Bungay was accompanied by a friend who also had a dog and who was also given the choice. At the Sunset avenue car barns the conductor held the car while he summoned Car Dispatcher Toll to aid him in ejecting the two men and their dogs.

At present the fare is thirty-five cents one way while the rate to or from Colegrove is ten cents less. By riding to Colegrove and then transferring to the Pacific Electric cars, on which a five cent fare will be the limit, the ride to the city will cost five cents less than if one went straight through.

DASH OF GUARD RESCUED SWIMMER

NEVADA MINING MAN SAVED BY QUICK WORK OF HANS VICKERHOF IN THE SURF AT LONG BEACH

SPECIAL TO THE HERALD. LONG BEACH, Oct. 20.—Rushing from the bath house into the surf and swimming 300 yards through the breakers, Hans Vickerhof, swimming teacher in the Long Beach bath house, today rescued from drowning P. H. Gallagher, 28 years old, a Goldfield, Nev., miner.

Gallagher had gone far past the other bathers and the ends of the lifelines, not counting of the end of the outgoing tide in carrying him away from the shore.

He became thoroughly exhausted in his attempt to return and shouted for help. None went to his rescue till word reached Vickerhof. Because of the breakers he was unable to see Gallagher. He struck out blindly. At last he saw the victim. Gallagher had disappeared twice. In the meantime two fishermen had gone to the pair's aid in a skiff.

FOURTEEN DRINKERS CAUGHT IN RAID ON "BLIND PIG"

PASADENA, Oct. 20.—The Pasadena police, under the direction of Chief H. F. Favour, made another successful raid on a "blind pig" this afternoon.

C. W. Quinn, a waiter at the White House restaurant at 80 South Fair Oaks, was placed under arrest and several glasses and bottles of beer were confiscated.

William Thompson, proprietor, was not present. When Chief Favour, with Sergeant Longley and Patrolmen Palmer, Wood and Stegman, in plain clothes, raided the place they found fourteen men drinking.

Quinn was released on \$300 bail, furnished by Edward Card. Two motorcycleists were arrested today for riding unlicensed machines.

Emil Pfeiffer, of Los Angeles, was arrested by Officer Ross at East Colorado street and Grant Chapman was caught later by the two motorcycle officers, Reese and Stegman.

PASTOR FISHES FOR CATS; CHARGED WITH CRUELTY

PASADENA, Oct. 20.—Setting a baited fishhook for cats that disturbed his slumbers has got the Rev. A. O. D. Steele of North Park, Pasadena, in trouble. He is pastor of the African Methodist church.

Last night he went into a gun store on Union street to purchase fishhooks and stated the purpose for which he intended to use them. Dr. DeBiron was in the store, overheard the conversation, and when Dr. Steele started for home he was followed by Humane Officer Macaney and Dr. DeBiron, who waited for him to rig up his fishhooks.

They found the hooks baited with chicken. Dr. Steele will face court on Monday.

ONE-TENTH OF POST CARDS UNDER DEPARTMENT'S BAN

SANTA MONICA, Oct. 20.—Objectionable postcards are mounting up into huge bundles at the beach postoffices. Acting on instructions from Postal Inspector J. H. C. Wilson the heads of the Venice, Ocean Park and Santa Monica offices are withholding from the mails all such postals.

Stacks of the cards accumulate daily and are bundled up and forwarded to the postmaster general at Washington, who directs their destruction. The crusade being instituted against the cards, practically all of which are of the souvenir variety, will be started several weeks ago by Postmaster Motley H. Flint of Los Angeles and is having the effect in this section of condemning probably one-tenth of all the pasteboards mailed.

SPECIAL TO THE HERALD. LONG BEACH, Oct. 20.—A sack of gold nuggets from far away British Alaska was the "windfall" that came today to Miss Bertha Winer, a pretty and popular nurse living at 650 Pine avenue.

The nuggets, valued at \$300, were a gift from the young woman's brother, Fred Winer, a mine owner in Alaska, and were sent to lessen Miss Winer's disappointment because her brother has been compelled to put off for a few months a proposed visit with her.

Miss Winer has not seen her brother during the last five years.

IN A DREAM WOMAN TURNS GUIDANCE BULLET, INJURING HER, HITS ANOTHER

NIGHTMARE ALMOST FATAL TO MRS. C. L. BROWN

TEXAS MINING EXPERT'S WIFE, SPENDING WINTER SEASON HERE, IN IMAGINARY STRUGGLE WITH OGRE, USES PISTOL

Obsessed by a dream in which she appeared the victim of a giant ogre, Mrs. Charles L. Brown rose from her bed in the Everhardy apartment house at 373 Central avenue Sunday morning, and securing her husband's revolver from a dresser fired a shot which wounded her and also Mrs. J. S. Armentrout, the occupant of an adjoining room.

