Drop Franchise Idea as Inviting Delays

Harriman Agents Reach an Agreement with City

City Attorney Mathews Stipulates Points to Be Included in Permit Which Will Be Granted Monday

SUBWAY RIGHTS WHICH CITY WANTS GUARDED

Following clauses are stipulated by City Attorney Mathews in permits which he will present to the council on Monday: The Los Angeles-Pacific company will receive permits unhampered by the twenty-one-year limit and take chances on getting new franchises then.

Monday is the final date now set for passage of the privilege permits needed for the Harriman interests which seek to build subways under public and private ground in Los Angeles about six miles in length and also extensions of surface lines to connect new and old routes.

For the first time since the subway legislation was broached City Attorney Mathews and Harriman's attorney, John D. Pope, got together before the council and in open session reached a tentative agreement which will go before the city council in the shape of the proposed ordinances or permits granting subway and tunnel rights for the greater trolley system which will cost over \$5,000,000.

Mr. Mathews was not ready yesterday to report the final ordinances because he said he had "no descriptions west of Vermont avenue." In plain language his office had not been furnished the accurate descriptions of the company wanted to use for traversing Los Angeles territory so that the route could be legally and exactly stated in the franchise. Though engineers and attorneys for the Los Angeles and Interurban railway have been attending at the city attorney's office for a fortnight this oversight was not discovered till a few minutes before the council called for the city attorney's report. This primarily was the cause for postponing action till today—the last day of the year and the beginning of the last week of the existence of the municipal body. The new council takes hold on the first Monday in January.

Where Interests Divert Mr. Mathews stated that personally he favored giving the company as much latitude as possible in carrying out its plans for spending money to annihilate time between the city and Hollywood and the beaches, but as law officer of the city it was his duty to see that all municipal rights were rigidly guarded.

On the other hand for several days the Harriman attorneys have expressed a willingness to accept a mere permit from the city and armed only with a paper go ahead expending five millions and practically creating a new rapid transit system.

Councilmen Impatient The new turn of delayed affairs was plainly not to the liking of the councilmen, who were anxious to have the franchise granted, all of them having expressed themselves as convinced that there was a popular demand for the improvements, that the city's charter and ordinances provided safeguards, that the business community wanted no obstacles put in the path of the big enterprise, and that it would be the crowning act of their session to grant the privileges asked.

The company was practically in the attitude of taking whatever the city chose to offer and go ahead on the mere assurance of a permit granting them the right to sink tunnels. It is admitted that the twenty-one year limit undoubtedly prevails in such matters and that the company must look to future developments to get around what appears to be an iron-clad charter provision.

The attorneys concede that as far as the Flower street and Vermont avenue crossings are concerned there is no doubt about the limit, but through and under private ground, with both sides owned by the trolley company there can be no clashing interests.

Giants Get Together Shortly after 3 o'clock President Summerland announced that he was ready to hear the city attorney's report. "Come up here, Mr. City Attorney Mathews and Judge Pope, I want to

FAIR MAID'S LOVER STEALS HEART: TAKES \$3000 AND JEWELRY

By Associated Press. SAN FRANCISCO, Dec. 27.—Freda Gilman, a wealthy San Franciscan, today asked the police to arrest Joseph Glick, a former sweetheart, whom she charges with feloniously embezzling \$3,000 in cash and a quantity of jewelry. The fair plaintiff says that she gave Glick the money and jewels to deposit in a safety deposit box after the San Francisco fire.

Meanwhile she left the city and on her return found that her deposit box at the bank was empty and that Glick had left the city. She says that Glick's protestations of love and friendship led her to entrust her property to him.

DOCTOR'S WIFE IS THIEF'S 'DOUBLE'

Distressing Case of Mistaken Identity Reaches Climax When Prominent Woman, Accused of Larceny, Is Exonerated

By Associated Press. NEW YORK, Dec. 27.—One of the most remarkable and distressing cases of mistaken identity ever brought before the courts in this city reached its climax today when Mrs. Alexander Trautman, the wife of a prominent physician was on her alibi discharged after a hearing in police court on a charge of larceny from a man's person. A moment after Mrs. Trautman had been given her liberty, her accuser, P. J. Hogan, a clerk, was placed under arrest on a charge of assault preferred by Mrs. Trautman.

