

ESTABLISH NEW RECORD FOR AUTO

NELSON IN WHITE STEAMER SETS MARK

From San Francisco to Los Angeles in 17 Hours and 17 Minutes—Car Started Immediately on Return Trip

"Seventeen hours and seventeen minutes. That is the new automobile record from San Francisco to Los Angeles, a distance of 473 miles.

Yesterday morning at two minutes past 3 o'clock Ferdinand Nelson with William Wagner, driver, L. L. Gummo, mechanic, and Frank Carol, tire expert, left the corner of Guerrero and Twentieth streets, San Francisco, in a thirty-horsepower White Steamer touring car, and at nineteen minutes past 8 o'clock last evening they arrived at Los Angeles.

Mr. Nelson held the previous record, which he made in a forty-five horse-power Columbia car, the time for which was ten hours and 13 minutes, and though many trials have been made no one has succeeded in lowering it, unless the credit can be given to a Pope Hartford, that was driven from San Francisco to Bimini baths in a few minutes' less time. At that point, however, the second spring broke, and gave way and the car run into the ditch. Mr. Nelson, with Gummo and Carol, came all of the way in the White, but the drivers were changed every hundred miles.

The next 120 miles to Santa Barbara was driven by Alfred Peipenber, and from Santa Barbara to Los Angeles, Captain H. D. Ryus was in the wheel. A sixteen-horsepower Buick had been arranged, which was very fast, and when an attempt was made to turn out on the main road and twenty minutes were lost there which could not be made up. Teams in a number of other places caused delay, as the occurrence of places caused delay, as the occurrence of places caused delay, as the occurrence of places caused delay.

Late at Santa Barbara At Santa Barbara the car left twenty-eight minutes late, but was ahead of the record. A fast team was made to the Ventura, but leaving that city the Ventura was advised to take another road than the regular one on account of the grading that was being done.

From Chalk hill to Los Angeles, a distance of twenty-six miles, the running time was just twenty-five minutes, and the Sunset boulevard route was taken, which is a very poor road and nearly a mile longer than the Ventura street route from Hollywood.

The run from Chalk hill to Los Angeles was made in a few minutes faster than the schedule of the condition of the road over that stretch was remarkably good.

In the first stage of the trip from San Francisco to Los Angeles, the second stage from Soledad to San Luis Obispo twenty-six minutes were lost on account of teams and a wagon, car when it turned out on the road, however, fifteen minutes were lost for lunch which had been prepared in advance at Santa Barbara. The rest of the trip was made in the next relay five minutes were lost, which put them twenty-six minutes behind at Santa Barbara.

At High Speed The rate of speed from Chalk hill to Los Angeles, which road includes some of the slowest stretches between here and Santa Barbara, was made at the rate of 44 1/2 miles per hour.

The rate of speed from Chalk hill to Los Angeles, which road includes some of the slowest stretches between here and Santa Barbara, was made at the rate of 44 1/2 miles per hour. In the trial that was made recently by Bill Ruess for the Santa Barbara record in a Pope-Hartford, the average speed for the first twenty-five miles over the same stretch was forty-four miles per hour. The car upon its arrival was sent to the White garage, where the tanks were refilled, the lamps looked after and the tires examined.

In less than two hours after its arrival the big White was started on its return journey to San Francisco, but a 24-hour schedule was set for the return trip of sixteen days. There is no record of a car making the round trip in two days. Mr. Nelson wants to establish that as a new record. The first stage of the journey was driven by George Adair, who knows every turn and dip in the road between here and Santa Barbara probably better than any other driver.

The other stages of the journey will be made by the same drivers, who brought the car down, as they will have ample opportunity to rest before the car reaches them on its return trip.

One of the most remarkable features of the trip was the entire absence of tire trouble. Not a puncture or blow-out was experienced and no tire had to be pumped up. The same tires were used for the return journey when they left Los Angeles there was hardly a trace of the grueling test that they had been put to.

The entire set was Goodyear Quick Detachable by the same drivers. The men felt tired after the 500-mile ride, but Gummo, the mechanic, was ready and willing to make the return trip.