Mrs. Brown was wounded in the left breast. The bullet glanced from a rib and plowing its way through a door struck Mrs. Armentrout in the right leg, inflicting a flesh wound. Both women were hurried to the emergency and general hospital. Last night they were resting easy.

Mr. and Mrs. Brown came here recently from Houston, Tex., to spend the winter season. Mr. Brown is a well known mining expert and is interested in Nevada and Arizona properties.

Mrs. Brown has never been subject to attacks like the one of Sunday morning and is unable to account for it. In explanation of the affair she stated that in the dream she seemed to be struggling for her life with a heavily built man of animal features. He had her clasped around the throat and was choking her.

Try as she might she could not throw him off and finally she struggled to her feet and dragged her phantasmagorical assailant to the dresser, in the top drawer of which was her husband's revolver. She threw open the drawer, grasped the weapon and placing the muzzle against the temple of the monster fired.

The explosion of the revolver and the pain of the wound awoke Mrs. Brown, and her screams and the sound of the shot brought the attention of both women to the scene. The ambulance was telephoned for. In the meantime the ambulance from the emergency and general hospital had been sent for.

PINE TREES IN RULER'S BED ROOM

ODOORS AND VAPORS WAFFED TO INVALID'S CHAMBER

Physicians Resort to Elaborate Measures to Save Life of Francis Joseph—Patient is Weak

SPECIAL TO THE HERALD. PASADENA, Oct. 20.—Regarding the condition of the emperor there is still a certain amount of disquietude over the ultimate outcome. The catarrh is not diminishing and the strength of the patient has been reduced because of the lack of nourishment and sleep. The disease itself, however, is not causing any actual uneasiness.

The main reason for solicitude is found in the general condition of the aged monarch. The efforts of the attending physicians are being directed toward averting in every way possible anything that would tend further to reduce the patient's strength.

Everything is being done to supply the emperor with fresh air and a miniature garden composed of small plants has been improved in the imperial bedroom. The pines are said to have a beneficial effect. An evaporator has been set up in the room adjoining that of the emperor and vapors are wafted into the sick room.

Up to the present time the emperor has worn a military uniform, but on the advice of his physicians he is now clad in a blouse which covers his chest completely. On his head he wears an old fatigue cap such as was the fashion in the Austrian army several years ago.

Emperor Francis Joseph passed a rather unsatisfactory night. He was disturbed frequently by fits of coughing, which were followed by nervous restlessness.

This morning he arose at his usual hour, but was not able to attend the religious services that had been arranged for today, and consequently the mass was not said.

In spite of the doctor's advice the emperor insisted on his civil and military cabinets. Gen. Bolfras, his aide de camp, stayed with him for an hour. At the end of this interview his majesty was somewhat fatigued.

The doctors found this morning that the catarrh was slightly better, but the patient still had spots of dry coughing. Considerable care is taken in conserving the strength of the emperor.

SHOT AND STABBED, FELS RIVAL WITH CROWBAR

MEN FIGHT FIERCELY AT WHITTIER FOR THE HAND OF PRETTY SENORITA. BOTH SUFFER SERIOUS INJURIES

Miguel Perez, suffering from a gunshot wound in the right groin and several knife wounds in his head, shoulders and side, and Jose Acuna, with scarcely an inch of his body from head to foot untouched by the heavy blows of an iron bar, are prisoners at the county jail with suspicion marked against their names on the small book.

Perez and Acuna were brought to the jail from Whittier early yesterday morning by deputy sheriffs after one of the most sanguinary battles which had ever occurred in the Mexican settlement near that town.

According to the statements made to the police the two men have long been rivals for the love of pretty Jacinta Flores, a 17-year-old girl of unusual beauty.

Saturday night both men called upon the young woman. Acuna is said to have been the aggressor. He, armed with a knife in one hand and a pistol in the other, and Perez with a crowbar, the men battled. The fight was hand to hand and a bloody one.

Perez was stabbed and slashed and shot through the groin, but with the crowbar kept up the fight and finally beat his rival insensate.

Both men are in a serious condition.

WEEK CLOSURES WITH STEADY MAKRET

BUTTER CONTINUES TO SHOW SIGNS OF WEAKNESS

Heavy Receipts of Vegetables and Moderate Demand Leave Large Stock for Dealers to Carry Over

Though offerings of eggs on exchange have revealed a slight weakness in price, there has been no announcement of lower figures by the dealers. The small supply of local fresh, which is listed each day, helps to prevent any reduction in price.

The arrivals of vegetables the last few days have been heavy with the result that a moderate demand leaves a large stock to be carried to this week.

Muscats were the only variety of grapes which held firm. The rains had had the expected effect of spreading the grapes the part of the crop that is now arriving.

Butter exhibits signs of a drop in quotations. The eastern market is showing a decline and the prospects of the local supply being enlarged by the increased pasturage consequent upon the rains have created a demand among the dealers to rid themselves of what is on hand. The threatened inquiry into the alleged trust by the district attorney may have also been a factor.