In support of her charge that Hogan treated her roughly when he caused her arrest, she showed her arm and showed the magistrate black and blue marks where she said Hogan had seized her. The evidence against Mrs. Trautman was of so flimsy a nature that Magistrate Finn discharged the case without the formality of bringing the witness in the court room. This witness, who was an unwilling one, is known as Kitty Wilson, and she is almost a perfect "double" of the woman who was accused.

Kitty Wilson is known to the police and the fact of her remarkable resemblance to Mrs. Trautman was recalled soon after the investigation of the charge made by Hogan was begun. As a result of a search by the police the missing "double" was taken into custody today and during the arraignment she was in a small room adjoining the court room.

The necessity of taking her before Hogan was removed, however, when Magistrate Finn, after hearing the testimony of the accuser and accused, said there was no ground whatever for holding Mrs. Trautman and directed that she be honorably discharged.

ADMITS EMBEZZLEMENT: SENTENCED TO FOUR YEARS

By Associated Press. KANSAS CITY, Dec. 27.—William C. Anderson, former assistant paying teller of the First National bank of this city, pleaded guilty in the criminal court today to embezzling \$9000 of the bank's funds and was sentenced to four years in the penitentiary. Anderson had been employed in the bank for eighteen years when he disappeared on December 11 last. He was arrested at Austin, Tex., last week and since most of the stolen money has been recovered.

Before sentence was pronounced today Anderson's attorney announced that the prisoner had deduced his home in this city over to the surety company to cover the money he had spent, which amounted to something over \$1000. Anderson has a wife and grown daughter. Since his arrest he has been kept in a hotel under guard.

EL PASO, Tex., Dec. 27.—Immigration officers have succeeded in arresting five Japanese below here at Fort Hancock, out of a large bunch that was smuggled over Christmas night, and all were deported to Mexico this morning. Scientists Hotly Discuss Concentration of Capital in Hands of Few. Defense Presents Arguments

By Associated Press. NEW YORK, Dec. 27.—The concentration of wealth in the hands of comparatively few was vigorously denounced and earnestly defended at the opening session today of the fifty-seventh annual meeting of the American Association for the Advancement of Science.

Henry Lauries Call of Washington, D. C., attacked the right of John D. Rockefeller to his fortune on the ground that, he asserted, it was not the result of natural causes, but had been created through corporate activity which the speaker termed "vicious."

During a subsequent discussion of "The Evolution of Property," Louis G. McPherson, assistant to the late Samuel Spencer as president of the Southern railway, replied to Mr. Call. He declared that Mr. Rockefeller had had his financial struggles and had done much good which was generally lost sight of in the criticism which came with success.

He told of Mr. Rockefeller's early attempt to obtain \$25,000 with which to construct a pipe line for oil. One man who refused aid met the financier when the pipe line had been laid. To him Mr. Rockefeller said: "I built that pipe line to make oil cheaper, and I succeeded. I cut the cost more than half. And yet they find fault."

Mr. McPherson told them less seriously of a dinner party several years ago at the Rockefeller home when Mrs. Rockefeller explained the absence of oysters by saying: "We like them, but are too poor to have them."

This was in exceptional cases the woman's history stated tonight that as Lillian Mason, daughter of Samuel A. Mason, a physician of this city, she was about ten years ago a stenographer for the National Red Cross society, and accompanied Miss Clara Barton to Armenia and to Cuba.

SANTA FE RAILROAD ADOPTS PENSION ROLL

By Associated Press. TOPEKA, Kas., Dec. 27.—Commencing January 1 the Atchison, Topeka & Santa Fe Railroad company will place in operation a system of service pensions on all lines of the system, from Chicago to the Gulf and the Pacific coast. All employees of the company who have been in its service continuously for fifteen years and who have either reached the age of 65 years or have become permanently disabled, will be entitled to pensions. The pensions will be based on a percentage of salary or wages received. The minimum will be \$20 and the maximum \$75 per month. In exceptional cases the pension board may increase the allowance by not more than 25 per cent. Immorality on the part of an employee will be sufficient cause for the revocation of the pension. The pension board of the road will have complete charge of all pensions and their revocation. The first board appointed by President Ripley consists of J. W. Kendrick, George T. Nicholson, W. B. Janson, Robert Dunlap and W. E. Bailey.

