COAST LEAGUE DIRECTORS AWARD FRANCHISES TO TWO NEW CLUBS

VENICE AND SACRAMENTO DRAW COVETED PRIZES AT SPECIAL MEETING HELD LAST NIGHT

McCredie of Portland Votes for Increase in League Circuit and Suggests That Two Pacific Northwest Cities Also Be Taken in. Definite Location of Second Local Team Not Known, but Ferry Favors Abbot Kinney's Town

SAN FRANCISCO, July 15.—At a meeting of the Pacific Coast Baseball League tonight franchises were granted to Edward Kripp, on behalf of Sacramento, and to Henry Berry, representing the Southern California Athletic Association. In the application of the latter it was stipulated that the ball park would be established within the territory thirty miles from Los Angeles, the exact location to be announced within sixty days. It was desired to join the vicinity of Los Angeles will be selected. Kripp announced that he stood ready to guarantee the expenditure of \$30,000 in equipping a park at Sacramento and that if money could win a pennant no expenses would be spared to secure a high class team. Judge McCredie of Portland telegraphed encouragement in the matter of granting Sacramento and the southern association franchises. A letter also was received from Judge McCredie, saying that Tacoma and Seattle desired to join the coast league. The matter of the Seattle franchise will come before the national commission, the Pacific Coast league claiming it was fraudulently taken away.

forts that influenced the league directors to increase the league to a six club circuit and give Los Angeles continuous baseball next season, and although local fans always have loyally supported him and appreciated his efforts to give the south a championship team they appreciate him more than ever since he has so successfully carried out his promise of continuous baseball for Los Angeles. There will be no heard another yawn about that freak schedule, and since Hen has done his part, it is up to the fans to get busy and make good on the proposition of continuous baseball being a profitable experiment. Many fans have tried to discourage Hen on the continuous baseball idea by declaring that Los Angeles is not large enough to support continuous baseball, but he has gone ahead with different ideas, fully believing that the fans will support continuous baseball since they have made such a "holier" for Los Angeles. Los Angeles is big enough to make the proposition a success. San Francisco and Oakland have played to continuous schedules for a long time and have made it a paying proposition. In the event that the national baseball commission decides the squabble between the Pacific Coast and Northwestern leagues in favor of the former, Seattle and Tacoma will be taken back into the league, forming an eight-club circuit, that which is most desired by the fans and the magnates. At any rate, the league will be composed of six clubs next year and there will be increased interest in the pennant chase by reason thereof.

Thus ends the fight that began in Los Angeles two years ago for a reorganization of the Pacific Coast League. The Los Angeles fans would have the same privileges accorded the San Francisco team in continuous baseball. All honor and credit is due to Hen Berry, the greatest thing in the American baseball world today. It was his persistent effort

GOSSIP OF THE DIAMOND

BY RED PERKINS

At a meeting of the California Summer league last night the Chutes Park team was admitted to membership in the organization, making a six-club organization. There was considerable opposition to admitting this team, but after much discussion, it was admitted. The Chutes Park will be composed practically of college athletes in Mc Knight, pitcher, formerly of Occidental College; Fred Johnson, catcher; Beck college; and with crack players in its lineup it should give the other clubs a hard run for honors in this league. Karp, who formerly played with Weather-Kayser company, no doubt will captain the team.

for next Sunday. Telephone Downey, 1192. As the Rivera club joined the Southern State league and is unable to keep its next Sunday date with L. A. C., the latter desires to hear from any semi-professional team for a game next Sunday. Answer through The Herald.

The Salt Lake team has made arrangements with Fred Karp to exhibit the banner which they won in the Southern State league championship events in Los Angeles, Sacramento, San Francisco and Salt Lake, in the Union Pacific ticket offices in these respective cities. Clark, who has twirled two consecutive games for the Salt Lakes, no doubt is one of the fastest slabsters in Southern California, notwithstanding that he has been playing in the miscellaneous ranks. His ability in the box has shown much excellence and he could hold his own in faster company. I have wondered often why some of the scouts of the big leagues have not put their eagle eyes upon him.

