

Asthma of 28 Yrs. Cured Quick Consump- Tuberculosis and Asthma tion Cured

542 Gladys Ave,
Los Angeles, Cal.,
April 2, 1907.

The Bensonizer Cure:

Twenty-eight years ago, while living in Michigan, I was attacked with asthma and soon the doctors said, "Go west." I went to Montana and went into the sheep business so as to be outdoors all the time. Since then I have tried all climates with the result of gradually growing worse. Got no relief from the many different so-called asthma remedies. Last fall I went to Arizona, but could not stay there and came to this city. Here the severe winter nearly killed me; so that for weeks I could not lie down to sleep. I don't think any person ever suffered like I. It seemed for weeks as though every breath would be my last. In this fearful condition I came across Mr. Peterson, whom you cured, and he induced me to try your wonderful cure. And God bless you, from the first day I have had no more suffering and have slept like any well person. What a boon to suffering humanity your great treatment is. I am willing and ready to proclaim it from the housetops and have written to many of my acquaintances to come to you and get cured. Happy to say that several have already got the great relief that I have.

Truly yours,
THOMAS WIMSETT.

Three Years Ago

3442 Powders St., Los Angeles, Cal., March 31, 1907.

The Bensonizer Cure:

Three years ago while living in St. Louis, Mo., I was very sick and in a few weeks the doctors said I had quick consumption and that both of my lungs were badly diseased. I was helpless in bed at the very beginning and our regular family doctor gave me up, saying there was no help for me. A lady friend of mine came to see me and told us that her husband was cured by using the Bensonizer Inhaling Treatment. My husband went at once to your office and secured the treatment, and in a week I began to improve and gradually recovered my strength, and in three or four months my cough and expectoration ceased entirely, and since then my health has been perfect. We moved to this city last September and if I can aid you and help other sufferers to the cure of this fearful scourge use my name and I will gladly tell any one what you did for me.

MRS. WILLIAM PAINTER.

Asthma Cured

210 South Indiana St., Boyle Heights,
Los Angeles, Cal., Feb. 10, 1907.

The Bensonizer Cure:

Six years ago, while living in Council Bluffs, Iowa, I was suffering severely with chronic nasal catarrh and the doctors operated on my head and removed some polypus from my nose, and soon thereafter I began to choke up and have asthma. This horrible disease drove me to California, the doctors saying that in a warmer climate I would not suffer from asthma. I came here five years ago, but found little or no relief and gradually grew much worse, trying all kinds of remedies and different doctors until the last year I was in constant distress and unable to work at my trade. This fall, when the wet weather began I was in horrible condition, and my lung began to fill up. My family physician told my wife that I was past help, and I got so that I could not sleep nor eat and coughed terribly. Could not lie down in bed at all for fear of choking to death. This was my condition when I went to 626 West Sixteenth street. Upon examination your specialist told me he could positively cure me and could give me immediate relief. He gave me one inhalation and told me to come back in the afternoon and get two more treatments and I would sleep that night. I could not walk alone at this time, but with my wife's help I got to your office and that night I slept and ever since I have had no trouble, and in a week's time the doctor said I could go to work. And for the past month I have worked at building my house harder than I have ever worked, and remain perfectly well. All this has been done since December 19, 1906. Hoping to help other miserable suffering humanity to guide them to this wonderful cure, prompts me to write this. Send them all to me and let them see for themselves what you have done for me. Truly yours,
FRED F. PETERSON.

I was a ONE-LUNGER and ASTHMATIC

for 6 long miserable years. Left so by two severe attacks of typhoid pneumonia which left my right lung solid. I had the best medical talent in Philadelphia, my home. I paid these doctors \$2800 and then I hunted health resorts from the Atlantic to the Pacific, gradually working my way to the grave. I finally landed in Los Angeles over a year ago. Here last December I found the BENSONIZER INHALING CURE and today I am as well as any man in the world. Have gained 41 pounds in flesh and work hard every day, breathe natural, eat and sleep splendidly, no cough and 11 pounds heavier than ever before. Glad to talk to anyone after 6 p. m. at my home, 1337 Maple avenue.

Truly yours,

J. FRANK SMEDLEY.

ROOSEVELT TO PRESS BUTTON

JAMESTOWN EXPOSITION WILL OPEN APRIL 26

President to Be Feature of the Day, and Hundreds of Guns Will Fire a Salute as Machinery Starts

By Associated Press. NORFOLK, Va., April 6.—President Roosevelt is to be the feature of the opening day of the Jamestown Centennial exposition, the official program of which was announced today.

The opening exercises, which will take place Friday, April 26, will be at sunrise with a salute of 200 guns by the Norfolk light artillery, commemorating the 300th anniversary of the first English settlement of America.

