

OPENING IS SLATED FOR NEXT MONTH SANTA ANITA'S INAUGURAL POSTPONED RACING ASSOCIATION MAKES A WISE MOVE Plant Can Open in Full Glory, and Delay Will Hurt Only a Few Owners Now at Ascot

Farewell to the hopes of the turfites for racing on Thanksgiving afternoon. The directors of the Los Angeles Racing association, after deep thought on the subject, yesterday afternoon decided not to open the Santa Anita plant until a week from Saturday, when everything will be ready to go.

Only one thing caused any argument over the matter at all. The oft repeated promise that Thanksgiving day would mark the inaugural of the new track set the directors to thinking, and for a while they were in the habit of paying just dues to the beautiful course.

Finally, when Contractor Allen had pointed out the defects and others had shown where it would work but little hardship, it was decided not to attempt to hold races on the original date, and after a short consultation the announcement came that December 7 would be about right for a beginning.

This move on the part of the Los Angeles Racing association officials is a wise one, and with the exception of a few of the owners will work hardly on suffer but little, although for one or two of them it means a stringency of the money market.

Some of those who will race their horses at Santa Anita have been at Ascot park for weeks getting their charges ready in order to put one over during the first few days of the meet. With the opening day scheduled for next Thursday horses were put right on edge and primed for an event at an early date.

Work for Nothing Now a great deal of this work must be done over again, for a thoroughbred cannot be kept right to his best mark all through the time that remains, especially when not racing. The horses will be given a comparative rest, and not until next Saturday or Sunday rolls around will the workouts be as strenuous as they have been all during this week.

Again, the owners have feed bills to meet, and many of those with a limited cluster of greenbacks or scrip will be kind of up against it. The association will look after those, however, and none of the horses is in danger of dying simply because the owners are caught short.

Now that there is no immediate hurry Contractor Allen will be given the right range and proceed with the work of completing Santa Anita in a more systematic manner than would have been possible were he forced to rush things through in time for Thursday. Training gallops over the new track will be delayed a week, and the grand opening will be up to the full standard when opening time arrives. The big structure will be resplendent in its painted glory, and the grounds themselves will not bear the half finished look which would have been the case if things were rushed.

Many owners now racing at Benning will ship their strings at the close of that meeting, November 30, the class attendant on the selling and overnight events should be considerably improved over what it would have been had opening day at Santa Anita occurred next week. It will also give the horses arriving from the east every day a better chance to become acclimated, all of which will help those who brought their good ones on the long trip across the country.

WILL NOT TAKE CHANCES ON LOOKS OF OPPONENTS Appearances are often deceptive, think the basketball players of the Los Angeles high school. Visits to county towns around this city lately have been disastrous, and all because the local boys were overconfident because of the unwieldy and countrified looking players they were to oppose.

The high flyers tried out to some of these places once or twice, thinking they were going to play a great joke on the reubens, and when it was all over found out that the joke did not work right, as, for instance, the Whittier game, when they were defeated, 20 to 6, and at Riverside, 29 to 23.

The boys have been working hard all week for the game with Compton that is to come off this afternoon, as they do not want to be caught napping again. The team will be greatly weakened in the loss of King, as he is the crack basketball player of the whole bunch. He did not sign up in time to get into the league, and therefore is disqualified from playing in league games.

The local boys will be represented by the following: Bristol, Carter, Nance, Myers, Douglas and Potts. The Compton boys will be: Wilson, Webb, D. Cassidy, McCrew, Dimon and Dunker. Shellwater, referee.

LOS ANGELES STARS TO PLAY HOEGES SUNDAY Les Henry's Los Angeles Stars, who took the franchise in the California Winter league which was dropped by the Los Angeles Athletic club, will play the Hoeges at Chutes park Sunday morning at 10 o'clock.

MORAN WINS FIGHT IN SIXTEENTH ROUND

NEIL'S SECONDS THROW IN THE SPONGE ENGLISH BOY A CLEVER TWO-HANDED BATTLER Californian Has the Best of but Four Rounds, His Opponent Showing in Lead Rest of the Way

By Associated Press. SAN FRANCISCO, Nov. 22.—Owen Moran, England's premier featherweight, was given the decision over Frankie Neil of this city near the close of the sixteenth round after a remarkably fast battle. Neil, technically speaking, was not knocked out, but it was only merciful action of the chief of police and his secretary which saved him from being sent into the land of nod.

