This offering is for Monday only; 12K gold filled frames and are warranted for ten years; fitted with our best crown crystal bi-focal lenses.

\$500,000 Sale New Store Goods

Many months ago, when our buyers were sent to the greatest markets of the world to buy merchandise for the "New Store," each had explicit instructions to buy direct from the maker and save all middlemen's profits. This policy, backed by "Spot Cash," makes it possible for the "Big, Busy" Hamburger store to at all times make good the axiom that

What Others Advertise We Sell for Less

No matter what alluring percentage discounts others may offer, Hamburger's can and will at any and all times undersell competitors; bear this in mind: all you have to do is bring the "ad" of any articles you want and see advertised, and you'll not only find that we sell it to you for less, but also that Hamburger's is "The Safest Place to Trade."

PRELIMINARY OPENING MONDAY OF

The ONLY REAL Toy and Doll Department in Los Angeles; positively the biggest salesrooms on the coast, and one of the best selected stocks for quality, quantity and variety in America. We send our local buyer to Europe each year; purchase only from the manufacturer, saving all middlemen's profits, and can and do sell dolls at retail cheaper than most local stores purchase similar goods at wholesale. The one-fourth and one-third off sales around town in no sense represent honest value giving—for allowing all that others may claim—COMPARISON WILL PROVE THAT OUR REGULAR PRICES, computed by the so-called "original prices" of other stores, would in reality be an offering of our goods at a reduction of fully 50 per cent. But we offer no discounts, for the prices at which our goods are marked are positively below competition. This week we hold an Informal Opening in "Toyland and Dollodom," and it will be worth your while to attend and to either purchase or make reservations from our immense stock. If you are not ready to take them just now, pay a deposit and have them kept until wanted. And don't overlook the fact that we have a "DOLL HOSPITAL," where any dolls your children may have in damaged condition can be thoroughly and quickly repaired. To interest you in proving our claims we offer
