

EXHIBIT BABIES OF ALL COLORS

LITTLE CHINESE TOT WINS ONE PRIZE

MANY RACES REPRESENTED AT EAST SIDE SHOW

Church Nets \$80 from Entry List and a Considerable Sum from the Sale of Refreshments

0-0-0-0! mamma!

That East Los Angeles Congregational church baby exhibition yesterday, given under the auspices of the Women's Aid society, at the church, 140 Daly street, was a howling success.

It was a crying shame, however, that all of the 134 babies entered in the infant beauty contest couldn't have won prizes.

The exhibition opened at 2 o'clock in the afternoon, and in less than twenty minutes there was nobody in the big church who in that situation would be as to the seriousness of the president's race suicide theory.

It was an international affair, too, and one of the most cosmopolitan ones Los Angeles has seen for many months.

There were Indian babies, Chinese babies, Russian babies, Japanese babies, Swedish babies, German babies—in fact, babies from every conceivable section of the big globe, and they were all doing their best to make their distinguishing characteristics conspicuous.

Coo, Kick and Yell

Some of them made wry and wrinkled faces, others pined their noses, yawned, kicked, wiggled or laughed, according to the fancy of the moment; while still others displayed a remarkable knowledge of social ethics and merely posed for the Kodak man or nibbled a morsel of the kiddy man or nibbled a morsel of the kiddy man or nibbled a morsel of the kiddy man.

The success of the baby show was largely due to the efforts of the executive committee of the Women's Aid society, composed of Mrs. George Adams, 2515 Pasadena avenue, president; Mrs. F. E. Prior, 229 North Sichel street, president of the Wednesday Morning club; Mrs. J. E. Smith, 2315 North Main street; Mrs. George Ward, 141 Avenue 29, and Mrs. George Felt, 2638 North Workman street, who promoted the exhibition and who strenuously made it all it proved to be—a big hit.

The affairs was held for the benefit of the church, and netted in entry fees over \$80. Beside this sum a considerable amount was realized from the sale of aprons, ice cream, cooked and canned goods, dolls, etc., in the class room of the church.

Baby Parade Feature

One of the novel features of the show was a baby parade. Prizes were offered for the best decorated carriages, and about twenty flower-trimmed baby buggies were entered in this parade.

First prize—Carriage with pink sweet pea blossoms and asparagus fern; won by Mrs. C. L. Dunsen, 2315 North Griffin avenue.

Second prize—Carriage with pink carnations and ferns; won by Mrs. E. B. Grecco, 2930 Downey avenue, and her baby Ronnie.

The carriage judges were: Rev. J. C. Compton, Rev. F. E. Ferry and William Rooms.

The prizes awarded to the babies were:

Most handsome blue-eyed baby—Donald Frederick Tyler, son of Mr. and Mrs. Benjamin Tyler, 410 East Avenue 28.

Most handsome black-eyed baby—Edward Coman, son of Mr. and Mrs. N. L. Coman, 828 E. Willow street.

Most handsome red-headed baby—Grace Cooper, Moneta.

Most handsome young baby, aged 4 weeks—Walter Jessup, son of Mr. and Mrs. M. A. Cole, 319 West Thirty-eighth street.

Most handsome twins—John D. and John Lee Starling, 1914 Dayton avenue.

Most handsome Chinese baby—Helen Yung (Chinese), 11 months old, daughter of Mrs. Lum Yung, Apalaba street.

Beside the latter baby was entered another charming little Chinese youngster, aged 4 1/2 months, the daughter of Mr. and Mrs. Chang, wealthy merchant, whose home is at 2172 East Seventh street. The baby's name is Dorothy. It was attired in dainty Oriental silk costume of many colors. The mother, also attired in Chinese fashion, came to the show with the baby in her arms.

The judges of the babies were: Mrs. Ada M. Laughlin, Mrs. Charles W. Holder and Miss Louise Gilman.

There were 134 babies entered, sixty-one of whom were girls and seventy-three boys.

MUNICIPAL AFFAIRS

COUNT ON FIVE TO REFORM DANCING

COUNCIL MAJORITY FAVORS REGULATION

Purity Workers Will Flock to City Hall on Monday in the Interest of Young People

Sunday Rest leaguers who are pushing the proposed ordinance to keep minors out of the halls unless attended by parents or guardians are counting on the support of Councilmen Pease, Wallace, Wren, Lyon and the probable help of Councilman Yonkin.

Already many of the women who have approached Secretary William Francis Ireland of the league with planks and propositions which they desire to have considered, but for the present the policy of the league is to get legislation to uphold the morals and health of the youth as far as they are affected by dances in Los Angeles.

