THE CITY

A. C. HARPER FOR MAYOR

(Edited Under the Auspices of Democratic City Central Committee.)

Owing to the silence of the press of this city regarding the candidacy of A. C. Harper for the office of mayor—a silence which in this case speaks volumes for his honesty, ability and integrity—it has been considered advisable to place before the readers of The Herald, through this paid advertisement, a few words relative to his attitude in the mayoralty contest.

Up to this time we have refrained from going into print, waiting each day to see if the batteries of the Republican press were to be turned upon him; yet, in spite of the fact that his name has been the one most prominently mentioned on the streets, among business men, the laboring classes, professional people and citizens generally, not one word of censure, distrust or disapprobation has been said or noticed in print.

The truth of the matter is this: That in all the thirty-eight years of Mr. Harper's residence in Los Angeles—during which time his life has been an open book—as a student, a clerk, a merchant, a financier, a member of the various civic organizations, and prominently connected with a dozen large undertakings, not a single soul has yet been able to point a finger at him and say: "You have done one dishonorable or unworthy act in the thousand dealings you have had with your fellow men."

And yet because of his unswerving fidelity to what he considered right,

because of his generous nature, his ever-present courtesy, his genial friendship, his firmness of character, and above all, his ability to do things well and do them honestly, his business associates and friends, who are numbered by thousands, irrespective of party faith, have come to his support so valiantly that now there is nothing short of a catastrophe from heaven that can prevent his election to the mayoralty.

His two leading opponents are members of the same political party. Not only are hundreds of Republicans openly supporting Mr. Harper's candidacy, but those who are not with him because of their allegiance to party name are so hopelessly divided that it is impossible for either of the opposition candidates to come within halting distance of victory.

You, citizens, who are as yet undecided, have but one course open to you. If you have any doubts or fears as to the result of the election—fears which in all candor and truth the Democratic central committee in nowise entertains—if you are anxious lest the city government fall into unworthy hands, remember that because there are two Republican candidates and only one Democrat, the vote of the former will be split in twain; the vote of the latter is united and therefore decidedly the stronger. Your safety lies in voting for the candidate of the majority—A. C. Harper, the business man.

Strangers are invited to visit the exhibit of California products at the Chamber of Commerce building, 226 Broadway, between First and Second streets, where free information will be given on all subjects pertaining to this section.

The Herald will pay \$10 in cash to anyone furnishing evidence that will lead to the arrest and conviction of any person caught stealing copies of the Herald from the premises of the Herald.

Thief Uses Pass Key James O. Smith reported to the police yesterday that some person had broken into his room at the Hermosa hotel, 226 East Third street, Tuesday afternoon, and stolen a new suit of clothes, \$1 in silver and a Redman button. Entrance was gained by means of a pass key.

Struck by Automobile Alfred A. Wiles, a solicitor, was struck by an automobile at Fifth and Hill streets, at 1:05 yesterday afternoon, and was severely though not fatally injured. His head was cut, and he suffered a number of bruises about the body. He was taken to the receiving hospital, but later in the day was allowed to go to his home.

Woman Arrested Helen Locke, a poorly dressed, middle aged woman, was arrested by Sergeant Williams in the lobby of the Pacific Electric station yesterday morning after creating a disturbance among the people who were waiting for cars. The woman was booked on the charge of being drunk. She is said to have endeavored to pick a fight with several men before the arrival of the policeman.

MORE ODORANISES FROM THE OUTFALL

CONTRACTOR THREATENS TO CAUSE TROUBLE Bidder Who is Suspected by Some of Representing Stansbury & Powell Declares That He Has Been Jobbed

The board of public works will be confronted this morning by Col. J. Fox, a contractor. Colonel Fox is evidently under the jobbed out of the contract for the construction of the wet or tunnel section of the outfall sewer. To convince the board of his claim the colonel says he will appear with documentary and other evidence.

All bids for the work were rejected by the board and the city council empowered it to hire men and proceed with the construction of the wet section. The board of public works is of the opinion that it can construct the tunnel section more cheaply and in a more satisfactory manner than would be the case if the contract were awarded to a contractor.

The old structure is to be removed and on the lot the Pacific Mutual company will erect a handsome fireproof store and office building of ten stories. The total value of the lease is \$1,200,000.

Lee, rector of Christ Episcopal church, took occasion to speak yesterday of the marriage question as a thing that would be the greatest curse of the nation, and said that all men and women should be supremely thankful that it was not in practice. Rev. Mr. Lee said: "The trial marriage idea is so utterly repulsive, so reeking with filth, with the grossest immorality, so devoid of the essential elements of true manhood and womanhood, that it is positively inconceivable how any sane

man, let alone a married woman, could advocate the idea. "It assails the sacredness of the home, it is a direct insult to our wives and daughters and to the men of this country. "It would violate the sanctity of the marriage vow, would degrade the men and women of this country to the level of beasts. "Home is where you live; homes were built before churches. The home is founded on loyalty, fidelity, love, wife and children, and such immoral and dangerous doctrines as this must be assailed and destroyed that these foundations may be preserved."
