RICHARDSON RETIRES WITH CRITICISM

HAYWOOD'S TRIP A PATH OF TRIUMPH

Attorney Murphy of Federation May Not Live to See Acquitted Secretary's Reception at Denver

By Associated Press. DENVER, Aug. 2.—The News today says that Attorney E. F. Richardson of Denver, who was one of Haywood's counsel in the famous trial at Boise, Idaho, has withdrawn from any further connection with the defense of officials and others of the Western Federation of Miners in suits now pending before the Idaho courts.

MOYER WILL NOT TAKE PART IN DENVER RECEPTION

DENVER, Aug. 2.—William D. Haywood, secretary-treasurer of the Western Federation of Miners, accompanied by his family, John M. Murphy, general counsel of the federation, who is dying of consumption, and several Socialist writers who have been in Boise throughout the trial, left Boise for here today.

The party is traveling by way of Salt Lake, where they will arrive late this afternoon. Haywood will stop for a few hours in Salt Lake to see that his mother, Mrs. Etta Carruthers, is comfortably returned to her home, and will then proceed to Denver, arriving late Saturday night or early Sunday.

Charles H. Moyer will not participate in the demonstration now being arranged for Haywood on his return to this city tomorrow. Although Moyer has been released on bail, he takes the position that it would be ungraceful for him to participate in a celebration the keynote of which is the innocence of another who once stood charged with the same offense that he is yet to be tried for.

OVATION SWEEPS HAYWOOD'S WIFE FROM FEET AT SALT LAKE

SALT LAKE CITY, Aug. 2.—Carrying his invalid wife in his arms, William D. Haywood stepped from a train this evening into a crowd which had gathered to meet him.

In his eagerness to see the principal in the famous trial at Boise the mob almost overwhelmed the little party of travelers. Mrs. Carruthers, Haywood's mother, was swept away from the waiting carriages. She was rescued by her stalwart son, and the latter, after shaking a few of the hundreds of outstretched hands, thanked everybody and started with his family for the home of his sister, Mrs. James Killen.

John H. Murphy, attorney for the Western Federation, who is now dying, was so ill that he was taken to the Holy Cross hospital. Fear is expressed that he will not live to reach Denver. At Ogden the news of Haywood's arrival spread through the railroad yards and many men from the shops and switches in greasy blue jumpers took advantage of the short stop to touch the hand of the labor leader and to cheer him as the train rolled out of the depot.

OFFICIAL OF HEINZE'S BANK IS CHARGED WITH FRAUD

A. D. Clements of the Wrecked Aetna Trust Company Accused of Taking \$175,000 in Montana

By Associated Press. BUTTE, Mont., Aug. 2.—County Attorney Murray has charged two felonies against A. D. Clements, who was secretary of the wrecked Aetna Banking and Trust company at the time August Heinze was president. Tomorrow he will file more accusations. Clements was arrested last night.

He charges Clements with having taken \$175,000 of the bank's money on May 25, 1906, and with having failed to make entry of the fact, with intent to defraud the depositors and creditors.

24 OF CHINESE CREW MARCH ASHORE FROM SHIP

By Associated Press. SAN FRANCISCO, Aug. 2.—The German tramp steamer Tolosan lost twenty-four Chinese members of its crew today. The orientals deserted the ship, they claim, on account of the cruelty practiced upon them by the captain and first officer, who beat and starved them. The immigration authorities have taken a hand in the case on account of the illegal landing of the Chinese, who are now guests of the United States government in the Alameda jail, pending the arrangements for their deportation.

Girl's Body Buried at Kansas City. Nurse and Sister Collapse by Side of the Open Grave

By Associated Press. COLORADO SPRINGS, Colo., Aug. 2.—The announcement of Charles A. Coe, the millionaire automobile man of Chicago, that he intends to come to Colorado Springs and personally investigate the death of Miss Laura Matthews has renewed public interest in the mystery.

While the authorities admit that there are many suspicious circumstances surrounding the death of Miss Matthews, which were not cleared up at the coroner's inquest they contend that there was nothing adduced from the testimony given at the inquest which would criminally implicate any one. It was proved that Rumbaugh, to whom suspicion attached and who Mr. Coe says murdered Miss Matthews, was about his hotel all of the afternoon and evening of the day on which the young woman met death.

