GETTING IN LINE FOR SAENGERFEST GERMAN SOCIETIES REACH FINAL AGREEMENT

Choruses are Rehearsing Now That Fleet Interruption Permits Resumption of Committee Work

With some jarring notes eliminated from the committees of the forthcoming Pacific coast saengerfest it is believed plans will now go ahead to make the affair a success.

The Arlons are not in hearty sympathy with the idea, it is stated, because of personal objections to some of the committees and the Turner will assist only as individuals, but all other German singing societies have now lined up with the coming fest.

It will be held late in the year, the fleet reception having delayed active work on the arrangements.

The recent visit of two commissioners from San Francisco societies, who reported that enthusiasm for the festival was great there, has instilled new life into the plans. It is certain big delegations will come from Washington, Oregon and Northern and Central California.

The concerts will be given at Shriner's auditorium, and Chutes park will be used also. These questions all will be finally settled in a few days.

In the meantime all choruses are rehearsing, and the financial end of the fest is being taken care of by committees.

San Francisco expects to entertain the coast singers in 1910, when the bay city will be practically rebuilt.