I ascertained last night that the Pacific Coast league has engaged a professional scout to make a tour of the eastern circuits for the purpose of securing material for the Sacramento and Venice clubs, which will constitute the six-league organization which the directors are forming for next season.

The baseball game played at Orange last Saturday, between the Y. M. C. A. teams of that city and Los Angeles, resulted in a victory for the Orange boys in a game close and exciting throughout, the score being 3 to 2 in favor of the Orange nine. Herbert Witt, second baseman for the Orange team, deserves great credit for the game he played, as he accepted nine hard chances without an error. In the ninth inning the Los Angeles boys filled the bases with the intention of winning the game, but to no avail, and could not carry out their intentions.

The American National bank team, although not on top, has been playing consistently well during the Bankers' league season. Pitcher De Normandie and Catcher Jones are said to be among the best batters in that organization. Following is the batting averages of the team:

The schedule for next Sunday in the California Summer league is as follows: Hoeges vs. Chutes Parks at Chutes; Salt Lakes vs. Venice at Venice; Edison vs. Athletics at Athletic park.

Capt. Dillon of the Los Angeles team was not in the game yesterday at Portland at first. He was spiked last Saturday by another player and stayed out of the game for several days.

At a meeting of the Independent league last night President Louis Pitzer and Red Perkin, manager of the team, were present. Pitzer, who is one of the best coaches of any of the eastern universities never have been able to do. He took a bunch of men, who almost without exception were good, and he has won several titles in three weeks turned out the great four-oar crew which, under Captain Isaacs, went to San Diego and San Francisco crews. These crews were older and of supposedly better training. It certainly was a grand feat, but the outcome was not a surprise to a representative of The Herald, who was accustomed to take delight in watching the men train in the evenings and early during the week, who watched them row the three-mile course and make their remarkable finishes.

The American National bank team, although not on top, has been playing consistently well during the Bankers' league season. Pitcher De Normandie and Catcher Jones are said to be among the best batters in that organization. Following is the batting averages of the team:

The Herald was able at that time to predict that Isaacs' men would do perfectly smooth water and would be obliged to row on the rough seas of the lower bay. With the turning out of that crew Treloar surprised old oarsmen, who were astonished at the result. In short, the achievement of last year was due to Al Treloar's ability as a coach and Isaacs' popularity as a captain.

The American National bank team, although not on top, has been playing consistently well during the Bankers' league season. Pitcher De Normandie and Catcher Jones are said to be among the best batters in that organization. Following is the batting averages of the team:

Home Councils vs. Florence Grahams, at Florence. Home Councils—Mangeria or Finlay, catcher; Ferraris, pitcher; Koeller, first base; L. Smith, second base; Sullivan, shortstop; E. Smith, third base; Beland, left field; Wilson, center field; Miller, right field. Florence Grahams—Stout, catcher; Ford, pitcher; Wimberly, first base; Graham, second base; Kutz, shortstop; Fibers, third base; Cahill, left field; Rich, center field; Ward, right field. Wellands vs. Lukes, at Thirty-eighth and Alameda streets. Wellands—Finlay, catcher; Miller, pitcher; Harkness, first base; Venable, second base; Bell, third base; McMullen, shortstop; Tanson, left field; Brown, center field; Miller, right field. Lukes—Thompson, catcher; Haley, pitcher; Haight, first base; Delancy, second base; Hanagan, third base; Keenan, shortstop; Strong, left field; Smith, center field; Hamilton, right field.

At the Athletic diamond next Sunday, when the Athletics and the Venice teams meet, there will be great things in store for the fans who attend. A musical program and a pig's head feast will be in order. Manager Bondie is well pleased with the attendance at that park, which goes to show that a strong team will draw large crowds anywhere.

STATE LEAGUE GAMES SANTA CRUZ, July 15.—After leading to the fifth inning the Santa Cruzans had a run of hard luck, errors running the Senators to score five runs. Joe Nealon, in the ninth, after striking out three times, put the ball over the fence for a home run. Score: Sacramento 5, hits 11, errors 2. Santa Cruz 1, hits 7, errors 6. Batteries—Brown and Graham; Loucks and Hoag.

