SIXTEEN GRADUATE AT CUMNOCK SCHOOL
IMPRESSIVE EXERCISES ARE FINE FEATURE

"The Spanish Gypsy," Read by Mrs. M. M. Grigg, and invocation and Benediction Prove Inspiring to Large Class

ASSESSING CHILDREN BURDEN ON PARENTS
CLUB WOMAN OPPOSES TAX ON STUDENTS

"Graft Too Strong a Word," She Says, but Admits Injustice—Yearly Change of Textbooks Hard on Many

Down a flower-lined aisle the graduates of the Cumnock school passed last evening to the entrance of the larger school of life. Rev. Eliza Tupper Wilkes made a beautiful invocation, praying for strength and faith for the young women facing the world.

Mrs. Merrill Moore Grigg read "The Spanish Gypsy" by George Eliot.

Rev. William Horace Day, D. D., presented diplomas to the following graduates from the school of expression: Misses Maude Vivian Boice, Annice J. Campbell, Ursula Ellmore Chartman, Mabel Claire Deamer, Edith Hale Har- ris, Winifred E. Ramsay Anna Edith Lynn and Fredonia Zimmerman.

Interpretation department—Miss Alta May Seaman.

From the academe department were the Misses Leda Gertrude Atkinson, Marjorie Hardy, Erma May Lane, Charlotte Jannette Leland, Dorothy E. Smart, Helen Stewart and Bertha Ed- wards Taylor.

After an earnest benediction the graduating classes gathered in the reception hall, where they received the congratulations of numerous friends. During the evening a delightful musical program was rendered.

"I do not believe the demands for money from the school children should be called graft; the word is too strong to fit the case," said Mrs. Florence Collins Porter, addressing the California Business Women's association in its club rooms in the Collins building last night.

The constant collecting of small amounts of money from school children falls as a burden in many cases upon parents who can ill afford the expense. This is particularly true at this time. I have served as a member of four school boards in eastern states, where we had free supplies. This included books, pencils, paper, maps and everything for the convenience and education of the children.

"I am an advocate of free education in California. A child under the free supply system is not humiliated by having to apply to a charity association in order to have the necessary books for his education.

"In the eastern schools no collections are taken at any time for anything, and no presents given to teachers, either in school or at their homes. The flags for the schools are bought with money from the school supply fund.

Several other club members spoke on the subject, when Mrs. Porter invited discussion. One woman said:

"As one who has suffered I would have any system which would put an end to the changing of text books each year. If we must buy books, let us appear to the school as a charity association, and let them buy the books and the book dealers less."

The question was asked, "Had not a law been passed in the state of California which provided for free books for the public schools?" Mrs. Porter said she believed such a law passed the senate, but was vetoed by the governor.

MUSICAL NOTES

That the Coronado Tent City Orchestral Concert band has come and gone is a matter of regret, but for the pleasant memories that the visiting artists have left in the Director Ohlmeyer and L. E. Behmer.

Encores were freely demanded and as generously accorded. The program was as follows:

Three o'clock is the hour set for the musicals.

ENDS LIFE BECAUSE JOB WAS UNSTEADY
JEWELER TAKES CARBOLIC ACID AT HOME

le Jovial at Supper, Then Bids Family Goodby, Retires to Bedroom and Commits Suicide by Drinking Poison

Otto J. Kreiger, a jeweler living at 1667 West Washington street, who came here from Chicago eleven months ago, committed suicide at his home last night by drinking carbolic acid.

Kreiger killed himself a few minutes after taking supper with his family at 8 o'clock, and during the meal seemed in unusually good spirits, chatting and joking with his wife and his two children, a girl of 14 and a boy of 10 years.

After the close of the meal he arose from his chair at the table, remarked that he would go to bed and left the room. He came back in a few minutes and bade his wife and children good by.

He then retired to the bedroom, and it was not until some minutes later that his wife, detecting a strange odor, went into the room and discovered her husband lying on the bed with an empty vial which had contained carbolic acid by his side.

Mrs. Kreiger at once gave the alarm and Drs. F. F. Barham and Frank Byington were sent for, but when they arrived the man was breathing his last and they were unable to do anything for him.

Despondency because of his inability to secure a steady position is said to have caused the deed. The body was removed to Pierce Bros.' morgue.

SCORES RUSH TO ENLIST IN NAVY
LIFE ON OCEAN WAVE LOOKS GOOD TO ANGELENOS
YOUNG MEN THINK SAILORS HAVE FINE TIME

Many Out of Work Desire Temporary Means of Making a Living and Others Enter Service for Easy Existence

A life on the ocean wave appeals to Angelenos.

So many young men yesterday applied at the new naval recruiting station in the Douglas building that Lieutenant Commander Olmstead thought they must have mistaken his place of business for a free lunch counter.

The fact that many men are out of work is given as one reason for the rush of embryo sailors. Another is that a large part of the floating population of the masculine gender was impressed with the magnificent treatment accorded the bluejackets while the fleet was in Southern California waters and is desirous of participating in this round of festivities, banquets and prize fights, with an occasional automobile ride thrown in looks good to them, and they rush to the recruiting station.