The president is to reach the exposition grounds at 11:30 o'clock, after passing on the Mayflower through columns of saluting foreign and American warships in Hampton Roads. He will be escorted to the reviewing stand on Lee's parade in the rear of the Auditorium building.

After an invocation by Rev. Alfred Magill Randolph, Harry St. George Tucker, president of the exposition company, will introduce the president. When the president has concluded his remarks he will press a gold button and immediately the machinery of the great show will be in motion, a thousand flags will be unfurled on the exposition buildings and a salute to the "present arms" and "to the colors" will stand with uncovered heads.

The parade of soldiers and sailors of the United States under Major General Frederick D. Grant will be the next feature.

The president will review the parade from a grandstand, where also will be gathered the honored guests of the occasion, including the diplomatic corps, the official committees of the senate and the house of representatives and the governors of states, twenty of whom have accepted invitations to be present.

The day will close with a reception to President Roosevelt.

CRUSHES HIS UNCLE'S HEAD WITH AN AX

By Associated Press. COLLINSVILLE, Ill., April 6.—Shelley Ellis, a bachelor, was found dying today in bed on his farm three miles north of Collinsville. His head had been crushed with an ax. He cannot live. Frank Wilkinson, 15 years old, his nephew, was captured in the woods later and is said to have confessed that he attacked his uncle in order to rob him. Wilkinson has been placed in jail at Collinsville under a heavy guard.

POURS BENZINE OVER CLOTHING AND SETS HIMSELF ON FIRE

By Associated Press. MEMPHIS, Tenn., April 6.—Edward Murphy, a painter, who was employed upon the new Business Men's club, in course of erection, climbed to the roof of the building today, and pouring a gallon of benzine over his clothing, set fire to himself.

Efforts made to rescue Murphy were without avail and the young man was literally cremated. He was probably insane.

CIRCUS RECEIPTS ARE FALLING OFF

By Associated Press. NEW YORK, April 6.—The receipts of the Barnum & Bailey circus, according to a circular issued to the shareholders, show a falling off in the last few years while the expenses have correspondingly increased.

The gross receipts for 1905 and 1906, for instance, were about the same, but owing to the big increase in expenses the profit last year was only about \$90,000, compared with about \$166,000 in 1905.

The directors say, however, that the present year promises to be more satisfactory.

WOMAN JUSTICE WILL TIE KNOT IN NEW WAY

By Associated Press. CHICAGO, April 6.—The tying of the marital knot, one of the prerogatives of the office of justice of the peace, is to be made a specialty by Evanston's recently elected woman justice, Mrs. Catherine Waugh McCullough.

Mrs. McCullough already has begun to frame up the obligation which she will require of each of the contracting parties. There will be nothing in the marital obligation, as given by Mrs. McCullough, that requires the wife to obey her husband. On the other hand, Mrs. McCullough has been magnanimous enough to exclude any obligation for the husband to obey his wife.

Mrs. McCullough promises that neither party shall be obliged to make any pledges that the other party is not bound by.

EIGHT THOUSAND MEN THROWN OUT OF WORK

By Associated Press. LORAIN, Ohio, April 6.—Notices were posted at the mills of the United States Steel corporation here today that the plant would shut down for two weeks for repairs, beginning tonight.

RECENT 'FRAGAS' STILL BUBBLING

PRESIDENT RECEIVES MANY LETTERS

Information as to Identity of the Writers Not Made Public—Secretary Loeb Refuses to Talk

By Associated Press. WASHINGTON, April 6.—President Roosevelt is receiving many letters regarding the combination which it is asserted has been formed to defeat at the coming presidential campaign the policies of Mr. Roosevelt.

Information as to the identity of the writers and the precise nature of their communications is withheld, but those who are close to the president say the disclosures have stirred up considerable feeling.

The location and date of the dinner and the personnel of the party attending it at which the plot is said to have been elaborated remain a secret so far as any information at the White House is vouchsafed.

"You gentlemen are all wrong as to the details of the dinner," is all that Secretary Loeb would tell the newspaper men today except to indicate that the affair was informal and that the disclosures came out in an informal manner.

Say Bourne Was Host

Senator Bourne of Oregon, it has been commonly reported, was the host at the dinner, while the guests included among others Senator Hunsbrough of North Dakota and Delegate Andrews of New Mexico. Comment was made upon the fact that all three of the gentlemen were at the White House today and talked with the president.

None of the callers would make a statement on the subject, nor would any of them admit that his call at the White House had any connection with the matter. Secretary Loeb said Senator Bourne had called on the president to discuss some land matter which had been hanging fire for a long time.

Senator Penrose of Pennsylvania, whose name had been freely mentioned in connection with the alleged plot, has not communicated with the White House since the story became public, according to the secretary. He stated that the only information received there about him came from the newspapers.

When a report that Senator Penrose was going to the White House was called to Secretary Loeb's attention the latter said:

"I have made no statement about him and the senator has nothing to say to me."

