

STRIKERS AGREE ON SETTLEMENT

SOUTHERN PACIFIC EMPLOYEES READY TO RESUME

In Some Quarters There is Talk of
Referendum Vote—General
News of the Railroad
World

By Associated Press.
HOUSTON, Texas, Jan. 7.—The Brotherhood of Locomotive Engineers and the Brotherhood of Firemen are in session here today arranging the details of an agreement reached yesterday in settlement of the Southern Pacific firemen's strike.

The only apparent hitch in the arrangements is the status of engineers who were members of the firemen's organization and who joined the strike. The firemen insist that these shall be either reinstated or cared for on other engines by the railroad company.

It was expected that the strikers would return to work today, but a final settlement has not been reached.

BLOCKS STATEN FREIGHTS

Anti-Nuisance League Stops Sunday Switching on Island
By Associated Press.
NEW YORK, Jan. 7.—The first decided move in a fight which the Anti-Nuisance league of Staten Island began recently against the Baltimore & Ohio Railroad company's freight terminal at St. George was made when four of the railroad engineers were arrested charged with "Sabbath breaking."

The league was formed some time ago to prevent unnecessary noises on Staten Island on Sunday, it being complained that freight trains were switched a great deal and locomotive whistles were blown on that day of the week, the latter in violation of a state law. The engineers were subsequently released on bail.

The arrests brought the business in the yards almost to a standstill. The St. George terminal is one of the most important of the Baltimore & Ohio cars from the west being brought there and sent south to Brooklyn, where freight is distributed among vessels and a great deal of freight from New England is landed there.

YUMA LINE SURVEY BEGINS

San Diego-Arizona Railroad Project Moves Along
By Associated Press.
SAN DIEGO, Jan. 7.—Under the direction of E. J. Kellright, the survey of the San Diego & Arizona road to Yuma was commenced.

Most of Mr. Kellright's party are from other points. They have three lines out of the city in contemplation with field notes of three surveys to verify.

Clerks Resume

By Associated Press.
NEW YORK, Jan. 7.—Wilbur Dragins, grand chief of the Brotherhood of Railroad Clerks, says the strike of the Southern Pacific railway clerks is off.

By the terms of the settlement all the old clerks who apply for positions will be employed as soon as places can be made for them without prejudice.

Total Stock Now \$250,000,000
By Associated Press.
NEW YORK, Jan. 7.—Stockholders of the Northern Pacific railroad ratified the action of the board of directors' action in announcing an issue of \$35,000,000 of new stock. This makes the total authorized capital stock of the company \$250,000,000.

PLAN RECEPTION FOR W. J. BRYAN

Arrangement Committee to Meet and Prepare for Entertainment of Distinguished Visitor in Latter Part of Month

By tomorrow afternoon it is expected that the question as to the place for holding the public reception in honor of William Jennings Bryan will have been decided.

A meeting of the committee on preliminary arrangements will be held at the rooms of the Democratic club at 4 p. m. tomorrow, when the question as to the public reception will be acted upon.

RAIN, RAIN AND MORE IS COMING

Season's Precipitation of Moisture is Nearly Three Times Greater Than for the Same Period Last Year

Total rainfall for storm, 1.66.
Total rainfall for season, 8.52.
Rainfall to January 7 last year, 3.26.
Ahead of last season, 5.00.
Lowest temperature yesterday, 42.
Maximum temperature, 53.
State forecast—Rain Tuesday, fresh southeast wind.

"Every weather office its own Hatfield," seems to be the motto of local Weather Forecaster Wollaber. If any last lingering doubt as to Hatfield's responsibility for last season's rain remains in the minds of California farmers it must of necessity be dispersed by the kind of weather the local office is turning out without the help of any special rainmaker.

Forecaster Wollaber's records show that the average seasonal rain for the past nineteen years is 15.55 inches. Up to last night more than half that much had fallen, the total for this season being 8.35 inches. During the twenty-four hours ending at 5 p. m., 1.49 inches of rain fell in Los Angeles. This season's rainfall is the greatest up to January 7 since 1892, when 8.91 inches fell.

