

OLD OUTFALL SEWER BREAKS

TRACKS AT HYPERION BECOME SUBMERGED

CITY OWNS SEA FRONTAGE AT AFFECTED POINT

Progress on New System is Rapid, and Within a Few Days the Construction Force Will Be Decreased

Reports from near Hyperion last night said there has been a serious break in the old outfall sewer, resulting in the submergence of the railroad tracks.

When the rains come these reports will be of daily occurrence, engineers say, but with the new outfall so nearly completed it is believed the worst will be over in the way of damages before the heavy rains.

City Engineer Homer Hamlin's men are so well advanced in the construction work that with the end of this week there will be a material cutting down of forces of employees.

The outfall's capacity is taxed so heavily that wherever a weak place develops the conduit bursts at times.

To keep down the pressure at different points some of the flow is diverted for tranchers who use it for fertilizing.

At Hyperion, which is between Playa del Rey and Manhattan Beach, the city owns a mile of ocean frontage, as this is the discharge point of the sewer.

A force of engineer's men will go to the scene of the break this morning to stop the broken section.

STUDENTS PARADE; BONFIRE LIGHTS SPEECHMAKERS

Pasadena Agency, 77 North Raymond Avenue, Phone: Sunset 1507, Home 2124.

PASADENA, Oct. 7.—A hundred or more of the students from Throp institute paraded the downtown streets this evening after the football rally on the campus.

The students gathered at the bonfire and listened to enthusiastic speeches from the faculty and students.

President Chamberlain, Prof. Boehnke, Athletic Instructor Bindhammer and Coach Leonard were among the speakers.

Allen Bixby, president of the student body, spoke for the students. Miss Harriet Judd and Miss Mackay assured the team of the support of the fair sex of the school and promised to win laurels for the girls' teams as well as the boys.

When the review of the lighting reports will be received from Prof. Cory is not known. The mayor is in receipt of a letter saying that the expense of working on the matter and sending the report shortly. The matter of the cluster lights will probably come up at tomorrow's council meeting, as the question of the amount of the bonus to be paid the Edison company has been settled with the board of trade.

President Sargent of the board declines to state what the figures are, but says that the company was liberal. It has been reported the council would indorse the purchase of the present distributing system of the cluster lights, and a price less than the cost of the wire has been quoted.

Superintendent Glass of the municipal lighting plant says the wiring will be of little value other than junk to the city and he would like to see it done all over, so that the city could place its transformers to suit its present power lines. The matter cannot be settled finally until Mr. Glass knows whether he will have to put the wires in underground conduits or set poles for the circuit. The city at present has no way to string its wires to the clusters except on the Edison poles.

The city tax collector's office has been hurrying matters to be ready for the return of tax money due tomorrow. The receipts have been checked up and all is prepared for handling a big crowd. Last year on the first day of payment \$248,159 was taken in.

A jury in Justice Klamroth's court found Thomas Cleary guilty of cruelty to animals this afternoon. Cleary paid \$100 to the city for the contract with the city for street sprinkling. Cleary had been driving animals unfit for work, and several veterinarians were called upon to give expert testimony.

Put Over Water Demand

PASADENA, Oct. 7.—The city commissioners followed their usual rule of procedure this morning and laid the demand of the Lake Vineyard company on the table.

With persistent regularity since January the city has been asked to pay a bill for supplying water to the fire hydrants of the city at the rate of \$2 per hydrant. This rate the commissioners think is too high.

The city clerk, at their request, made inquiries of a number of cities and towns in California as to prevailing rates. Seventy-one replies were received from 132 inquiries. Twenty-eight stated that the municipalities owned the supplies and ten that they had free services. Of the remainder the rate varied from 25 cents to \$30 per month, Coronado having the highest rate.

Just what action the commissioners will finally take is problematical, but they are strongly adverse to paying such a rate as \$2 per month.

Edison Case Continued

PASADENA, Oct. 7.—City Attorney Wood has had the time for filing a demurrer continued until October 26 in the case of the Edison company vs. the city of Pasadena. The case was filed to obtain payment for electrical energy furnished the city for street lighting during the Waterhouse administration.