TRAIN OF TROLLEY CARS STARTS TRIP ACROSS CONTINENT

Special to The Herald. ST. LOUIS, Mo., Dec. 27.—The experiment of shipping street cars to California on their own wheels instead of on flat cars was tried here today. A train of twenty-two cars was made up for Los Angeles, and seventy-eight more are to follow if the experiment is successful.

The cars, which are forty-six feet long and of the most modern interurban type, will be drawn by an engine like so many freight cars. They are equipped with air brakes and also automatic couplers to comply with the interstate railway law and will be run on a 15-mile-per-hour schedule. The trains go over the Illinois Central and Southern Pacific via New Orleans.

STARVING BOY IS HEIR TO \$50,000

Woman Says She Is Divorced Wife of George H. Pullman, and that Child Will Get Big Trust Fund

By Associated Press. NEW YORK, Dec. 27.—Acting on an anonymous letter, agents of the Children's society today found a 5-year-old boy named Edward Pullman half starved and wrapped in rags on the top floor of a tenement house in West Twenty-eighth street. The child's mother, who called herself Lillian Pullman, was taken to the children's court, where she declared that the boy was heir to a trust fund of \$50,000.

She said she had been married to George H. Pullman, who she declared, was a son of the palace car man, and that they had lived in Baltimore before coming to New York. Before the birth of the boy Pullman, she said, arranged a trust fund for him of \$50,000, which he was to have on reaching 21 years. Later she obtained a divorce from Pullman.

The mother was released but the boy was held for further investigation. Those said to be familiar with the woman's history stated tonight that as Lillian Mason, daughter of Samuel A. Mason, a physician of this city, she was about ten years ago a stenographer for the National Red Cross society, and accompanied Miss Clara Barton to Armenia and to Cuba.

George H. Pullman, a nephew of the palace car man, was secretary of the society at that time, and Lillian Mason alleged that he married her in 1898. Subsequently, however, he successfully opposed this claim in the courts. Meantime the woman was dismissed from the Red Cross service and was sent back to this country from Cuba by Gen. Fitzhugh Lee.

SLAYER OF RANCHER LYNCHED BY MOB

Self-confessed Murderer Hears Avengers Coming and Coolly Dresses and Prepares for Death. Leaders Are Known

By Associated Press. PUEBLO, Colo., Dec. 27.—A special to the Chieftain from Las Animas, Colo., says: Lawrence Leberg was lynched here tonight for the murder of Henry Lavenmeyer, a ranchman, by a mob of masked men. About forty men entered the jail shortly before 9 o'clock and easily overpowered the sheriff, undressed and locked them in a room of the building. The men then went to the cell occupied by Leberg, struck the shackles from his limbs and took him from the jail. A large body of men and boys was waiting outside the walls and when the prisoner and his captors appeared they formed a procession a short distance from the jail and hanged Leberg to a telegraph pole. The self-confessed murderer made no resistance and made no statement. The mob offered no violence and no shots were fired during the entire affair.

Before the mob reached the jail Leberg heard them coming. He arose from his cot, dressed himself coolly and awaited the coming of the avengers of Lavenmeyer's death. The leader of the mob made no effort to disguise himself and it is declared that the ringleaders are known to the jail officials.

BRYAN IS WILLING

Would Not Decline Nomination

Great Commoner Talks of National Questions

Believes Railroad Rate Bill is Inadequate, but All Roosevelt Could Get—Says Passes Breed Corruption

By Associated Press. TOPEKA, Kas., Dec. 27.—In an interview here today William J. Bryan practically admitted that he would be a candidate for the presidential nomination before the next Democratic national convention. "While I have not yet announced that I would be a candidate," said Mr. Bryan, "I have not stated that I would not be a candidate, and do not intend to. Such a high honor as the presidential nomination is something that no American citizen should decline."

Mr. Bryan declared that he had never stated that President Roosevelt had stolen the thunder of the Democrats, although, he said, the president was now advocating many things favored by that party.

