RUSSIAN TROOPS CLASH WITH ENRAGED STRIKERS

BUSINESS AT A STANDSTILL, CAR SYSTEM TIED UP

Big Labor War Seems to Be Impending—Workmen's Unions Say They Are Ready for a Bitter Struggle

By Associated Press. LODZ, Aug. 1.—This city today was again the scene of a strike movement accompanied by a strike disorder and death.

In spite of the aggressive stand taken by the authorities the disorders recommenced early today. The strike is serious. It would appear to be the beginning of a big labor war, and the workmen's unions are prepared for a long struggle.

The police have been so energetic in their measures against the unions that they have united the Socialists, the Polish Socialists and the Nationalist party, who up to the present time have been warring a merciless war accompanied by daily murders and outrages among themselves.

General Strike Declared. A general strike has been declared and the Socialist Democrats and the Polish Socialists have called out \$2,000. The committee of the Amalgamated unions. The committee has ordered that all business in Lodz cease.

Yesterday bands of laborers were sent out in the city to wreck street cars. This they did in a number of cases, and later they used the cars as barricades from which to stone the police.

During the calling out of the strikers one factory foreman and two storekeepers were killed and two laborers were mortally wounded. The disorders grew as the day wore on. At 5 o'clock in the afternoon the military force was mobilized, but there was no engagement with the workmen until 9 o'clock last night.

At least thirty men were killed or wounded. Ambulances at once cleared the streets of the dead bodies. Among the dead is a German shoemaker.

The city was patrolled last night by detachments of cossacks and dragoons. This morning the troops started the electric cars again, but the passengers on board were attacked by gangs of workmen and a number of them were wounded. The strikers today began an attempt to force a cessation of work.

ESTATE OF ITALIAN CAUSES ENTANGLEMENT

Phoenix, Ariz., Has Two Cases of International Coloring—Chinese Detective Accused of Blackmailing Fellow Countrymen

By Associated Press. PHOENIX, Ariz., Aug. 1.—Phoenix has two interesting incidents of international coloring, one involving the Italian government, the other Chinese subjects.

A few years ago Joe Tagnaciola, an Italian, engaged in the cattle business in Arizona and died leaving no heirs in this country. He left a will naming Frank Alkire of Phoenix, a friend of years, as his executor.

According to law, the Italian consul at Denver was notified of conditions and he instructed Alkire to dispose of the estate at a certain figure, about \$10,000, to a man designated by the consul and send the proceeds to the consul for distribution to the heirs in his country.

Alkire, contrary to the instructions, valued too low and acting under authority of the probate court, disregarded the instructions. The consul then sent the power of attorney of all Italian heirs. By this Alkire had sold the estate and forwarded \$12,000 to the state department at Washington for distribution through the American consul in Italy.

The Italian consul now feels abused and threatens to come here and see if there is a law to enforce the action recognizing the power of attorney.

The other case is that of Hom Wo Chung held for deportation. He was here when the exclusion law went into effect, but it was claimed by immigration officials that he has been back to China and had worked his way in again. Importance lies in the fact that the "six companies" have become interested in the defendant. It is alleged a Chinese man employed by American officials as detective, to single out unlawful residents, is practicing blackmail.

SOUTHERN PACIFIC INCREASES DIVIDEND

Quarterly Payment of One and One-Half Per Cent Voted by Directors on All Common Stock of Harriman Line

By Associated Press. NEW YORK, Aug. 1.—The directors of the Southern Pacific company declared a quarterly dividend of 1 1/2 per cent on the company's common stock. This is an increase of one-quarter of 1 per cent and if continued will make the annual dividend 6 per cent, instead of 5 per cent, as heretofore.

The meeting of the board of directors of the Union Pacific railroad company, scheduled to be held today, at which action on the dividend was expected, was adjourned until next Thursday, there being no quorum present today.

Banker Killed in Pool. PHILADELPHIA, Aug. 1.—Edmund R. Watson, president of the Northern National bank and treasurer of the Henry Heiss Brewing company of this city, was found dead in the swimming pool of the Columbia club early today. Mr. Watson was attempting to dive into the pool and slipped and fell, his head striking the concrete coping of the pool and he sank to the bottom.

