though to prevent
any interference, while his hand rested
on his hip and a heavy leather belt was
suggestive of an arsenal strapped about
his waist.

Strike Crue! Blow

At the sound of the bell the conductor
dashed to where the man was standing
and demanded to know what he was
doing with the bell cord. That seemed
to be the cue, for both men got in close
and jostled the conductor, while they
curled him and attempted to draw him
into a fight. Feeling a hand attempt-
ing to get in his pocket, the conductor
broke away and called for the assist-
ance of the motorman, who stopped the
car and came back with the heavy
brass controller in his hand. The men,
at the sight of reinforcements, made a
hasty dash from the car, and the
motorman returned to his post and the
car started. The car at that time was
at the west entrance to the First street
bridge. It is the custom among the
motormen to start their cars up the
incline to the bridge at a rapid rate in
order that the top of the arch might
be reached without using the full power.
That fact was evident when the con-
ductor and the conductor, who had
started on the bridge a motorman
will not stop until he reaches the other
side unless on emergency signal.

Passengers to the Rescue

Before he could recover one of the
men reached for the spot where the
conductor's money belt and cash regis-
ter should have been, but falling to
find it there he seized the conductor's
watch chain and hanging to it leaped
from the car. The conductor's hope-
lessly had struck one of the men
and had knocked his hat off. The
tall man, who held to the watch chain,
leaped from the rapidly moving car
the watch chain snapped and the rob-
ber was left hanging from the car.

BELL STILL HAS FIGHTING CHANCE

GILLETT MUST GET 8000 FROM LOS ANGELES COUNTY TO WIN

Reports received from the north up to 2 o'clock Thursday
morning indicate that unless Los Angeles county gives Gillett
8000 plurality Bell will be elected.

With twenty-five precincts in Los Angeles county missing,
the vote shows that Gillett cannot possibly secure the necessary
8000 plurality in Los Angeles county.

Fresno, which the Republicans claimed for Gillett by 300, is
complete, with the exception of one large precinct, which will
give Bell a plurality of 100. The precincts thus far reported give
Bell a plurality of 545, which will be increased to 645 by the last
remaining precinct, or a gain for bell of 945 over the Republican
estimate.

San Diego county shows a decrease in the Republican esti-
mate of 1000.

CHINA ISSUES IMPERIAL EDICT

By Associated Press.
PEKIN, Nov. 7.—An imperial edict
providing for the reorganization of the
government was published in the official
gazette today.

The edict after referring the previous
command that the nation prepare for a
constitution outlines many changes in
the administrative system, such as the
appointment of various boards, the
creation or abolition of others, the es-
tablishment of a political council whose
duty shall be to gather public opinion.

The edict says these changes are
made solely as the foundation for a
constitution.

If found to be good they will then
be changed again. It points out that
the present situation in China is dan-
gerous if both high and low are not
made to obey the laws, and it calls
on the ministers to act together in or-
der to improve conditions, warning
them that if they disobey the imperial
decrees, thus frustrating the hopes
of the people, they will be punished.

It declares that the laws and regu-
lations made by ancestors were good
for that time, but that now the super-
fluous must be abolished.

Another edict orders the viceroys
and governors of provinces to con-
sider what steps shall be taken to pre-
pare the general mass of people for
local self-government.

RAIN SWELL NORTHERN RIVERS

By Associated Press.
PORTLAND, Ore., Nov. 7.—Unusu-
ally heavy rains in northern Oregon
during the past few days have caused
the waterways to fill rapidly, but so
far but one river has gone on the
rampage, the Santiam, which practi-
cally is in flood.

The Southern Pacific bridge near
Jefferson has been damaged and trains
will be sent over the West Side road
via Corvallis until the damage has
been repaired.

Railroad property in other places
also has been damaged somewhat.
Log booms have been rent asunder
by the rushing waters and hundreds
of cords of wood for the Lebanon
paper mills have been washed away.

scene of the shooting but none knew
what happened between the two men.
Judge Favrot refused to talk beyond
letting it be known that the affair was
a private quarrel.

Banker Refused Bail

By Associated Press.

conclusion of the first day's trial of
Charles C. McGill, former manager of
the Ontario bank, the magistrate or-
dered the charge of theft of \$136,949

was refused. During the day one of
the clerks in the bank swore he pre-
pared a misleading statement under
the direction of McGill. Wrongful en-
tries representing \$1,400,000, it was tes-
tified, were concealed in statements
to the government.

BELL IS NOT YET BEATEN

Incomplete Returns Show Race Is Not Decided

Margin Will Be Narrow Whatever Result of Votes

Seat of War Is Los Angeles County, and Gillett Must Have 8000 Votes Here to Be Elected

Theodore A. Bell has a possibility of
being sworn in as governor of Cali-
fornia.

Democratic managers throughout the
state do not concede the election of
Gillett, and Mr. Bell at Napa declares
that he has not given up the fight.

Returns, which still are far from
complete, indicate that the vote will be
very close and that the winner will
have a plurality of not to exceed 2000
to 3000.

Returns have been received from 1568
precincts out of a total of 2471 in the
state. Unofficial figures give Gillett 81,
973 and Bell 72,097, or a plu-
rality of 8976 for Gillett.

These figures include the returns from
all the acknowledged Republican
strongholds, while many points which
are certain to give Bell a good vote re-
main to be heard from.

Republican Figures Grow Less

Gillett will not carry Los Angeles
county by a plurality exceeding 6000,
with the probability that this figure will
be reduced by 1000 to 1500.

Gillett's plurality south of the Teha-
chapi, Democratic managers claim, will
not exceed 10,0