SEVEN-YEAR-OLD BOY KILLS BROTHER WITH SHOTGUN

By Associated Press. MARTINEZ, April 6.—While playing with a loaded shotgun 7-year-old Robert Griffin killed his 10-year-old brother, James, at the horse of their father, George Griffin, in Alhambra valley last evening. The father had returned from a hunt and left the firearm standing in the hallway within reach of the lad.

Robert playfully raised the gun to his shoulder and pulled both triggers. The two charges took effect in the older brother and he died instantly.

The father is prostrated over the tragedy. George does not realize what he has done.

JURY PROMPTLY ACQUITS WOMAN

By Associated Press. SAN FRANCISCO, April 6.—It took a jury in Judge Cook's court only fourteen minutes today to acquit Mrs. Irene Marsh of the charge of having assaulted Miss Mary Murray with intent to murder her.

Mrs. Marsh shot at Miss Murray on Van Ness avenue on January 29, alleging that the latter had enticed away her husband with whom she had lived happily for twenty years.

The case was submitted without argument by counsel and the jury quickly arrived at a verdict of "not guilty" because of insanity.

The court asked Prosecuting Attorney J. M. Hanley if he desired to ask for a lunacy commission, but Hanley said he thought it would be futile, as the woman was unquestionably sane now and the commission could not find otherwise. Miss Murray, the complaining witness, did not put in an appearance.

EIGHT ARE KILLED AND MANY INJURED IN WRECK

By Associated Press. HABLETON, Ga., April 6.—In a wreck on the Southern Railway about a mile and a half from here last night eight or more negroes were killed and twelve or fifteen injured, several probably fatally.

Eight bodies have been recovered and it is believed more are under the wreckage. An open switch is reported to have been the cause, allowing a westbound train to crash into another train standing on the main track.

Library Wreckers Confess

By Associated Press. WATERLOO, Iowa, April 6.—Orville Jones and Willard Smith were arrested here today for despoiling the West Side Carnegie library. They confessed. The damage is estimated at thousands of dollars.

JAPANESE ARE NOW BARRED

Secretary Strauss Denies Admission to Five Immigrants—First Exclusion Case Recorded Since New Law Was Passed

By Associated Press. WASHINGTON, April 6.—Secretary Strauss of the department of commerce and labor today denied admission to this country of five Japanese immigrants.

These are the first Japanese exclusion cases which have reached the secretary since the promulgation of the executive order carrying into effect the new immigration law. Secretary Strauss' action was based on an appeal, taken by the Japanese from a decision of the inspector at El Paso, Tex., denying them the right to enter on passports from Mexico.

The appeals first reached Commissioner of Immigration Sargent and were referred by him to the secretary, with the recommendation that they be dismissed on the ground that no other course was permissible under the president's order carrying into effect the agreement of last winter relative to the exclusion of Japanese laborers.

The matter was presented on behalf of the would-be immigrants to the Japanese minister and he advised them that the course of the United States authorities was in accord with the agreement between the two countries. When they represented that they had been compelled to come to the United States in search of food he advised them to apply to the Japanese minister to Mexico for relief.

Mr. Sargent has been advised that about 500 Japanese laborers have recently left El Paso, going both east and west, and it is expected they will try to find admission into the United States at unguarded points along the international line.

COXEY IS READY FOR ANOTHER CRUSADE

By Associated Press. NEW YORK, April 6.—The Herald tomorrow will say: Jacob Sechler Coxey, commander in chief of the Coxey army, is planning another great national crusade on new and sensational lines. He may commence operations this year. It all depends on the outcome of his investments. Since he went through bankruptcy two years ago, owing to the failure of a steel mill which he had built at his home in Mount Vernon, Ohio, he has been engaged in retrieving his fortunes.

Mr. Coxey was in New York several days ago and said: "I am preparing to take up my campaign of education where I was forced to leave it several years ago. I shall conduct this campaign on a new and original line and in a way that will be certain to attract the attention of the nation. I will travel with an entire train of cars and a tent capable of seating many thousands. This country is becoming ripe for just such a movement."

Everything you want you will find in the classified page. One cent a word.

By Associated Press. PHILADELPHIA, April 6.—Freddie Weeks of Cripple Creek, Colo., decisively defeated Harry Baker of California in the sixth round at the National Athletic club.

WOULD KEEP MISSIONARIES BUSY IN UNITED STATES
By Associated Press. WASHINGTON, April 6.—The Maryland annual conference of the Methodist Protestant church gave its principal attention today to missions.

DEATHS OF THE DAY
By Associated Press. Samuel H. Harmon, president of the lumber company which bears his name, has died here. He had been in the lumber business in California for fifty years. He was a member of the vigilantes committee of 1856 and owned the Gualala mills. He was a native of Machias, Me., and 81 years old.