Following is the schedule for the trip down:

MT. WILSON RUN ATTRACTS MANY CONTEST FOR FOX TROPHY OCCURS TODAY

ELEVEN WELL TRAINED ATHLETES ARE ENTERED

First Man Will Be Sent Away from Sierra Madre at 7 o'clock

Conditions Are Hard

Eleven finely trained athletes will toe the mark at the foot of the trail this morning to contest for the Fox gold medal in the Mt. Wilson run, and one of the most unusual and at the same time noteworthy athletic events in the history of Southern California will be launched.

For months Charlie Fox, son of Richard K. Fox, the donor of the trophy, has been working in the mountains to get everything ready for the big event and the result of his labor has been highly gratifying.

As a test of endurance the Mt. Wilson climb is without doubt a paragon. The grade, the many narrow places along the route and above all the weather conditions which will undoubtedly prevail make it a trial which only the most hardy can hope to go through, and the faint-hearted and under-trained cannot expect to even reach the top of the mountain.

The start will be made at the foot of the Sierra Madre trail and from there to the top of the mountain. Arriving at the summit the runner is allowed a rest of thirty minutes before the downward journey is begun, and when he reaches the starting point at 7 o'clock, after the first man is sent away the others will be given the word to start at intervals of five minutes to the man, until the last has been rushed out of sight.

Among the contestants are many noted mountain climbers and long distance runners. Eugene Estoppey, the hope of the local contingent, has been in training for the event for a long time, and he is sure to be a bidder for the highest honors. The Olympic club of San Francisco is represented by Hartung, and C. Bowden, and Paul Reinwald, a noted Alpine traveler, will wear the colors of his native Austria.

Wright a Vegetarian Joseph King will do his best for the Triangles club of Frisco and J. C. Wright will endeavor to expound on the virtues of a vegetarian diet by trying his best to win the big race. Glenn Morrissey of Alhambra is looked upon as a contender and Ed Hanlon, the Pasadena Y. M. C. A. representative, is well versed in the art of covering ground over a mountain trail.

A. V. Patterson, Otto Carque and Charlie Zirtz are dark horses, but any one of them has a chance to get away with the rich prize.

Officials chosen for the event are as follows: Timers, E. L. Sarre and William Gottlieb at foot of trail, Les Henry and Fred Ross at top, and A. A. Lee starter.

In all probability the first man will complete the journey to the top somewhere around 10 o'clock, and a big bunch of enthusiasts promise to be on hand at Sierra Madre to greet the successful one. The 6:05 o'clock car over the Pacific Electric will carry a large delegation of local sports to the mountain town this morning and the athletes will be well received on the completion of the nerve-racking run to the top of Mt. Wilson.

FOX FAVORS RACE TO TOP INSTEAD OF ROUND TRIP

Special to The Herald. SIERRA MADRE, April 28.—A controversy came up between the runners who are entered in the Mount Wilson climb late tonight as to the advisability of awarding the medals on the up climb only. Charles Fox, who is in charge of affairs, was much in favor of giving the prize on the up climb and of abandoning the descent.

Fox spoke very earnestly upon the dangers of the descent because of the poor condition of the trail and how easy it was for a man to slip and plunge over a precipice when trying to

ACADEMIC TEAMS JOURNEY NORTH EXPECT TO WIN POINTS AT STANFORD MEET

SOUTH WELL REPRESENTED IN BIG EVENTS

Relay Race Promises Great Contest, as Harvard and Local High School Are Keen for Victory

The track stars from the four leading high schools of Southern California will leave today on the trip to Stanford university, where they will participate in the biggest meet of the year for the academic championship.

Great excitement prevails among the townspeople at Sierra Madre over the race, and many promise to be up in time to give the runners a good send-off.

Foster Huston has nine men stationed along the trail at places where the runners would be apt to take a short cut and thus forfeit their places in the race.

Steps are being taken by Mr. Fox to have the awarding of prizes made at one of the performances at the Orpheum.

Dr. McCalvis found upon examination of the runners that several of them were troubled with enlargement of the heart. Glenn Morrissey, the 16-year-old boy, was advised not to run because of the weak condition of his heart.

NELSON FAILS TO SEE CHANCE OFFERED HIM

Brock's Lack of Drawing Power Causes Dane to Disregard Long's Telegram—McCarey is Wrong Again

It looks as though there would be nothing doing in the line of a Battling Nelson-Phil Brock slugfest at Vernon. The Dane, knowing that Brock is not so much of a drawing card and no person would make believe, did not even take the trouble to answer Baron Long's telegram offering him the match, and now the major domo of the Jeffries fight forces is negotiating with Freddie Welsh, the next best offer.