SAYS STATE'S RIGHTS IS SERIOUS MENACE

CONGRESSMAN JENKINS FEARS TROUBLE WILL COME

Discusses Action of North Carolina in Its Controversy with United States Courts Over Railroad Question

By Associated Press. CHIPPEWA FALLS, Wis., Aug. 1.—Congressman Jenkins, chairman of the house judiciary committee, last night issued a statement relating to the North Carolina railroad rate imbroglio.

He says there has never been any event since the civil war that calls for so severe condemnation as the recent senseless trade on behalf of states against the nation. He adds that it is humiliating that the matter has been compromised and that the nation had to some extent surrendered.

"The civil war was the result of such agitation and we may have earlier than we want another civil war," he said. "To prevent such calamity and preserve the peace and the nation we must conform to the law, obey the law and have the law enforced according to the framework provided in the constitution."

Jenkins points out that the supreme court of the United States is made the final judge between state and nation. Mr. Jenkins believes the executive of the state should keep cool, maintain his dignity and remember we have to depend upon the judiciary of the country to save the Union.

"Ever since the civil war," he said, "the states have had similar troubles and did not make fools of themselves or declare war, and the questions were decided by the supreme court and no bad results followed."

Trouble May Come. "If all state authorities are going to usurp functions of the supreme court and judge what federal act shall be nullified, no one can tell where it will end."

"Why should state authorities decide they shall exercise every power at their command to prevent such consummation? This is an unlawful attempt to oppose lawful efforts."

"This talk about state authorities resisting federal power by armed force will sooner or later end in bloodshed, possibly in the disruption of the Union."

In conclusion Mr. Jenkins says the supreme court of the United States may differ with the views of a great majority of the people, but however that may be, the constitution says its decision is final and must be regarded as the supreme law of the land and that is what must govern us.

"Better live under a wrong decision than amidst anarchy that must prevail in this country if each state authority is going to disregard the constitution of the United States and assert its own right or wrong, in defiance of the national power, thereby weakening and absolutely disregarding this great government that has cost so many generations so much to make and preserve it."

Upholds State's Rights

By Associated Press. ELKHART, Ind., Aug. 1.—Upholding the rights of the individual states against encroachment by the federal legislation, Governor Hanley in a speech delivered here to the Chautauqua assembly yesterday took occasion to speak for conservatism in dealing with the problems of the country.

He thought most of them were problems that the state could solve without the intervention and help of the national government and he deprecated the reaching out of the federal arm into purely state matters.

"After the federal states may be called upon to problems resulting from state problems and the accumulation of large fortunes, Governor Hanley said:

"In matters of such moment we cannot afford to thoughtlessly follow impulsive leadership, however high its character or pure its purpose."

"President Roosevelt has earned the confidence and gratitude of his countrymen by courageous work and signal service and I do not speak in unkindly criticism, but for believe in his purity of purpose and in his greatness. But he is not infallible, however strong of soul and pure of heart he may be."

"Proposals, even from him, which are calculated to affect the relations of the federal government to the several states should be thought upon, studied and analyzed before we accept them. The tendencies of the times are toward centralization of power in the federal government. Public necessity, as he has viewed and understood the public, has fitted well with the president's peculiar temperament. And it would be surprising if these don't at times lead him into error."

REPUBLICANS NAME THEIR STATE TICKET

Frantz Nominated for Governor of Oklahoma Amid Scenes of Wild Excitement—Democrats Are Denounced

By Associated Press. GUTHRIE, Okla., Aug. 1.—For governor, Frank Frantz; lieutenant governor, N. G. Turk, Choctaw, I. T., secretary of state, Thomas Robnett, Ardmore, I. T.; attorney general, Silas Reid, El Reno.

With the chief places on the state ticket thus filled, the Republican state convention took a breathing spell late tonight. Not in the history of the party in Oklahoma has there been tendered such an ovation to one man as that which greeted the announcement that Governor Frank Frantz was renominated as head of the ticket without opposition.

The delegates assembled cheered for several minutes and basked the efforts of Chairman Murphy to restore order. The action was not unexpected, in view of the feeble opposition, but the realization seemed to carry the convention off its feet. There was little fight on the nomination.

