MARSHAL SERVES WARRANTS ON RESERVATION QUIETS DRINK-CRAZED REDS BY COOLNESS

Deputy Franklin Arrests Nine Bucks and a Squaw, Keeper of "Blind Pig"—Backers Said to Be Liquor Men

Indian Agent L. A. Wright of the Saboba reservation, near San Jacinto, has caused the arrest of nine Indian bucks and one squaw on the charge of assault and resisting an officer.

On September 15, with the assistance of Jack Meeks, a scout and interpreter on the reservation, he located the "blind pig" in the shack of the Ringloro woman.

When the agent and his assistant arrived they found the Indian men who are now in the county jail at the camp, and they were in a ugly humor.

Commissioner Takes Hand The matter was reported once to United States Commissioner W. M. Van Dyke in this city, and a warrant was issued for the arrest of the woman and the Indians concerned in the assault.

The Musical World By Geneva Johnstone-Bishop

It is announced that Mark Hambourg will visit this country in October for a short tour under the management of Bernhard Ulrich.

Hambourg, who is in some respects the most Titanesque figure in the pianistic world since Anton Rubinstein, was not in the strict sense an infant prodigy. He began his studies, it is true, at the tender age of 6 with his father, who was a professor at the Moscow conservatory.

"I used to mangle shamefully," said the brilliant Russian pianist recently of his early musical training. "I even deliberately drove splinters into my hands to escape the hated practice."

Katherine Goodson's playing of Beethoven's "Moonlight Sonata" in London not only gained her the highest praise of the critics of the day there, but also won her a flattering recommendation for "possession of the great and beautiful soul of a genius, speaking to us through the medium of music, bidding us live true men and women," as expressed by a poetical admirer of her gifts as a pianist.

A grand concert for the benefit of the Francis Murphy memorial fund will be given at the Auditorium Friday, October 4.

Among the distinguished musicians who will appear to aid this great cause will be our own well known violin virtuoso, Maxmillian Dick who will be accompanied by an accompanist and also as one of the features of the tour of Miss Ellen Beach Yaw during her tour of the United States and Canada.

Not a little diplomacy was needed, it seems, to induce Mrs. Sembrich to undertake the late winter tour which Loudon Charlton is arranging for her. When the little prima donna finished her southern tour in the spring her manager promptly began working out a scheme to send her to the Pacific coast, a plan with but one drawback, the singer's refusal to crowd three seasons into one.

The Spanish and Mexican citizens of Los Angeles are all vying with each other to make the recital to be given by the Mexican prima donna, Miss Elena Martin, a success when she appears at Simpson auditorium on Friday evening of this week.

180 Days for Assault For having attacked and cut a man M. Martinez will serve 180 days in jail. Martinez became involved in a fight in the Santa Fe yards.

PUTS LAW CHECK ON ICE DRIVERS

NO MORE SHORT-WEIGHT WOOD, COAL OR HAY "Enlarged Ordinance Can Do No Harm in Providing the Public with Legal Safeguards Against Dishonest Deliverers" City Attorney L. R. Hewitt submitted to the city council yesterday his draft of the proposed ordinance intended to stop delivery and sale of short weight ice, hay and fuel. The report was unanimously adopted by the council after Mr. Hewitt made the following statement: "I present herewith a draft of an ordinance regulating the sale of ice and certain other commodities. "Public attention has recently been drawn to short weight sale and deliveries of ice in this city. "The mayor has recently handed me a report made to him by the city sealer of weights and measures of his investigation of this matter, and the disclosures are sufficient in my opinion, to justify the conclusion that an extensive and systematic practice of short weight delivery of ice has been practiced. "A remedy is needed to put a stop thereto, and existing laws do not appear to cover the point adequately. I therefore place the ordinance herewith submitted before you for your consideration. "I have taken the liberty of including such articles as wood, coal, hay and other like commodities in the ordinance, for the reason that while my attention has not been directed call to any bad practices in the matter of the sale of such articles, it will certainly be wise and can do no harm to provide the public with a legal safeguard with reference to them. "I have approved the ordinance as to form. In presenting the same I wish to add that I find the ground covered by this proposed ordinance is carefully provided for in other cities which have local regulations upon the subject, so that there is ample precedent for legislation here on this line."
