

DOGS EVINCE DEEP GRIEF

LICK MASTER'S FACE WHEN HE IS HIT BY CAR

Dead Scissors-Grinder Once Famous Middleweight Champion of England—Canines Whine Piteously at His Death

Long Beach Office, 22 Locust avenue.

LONG BEACH, Jan. 22.—Dan Reed, a scissors grinder who was fatally injured at Sixteenth street and American avenue last night, when his wagon was wrecked by a Pacific Electric car and who died later, had no relatives in this part of the country, although his divorced wife is said to live in Paterson, N. J., but his two dogs, which accompanied him on his daily trips, have grieved over his death almost like human beings.

When their master's body lay upon the ground last night they licked his face and barked piteously.

After staying with Reed's horse all night in a stable at the corner of Pasadena avenue and Earl street, they went this morning to their master's shack at Daisy avenue and State street, where they cried, whined and barked their doggy loneliness all forenoon.

To his few friends here Reed had confided that he was in reality "Jim" Carney, the English champion middleweight, who had some years ago fought throughout the British isle.

He never engaged in prizefights here but was known to be an expert boxer. He came to Long Beach from San Bernardino.

BEACH TEMPERANCE WORKERS PLAN NO-SALOON CAMPAIGN

Special to The Herald. SANTA MONICA, Jan. 21.—Local temperance workers held an enthusiastic meeting at Hull's hall Monday night, when the organization of the No-Saloon league was launched and the first step in the movement to cause the most prohibitive enforcement possible over the sale of liquor was accomplished.

The organization will at once begin a house-to-house canvass of the city to secure signatures to a petition calling for the elimination of the rum traffic in Santa Monica. The petition will ask the city council to act in the matter as provided for by the charter, which gives the council the option of adopting the ordinance, embodied in the petition, or calling an election to let the voters decide the question.

Notwithstanding that at present the city is under a tax assessment of \$1,700,000 on a property valuation of \$3,000,000, the no-saloonists profess belief that no hardship will be imposed on the property owners if the present license taxes paid by the liquor interests, and amounting to \$16,000 per annum, are cut off.

POSSE AFTER BAD GUN MAN

SAN BERNARDINO OFFICERS SEEK DRUNKEN TERROR

Intoxicated Victorville Resident Accused of Attempt to Slay Family and Later of "Shooting Up" Two Desert Villages

Special to The Herald. SAN BERNARDINO, Jan. 22.—A posse of officers tonight is searching the country around Victorville for Hironymus Hartman, who is wanted for the alleged attempt to kill his wife and daughter, then for terrorizing the towns of Victorville and Oro Grande.

Hartman was drinking when his family hid the jug to prevent further excesses.

He accused his stepdaughter and sick wife of hiding the liquor, then threatened to shoot both if they did not disclose its place of hiding.

In a rage at their refusal he smashed up the furniture and his wife and daughter escaped while he was held by a neighbor attracted by the noise.

Hartman when released took several shots at the fleeing women, but missed his mark. Then he went to Victorville and terrorized the town by marching through the streets with a gun and threatening to kill anyone interfering with him.

He did the same thing at Oro Grande. Sheriff Ralph Jones has been summoned by telegrams to have him captured and under his orders officers are in pursuit tonight.

Hartman has for years had the reputation of being a bad man. He served a term for bigamy.

PASADENA JURY UPHOLDS THE CURFEW ORDINANCE

Special to The Herald. PASADENA, Jan. 22.—A jury this afternoon decided that Ralph Merriam, son of Judge J. H. Merriam, was guilty of violating the curfew ordinance, and the usual punishment was fixed at \$5.

The defendant, who is under 16 years old, was found on the street after the hour prescribed by the curfew ordinance, and was told to appear in police court. Judge J. H. Merriam, at one time justice of the police court, sought to make a test case of the charge against his boy on the ground that he had been sent from home on a errand. The testimony offered today convinced the jury that there was no exception to the ordinance, and accordingly a verdict of guilty was returned.