The storm which brought yesterday's rain is central of the California coast and has brought rain to all of California from the northern limits to the south. At San Francisco .56 of an inch had fallen up to yesterday morning. Red Bluff had received .44 of an inch, Fresno .16, San Luis Obispo .48 and San Diego .14. In Sacramento snow is reported to have fallen.

According to Forecaster Wollaber, there will be a continuance of rainy weather today, as the storm center is moving inland very slowly.

There was some damage from washes, but the new storm sewers carried away great volumes of water and much less trouble was experienced than on former occasions.

A small sewer on Roma drive caved in and residents of that district made complaint to city hall.

GLEANINGS GARNERED FROM PASADENA FIELD

Special to The Herald.
PASADENA, Jan. 7.—The third production of the comic opera, The Mikado, in the local opera house this evening by local talent was an entire success.

Relief from the coal famine that has troubled Pasadena with other Pacific coast cities will not come for a week yet. Coal orders cannot be filled before that time, say local dealers.

Miss Mary Clark, the victim of an auto accident in which she was run down by an auto driven by Dr. Solon Briggs, will not sue for damages as reported in a morning paper this morning.

The funeral services over the remains of Mrs. Harriett Haskell will be held from the undertaking parlors of Adams, Turner & Stevens tomorrow afternoon at 2 o'clock.

Allen T. Steele, a former Pasadena high school teacher, has been appointed on a team of three delegates to represent the Iowa state college of agriculture and mechanic arts in a debate with the Drake university. The honor is merited.

The banquet of the Edison Electric employees has been postponed from Monday evening and will be held Wednesday evening.

The Pasadena branch of the Los Angeles County Medical society will hold a regular meeting at the home of Dr. A. G. Hoag tomorrow evening.

RAINFALL OVER TWELVE INCHES FOR THE SEASON

Special to The Herald.
PASADENA, Jan. 7.—The rain storms that have visited Pasadena during the past few days have left 3.25 inches of rain to moisten the earth and bless the ranchers with the assurance of abundant crops. The rains turned to snow on the mountains and there is one and a half feet of snow on the level on Mount Wilson. Drifts in the gorges measure as deep as 20 feet. The total for the season's rainfall to date is 12.69 inches.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some urticine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

PLAN RECEPTION FOR W. J. BRYAN

Arrangement Committee to Meet and Prepare for Entertainment of Distinguished Visitor in Latter Part of Month

By tomorrow afternoon it is expected that the question as to the place for holding the public reception in honor of William Jennings Bryan will have been decided.

A meeting of the committee on preliminary arrangements will be held at the rooms of the Democratic club at 4 p. m. tomorrow, when the question as to the public reception will be acted upon.

It is certain that Mr. Bryan's reception, which will be a public affair, will occur either at the chamber of commerce or at the Temple auditorium. Should it take place at the chamber of commerce the board of directors of that body will have full charge of the affair, while if it is decided to hold the reception at the auditorium a general committee of possibly two or three hundred citizens, chosen irrespective of party, will arrange for the event.

The banquet in honor of Mr. Bryan and the date of which definitely has been fixed for the evening of January 29 will be under the auspices of the Democratic club, of which Eugene Germain is president. It is expected that Mr. Germain will announce his various committees tomorrow.

SMITH HITS "TENNY" AND LANGUISHES IN JAIL

Special to The Herald.
PASADENA, Jan. 7.—William R. Smith, an employe of Pezard's livery stable, this evening in an altercation with "Tenny" Gaither hit that gentleman a stinging blow in the face and followed it with so many more that "Tenny" went to the hospital for repairs and made the fourth case to come up in the receiving hospital recently opened up for the convenience of various victims.

"Tenny" swore to a complaint and Smith is locked up on a battery charge in default of \$10 bail.