A whole lot of talk was occasioned along the Rialto yesterday because of Tom McCarrey's statement that Long was throwing him down by entering into a deal with Brock, and the sports began to take sides with one promoter or the other. There is nothing to the hubbub save that McCarrey fell short in ordinary business sagacity and failed to sign Brock for whatever contests he had in sight for the Cleveland.

While the object of this article is not to take sides with either McCarrey or Long, it must be stated that the sports conduct his business in a most peculiar manner. Every time another promoter beats him to it for a match Mac is there with an awful hue and cry about it, making one's word and what he thinks of the whole works, and it's about the time something happened. Any man in the business is at liberty to sign any fighter who is looking for a chance, and this dog in the manger business ought to run for Sweeney.

In the present case McCarrey told Long that he wanted the winner of the Brock-Memisc mill, and Long kept his hands off the match. An Ellnor Glyn period has rolled around since the show between the boys, and Brock's manager has been clamoring for a chance to make some money. McCarrey had not taken into account the advisability of the talk hurried his way and offered Phil either Nelson or Welsh.

That's all there is to the whole works, so the sooner every one subsides and stows the crybaby stuff the better it will be all around.

Go to it, everybody. First signed first served is the fight game motto. Only get some forfeit money along with the signatures.

EMMA G IS SURPRISE TO OAKLAND TALENT

Has Light Weight Up and Simply Romps to Win Opening Event at Odds of Twenty to One

By Associated Press. SAN FRANCISCO, April 28.—At Emeryville today the public overlooked Emma G with light weight up and she scored in the opening scramble at the juicy odds of 20 to 1. She avoided the early pace and came from a long way back, winning from Governor Orman and Belle of Iroquois.

Cloudlight and Fireball raced out like a team in the Alamo handicap and finished outside the money. Native Son avoided the early pace, and when let down won easily by a length. Cloudlight got the place. Results:

First race, 6 furlongs, selling—Emma G, 10 (Carroll), 20 to 1, won; Governor Orman, 110 (Fisher), 18 to 1, second; Belle of Iroquois, 107 (Kelly), 12 to 1, third. Time, 1:14.4. Nellie Nichols, Lurane, Bell Reed, Sucedo, Faddy Lynch, Nettie Hicks, Belle Brady and Red Era finished as named.

Los Angeles 7, Oakland 6 Ten Innings

BUSH league ball marked the return of the Oaks to the local lot yesterday and after ten innings, in which O'Connell endeavored to outdo the players on both teams for punk shooting, the Angels registered a lucky victory. It was the bummiest kind of a fluke hit that scored two men and finally allowed the agonized fans to escape.

The game belonged to any one at almost every stage. First the Oaks took a turn at leading and then the lower end of the Angels' batting order stood up to the onslaught of the Oaks one tally to the good before Rubie Ellis was given a chance to swing the stick. His effort was a dinky slap toward Hogan, and just as the baserunners were dropping, Del's bat took a fancy bounce and soared over his head.

The Oakland supporters had a chance to tear their wool, for Dillon and Brasher got no time in scurrying for cover. Brasher did not beat the ball to the plate many miles, but he was called safe by O'Connell and the Angels were credited with the rummiest victory of the season.

Randolph is Canned Red Randolph started in to do slab duty for the Angels, but Dillon became nervous in the eighth round and Koestner was put on instead of the blonde. Koestner's best effort was in the ninth, when he fanned three Comedians, but he was not so graceful in the following act, and it was not because of his work on the hill that the Angels won. Harty performed for Van Halten all the way and displayed a lot of dazzling curves which got him nothing in the end.

Some good performances were recorded in the opening round, and in the second the Oaks scored a run. Los Angeles high in the deciding meet, but he was retired in short order when Hogan hit into a double play. Altman singled past Delmas, and on his attempt to steal second Bernard, Oakes dropped, sending Del's bat to the sky, allowing the runner to score. Harty fanned and the doings were over temporarily.

The Angels more than evened up by scoring a pair of runs in the following spasms. Randolph walked and Bernard was hit in the back. Oakes bunted to Harty and the ball was tossed over Hogan's head, Randolph got started, the ball got by Dillon, but he was thrown out at the plate when he tried to tally on Brasher's fly.