There was not a moment's slow work during the entire contest. Both lads fought with remarkable vim and stamina. Early in the fight Moran showed himself to be the superior boxer. He is a clever, two-handed fighter, his most effective work in tonight's contest being an almost continuous play on the Californian's head.

Neil showed remarkable ability to reach the Briton's stomach, at several times during the contest he had his opponent blood and was credited with the only genuine knockdown of the night. Neil had the lead in but four rounds of the sixteen fought, Moran having a decided advantage in most of the others. Moran's play for Neil's head began to tell with decided effect in the tenth round, and from that on it was only a question of time.

Moran was forced into favoritism this evening at odds of 10 to 9, entering the ring at 10 to 8. The remarkable change in the betting odds is said to have been caused by large amounts telegraphed from the east to place on the Englishman. Both lads weighed in at 117 pounds at 12 pounds. He later gave out his weight at 117 pounds.

Moran exceeded the contracted 122 pounds by one-quarter to half a pound. Jim Neil, on behalf of Frankie, overlooked the fact that Moran was overweight and declined to claim forfeit.

FIGHT BY ROUNDS Seven thousand people were in the pavilion when time was called at 9:35 p. m. Round One Neil rushed in, forcing his man to the ropes without landing. Moran quickly shot right and left to the jaw and at close range swung twice with right over kidneys. It was Moran's round by a good margin.

Round Two Moran sent Neil to the ring with a left hook and right swing to the jaw. Neil rushed generally in and played a vicious left to the stomach, for which he was rewarded with right and left to the head. It was a fierce round, with Moran having the better of it.

Round Three They fought in close quarters and Neil broke it up with a stiff left to the face. Neil drove his knees from the face and they mixed it furiously at close range. Moran doing great execution with short arm wallpots to the head. Moran appeared to slow up somewhat.

Round Four Neil like lightning sent two lefts to the jaw and then followed some remarkable fighting at close range, but he was unable to put in a knockout punch. The round was slightly Neil's.

Round Five Moran uppercut with right to jaw and then slipped to his knees as Neil backed him HIGH WILL HAVE CHANGED LINEUP CRACK PLAYER IS ON SHELF FOR REPAIRS Jay Powers, One of Local School's Best Backs, Unable to Play Against Santa Ana Today

The football team of the Los Angeles high will have its first, and probably its last, chance to play another high school this year, when they meet Santa Ana high on the latter's grounds this afternoon. The boys have been idle for such a long time that this game comes to them as quite a treat.

Coach Sorenson has been working his men hard for the last week, as he expects to go up against the real thing in today's game. It has been found through experience that these country schools are not such snags to beat as they are cooked up to be. The local team seems to be in good condition, although it has been weakened lately by the disabling of men in the scrimmage work.

Jay Powers, one of the best backs the school has had in a long time, dislocated his shoulder right before last and will, therefore, be unable to get into today's game. His place will probably be filled by Hunter or Winget, the latter a new man at the school, but who has had a great deal of experience. He played full on the Poly last year.

The lineup will be as follows: Silent, center; Wallington, right guard; Adamson, right tackle; Brant, right end; Walker, left guard; Cochran, right tackle; Geissler, right end; Lull, left; Mitchell, left half; Winget, Hunter, right half; Cass, quarter.

TWINKERS PLAYS ANGELS HAPPY HOGAN'S GANG MEET ALL STARS TODAY Fresno Delegation of Fans May Raise Rough House if Chance and Berry Don't Respond to Ovation

There will be no counter-attraction of big football to mar the baseball crowd at Chutes park this afternoon, when Happy Hogan's Angels have their second meeting with the Eastern All Stars under the tutelage of Buck Franke and a big mob of frenzied ones is expected to turn out to yell: "Welcome to our city, Frankie," when the mighty Chance steps out to show off on the initial bag for the heavenly constellation.

There will be a grand celebration. Hen Berry will be the first number and will appear in the vest that he picked up at Coslind's during his recent mad tour of the little old town.

Henry will also wear the crimson tie presented to him by the Fresno chamber of commerce, and it is rumored that a delegation of the Raisin Pickers and Lemon Growers' association will be on hand to claim Berry and Chance as Fresno's only ones. The Joaquin valley fans have longed for this matter, and have publicly alleged that the captain-manager of the Chicago Cubs and the manager of the Angels, whose teams won the world's championship and Pacific coast pennant respectively, were both born in Fresno.

