

GANS REFUSES BURNS MATCH

CHAMPION'S HANDS FULL AT PRESENT

McCAREY GETS TELEGRAM FROM REPRESENTATIVE

Light Weight Title Holder is Engrossed with Impending Match with Winner of Britt-Nelson

Gans won't consider Burns as opponent. (Signed) HARRY LEAP.

Manager Tom McCarey received the foregoing telegram from Harry Leap, his San Francisco representative, yesterday, which practically declares that the match between Gans and Burns is off.

McCarey has not given up hope and immediately wired back to Leap to keep pegging away and not give in. McCarey is certain that Gans would have accepted the offer but for the coming Britt-Nelson fight.

The Los Angeles enthusiasts agree with McCarey that Burns will be able to "do things" to either Tom or Britt, and that they know it and for that reason do not care to meet him.

Then again, Gans has to consider the impending Thomas battle, or rather match, which his manager agreed to, and with the three of them on his hands, he is not so tightly tied up and does not know which way to turn.

Rickard May Bid

With the offer of the Britt-Nelson battle, Gans will be sure to get an offer from Tex Rickard of \$40,000 for a fight at Ely, and no doubt will sign for that. Is there any one but Rickard who thinks that Gans and Britt, should he be the winner, are worth such a purse as the two-fighters of the second round?

Nelson and Gans may draw enough at exceptionally high prices to pay for a \$40,000 purse, for there are many that would pay very much to see that outcome of the second round.

The foul decision in the forty-second round was not at all satisfactory to the spectators of the fight at Goldfield, for Nelson was heavily backed and many credited him with more ability and recuperative powers than Gans—the Gans at the weight which he had to make.

But Britt's fight in the fifth round of the Gans-Britt bout in Colma is a different matter, and there are few who would care to pay exceptionally fancy prices and the expense of a trip to the champion's duty to defend his title against all comers.

Of course, it is not necessary for him to fight for nothing just to give a challenger of the title a chance.

But in this case Gans has an exceptionally good offer, and he should be given a chance, or rather a command, for Tom McCarey to get him a fight, and he wants it at once. That is mighty nice of Abe to come through with his request for a fight, for talent is much needed just at present, and Abe is the one who will be able to supply it.

McCarey wired Abe to come hiking out to the coast and that he would get the match all right. Abe doesn't care to wait until October for the fight with Driscoll before he gets into action, but wants something right away.

McCarey has his eye on Freddie Weeks, the promising little Cripple Creek fighter, and in his wire to Attell asked him what he thought of a match with him. Weeks is a tried fighter and has shown that he is there with the goods, and for some time has been asking for a chance to get at Attell.

A featherweight fight is much needed at present, and if Los Angeles gets this one it will be three cheers for Abe.

ATTELL ASKS FOR FIGHT

Abie Desires to Get into Action at Once in Los Angeles

Abe Attell now comes through with a request, or rather a command, for Tom McCarey to get him a fight, and he wants it at once. That is mighty nice of Abe to come through with his request for a fight, for talent is much needed just at present, and Abe is the one who will be able to supply it.

HAS EYE ON MAN FOR LEONARD LAUDER

Phil Knight, one of the San Francisco lads, came into town today and called in to see McCarey. Knight is a promising little fellow and has shown that he is one of the boys of future class.

McCarey is thinking of bringing Knight in on the fight which he has planned for the 25th of this month. Phil would make a cracking good man to match with Lauder, for they are about the same weight and should make things go some for ten rounds.

ATHLETIC CLUB MAKES INCREASE OF STOCK

At a meeting of the directors of the Los Angeles Athletic club yesterday it was decided to increase the capital stock of the association from \$50,000 to the amount of \$70,000.

YACHTS MAY RACE IN LOCAL WATERS

By Associated Press. SAN DIEGO, July 16.—Sir Thomas Lipton, in a letter to Secretary J. F. Hawley of the San Diego Yacht club, states that inasmuch as he had donated the Lipton cup trophy to the club at this place he thought it was the privilege of the club to select upon where the races should be held and to arrange all other conditions, so long as they adhered to fairness and right.

This will permit the San Diego club to now make terms with Los Angeles and the local English pugilist, who was arrested April 24 on suspicion of having killed Robert Choate, a gas house stoker of Deptford.

Choate's body was found in a railroad car coming from Epsom after the races, which Palmer and his companions had attended.

TO LIMIT ARMAMENT

President of Peace Conference Communicates Terms of Proposal

THE HAGUE, July 16.—M. Nelidoff, president of the peace conference, today verbally communicated to the leading delegates the proposition for the limiting of armament presented to him by Sir Edward Frye, head of the British delegation, who as yet has not discussed it with the other delegates.

The text of the proposition cannot be obtained for publication, but it sets forth substantially that the burden of armaments having greatly increased, the conference considers that the question of their limitation has now assumed an urgent character.

When M. Nelidoff communicated this proposition to Admiral Marshal von Biebert, head of the German delegation, the latter said that he would be unable to give an answer as to Germany's attitude until he had communicated with Berlin.

FOLLOW PROGRAM WITHOUT A HITCH

TWELVE SUPERVISORS VOTE FOR TAYLOR

Former Mayor Schmitz Names Supervisor for Baxton's Place, Who Is Promptly and Effectively Turned Down

(Continued from Page One) which will call for no apology on the part of the citizens, but will deserve and receive the commendation of those who believe in civic decency and civic honor in government affairs."

The whole procedure of electing a new mayor for San Francisco occupied just nine minutes. The program laid down by District Attorney Langdon went through without a hitch.

