TALENT REAPS HARVEST BY THEIR WINNING

SCHILLING PILOTS FOUR WINNERS OUT OF FIVE MOUNTS

R. L. Thomas and His Friends Make a Cleanup on His Clever Colt Chipmunk

BY IRVING B. CLEMENT

A large crowd was at Santa Anita park yesterday afternoon to do battle with the bookies, and the talent got much the best of the argument, as four favorites and two heavily backed second choices came home winners.

Jockey Schilling was riding in good form, as he piloted four winners, and he was given a rousing reception each time he returned to the scales, and the followers won a lot of money.

The class of horses that ran were anything but the best, and with the exception of the third, which was a close finish, the other five winners won easily.

Barbette, with Schilling in the saddle, was as good as 2 to 1 at one time, and she rewarded her backers after setting her own pace all the way and winning never in trouble. Turnaway finished fast through the stretch and beat Belle Griffon a half length for place honors.

Royal Queen and Aquiline tied running after the winner.

When the odds 3 to 1 were posted against Ace of Diamonds, the Hildreth colt, there was a rush to get aboard, with the result that Chipmunk's odds went to 4 to 1 when the stable commission appeared and forced his odds to 3 to 1. It was 1 to 2, as Schilling got the Thomas colt away well and he won as his rider pleased.

Fred Maier and Sir Barry fought it out the final sixteenth for the place, and Fred got it by a head. Sir Barry and Ace of Diamonds are good lookers and will do to remember.

Ingham, the 7 to 10 favorite, led his field from the start to finish, but had to be hustled through the stretch with stand Gospepper's determined challenge.

Nun's Veiling had little contention for the short end of the purse.

Plays Around Wisteria

The public played all around Wisteria in the fourth race, despite Schilling having the mount and fell for Norfolk and Mintia. The odds on Wisteria went to 4 to 1 when the wise money appeared and forced her price down a half point.

She had to be hustled through the stretch and after being shaken up a little she won, going away from Toller, which had no excuses. Norfolk tried badly in the few closing strides when he looked to have second money cinched. Mintia quit when the real racing began.

Talarand was the third favorite of the day to win, and after Louise Fitzgibbon shot her bolt Goldstein shot her to the front and she won easily from Grandia, which finished grandly under the whip. Lucky Lad acted mean at the barrier, and after getting away none too well finished like a shot the last sixteenth. This time Silver Sue had a rough journey and Kirkfield Belle quit after being well up for six furlongs.

Schilling got Thomas Flyer away flying in the sixth race, and he won like a fair sort of a colt. Lancashire Lad was close up all the way and in a drive Goldstein just managed to make him last long enough to get the place from S. A. Carlisle. The latter was away poorly and ran all over horses at the finish.

COSSET BEATS BABY FAVORITES

By Associated Press.

SAN FRANCISCO, March 20.—Cosset, started for the first time this season at Emeryville today in the baby race, succeeded in beating out the favorite. Wap responded gamely under punishment in the fourth race and came under the wire a head in front of the lukewarm favorite, Prince of Darington, who faltered in the final hundred yards, but hung on long enough to take the small end of the purse.

BIG TRACK MEET TODAY

CONFERENCE COLLEGES GATHER AT OCCIDENTAL

THREE SCHOOLS STRUGGLE FOR SUPREMACY

Athletes Have Been Training for Weeks for Nerve and Muscle Racking Contests—Presbyterians Favorites

BY J. B. WOODSIDE

At last the day of the conference meet is here; the gala track day of Southern California, the importance of which completely obliterated all previous cinder path battles of the year, which marks the close of the present season.

This afternoon on the Occidental field Pomona, Whittier and Occidental colleges will settle for good and all the question of respective supremacy and local championship which has been prophetically discussed by rab-rah boys from the orange groves of Claremont to the sombre walls of the Quaker institution.

Nerve racking competition prepared for by long weeks of strenuous training will decide to whom the spoils belong far better than any amount of printer's ink that could be spilled in favor of either school. Intercollegiate students have neglected their rules of three, clean-lined athletes have taken every form of exercise from mud baths to Schlitz powders to produce form, and alert coaches to produce form, and records until an invincible line of dope has resulted which varies favorably according to the location in which it is prepared.

However, the juggling of the result forecast applies mostly to the conceded favorite institutions, Occidental and Pomona, authorities familiar with every phase of track athletics and even the Whittier enthusiasts themselves speak of the Quaker team as only the fly wheel which will prevent the Presbyterians and Congregationalists from running away with each other, and emphatically predict for Whittier the small share of the total.

Records Form Opinion

This view of the meet was brought about by the performance of the Quaker a few weeks ago, when it showed a strength in the long distance runs in dual meets with the other schools. When Occidental and Pomona came together the Congregationalists who pretend to ignore the Quaker, the Presbyterians had considerably the best candidates in the weight events, hurdles and sprints. Birdal of Pomona easily had the pole vault honors, and most of his understudies from the cactus town could follow his suit into the second place, and Lowry, the Occidental prep, annexed these points.