After having tests made of the amount of energy made, former Mayor Waterhouse felt that the city was being overcharged, and the council refused to honor the bills.

It was reported that some of the reports necessary to the conduct of the case were missing from the city's files, but the city attorney says that all of the reports filed that are essential are available.

Huntmen Return

OCEAN PARK, Oct. 7.—A two weeks' hunting expedition in the Mojave mountains was brought to a pleasant close yesterday when City Marshal G. G. Watt, A. Stulzer and Joe Braun packed their outfit and started for their homes here. The party reported having found an abundance of game.

The fishing launch Swastika left this morning with a party of local sportsmen who will spend several days fishing up the coast near Malibu. Capt. Frank Geo. Frank Holbrook, J. Sellick and George Freeth were among the fishermen making the trip. Capt. Geo. is the boatman who was reported to have drowned at the time the launch Boston was capsized in a gale and Capt. Cochran lost his life early in the summer.

DERANGED YOUTH ESCAPES AND CREATES COMMOTION

is Robbed, Mimics Bandmaster Before Crowd, Skates for Hours Despite Falls—Crazed by 100-Foot Drop

Special to The Herald.

LONG BEACH, Oct. 7.—The crowd listening to the beach concert of the Majestic band last night were surprised to see a young man suddenly climb into the bandstand behind Director E. E. Miller and mimic his movements.

The mother of the young man explained to a police officer that her son was deranged as the result of a hard fall received in Arizona a month ago, when he fell to the bottom of a 100-foot shaft in a mine. The patrolman led the youth from the bandstand.

Later the young man put on a pair of skates at the Majestic rink and, despite the warnings of the attendants, skated for two hours, although he could scarcely circle the rink without falling.

Before starting back for Los Angeles on the midnight car, the woman said that her son had escaped from a Los Angeles sanitarium Saturday night and was not found until yesterday morning. During the night he spent or was robbed of a large sum of money. She said he would be placed in the sanitarium again. The mother would not divulge their names.

"SOCIETY CIRCUS" IS PLAN FOR INCREASING FUNDS

LONG BEACH, Oct. 7.—The "society circus" craze has struck Long Beach. The chamber of commerce proposes to produce such an event to increase its funds. Messrs. Cavanaugh and Smith of Los Angeles were here today explaining the proposition. A five days' show is planned. Four weeks will be required in preparation.

Dr. A. R. Wiley, the veterinary surgeon who was convicted Saturday on a charge of assault and battery upon Arthur Works, 13 years old, was today fined \$5 by Justice Brayton.

The police department has been asked to stop the disgusting practices of a number of young people who gather on the Methodist church steps on both Wednesday and Sunday nights and disturb the services by singing and "tooting" automobile horns.

At a meeting of the Long Beach hotel company's executive committee the report of J. G. Drake and A. M. Goodhue, who recently purchased the furniture store Works, 13 years old, was accepted, and a vote of thanks was tendered them.

MEXICAN TRADING COMPANY MAY TAKE WILSON BOATS

Special to The Herald.

LONG BEACH, Oct. 7.—A deal between the Nelson Navigation company and the Mexican Trading company is pending whereby the latter may take over the boats of the other company and use them in the proposed steamer line between this and Mexican ports.

Among the provisions of the deal is said to be that the Nelson company must sell \$50,000 worth of the trading company's stock here.

PRESIDENT STANWOOD OPPOSES VENICE TRACK

Special to The Herald.

VENICE, Oct. 7.—Belief in the possibility of a race track being established in this section was strengthened yesterday when Abbot Kinney, Chief Engineer of the Los Angeles-Pacific railway and a number of local citizens made up a party that visited the location suggested for the enterprise, about half a mile east of Venice.

VESSEL CARRYING NAVAL COAL HELD FOR DUES

Secretary Metcalf and Other Officials Consider Case of British Tramp Steamer Netherlee, Detained at Bremerton

By Associated Press.