Mr. Bryan declared there was no foundation for the story that he would be printed to the effect that he would, if nominated, favor the selection of Senator William Stone of Missouri as chairman of the Democratic national committee. "I have never told anyone anything about the organization of the national committee," he said. "I do not even know that I will be interested in it further than that I do not want to see men on the committee who are not good, clean men who want a government for the people and not for the trusts. I do not care to see men on the committee like Roger Sullivan of Illinois."

In speaking of the railroad legislation enacted by congress at its last session, he stated that he did not believe the legislation was what it should be, but he thinks that the president took what he could get. He said the giving of railroad passes was one of the most corrupting influences exercised in this country.

Mr. Bryan spoke before the Kansas State Teachers' association here tonight.

DERAYLAN CLERKED IN NEW YORK LAW OFFICE

MYSTERIOUS RUSSIAN WOMAN REMEMBERED BY ATTORNEYS

Girl Who Posed as Man Formerly Employed Under Name of Langel as Law Clerk by Prominent Attorney in Eastern City

By Associated Press. NEW YORK, Dec. 27.—Hiram O. Hance, a lawyer of 229 Broadway, is convinced that Nicolai Deraylan, the Chicago woman who posed as a man, was employed in the offices of the late Colonel T. C. Campbell in this city ten years ago. The young "man" secured employment as a stenographer under the name of Langel and because of his general appearance and effeminacy there was a disposition to twit Langel, but this disappeared when a woman came to the office and was introduced as Langel's wife.

Langel was very efficient and there was regret when illness forced "him" to give up work. Mr. Hance said he had studied the recently published photographs of Deraylan and was impressed with the resemblance to the features of Langel. Mrs. Hance regards as confirmatory of the conclusion that Langel and Deraylan are one and the same that Deraylan died of tuberculosis, a disease with which Langel was unmistakably affected.

"INDIVIDUALISM MUST GO: FRATERNALISM COMING," SAYS LYMAN ABBOTT

By Associated Press. SYRACUSE, N. Y., Dec. 27.—That the United States is passing from an age of individualism into one of fraternalism in which the government will take added responsibility for the welfare of the people is the contention of Dr. Lyman Abbott of New York. Dr. Abbott said today: "We are moving from the principle of every man for himself toward what we call fraternalism, where the common good is the main consideration. Upon this country God has poured out untold wealth and we have said 'go in and get it,' and men have done it. A man whom I know put \$60,000 in a gold mine and in two years without doing a stroke of work or using his brain, took out \$2,000,000. This system is not just and we are going to leave it in the rear."

SWIFT VENGEANCE FOR BOY ROBBERS

Youthful Burglar Is Shot with Gun He Steals and Arrest Comes Quickly to His Complice

By Associated Press. SAN FRANCISCO, Dec. 27.—Terrible justice was visited upon two boy burglars early today. One of them lies dying with his abdomen half shot away by a rifle which he stole with other plunder last night. The other lad is in a prison cell, where he has sobsly confessed to his crime. The dying boy is August Schwartz, 13 years old, and the doctor who is attending him at his home at Eighth and Octavia streets, says the patient has no chance for recovery. His accomplice is August Pallassou, only one year older. Pallassou's father owns a milk ranch at Hamilton and Bouden streets and it was while driving an early morning milk route that the boys were caught. Last night the store of the Imperial Arms company at Van Ness avenue and Market street was burglarized. The door had been pried open by a pipe which had been jammed on the ends until it presented the chisel end of a jimmy. The booty consisted of four heavy 30.30 Winchester rifles, ten boxes of cartridges and a case of razors—all the youthful thieves could carry.

DREAM OF BEING BANDITS

With visions of Buffalo Bill and Nick Carter adventure in their minds the two boys climbed into the milk wagon and drove homeward with their plunder. When they reached the outlying districts Pallassou suggested that they try one of the rifles. Accordingly they filled the magazine with shells, but in their eagerness for a shot they forgot to lower the hammer as they threw back the lever. August Schwartz was to fire first. As he climbed out of the wagon he dropped the rifle to the ground and started to use a gas pipe which had been jammed on the ends until it presented the chisel end of a jimmy. Suddenly there was a sharp report and Schwartz fell forward in the mud and the frightened horses began to run.

