CHARIOT RACING RECORD BROKEN IN FINAL RACE

Contests at Association Park Track Culminate in Highly Spectacular Neck and Neck Struggle for Victory

Special to The Herald. SAN BERNARDINO, May 22.—The record for chariot racing was broken this afternoon at the Association park track in the Festival of the Arrowhead chariot races when the final race of the day was won by A. N. Wiggins of El Monte in the time of 1:51 flat, defeating E. J. Levenood of Santa Ana in a race that was most spectacular. Daylight never appeared between the two rigs at any point, the horses running neck and neck every foot of the way. It was spectators' first time to see an afternoon of splendid races though the crowd at the track was not what had been anticipated.

The first race, between Wiggins and Michel Kaufman of El Monte, resulted in an easy victory for the former in 1:53, he leading his opponent 200 yards. Levenood then defeated F. C. Michel of Los Angeles in a pretty race in 1:55. Kaufman and Michel ran for third money and Michel won in 2 minutes flat. Just after the finish of this race the only accident of the day occurred. Michel had just crossed the tape a winner and was trying to stop his team when one of the handsome sorrel horses got tangled up and broke a leg. The race was stopped and the second money resulted in the record breaking time above mentioned. Running and other races were interspersed in the program. A program of chariot races at the track Sunday afternoon.