WASHINGTON, Oct. 7.—A conference was held at the navy department today between Secretary Metcalf, Commissioner of Navigation Chamberlain and the solicitor of the department of commerce and labor regarding the status of the British tramp steamer Netherlee, which took a cargo of coal for the navy department to the Bremerton navy yard and was held up there for tonnage dues and light taxes.

Word received at the navy department today that the vessel is discharging her cargo. The contention of the naval officers is that the old law imposing tonnage and light dues was superseded by the statute which forbids the government to carry cargo by foreign vessels in the American coastwise trade in violation of the law. The attorney general in his recent opinion replied in the negative when asked by Secretary Metcalf whether the prohibition contained in the law extended to merchandise which constitutes "property owned by the government."

This being the case and the cargo of the vessel belonging to the navy, the prohibition of the latter department fail to see any reason for the detention of the vessel. A dozen or more other foreign vessels chartered by the equipment bureau to carry coal to the Pacific coast will be affected by the final disposition of the present case.

ENGINEER RUNS TRAIN TOO FAST; IS KILLED

Making First Trip, He Takes Curves at Too High a Rate of Speed. Engine and Nine Cars Go Into Ditch

By Associated Press.

SANTA ROSA, Oct. 7.—A bad train wreck on the Carquinez branch of the Southern Pacific occurred this afternoon when a freight train in charge of Conductor Riley went into a ditch near Angel, eight miles out.

Engineer Stone was killed and Brakeman Mills painfully injured and he may die.

The freight was running in ahead of a passenger train and was making his first trip over the road. He took the curves too fast and the engine and nine cars went off the track and piled in a heap.

MAY DEMAND DAMAGES OF S. P. FOR GIVING REBATES

Five Representatives of Shippers Meet to Discuss Means by Which They Can Secure Redress from Corporation

By Associated Press.

SAN FRANCISCO, Oct. 7.—Five representatives of the smaller shippers of the state met today in the rooms of a Fillmore street attorney to discuss plans by which they hope to obtain redress from the Southern Pacific for losses sustained through the illegal rebates given by that road to certain favored firms and corporations.

BAKERSFIELD AGENCY WANTS MORE FOR OIL

By Associated Press.

BAKERSFIELD, Oct. 7.—The directors of the Independent Sales agency will hold a business meeting next Wednesday at which time the important subject of the renewal of contracts for the sale of the oil controlled by the agency for the ensuing year will be up for discussion.

WILMINGTON ELECTION

Special to The Herald.

LONG BEACH, Oct. 7.—Not a little interest is manifested here in the annexation election to be held in Wilmington November 4. The land proposed to be annexed includes the site upon which the San Pedro Salt company's plant is located. It also includes a considerable stretch of what is at present waste territory, but which will be available later for manufacturing sites. The entire section includes 760 acres.

H. W. Talcott Dead at San Diego

Special to The Herald.

SAN DIEGO, Oct. 7.—H. W. Talcott, aged 69, a well known resident, died yesterday. Mr. Talcott was born at Valparaiso, Ind. During early life he was engaged in the newspaper business. When the war broke out he enlisted in the Indiana volunteers and served throughout the war. In 1888 he came to San Diego and engaged in the practice of law, and for the past fifteen years he has been court commissioner.

Stabbing Results in Fine

Special to The Herald.

SANTA MONICA, Oct. 7.—Paz Hernandez, a tile worker residing on South Fifth street, appeared in the local court this morning to answer a charge of disturbing the peace and tell what he knew of a cutting affray at his home Saturday night when Victoriano Feliz was injured. Hernandez was fined \$10.

HELD UP AND ROBBED BY PAIR OF HIGHWAYMEN

Harry Graves of West Seventh Street Reports to Police That Thieves Robbed Him at Points of Revolvers

By Associated Press.

SANTA ROSA, Oct. 7.—A bad train wreck on the Carquinez branch of the Southern Pacific occurred this afternoon when a freight train in charge of Conductor Riley went into a ditch near Angel, eight miles out.