Lieutenant Commander Olmstead says if the rush continues he will be compelled to enlarge his office facilities and his staff of assistants.

ADMINISTRATION WILL WAIT UNTIL PLATFORM IS PASSED

WASHINGTON, June 16.—This statement was issued from an authoritative source today:

"An exchange of telegrams over night between Washington and Chicago indicates that there will be no developments so far as the administration is concerned in the matter of the soliciting of a candidate for vice president here until after the platform shall have been disposed of and a nominee for the presidency shall have been named."

It is understood that the above statement was issued with the distinct purpose of averting complications of the vice presidency with the presidential nomination, reflection over night has only strengthened the determination of the war secretary to insist upon the inclusion in the Republican party platform of the anti-injunction plank on the lines of that telegraphed last night.

"Therefore a long telegram went forward from the war department today to Frank Hitchcock, Secretary Taft's Chicago manager, instructing him to insist upon the anti-injunction plank."

DISTRICT ATTORNEY JEROME ANSWERS ADDITIONAL CHARGES

NEW YORK, June 16.—District Attorney Jerome's answer to the three additional specifications in the charges filed against him by a committee headed by William F. King were sent to Governor Hughes at Albany today.

The specifications charge that Mr. Jerome threw dice for "a dollar a throw and the drinks" during the closing hours of the first Thaw trial; that he advised E. R. Thomas, while under indictment in the banking cases, to get another lawyer in place of the one who was representing him and that he offered immunity to William R. Montgomery, a banker, under certain considerations.

Mr. Jerome's answer is very lengthy.

Prosecution Ends Argument

WASHINGTON, June 16.—Assistant Attorney General Hugh today concluded his argument to the jury in the case of Messrs. Hyde, Diamond, and Snyder, charged with conspiracy to defraud the government of valuable land in the west, and the opening statement for the defendants Benson and Schneider was begun by their counsel.

Murphy, leader of Tammany Hall, probably will leave New York for Denver four or five days in advance of the New York delegates to the national convention, according to a statement made at Tammany Hall today. The delegates will leave New York in special trains on July 3. It was said Mr. Murphy desires to meet the leaders from the various states as soon as they begin to arrive at Denver.

"We are unopposed and we will wait until we get to Denver and look the ground over before we decide what to say," said Mr. Murphy today when asked for a suggestion as to the Democratic nominations.

Replying to a question whether it looked to him as though Mr. Bryan will be nominated, Mr. Murphy said: "Yes, it does, judging by what we see in the newspapers."

POLICEMAN DIVES FOR DROWNING BOY
Officer Finally Dragged the Lad from Gravesend Bay, but It Was Too Late to Save His Life

NEW YORK, June 20.—Edward Sennello, 19 years old, and a dozen other young fellows went in swimming in Gravesend bay, at the foot of Bay Eighth street, Bath beach. Sennello swam 100 feet out, when cramps seized him and he yelled for help. His friends thought he was "fooling" him, and laughing, did not try to help him.

Patrolman Cards of the Fort Hamilton police station recognized Sennello's danger, and chucking off his helmet jumped into the bay. But Sennello dived repeatedly he could not find him.

The policeman returned to shore, but saying: "I'm going to try for that chap again," took off some of his clothes and jumped in. This time he brought Sennello's body to shore and immediately tried to revive him by artificial respiration.

Cards worked hard for twenty minutes, when Dr. Fisher arrived in an ambulance from Coney Island hospital. After making a long effort to resuscitate Sennello he pronounced him dead.

Officer lives on Fifty-eighth street, near Fifteenth avenue, Brooklyn.

YACHT RACING BENEFIT TODAY
FINE PROGRAM FOR AID OF HONOLULU CONTEST

NOTED ARTISTS WILL PARTICIPATE IN PERFORMANCE

Chamber of Commerce Confident Attendance Will Be Large—Object Is to Make Contest Big Success

The benefit performance to be given today at the Auditorium promises fair to be one of the biggest successes of its kind ever attempted in Los Angeles.

As a result of the tireless efforts of the chamber of commerce to make the benefit performance a financial stimulus for the Trans-Pacific Los Angeles-Honolulu yacht race, to be pulled off at San Pedro July 4, the program for today declared to be by far the best ever arranged under similar circumstances.

Nearly a score of well known artists will participate, including the famous "California nightingale," Edna Beach Yaw. The program is long and varied, and will afford entertainment, it is said, for any and all kinds of amusement lovers.

The object of the performance is to obtain funds to finance the yacht race and to closer seal the relations between Southern California towns and Honolulu. The business men, especially, who have realized the importance of the entertainment and its object, have contributed generously for tickets, and the auditorium will be almost filled.

A feature of the performance will be the singing of "Panis Angelicus" with accompaniment for the orchestra, the latter by Bruce Gordon Kingsley. It is said this beautiful composition never before has been given on any stage.