He himself was in the crowd at the back of the room to see that it did, as was Special Agent Burns of the prosecution.

Neither Rudolph Spreckels nor Francis J. Heney appeared. Dr. Taylor was elected by a vote of 12 to 2, the bare majority made necessary by law.

The meeting of the board was scheduled for 8 o'clock, but it was 3:30 before a quorum was seated and Clerk Ryan rapped the body to order.

Present were Supervisors Lonergan, Tveitmo, O'Neil, Rea, Coffey, Gallagher, Harrigan, Nicholas, Mamlock, Walsh, Phillips, Davis, Coleman and McClellan. The absentees were Furey, Kelly and Sanderson. Supervisor Baxton resigned last week to become temporary mayor.

He did not attend tonight's meeting. "In the absence of his honor the mayor," called Clerk Ryan briskly—and he referred to Baxton—the first business of this board is the election of a chairman."

Gallagher Chairman Supervisor Sam Davis, acting under instructions imparted to him by the district attorney through Gallagher half an hour before, nominated Gallagher and he was elected and took the chair.

The roll was called and the clerk announced a quorum present. The reading of the journal of the last meeting was postponed.

Clerk Ryan read a communication from Eugene E. Schmitz, as mayor, notifying the board of the appointment by him of Samuel T. Sawyer, a member of the Typographical union and a working printer, to the supervisorship vacated by the resignation of Baxton.

"This certificate," said Gallagher, "purports to be an appointment of Samuel T. Sawyer to the board of supervisors, and it is signed by Eugene E. Schmitz as mayor."

"This board has already gone on record to the effect that Mr. Schmitz is not the mayor of the city and county of San Francisco."

"In order to preserve any rights Mr. Sawyer may have under the law by virtue of this certificate the clerk will note upon the minutes that the certificate was presented and order placed on file with the board, and that Mr. Sawyer was by the presiding officer denied a seat in this board. The clerk will proceed."

A tip from an authoritative source had gone forth that Chief of Police Dignan, acting under orders of Schmitz, whom he recognizes as the real mayor, would detail patrolmen to attempt the forcible seating of Sawyer and the presence of a number of khaki officers lent color to the story.

But nothing of the sort was attempted. Sawyer stopped at the rail and parlayed a moment with the sergeant-at-arms, smiled awkwardly and retreated into the throng, and so far as the evening was concerned the incident was closed.

Boxton Resigns

The resignation of Mayor Boxton, a typewritten paper of three lines, was read and accepted on motion of Supervisor Coleman, no dissenting votes being cast. "There is a vacancy in the office of

Weakness, Its Cause and Cure

Nearly every man suffering from so-called vitality weakness has a curable cause, which is at the bottom of the trouble. The main causes are stricture, varicocele, enlarged inflamed prostate, excessive, badly treated discharges, etc., which obstruct the functional centers. When a man applies to us suffering from weakness we find and remove the cause just the same as an expert does its work. We have no difficulty in curing these cases when machinery fails by the thousands. We have the necessary knowledge, skill and experience to find the cause and give the proper treatment, thus putting the organs in a normal condition when the weakness disappears, which was only a symptom of the trouble.

Varicocele and Results

Any case of varicocele which is left without proper treatment will in time result in complete loss of one-half of the vital power; besides there will be more or less of the following symptoms: enlarged inflamed prostate, excessive, badly treated discharges, etc., which obstruct the functional centers. When a man applies to us suffering from weakness we find and remove the cause just the same as an expert does its work. We have no difficulty in curing these cases when machinery fails by the thousands. We have the necessary knowledge, skill and experience to find the cause and give the proper treatment, thus putting the organs in a normal condition when the weakness disappears, which was only a symptom of the trouble.

Contracted Disorders

Of all the diseases peculiar to men contracted disorders are the most abused by the medical profession. The treatment administered by good friends, druggists, and doctors in general practice and most of the original disease is certainly interesting to hear the story of the average patient telling his experience with the different kinds of so-called treatments he has been "up against." A large number of our patients with all the original disease and part of all the complications resulting from delay and mismanagement, have to cure them after some or all of the following conditions have developed: Inflammation of the bladder, prostatic troubles, diseased bladder, prostatic abscess, prostatic stones, swellings, etc., besides a patient who contracts these disorders; go to a doctor to cure you, it is the cheapest, surest and shortest way out. We have been 25 years in business.

We give a free examination and send our books on application. Any person with good reference can secure treatment from us until cured before paying for his cure.

By Associated Press. PHILADELPHIA, July 16.—The grand lodge of the Benevolent and Protective Order of Elks, after two strenuous business sessions today, adjourned without having made announcement as to the result of its elections. It is generally conceded, however, that John S. K. Tenor of Charlevoix, Pa., has been chosen exalted ruler of the order.

MOLLYCODDLES HOLD A BALL IN CLEVELAND

Special to The Herald. CLEVELAND, July 16.—The mollycoddle ball, the first in the world, was held tonight at Luna Park. Judging from the attendance, Cleveland is full of mollycoddles.

President Roosevelt had been invited, but he not only failed to attend, but ignored the invitation, and just because he snubbed them, the mollycoddles used six of his portraits to decorate the ball, and turned every one to the wall. They said they were sore at the president on general principles, anyway.

Those receiving invitations to the mollycoddle ball do not know whether to be pleased or merely vexed. Some of the men thus honored said the idea was insulting, and the horrid brutes attended, anyhow.

The mollycoddles danced two steps and waltzes, and when there were too many boys on the floor they danced with each other.
