MUNICIPAL AFFAIRS

URGE TWO SIDES ON LIQUOR PROBLEM

LIBERALS AND WHITE RIBBONERS DIFFER

One Element Asks Police Board to Reconsider License Order—Others Praise Action in Revoking Permits

The Liberal alliance, the German-American alliance and the Women's Christian Temperance union had representatives before the police board yesterday in regard to the recent orders affecting the liquor license regulations.
The Liberal delegation urged the board to rescind the order which calls for revocation of permits after July 1 where saloon and restaurant privileges are enjoyed in the same building.
The formal statement made by the committee consisting of Hans Zoellner, R. V. Meier, Louis Luckel, Frank Demer, L. P. Collette, M. Stephan and Fernand Parmentier, representing the German-American as well as the Liberal alliance was as follows:
We, citizens and qualified voters of the city and county of Los Angeles, on behalf of the Liberal alliance of Southern California, and the German-American alliance of Los Angeles, having been duly appointed a committee for this purpose do hereby protest against the following paragraph in the ruling of your honorable body in accordance with section 2, No. 5748, new series, to wit:
Resolved, That on and after July 1, 1908, the restaurant license holders, who also hold permits from this board, such restaurant permits being located in rooms or connected rooms used for such saloons, or immediately adjoining or connected rooms, shall be revoked; and be it further:
Resolved, That the chief of police be instructed to cause copies of these resolutions to be furnished all persons, firms or corporations conducting places of business in this city under billiard hall, restaurant, liquor or saloon licenses under permits of this board.

"In the opinion of our organizations the enforcement of such a clause would be highly prejudicial to the commercial interests of the majority of the people of Los Angeles and would be of benefit to no one.
Therefore, we beg to request your honorable body to exercise its utmost efforts and influence in reconsidering and omitting the paragraph from your ruling."

The board took the request under advisement.
Then Secretary Charles McKeag read a communication from the White Ribboners, as follows:
The Central W. C. T. U., in regular session at Temperance temple, sends greetings to our brothers of the police commission and wishes to express our sincere gratitude to your honorable body for the steps taken in the right way of revoking the license from the Concordia, Bismarck and Burbank cafes.

"Thank you, and may you continue in your good work.
The communication is officially signed by President Mrs. Julia D. Phelps and Secretary Mrs. Laura Carter for the officers, who are Miss Mary A. Stewart of Pasadena, vice president; Mrs. Frances W. Drances of Los Angeles, corresponding secretary; Mrs. Eva Keesee Benson of Pasadena, treasurer, and Mrs. Louise Heim of Long Beach, branch secretary of the Local Temperance Legion."

The board filed this letter.
Back in 1901 before the civil service rules prevailed in Los Angeles the police board, without trial, dropped H. L. Pawling, now of 1029 Casco street, from the rolls.
Yesterday Attorney George Beebe asked reinstatement of Mr. Pawling, remarking that he doubted whether the man had ever been legally dropped.
Mr. Pawling's petition says:
After nine years of faithful service as patrolman in the police department of Los Angeles I was summarily, without trial and without just cause, dismissed from said service, and hereby apply to your honorable body for reinstatement to my former position, being convinced that the facts of my case will convince you that I am entitled to this consideration.
Two dozen well known citizens signed Mr. Pawling's petition asking reinstatement, viz: Chairman C. E. Patterson of the Los Angeles county supervisors, Anthony Schwamm, W. A. Hammel, Joseph Mesmer, John Lepore, M. G. Gonzalez, Joseph Spang, G. U. Whitney, James W. Hellman, C. A. Jenks, R. D. List, S. J. Quint, E. S. Butterworth, Simon Ward, Walter Harris, public administrator; Frank Bryon, W. B. Percival, G. W. Fitch, Eisner & Co., W. A. Johnson & Co., Buffalo Woolen Co., A. B. Moreno, J. H. Crumrine and John A. Mathews, who says:
"From what I have heard, I believe Mr. Pawling entitled to reinstatement. The matter was referred to the chief, who will confer with the city's legal department."

DEAD PEPPER TREES MENACE POLICE STATION CALLERS
Two dead pepper trees in front of the University police station will be cut down by the city's chain gang.
City Forester E. J. Harper notified the board yesterday of their presence, saying that the two trees are very unsightly and are becoming a menace to those who have a pass that way as any wind may cause some limb to fall.
As city forester he requested the board to plant some young trees in their stead.