VACCINATION CAUSES A MUNICIPAL "POW-WOW"

Special to The Herald. SAN BERNARDINO, Jan. 22.—There is a lively row on between the board of health and the board of education in the matter of vaccinating the children of the public schools, the latter organization having ignored the city health officer, Dr. J. M. Hurley, and named instead Dr. D. C. Strong, the county health officer, to vaccinate children whose parents cannot afford to pay for it.

A number of physicians have volunteered to do the work for nothing, and the board of education is to be asked to broaden its order to permit any physician to do the work for indigents. Dr. Hurley terms the action of the board a "graft," and is opposing it vigorously.

FOUR BADLY HURT IN FALL FROM CARRIAGE

Wheel Comes Off as Result of Wrench Received in Car Track Groove, and Pasadena Sightseers Are Hurled to the Ground

Special to The Herald. PASADENA, Jan. 22.—Four people were injured by being pitched from a carriage to the street on North Raymond avenue yesterday afternoon. The accident was caused by one of the wheels of the vehicle coming off from a wrench in a groove of the street car track.

J. T. Sumner of 266 South El Molino avenue received a wrench to a kneecap and a sprain to the ankle. Mrs. Sumner sustained a slight fracture of the skull and in addition the scalp was torn. She also received a cut on the upper lip and a cut beneath the chin.

Mrs. E. A. Kimball, also of 266 South El Molino, received a cut in the scalp and A. H. Moody of 159 North Meredith street received two bad cuts on the head.

The parties had been out sightseeing in a carriage and when in front of the car barn on Raymond a strap holding one of the singletree broke, causing the carriage to tip. The wheels struck the sidewalk and the carriage was hurled to the ground and for several minutes it was thought her injuries were fatal.

ALLEGED "SPITE" FENCE IS BUILT IN SAN BERNARDINO

Special to The Herald. SAN BERNARDINO, Jan. 22.—This city is the scene of an alleged spite fence 20 feet high, being built by R. N. Hinger on I street where W. H. Swann erected a flat building beside the Hininger property extending it out to the sidewalk line, and thus shutting off Hininger's view in one direction.

The Hiningers do not admit that it is a "spite" fence, but say that it is a necessary structure to protect their property from the view of the Hininger property, but the occupants of Swann's flat building on one side are forced to look at the wrong side of a big billboard five feet from their windows. Swann is expected the fence will lead to litigation.

MAYOR TAYLOR HAS POLICE DEPARTMENT ON CARPET

Magistrates and Chief Biggy Reprimanded for Not Securing More Convictions—All Promise to Do Better

By Associated Press. SAN FRANCISCO, Jan. 22.—Mayor Taylor summoned the police commissioners, police judges and Chief Biggy before him today to explain the small number of convictions secured.

The police, in turn, averred that it is almost impossible to secure the evidence required by the courts in gambling and opium smoking cases.

The judges then replied by saying it was not their fault if the requirements of the ordinances are such that the police cannot secure the necessary evidence. The judges also stated that some of the municipal laws are defective.

Mayor Taylor suggested to the magistrates that it is their duty to report such defective measures to the proper authorities. They have considered that they were only required to construe the laws as they found them, nor to suggest new ones.

Both judges and police promised to try and make a better showing.

PORTLAND, Ore., Jan. 22.—Former United States Commissioner H. H. Hendricks in Judge Hunt's court today pleaded guilty to his share in the alleged illegal fencing of land in the Butte-Creek Live Stock, Land and Lumber company.

This is believed to be preliminary to like pleadings on the part of other persons connected with the land cases, and the Hall-Mays case, which is now being heard in Judge Hunt's court. It is expected that Hendricks has been granted partial immunity in consideration of his telling all he knows in connection with the alleged conspiracy.

Special Agent E. W. Dickson of the department of the interior was the principal witness in the Hall-Mays case today. He told of his work in connection with exposing the alleged wrongdoings of the company.