A very busy period resulted when the Angels were called, but out of it all the visitors collected a lone tally. Delmas made a poor throw of Slattery's hit and the runner was safe at Dillonville and Harty was safe when Bernard dropped, sending Oakes to second. Cook bunted at the third strike and fill the bags. Heimuller hit to Smith, who winged the pill home in time to stop Slattery. The ball got by Dillon when an attempt was made to double Heimuller at first, and Harty scored. Heimuller was caught off stations and retired.

Dillon opened the seventh with a double to left and was scored on Easterly's infield single. In the eighth Oakland made two runs when Haley, after being walked and stealing second, scored the first run. Slattery singled, Harty followed with another single and Randolph was sent to the bench. Koestner, who replaced him, retired Cook, but Van Halten's single scored Slattery.

In the Angels' half of the same round Bernard walked, was sacrificed to a double to left and was scored on Easterly's infield single. In the eighth Oakland made two runs when Haley, after being walked and stealing second, scored the first run. Slattery singled, Harty followed with another single and Randolph was sent to the bench. Koestner, who replaced him, retired Cook, but Van Halten's single scored Slattery.

The ninth went by without any tallying, but in the tenth the Oaks slipped in a pair of votes. Haley singled and Cook bunted, but Slattery flew to right. Harty singled and put Haley on third, and Cook made things look brighter for the locals by popping out to Dillon. Van Halten tore out of the dugout through Delmas and scored the two in front of him and the Oaks went to the field with the game apparently won.

Bernard started the last half of the tenth with an infield single and was forced at second on Oakes' hit. Dillon walked and, with Oakes, pulled off a double steal. Brasher walked and a passed ball scored the first run. Slattery bunt down and Brasher stole second and then Rubie Ellis came to the front. Rubie hit the ball straight at Hogan, who stooped to grab the leather just as it took a bad bounce. Dillon scored easily, but Brasher was forced to move some to gain a favorable verdict over Heimuller's throw to the plate. Score:

MEMSIC LOOKS BETTER ABLE TO ENTER RING

Former Lightweight Shows Up Well in Training at East Side—Should Give English Hard Fight

Both Clarence English and George Memsic are training hard for their bout, which will take place at the Cabin next Tuesday evening. Memsic could not find another suitable sparring partner, so he has decided to use the Turk in the double capacity of helper and punching block. They had their first sparring yesterday afternoon, the first sparring of four fast rounds, in which the Turk was made to step some in order to hold his own against Memsic.

That the boy Brock defeated, has improved since that mill is easily seen by the casual observer who takes the trouble to go out to the Eastside club and watch Memsic train. He seems to have all the speed which first brought him into prominence when he beat Neary, and with the question of making weight out of the way Memsic is giving a good account of himself in training, at least.

Memsic is not taking off any flesh, weighing the same as he did the day he started to get ready for the May fifth battle. He says he feels stronger than for months past, and declares that he will have no excuse to offer this time if he goes down to defeat before French. Memsic will vary the monotony of road work today by chopping a stack of wood at a ranch near the athletic club, but he will carry out his regular program in the afternoon.

Clarence English did eight miles on the road yesterday morning and in the afternoon went through his training stunts, including the rope jumping, punching, shadow boxing and three fast rounds with Dalton. English also declares himself to be in prime condition for the fray.

WHALEN WILL ENDEAVOR TO SECURE SAN PEDRO

At a meeting of the South State league magnates last night "Babe" Whalen was appointed a committee one to confer with the San Pedro ball team manager and endeavor to induce him to enter the league ranks.

W. J. Francis was elected official scorer and the following schedule arranged for the next two Sundays: May 3—Morans vs Cristopher-Levys; May 10—Dyas-Clines vs Eagles; Salt Lakes vs Christopher-Levys. Same place.

HIGH SCHOOL U. S. C.

The Los Angeles high and the University of Southern California baseball teams will cross bats tomorrow afternoon on the Bovard field for the first time this season. The high school team is in the percentage column in the high school league, having lost but one game this year. The contest will have been played by both clubs should be a fine one, as both clubs have been playing good ball. Bridwell will pitch for the college boys and Bearer, who is one of the best high school pitchers in these parts, will pitch on the slab for the academic bunch.