Former Patrolman Confronts Board with Messrs. Patterson, Schwamm/Hammel, Mesmer and Bryson Indorsing Him

CAPTAIN OF POLICE MAY FACE CHARGES

Officiousness of Police Captain W. H. Auble was rebuked yesterday when the police commissioners spread on the records the written statement of an unprovoked assault on a photographer who took a snapshot of a woman prisoner passing Second and Hill streets.
Auble pushed the photographer, the latter alleges, remarking that he would have no more of such work.
Photographer E. J. Spencer and those interested did not care to prefer formal charges, containing themselves with putting the complaint on the records so that if occasion should arise in future to take the case up the board could act intelligently.
The case will be laid before Chief Edward Kern when he returns to Los Angeles, however, in order that he may instruct Auble that police duties have limitations, so much so that they require the captain's undivided attention at all times.

HARBOR ROAD PROMOTERS ASK FOR FURTHER TIME

The Los Angeles Harbor Railroad company has filed with City Clerk Harry Lehland a request for delay.
President A. C. Bird and Secretary F. C. Winthrope state that they respectfully ask that action on their petition for an ordinance permitting the use of certain streets and a portion of the official bed of the Los Angeles river for railroad purposes be deferred for the time being.
"This request is made," said Attorney Frank J. Thomas, "with the assurance and in the belief that certain modifications now under consideration by the Los Angeles Harbor Railroad company and its engineers will obviate the objections heretofore expressed by the city, which must be of incalculable benefit to the city."

FIVE APPLICANTS SEEK POLICE BOARD LICENSES

MYSTERY CLINGS TO SALT LAKE AUTO

POLICE BOARD REVOKES PERMIT FOR MACHINE

Owner Never Claimed License, but Dispatches Tell of Smashed Buzz Wagon Found in Barn in Utah

In revoking an automobile permit yesterday the police commissioners uncovered a peculiar story of an automobile that disappeared.
Permit No. 10, issued to Albert Freshwater for auto No. 14,158, at 118 South Spring street, on February 25, had never been claimed, and the police were unable to find Freshwater to give him the coveted document.
Dispatches from Salt Lake, of which, however, the board has no official knowledge that they are correct, may explain the mystery, the surname of the principal being the same as the owner of permit No. 10. This dispatch says:
"With the aid of Detectives Shannon and Wilson, John W. Freshwater of Los Angeles, who is here in search of his missing 25-year-old son and an automobile, today succeeded in finding the car, a 1906 Pope-Toledo, with one wheel broken and a number of repair bills outstanding in an old barn."

Freshwater informed the police that he had purchased the car at Los Angeles and shipped it to his son, who was smashed during some party morning escapade which the prodigal feared to report.
"Freshwater will take possession of the car."

NEIGHBORS HALL IN CHURCH'S BEHALF

A special meeting of the police board will be held on Tuesday evening, June 7 to consider the application for reinstatement of George A. Church of 213 East Fifth street, whose billiard hall license was revoked last week because it was charged that minors were permitted to gamble there.
One offense is admitted, but on that occasion Church was out of the city and his billiard manager was in possession.
Attorney M. J. McGarry stated to the board.
Commissioner Charles Fuller said he knew several persons who testified to Church's good conduct of the place and a petition was filed signed by over forty nearby residents and property owners who said the establishment was run properly.
Acting Chief Paul Flammer stated that the patrolmen on the beat had made complaints and he based his adverse report last week on these statements. The board revoked the permit because of this report.
In view of the lengthy petition filed Mayor A. C. Harper said he favored an inquiry into the case and also asked for the presence of the patrolmen who found fault with Church to testify as to the personal animosity involved.
"The police made a black report," said the mayor, "and if it is true the board did right. If there is any enlighten we want to know it. His neighbors give him a fine reputation. I feel like having a thorough investigation."