The management of the White City diamond at Arcadia will pull off a field day stunt next Sunday. There will be free races for all, including a fat man's race, baseball games between the White City and the Fraternal Aid clubs, while the winner will play the Pacific Mutuals; boxing matches, women's running races and a grased pig race.

was wise in all respects by holding onto him. Games scheduled in the Bankers' league for next Saturday are as follows: Security Savings vs. First National at Joy park, National Bank of California vs. Citizens National at St. Vincent's and Farmers and Merchants vs. American National at U. S. C.

L. H. Civile, vice president of the Bankers' league, will leave for Providence next Friday night, to be absent one month, to attend the convention of the American Institute of American Bankers, which will be held there July 25, 24 and 25.

Oakland sports a Chinese baseball team, and the papers of that city give the pitiful playing as much space as the outlaw league.

Jack Doyle of the Thirty-eighth and Santa Fe diamond is expected to hear from two Sunday morning clubs in regard to playing on that diamond. Call Broadway 3806 for further information.

SICK MAN BLOWS OUT BRAINS WITH RIFLE

Places Muzzle of Weapon in Mouth and Pulls the Trigger by Setting Lathe in Motion

James W. Butterworth, a mechanic, 47 years of age, who lived at Alameda and Florence streets, committed suicide last night by shooting himself through the head with a Springfield rifle.

Butterworth, who was a married man, had been afflicted for a number of years with asthma and lately the disease had become so bad that he despaired of gaining relief and made its exit at the crown of the skull, making a ghastly wound and causing almost instant death.

Coroner Hartwell was notified and the body was removed to the undertaking establishment of Orr & Edwards, where an inquest will be held today.

GREAT PACER KILLED WHILE RUNNING AWAY

Kruger, Frightened by Collision on Terre Haute Track, Dashes Into Fence, Dying Immediately of Injuries

TERRE HAUTE, Ind., July 15.—Although racing almost was devoid of interest today, the killing of the pacer Kruger, in the first heat of the 2:04 pace, carried over from yesterday, furnished a sensation. Gallagher went to a break at the start and swerved against Kruger's sulky, breaking off the wheel and throwing Lon McDonald to the track. Kruger ran away and at the first quarter pole ran into the inside rail. A portion of a sixteen-foot top rail penetrated his side, killing him. Kruger was bought for \$4000 by P. B. Williams of Boston and last year he won much money and made a record of 2:04. He held a world pacing record. Summaries:

STRUCK DEAD BY CAR IN CROSSING TRESTLE

Body Badly Mangled, Showing End Was Instantaneous, When Picked Up by Car Crew Near Long Beach

An unidentified woman was struck and instantly killed by an outbound car of the Pacific Electric railway on the Los Cerritos trestle near Long Beach at 3:40 o'clock last night.

The woman was walking across the trestle coming north when the car, running at a high rate of speed, came around a sharp curve and struck her before the motorman could check his speed.

The woman was knocked from the trestle, and as soon as the car could be stopped the crew, assisted by one or two passengers, brought the body up from the wash and laid it alongside the track.

There were no signs of life when the body was badly mangled it is evident that death was almost instantaneous.

The body was brought to this city on the next inbound car and was removed to Pierce Bros' morgue.

There was nothing on the corpse by which identification could be made last night. The body is that of a woman 40 years of age, 120 pounds in weight and 5 feet 3 or 4 inches tall. A blue skirt and a white waist constituted the outer clothing.

ARRESTED FOR MENACING WIFE AND HER ADMIRER

Charles Pierce, a painter, was arrested last night by Patrolman Purcell and booked at the central station on suspicion.

Pierce is alleged to have made an attack on his wife, from whom he is separated, and William McClellan, a carpenter, with whom she was in company at the time. It is said Pierce followed the couple from a Redondo dance hall and at the corner named, stopped them and asked for a private conversation with the woman.

Pierce is reported to have drawn a revolver and threatened him.

The woman tried to take the pistol away from her husband and in the struggle both were thrown to the ground.