Engineer Stone was killed and Brakeman Mills painfully injured and he may die.

The freight was running in ahead of a passenger train and was making his first trip over the road. He took the curves too fast and the engine and nine cars went off the track and piled in a heap.

COUNCIL WILL OFFER FIVE CENTS BOUNTY ON RATS

Five cents bounty will be paid hereafter on each rat delivered to the city crematory.

MAY CLOSE SHELTER RATHER THAN MAKE MANY CHANGES

Superintendent A. W. Moore of the Union Mission Army shelter, 23 1/2 East Fourth street, is quoted as saying he will close his place rather than comply with the orders of Lodging House Inspector Thomas A. West.

Florito's Case Continued

Carmelo Florito, charged with assaulting Alvin Braux with intent to commit murder, came up for preliminary examination in Justice Summerfield's court yesterday morning.

COMPANY CONTROLS FORTY SQUARE MILES OF OIL LAND

Interstate Name of Consolidation—Los Angeles Capital Back of Project. Three States Touched by Holdings

By Associated Press.

PACIFIC GROVE, Oct. 7.—The International Order of Good Templars gathered here today from all parts of California to hold their forty-eighth annual convention.

Among the leaders in the work who will participate in the proceedings are the national grand vice templar of the United States, Mrs. Laura C. Farrington of Portland, Me.; Fifth District Chief Templar W. E. Evans; W. F. Robbins, district secretary; F. H. Waldron, grand marshal; Secretary Mrs. Roseburn and Mrs. Florence Whitely of Los Angeles. Grand Secretary A. C. Banta of San Jose and Mrs. U. S. Anthony, grand superintendent of juvenile work.

The morning was chiefly devoted to appointing committees. The afternoon was given to hearing the reports of Chief Templar Irons and in the evening degrees were conferred and the newly appointed officers were installed.

Foresters Meet

SANTA ROSA, Oct. 7.—The eighteenth annual session of the high court, Independent Order of Foresters, was called to order here today. High Chief Ranger Murphy of San Francisco presided. Most of the courts of Northern and Central California were represented. A parade this morning preceded the convening of the session.

This afternoon committees were appointed and memorial services for the late members held. Considerable electioneering is going on among aspirants for office. Hollister, Santa Cruz and Chico are out to entertain the next session. Those who pretend to know say there are but six members, and of them is in the east most of the time.

CAR SHORTAGE ON S. P. HURTS OIL SHIPPERS

Despite Assertions of Calvin and Stubbs That There is Plenty for All, Bakersfield Men Cannot Secure Rolling Stock

By Associated Press.

BAKERSFIELD, Oct. 7.—Notwithstanding the testimony of E. E. Calvin, general manager of the Southern Pacific, last week in San Francisco before Commissioner Lane that there are oil tank cars for all, local men who are anxious to ship their product find the situation little improved.

One shipper has secured three cars, but another less fortunate one had his order for two cars rejected on the ground that there are no cars, Messrs. Calvin and Stubbs' testimony to the contrary notwithstanding.

Wins Big Mining Suit

SALT LAKE CITY, Utah, Oct. 7.—In the federal court today Judge Marshall handed down a decision in two cases of Thomas F. Feeley et al. vs. the Ophir Hill Mining company, finding for the defendant. The suits involved more than \$1,000,000. The plaintiff alleged trespass by the defendant company. Senator W. A. Clark is virtually the owner of the Ophir Hill company.

Walks in Sleep; Falls to Death

By Associated Press.

SAN FRANCISCO, Oct. 7.—William L. LeLong, a son of the late Charles E. DeLong, minister to Japan during President Grant's administration, walked in his sleep off the porch of his home in San Francisco, falling twenty feet, sustaining injuries that resulted in his death.

EUROPEAN REBELS DEFEATED

By Associated Press.

GUAYAQUIL, Oct. 7.—A large band of Ecuadorian rebels has been defeated by a detachment of Peruvian police near the city of Piura, Peru.