The phenominal freshman—covered more feet in the broad jump than Thompson or any of the other Occidental leapers were able to span. In the 100-yard dash Bird was displaced by a runner from the Quaker, from the speed maniacs of Pomona, Sloan and Rogers, so that the first two medals were taken away from Merrill's men. Bird's 200-yard hurdles, however, proved capable of self-defense in the 220 for the majority of points. Wieman and Thompson had no trouble in defeating Spurgeon over the high hurdles. Talarand and Brewer, however, trovevry with any of the Presbyterian tourists, he is conceded an option on the two-mile and mile trips by those who do not know better.

This review of the separate performances of the three teams will meet today as influenced two well known and disingenuous authorities to outline the result of this afternoon's events as follows:

Wieman and Thompson of Occidental are the favorites for the high hurdles for the first honors in the high hurdles. Bird is carrying lots of backing to be a close second to Sloane in the century sprint, and Brewer may have a glance at the 200-yard hurdles. Kellogg is disqualified through the conference scholastic rulings and will leave his position unguarded, but Clarence Blee is a shrewd second candidate for the 200-yard hurdles. Bird is predicted to follow Carver for a fight in the half, but the academy boys should finish under traps.

CHICAGOANS FIND THE BUSHERS HARD TO BEAT

Twirler Gilbert Was Easily the Idol of the Fans with Nine Strikeouts to His Credit

Special to The Herald.

REDLANDS, March 20.—In the presence of a crowd of 1200 people the Chicago White Sox this afternoon had a narrow escape from defeat at the hands of a picked team from this city and San Bernardino.

The game resulted 8 to 5 in favor of the White Sox. The game was a fast one. All the way through the visitors found they had to play ball to win. The feature of the game was easily the work of Waters of San Bernardino at first base was fast; while Le June, the left garden for the Sox, did some sensational fielding. Myers of San Bernardino, who caught Gilbert, also did great work. Most of the business houses were closed during the hours of the game, and several hundred fans came over from San Bernardino.

Men Cured

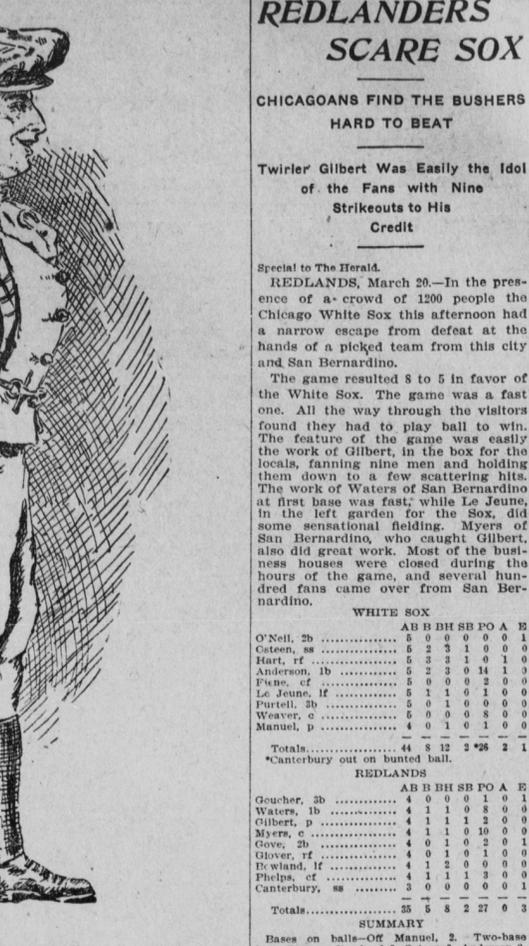

No other physician employs a like method, and so thorough is my work that there need not be the slightest fear of a relapse into the old condition. It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. My method is perfect and quick. The cure is absolutely certain. I use NO KNIFE, cause no pain, and you need not be detained from your work for one day. I especially solicit those cases where many so-called treatments have failed, and where money has been wasted on electric belts and other appliances. My special treatment cures "WEAKNESS" in men in a very short time. My cures of this disorder are permanent and lasting. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my original local treatment this is cured promptly.

reduced to its normal state and complete functional activity is the lasting result.

My Fee for Any Ailment of Men is Only \$10 In Any Simple

Pay When You Are Cured

Can any reasonable man desire a more fair test of my methods than to let me cure him first and to pay the bill when he is well? No man could be fairer than that. I take all the risk. You take none whatever. You have everything to gain and absolutely nothing to lose.

Slimmer than I used to be Still less corpulent grow I

Quaker Entries in Century Sprint Fail to Put in Their Appearance Against Crack Beach Runners

By G. L. Waring

CORONADO, March 20.—The finals for the Spreckels challenge cup took place this afternoon between the Riverside and the Burlingame teams.

The Riverside team did not do as well on their last appearance, but Mr. Jenkinson made a record which beat Mr. Redmayne's previous best. He came down the side lines and knocked down seven people who did not know enough to get out of the way. He nearly made a strike, because he only just missed two others, and he had no time to make a spare on account of the ball being taken out of a different part of the field. The Burlingame team was much better horsed and all played much better than the "bushbees," who had all the sting taken out of them. Nevertheless, the Riverside team did not know enough to get out of the way.
