

RACES WITH DEATH ACROSS CONTINENT

JUDGE CHYTRAUS SPEEDS TO WIFE'S BEDSIDE

Physicians Hold Life While Chicago Man Speeds to California in Hope of Beating Grim Destroyer

Pacing restlessly back and forth within the narrow confines of a Pullman sleeper and gazing with unseeing eyes at the New Mexico and Arizona scenery at it flies in panorama past the windows of the California Limited.

Dr. Winnegar Simpson is in charge of the stricken woman's case and he holds out but little hope of defeating the grim reaper and holding off the inevitable until the arrival of the iron monster which is drawing the limited in its flight across the Arizona desert.

While the husband is suffering the torments of suspense on the California Limited the patient's mother, Mrs. H. A. Haugan, keeps her endless vigil by the bedside of the stricken woman.

Swift Autos Await Him

Miss Dixon, the head nurse at the Glendale sanitarium, is also striving with all her professional skill to ward off the end until the grief-stricken husband has had time to bid the companion of his joys and sorrows a long farewell.

Mrs. Chytraus, accompanied by Mrs. Haugan, came to California some months ago and for the last three of these has been under Dr. Simpson's care at the Glendale sanitarium.

Immediately on receipt of the grief-burdened message the husband started for this city. From the time he boarded the California Limited in Chicago on Sunday up to the present he has been in hourly communication with the sanitarium.

The news sent to him was not of a cheering nature, but with conditions as they are Mrs. Chytraus may be kept

alive until Wednesday, the time scheduled for the arrival of the California Limited. An automobile will be stationed at the Downey avenue depot, and when the Limited arrives at that station Judge Chytraus will immediately be sent speeding in the car—if not too late—to the bedside of his wife.

BLUECOATS WILL BE MOBILIZED

Chief Kern Has Plan to Demonstrate to City Officials That the Force Guarding the City is Inadequate

In order to show Mayor Harper, the city council and the public in general how small a staff he can marshal, Chief of Police Ed Kern will parade his bluecoats through the downtown streets May 1, a week from tomorrow.

The entire force of 262 men, with the exception of a few members of the morning watch left on duty, will take part in the demonstration, and the chief expects good results from his campaign.

While coming up Broadway the force will be inspected at the city hall by the mayor and his fellow officials. Chief Kern is intent on gaining permission to increase the number of men on the force by at least twenty new patrolmen a month, and feels that the city fathers need only see the entire force together to realize how reasonable the demand for men is.

WANT TO KNOW ABOUT ELEVATED LINE FRANCHISE

City Attorney Leslie R. Hewitt will be called upon on his return from the Owens river country for an opinion regarding the granting to the Pacific Electric railway of a permit to build a viaduct across Los Angeles street to the site of the proposed depot annex.

The railway company is already in possession of a franchise giving it the right to cross Los Angeles street with double tracks, but the board of public works, which was asked for a right to construct the viaduct across the street, is undecided as to whether the franchise granted covers the point, or if another franchise is necessary before a viaduct can be legally constructed.

EXTENSION BRANCH HOLDS FIRST MEETING

The first meeting of the extension branch of the Y. M. C. A. was held in the First Methodist church last night and fully 1500 persons listened to an address by W. R. Newell of Chicago. His subject was taken from the first book of Romans and was delivered in masterly style.

Another meeting will be held tonight with the same speaker on the platform and W. E. McVay acting as presiding officer.

CHICAGO GRAIN MARKET General Cold Weather Cause a Weak Close in the Wheat Pit CHICAGO, April 22.—General cold weather throughout Kansas offset the crop damage reports and caused a weak close today in the wheat market.