MILK TRUST METHODS TO END

Dairy Farmers of Southern California Revolt Against the Milk Trust
Will Market Their Own Milk Direct. Both Retail and Wholesale

Perhaps no event that has occurred in business circles during the past year has of more interest and importance to the people of Los Angeles than the action recently taken by the dairymen of Southern California in organizing the new California Dairy Association.
This movement grew out of the unjust and oppressive policy of the milk combine, or Milk Trust, as it is generally called, which has endeavored to monopolize the milk business in Los Angeles since its organization about a year ago. So bold has the Milk Trust become in its policy of extermination against any and every dairymen or dairy company that has the temerity and effrontery according to Trust ideas, of attempting to sell or deliver milk to any customer, either retail or wholesale, in the city of Los Angeles.
As a result public sentiment is becoming wonderfully awakened and embittered against this unlawful and practical attempt to destroy all competition and monopolize the marketing of so prime and universal a necessary of life as milk.
The combine has already made such headway in its policy of extermination that nearly every dairymen in the city a year or two ago has either been put out of business or bought out, except the Crescent Cream and Butter company, which seems to be holding its own against the combine; and now that this new Goliath has come upon the scene, in the person of this Dairy Association of farmers, the Crescent company will have a powerful ally in this fight on which so much depends.
The purposes of this new Dairy Association are twofold: First, to market the product of its members direct to the consumer, both retail and wholesale; and second, to produce and deliver a milk so high in quality and so pure and sanitary that every drop of it will be guaranteed by the Association and fully certified. The Association will be ready for actual business and the regular supply of milk by the 15th of June, and its place of business will be one of the largest and best equipped of the kind in the west. It is located at 211 to 249 Winston street.
Already nearly nine-tenths of the dairy farms in the entire territory tributary to Los Angeles have joined the Association and have contracted to market their milk through it. By producing their own milk and marketing it direct, and through the channels of their own organization, these dairy farmers will be able to laugh to scorn the milk trust. The marketing will be done in much the same manner as is done by the several Fruit Exchanges, which have proved so beneficial to the fruit business of California, by putting an end to the unscrupulous methods of the middle men and brokers, at whose mercy the fruit men previously had been.
All the pasteurizing and cold storage work for the new association is to be done by the Crescent Cream and Butter Co. at its fine new plant on Winston street. We bespeak for this new concern an enormous patronage, especially from all people who appreciate the difference between good milk and poor milk. Their telephone numbers are the same on both phones, Ex. 1444.
If you want fine milk like that you used to get on the old farm back home, and that has all the cream still in it, you had better ring them up.

CATCH SUSPECT ON HIGH ROOF

ALLEGED ROBBER LEADS IN THRILLING CHASE

PURSUED BY POLICE UP LADDERS AND OVER FENCE

Is Handcuffed, Trembling and Crouching, in Slum District—Believed to Be Noted "Saginaw Kid"

After a long wild chase through alleys in Chinatown, up ladders, over roofs and fences and among dark tenement dens J. W. Foley, better known in police circles of the country as the "Saginaw Kid," is a prisoner at the city jail with suspicion booked opposite his name on the detinue book.
This morning it is probable the charge will be changed to that of high-way robbery. Foley is accused by the police of having relieved one Joaquin Fontez, a Mexican laborer, of a gold watch at Ducommun and Alameda streets at about 10 o'clock last night.
Fontez was on his way home on North Alameda street from his work in the southern part of the city when by Ducommun street he was accosted by Foley and a companion with an inquiry as to the time.
Unsuspecting the Mexican pulled his watch from his pocket and opened it to glance at the dial. As he did so Foley it is alleged grabbed the watch and tore it loose from the chain and dashed away up Alameda street.
Long Chase Begins
Fontez at once made an outcry and Patrolmen Buttorf, Shy, Donahy and McAuliffe, who were in the vicinity, responded.
They took up the chase of the fleeing highwayman and he dodged them by turning into Ferguson alley and taking a narrow way by several buildings known only to Chinese residents.
The police followed stubbornly on his trail and chased him through a two-story building or crooked halls and then into another narrow and dark alley and across Apalaba street into still a third dingy alleyway and up a ladder and a narrow stairway to the roof of a building which ran back to Ferguson alley.
The pursuit was evidently too hot for the quarry, for when the officers, led by Buttorf, reached the roof of the building Foley was found crouched breathless and trembling behind a partition wall.
He was handcuffed and removed to the station, where his victim a few moments later identified him as the man who had committed the robbery.
Foley's companion escaped in the darkness and while two of the officers were brought in by the officers Fontez was unable to identify them and they were allowed to go.