KANSAS CITY, Mo., Aug. 2.—The body of Miss Laura Matthews, who died from a pistol wound at Colorado Springs, arrived here today from the west and was buried in Elmwood cemetery. At the grave the dead woman's sister, Mrs. J. Marshall, fainted and was carried from the scene by Charles A. Coe. Miss Tillie Green, the nurse who had attended Miss Matthews in Colorado, wept bitterly during the services and pleaded to be left at the mound when others of the party prepared to depart.

AIMS UNIQUE SUIT AT SUGAR TRUST

REVELATION OF FOUR YEARS' BUSINESS ASKED

Receiver of Plant That Was Absorbed by the Combine Opens a New Mode of Legal Warfare

TRENTON, N. J., Aug. 2.—A bill in equity which calls upon the American Sugar Refining company to give an accounting of its business for the past four years was filed before Chancellor Magie today on behalf of George H. Earle, Jr., receiver of the Pennsylvania Sugar Refining company of Philadelphia. The suit, it is said, is the only one of the kind ever filed in this country, and the step taken by the receiver of the Pennsylvania may be the means of opening an entire new field for investigating trusts.

The suit is separate from that for \$30,000,000 damages which Earle instituted against the American Sugar Refining company in New York. Earle holds that in procuring the controlling interest in the Pennsylvania company in 1903 the American company became a trustee for the concern and is responsible to it for an accounting, although the American company never operated the opposition company's plants.

Postmaster Miller expresses the belief that he knew the writing, and the police are hunting for the writer, as they regard the threat as serious. The writer said he had been chosen by lot as a member of an organization called "The Strong Forty-two" to secure from Grubb \$10,000 or to take his life and that of his sister, Miss Daisy B. Grubb of Philadelphia.

TO SUPPLANT ALL OIL CARS

SOUTHERN PACIFIC TO BUILD \$1,500,000 PIPE LINE

Contract for 250 Miles Let—All Cars from San Joaquin Will Be Useless—Will Do the Work of 700

SAN FRANCISCO, Aug. 2.—The Southern Pacific has placed a \$1,500,000 contract with George E. Dow of San Francisco for the construction within the next eighteen months of a 250-mile oil pipe line from Vulca, five miles north of Bakersfield, to Port Costa on Carquinez straits.

Twenty-three pumping stations, numerous big steel storage tanks and an eight-inch standard wrought steel rifled pipe now being specially manufactured in the east are features of the proposed construction. When the new oil pipe line is completed in January, 1908, no more oil tank cars will be hauled in freight trains through the San Joaquin valley. All northern and bay points and coast line points will be supplied direct from cars filled at Port Costa. This elimination of the oil tank car business from Bakersfield northward will release about 40 per cent of the oil tank cars now in service and permit them to be put into active use farther along the lines. There are now 1900 oil tank cars on the Southern Pacific lines and the rifled pipe line will liberate about 700 for regular service in territory beyond the San Joaquin valley.

SOUTHERN ROAD CANNOT OPERATE IN ALABAMA

State Revokes License of Corporation That Was Forced to Accede to Demands of Carolina

MONTGOMERY, Ala., Aug. 2.—The license of the Southern Railway to do business in Alabama has been revoked by action of Secretary of State Julien for alleged violation of senate bill No. 86, effective July 1. The action is not in resistance of restraining orders issued by the United States court of the Fifth circuit, as this law is not among those combated by the railroads and not included in any of the litigation now pending in the court of Federal Judge Jones of the Middle Alabama district. The suit has been removed from the state circuit court to the federal court. Act 86 provides that when any foreign corporation is sued in the state courts and removed such suit from the state to the federal courts, the clerk of the court from which the removal was taken will at once certify such action to the secretary of state, "who shall thereupon immediately cancel said license and make and enter upon the stub thereof an order in substance."

He says that the two-cent rate is accepted in the hope that the increased passage predicted by Governor Warner will be realized and that the net earnings may permit a fair return in dividends on the value of the property used in the passenger service.
