"I WILL lift mine eyes unto the hills" has been on the lips of many, and the reverent thought in many hearts during the last ten days, when "the beautiful" rain in snowy, glistening splendor on the Sierra Madras to the north, and has made the range a thing of wondrous beauty when viewed from the orange groves and verdant cloud slopes of the summerland beneath.

Many Los Angelesans paid a visit to near by mountain resorts during the week, and it is reported that last Sunday over 500 persons visited Alpine town. Every one who was fit for the climb went to the summit, nearly every one got out and tramped in the snow, and many tried whether the glittering stars that fall beneath a Southern California sky will make a really, truly snowball.

Among the parties that tested their endurance even to the summit included Messrs. and Mrs. W. A. Innes, Albert L. Cheney, Willard J. Doran, John G. Mott. They also went up Saturday and stayed over.

Mr. and Mrs. Erasmus Wilson and Mr. and Mrs. I. Hollingsworth spent Saturday at Alpine tavern.

The marriage took place January 30, and Miss Lella E. Dozier, daughter of Dr. and Mrs. George Dozier of 825 Bonnie Brae, who is Mrs. Sturtevant's cousin, was bridesmaid. She is now in Oakland and expects to return to Los Angeles in about three weeks after visiting friends and relatives in the northern part of the state.

Mrs. Sturtevant will be pleasantly remembered by many who met her last summer when she was the guest of her uncle and his family on Bonnie Brae street.

**Tea for Mrs. Granger**

**A Copper Kettle**  
 By the door swings an unobtrusive and rather battered copper kettle, looking as if it had been doing business at this same stand for more than one generation—the comely sort of kettle that sings while the water heats and that has a generous spout from which rises graceful clouds of steam.

Inside one finds a tea room with Japanese appointments and the most toothsome dainties to munch, served in delicate china, ornamented with queer and attractive designs.

The place, of course, is the Copper cause it is a convenient, restful place, and here if one drops in of an afternoon one is likely to find friends and acquaintances galore who are chatting sociably over cups of delicious hot tea and the crispest—but then one has to taste them to fully appreciate their goodness.

The enterprise is a recent one and is being patronized, first of course because it is a convenient restful place where one can go alone or take a party to luncheon or an "after-the-matinee" tea, but also because so many Los Angeles people are interested in the three young women who are conducting it—Miss Beatrice Wignom, Miss Mildred Morris and Miss Harriet Morris.

Can a college woman brew a good cup of tea?  
 Go and see!