The unexpected occurred when the section in the platform denouncing the Democratic constitution was eliminated and the party merely pledged itself to secure amendments to the document.

The platform indorses the national and territorial administrations, denounces the Democratic party for its failure to "comprehend the needs of the people or to deal with the problems of government."

The platform contains an anti-trust plank, favors the removal of restrictions from Indian lands and indorses good roads but remains silent on the prohibition question.

S. P. ASKS REDUCTION ON NON-PAYING LINES

BOARD OF EQUALIZATION HEARS COMPANY'S PLEA

Long File of Statistics Presented by Railway Lines Owned by Harri-man—Deficits Shown in Two Instances

By Associated Press. SACRAMENTO, Aug. 1.—All the morning and afternoon session of the state board of equalization was given over to hearing reports from the Southern Pacific Railroad company and its trunk lines. C. B. Segar, general auditor of the Southern Pacific, was represented by Accountant Williams. E. B. Ryan appeared for the Central Pacific, the South Pacific coast and the Nevada-California-Oregon, all lines of the Southern Pacific.

It was shown in the report of the two latter roads that there were deficits for the year ending June, 1906. Those appearing for the Southern Pacific thought the board should reduce the general assessment because of the decrease shown in the two smaller lines.

The board was of the opinion that the only way the Southern Pacific can escape paying the same rate on the delinquent roads as it does on the main lines is to give up the non-paying ones.

Most of the discussions were dry and of a statistical nature. The reports of the various companies are as follows: "The Southern Pacific—Net income from operation, \$13,152,064.54; total income from other sources, \$1,681,338.53; total net income, \$14,833,403.07; interest on funded debt, accrued, \$5,752,581; betterments and additions, \$1,255,857; other deductions, \$2,197,070.84; salaries and maintenance of organization, \$21,377.34; total deduction from income, \$6,666,188.45; surplus, \$5,167,214.53; dividends 2 per cent common stock, \$324,000; surplus from operation of year ending June 30, 1906, \$1,967,515.73; surplus on June 30, 1906, \$24,483,416.85.

The South Pacific Coast railway reported a deficit as follows: Gross earnings from operation, \$700,828.20; less operating expenses and taxes, \$853,530.27; leaving deficit, \$152,702.07.

Deductions from income were: Interest on funded debt accrued, \$220,000; betterment and additions, \$181,942.02; losses in San Francisco fire, April, 1906, \$170,448; rentals, \$772.49; steamers deficit from operations, \$19,515.19; total deductions, \$421,978.18.

POWDER TRUST CAN'T ESCAPE BY TRANSFER

Department of Justice Says Dissolution of Merger Does Not Permit Defendants to Avoid Prosecution

By Associated Press. WASHINGTON, Aug. 1.—The department of justice today issued the following explanatory statement regarding the suit recently filed against the so-called powder trust:

"Under the laws of Delaware the stockholders of a corporation can bring about its dissolution by filing their unanimous consent with the secretary of state. This is what was done by the E. I. Dupont-De Nemours powder company of Delaware, which is one of the three operating companies in the form of powder trust. The dissolution of a company does not, however, under the laws of Delaware, prevent it from being sued, neither does it prevent a receiver from being appointed."

"On yesterday the department was informed that there had been a transfer of the assets of the dissolved company prior to yesterday's proceedings in the dissolution. If this is so, it may be necessary by amending the petition to bring whatever concerns may have taken over the assets as an additional party."

"The suit is proceeding to the entire satisfaction of the department."

CAPTURE LAST MEMBER OF SWINDLING TRIO

Man Who Stole Government Checks and Cashed Them Is Arrested in Arizona—Two Others Serving Sentences

By Associated Press. DENVER, Colo., Aug. 1.—The secret service department of the federal government of this city has received a telegram stating that Bluford Rapier had been arrested in Arizona on the charge of conspiracy to forge government obligations in the form of disbursing checks of the reclamation service.

He is the last of the Arizona men implicated in these charges. Two others are now serving penitentiary sentences and another has been convicted. The men convicted stole two thousand checks that were destined for the reclamation service of the Roosevelt dam in Arizona and then started through the west issuing these checks for amounts varying from \$40 to \$150.