Pallassou pulled up the snorting animal and hurried back to the wounded boy. He summoned help and Schwartz was carried to his home, a short distance away. Pallassou hastened away to hide the stolen weapons. Meanwhile Manager Kaplan of the Imperial Arms company had reported to the police the looting of his store. Detectives were assigned to the case, but just before they left the report came in that a boy had been wounded on the San Bruno road. Speedily calling the detectives they started for Schwartz's home. The officers have been able to establish that the two boys have been committing a series of crimes and the detectives believe that they are guilty of many recent burglaries.

PRESIDENT AND FAMILY TAKE HOLIDAY OUTING

By Associated Press. WASHINGTON, Dec. 27.—President Roosevelt and his entire family, with the exception of Mrs. Longworth, together with several friends, left Washington at 11:25 this forenoon for Pine Knot, Mrs. Roosevelt's country home, for a holiday outing. They will return Monday night. They occupied a Pullman car attached to the New Orleans fast mail on the Southern railway, which is scheduled to reach North Garden, twelve miles from Pine Knot, at 2:47. Besides the president and Mrs. Roosevelt and their friends, and children, the party included Admiral P. I. Rixey, surgeon general of the navy; Mr. Latta, assistant secretary to the president, and Miss Langdon, a friend of Miss Ethel. Upon reaching the train one of the president's boys found he had forgotten to bring his gun. A messenger was dispatched to get the firearm. He got to the White House and was going at a speed prohibited on his return when the Metropolitan police overhauled him and threatened him with arrest, but he did not resist.

FAIR WAITERS SERVE HASH TO HUNGRY MINERS

By Associated Press. TONOPAH, Nev., Dec. 27.—The restaurateurs of this city are still closed as a result of a strike of cooks and waiters. The men demanded a change in hours, which the proprietors declare is impossible for them to grant. Some inconvenience but no hardship has resulted from the strike, as many boarding houses and private dining rooms are running when the fair maidens of the town wait on the hungry miners.

Mexican Troops Rushed to Scene of Yaqui Massacre

Many Reports of Depredations of Redskins Brought in from Country Districts—Band of Renegades Numbers 100

By Associated Press. EL PASO, Tex., Dec. 27.—A special from Nogales, N. M., this morning says: "Details are arriving here of a terrible butchery of a party of Mexicans by Yaqui Indians near a place called Valencia. Eleven Mexicans and one woman were killed and from all accounts there were over 100 Indians in the attacking party. The employees on the Southern Pacific railroad in that section are frightened and it is said many are leaving. 'The massacre may delay the road to Guadalupe.'"

By Associated Press. EL PASO, Tex., Dec. 27.—The details of the Yaqui Indian outbreak at Lencho station on the Cananea, Yaqui River & Pacific railroad, a branch of the Southern Pacific in Sonora, on Sunday night, in which eight Mexicans were killed and all the tent houses burned, have been received here.

No Americans were killed, though it is certain that but for the timely arrival of a work train with a large crew of laborers Foreman Thompson and his wife would have been killed. Reports from the same vicinity tell of murders and outrages perpetrated by the Yaquis on Thursday and Friday and Friday night. The victims were all Mexicans, who were taken by surprise on their lonely ranches. Details of the outbreak are extremely meager, but show that the situation is serious. For several weeks past restlessness has been observed among the Indians, but an outbreak was hardly anticipated. No unusual preparation had been made for Yaqui attacks. Those killed were shot down before any effort at defense could be made. The band of outlaw Indians is said to number about 100. Rumors of their depredations were on Saturday when many ranchers fled to the towns for safety and reported a number of murders in the district southwest of Guaymas. It was not believed, however, that the Yaquis would dare to attack a railroad station. Lencho is one of the smallest stations on the Cananea, Yaqui River & Pacific railroad. About twenty-five men under Foreman Thompson are employed there, engaged in well boring. No sentries had been posted, and the first intimation of the attack was a volley of rifle shots fired into the tent houses. Immediately afterward the houses were set on fire and by the light of the flames the Yaquis shot at the frightened Mexicans, who were trying to escape. The reports received here say that in addition to the eight men killed at the station a number of Mexicans were wounded. At a time when the residents of the camp, including Thompson and his American wife, seemed doomed the