Yesterday only the members of the council were on hand, and it was decided to leave action concerning the proposed ordinance to the council itself on Monday afternoon, without recommendation. Differences exist over the minor details. At that time many men and women interested in the youth of Southern California will come to the city hall to hear the debates.

REQUIRES AUDITOR'S HELP IN STRAIGHTENING CLAIMS

Two Payroll Demands in Health Department Are Complicated by Technicalities in Mueshet's Absence

In the absence from Los Angeles of City Auditor W. C. Mueshet some interesting mixups are developing in the payroll of the health department which the city council must straighten out.

Chief Quarantine Officer George Miles, who has not had a vacation in four years and at times works for weeks at the rate of eighteen hours a day, and Sundays, too, took a two weeks' lay-off recently to climb Mt. Keeler. When he returned he found that his pay had been cut short for a period of absence from the board. He is entitled to two weeks' vacation each year with pay.

Clerk William H. McGill, who lost a month's time a year ago when charges were filed against him by the civil service commission, but on which he was acquitted, is also to receive this pay, if the wish of the health board is carried out, but the demand reached the city council before the board had a chance to place its endorsement thereon, hence the council turned it down.

FIGUEROA STREET WIDENING CARRIED BY CLAMPITT

City Engineer Homer Hamlin has been instructed by the city council to furnish data regarding the proposed widening of Figueroa street from Diamond to First.

REDUCE POLES BY JOINT AGREEMENT

CITY AND UTILITY COMPANY OFFICIALS ACT

Will Make Tour Today to Learn Where Skyline Can Be Protected from Forest of Poles and Wires

The joint "pole agreement committee" of the various public utility companies, members of the board of public works and some councilmen will make an automobile tour today along North Main, West Pico and other streets to note where it is possible by consolidation or nesting of overhead wires to reduce the number of poles standing or prospected outside of the conduit district.

Hundreds of poles have been cut down or their use avoided by the agreement which exists between the municipality and the companies. They leave to a joint committee the decision as to districts where several companies can use one pole. The joint arrangement also saves the cost of installing new poles.

It has been suggested that several hundred poles in the Pico district could be saved by a harmonious understanding and today's trip is a means to that end.

MUNICIPALTY PROFITS BY DELINQUENT TAX SALES

City Attorney Reassures Councilmen Who Question Advisability of Throwing Vacant Property on Market Now

Questions have been raised in the city council whether the municipality is doing wisely in throwing much delinquent tax property on the market now, when bids are likely to be low. One member of the council has already proposed that the property be held and more are probable.

Both Councilmen Wallace and Dromgold of the finance committee have asked whether the city would not profit by waiting until late in the year before disposing of properties.

City Attorney Leslie R. Hewitt has explained that the lots always bring more than the amount of accumulated costs, and as soon as they are sold again they at once go back on the assessment rolls and bring in the usual annual tax to the city, which is interrupted while the city holds the title.

CITY TENDERS CASH FOR BRIDGE APPROACH LANDS

Having adopted the report of the appraisers the city will go ahead and tender cash for several lots owned by different owners controlling property at the approaches to the new Downey-Buena Vista-Pasadena avenue bridge. About \$12,500 will be required.

If the owners do not accept the sum tendered the city will institute condemnation suits.

The land is needed to push along the big bridge scheme to which Councilman R. W. Dromgold has given much time for his first ward constituents.

NEWS OF THE COURTS

INCENDIARIES MUST SERVE TERM IN JAIL

Christobel Morley and Henry Sanderson Must Do Three Years for Setting House on Fire to Collect Insurance

The district court of appeals has affirmed the judgment of the lower court and Christobel Morley and Henry Sanderson, who were sentenced by the late Judge B. N. Smith last August to serve three years each in the state's prison on a charge of arson and have been prisoners in the county jail since that time pending the decision of the higher court, must go to the penitentiary.

Last July the Morley woman and Sanderson rented a house on Woodward avenue, in the West Temple street district. They bought a quantity of household goods and insured them. Several days later, about 2 o'clock in the morning, the neighbors were awakened by an explosion and found the house occupied by the defendants had been blown up and was on fire.

Both were brought to trial and convicted of setting fire to the property for the purpose of collecting insurance upon the same. They were represented by Attorneys Rogers and Schenck, who appealed the case. The state was represented by Deputy District Attorney G. Ray Horton.

This decision of the appellate court in sustaining the judgment of the lower court reflects great credit upon the manner in which the case was conducted by Horton. Prior to his coming into the office of the district attorney the state had never secured a conviction of persons charged with arson.