It is believed by those who know the Fresno people that there will be a rough house at Chutes if Berry and Chance refuse to recognize the Raisin Pickers and Lemon Growers' association when the delegation spring a wreath of forget-me-nots in front of everybody.

Aside from the Berry-Chance sensation, there will be some other interesting events. It has not been decided just how the pitching will be divided for today and tomorrow afternoon, but either Jones, McCloskey or McIntyre will twirl for the Stars, while Nagle or Hosp will cover the rubber for the locals.

Jim Tom will handle the indicator, and his manner of shoving out diamond Gesty appears to have pleased players and fans alike. Last Sunday, at their first encounter, the Angels hung it on the twinkle, twinkle aggregation 7 to 1, but of course the visitors had not had an opportunity to get together and develop sufficient team work, and consequently they had to go it alone. The Stars have practiced the last week, however, and should put up a better show today and tomorrow.

CASTAWAYS PLAY RIVERSIDE RUGBY STAR TEAMS WILL SETTLE LAST SATURDAY'S O. O. GAME Bitter Contest to Be Called on Boverd Field at 2:30 o'Clock This Afternoon—Crouch Will Referee

The Castaways and Riverside will play a game of Rugby football at Boverd University of Southern California grounds, this afternoon, beginning at 2:30 o'clock. The Castaways had a match against Riverside last Saturday, and the locals were so well treated and the crowd showed such clear enthusiasm in spite of the bitterly contested scoreless game, that the Los Angeles players determined to have a return game here today.

SOUTHERN MEN PLAY FOR STANFORD TENNIS HONORS STANFORD UNIVERSITY, Nov. 22.—D. Caidigan of Los Angeles and E. Kobbie of Berkeley, the freshmen representatives, won the interschool doubles tennis match today from T. C. Henry of Los Angeles and J. C. Henry of Los Angeles who composed the sophomore team. Score 8-6, 4-6, 6-4.

PER CENT TO ITS OWNERS Cheer Up! There is always an opening for the willing worker. Help Wanted every day in growing Los Angeles. Get in touch with the employers. The best way

Prosperity lurks all around those who are holders of stock in the local ball club. At a meeting of the directors of the Angel City Baseball association last night it was voted to declare a dividend of 10 per cent on the capital stock of the association, and that there is a good reserve fund in the treasury to meet any little bills that may come up before the game receipts begin to flock in again next season.

Hen Berry was called upon by his fellow directors to make a report of his visit east, and the tongueless wonder surprised himself in delivering a spiel about the sunny side of his trip to New York. Hen showed where the big fellows had triced for a minute or two to relegate the Pacific Coast league to class B, and he also proved where their error lay. The result we all know, of course, for the Coasters are still in the A division.

The season was a most prosperous one for the Angels, for, in addition to winning the pennant, the club itself was rewarded from the financial end in a highly gratifying way. When Berry and the present board of directors took hold of it the club was losing money by the barrel, but the results of their business sagacity is shown in that 10 per cent melon.

KARNES VICTORIOUS IN BIG POOL MATCH SURPRISES TALENT BY BEATING HARRY HART POORLY Local Man Plays Swell Game, While His Opponent Blows Up Under Fire and Shoots

Jack Karnes rewarded his supporters in the pool match at Morley's last night by scoring 23 points while his opponent, Harry Hart, was able to pocket but 149 balls. The total of the two night's play gave Karnes 400 points against 352 for Hart.

Karnes' victory came as a surprise to all but his friends, for on Thursday, the first night's play, he was apparently no match for the New York man; the latter, however, seems to be a front runner and one who performs better in practice than he does in a match, for in the closing session his form was not so remarkable as it was on the preceding evening.

Absolutely Certain Cure for Men \$10 Is My Fee in Any Uncomplicated Disorder No other physician employs a like method, and so thorough is my work that there need not be the slightest fear of a relapse into the old condition. It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. My method is perfect and quick. The cure is absolutely certain. I use NO KNIFE, cause no pain and you need not be detained from your work for one day. I specially solicit those cases where many so-called treatments have failed—where many have been wasted on electric belts and other appliances. My special treatment cures "WEAKNESS" in men in a very short time. My cures of this disorder are permanent and lasting. No tonics that stimulate temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my own original local treatment this gland is promptly reduced to its normal state, and complete functional activity is the lasting result.
