LINDA VISTA AGAIN FIGHTS SANITARIUM CAMP FOR CONSUMPTIVES IS STRONGLY DENOUNCED

Resolutions Adopted at Meeting—Superintendent Indignant and Says Good Work is Being Done by Institute

Special to The Herald.
PASADENA, Aug. 1.—Residents of Linda Vista have started another insurrection against the camp for consumptives which has been started in the arroyo near them.
Last night a meeting was held at which resolutions against it were adopted, and this morning a deputation met with Miss S. D. Vallier, secretary of the Associated Charities, to enlist the aid of that organization.
S. Hazard Halstead, general superintendent of the camp, was very indignant today at the action, which is only a renewal of trouble started long ago. "We are trying to do a good, charitable work," he declared, "and these people pester a paid employe of the Associated Charities all the morning with their grievances, trying to stir up trouble for me."
He declined to say what action the Pasadena Health Camp association would take.
"At any rate, we won't fight in the newspapers," he said angrily.
At present the camp consists of only one four-room house, in which are but two patients.

TOURNAMENT OF ROSES NEW OFFICERS ELECTED

Special to The Herald.
PASADENA, Aug. 1.—George P. Cary was elected president of the Tournament of Roses association at a hastily called meeting of directors at the Hotel Green this morning. He succeeds F. S. Allen, who resigned.
Mr. Cary was president last year. He was unwilling at first to accept the position again this morning, but finally was induced to do so.
The meeting was called by J. H. Holmes, vice president. All the directors were present except D. M. Linhard.
Charles F. Holder, a writer and sportsman, and first president of the association, was elected to the board of directors. During the early days Mr. Holder was a prime mover in the Tournament of Roses, and always has had a lively interest in the project for some years he had not officially been connected with it.
An informal discussion of plans for the future and for the campaign, which will be prosecuted in favor of the bond election, was held after the meeting.

A telegram has been received, however, stating that the ordinance is on its way back, accompanied by a letter.

FIGHT TO REMOVE ALLEGED EYESORE AT SANTA ANA

Special to The Herald.
SANTA ANA, Aug. 1.—Suit was filed today in the superior court by Elizabeth E. Allen, a Newport Beach property owner, to compel the Peabody Investment company and George T. Peabody to remove the bath house erected by them on the ocean front near the center of the thickly settled portion of the beach.
Plaintiff alleges she is entitled to a right of way over and along the site now occupied by the bath house, and defendants are equally certain the title to the location is vested in them by virtue of a deed from the Newport Beach company, from which the property was purchased.
The bath house, of which the foundation piles alone remain, was wrecked by the breakers two years ago and the unsightly wreckage has since been an eyesore to residents of the vicinity, who from time to time have protested against the maintenance of the structure as a public nuisance and a damage to adjoining property. Mrs. Allen is merely the nominal plaintiff. A dozen or more property owners outside of her have subscribed to pay the expenses of the suit.

PETITION TO CREATE NEW TOWNSHIP FOR FAIRVIEW

SANTA ANA, Aug. 1.—Petitions are being circulated to create a new judicial township to include Newport Beach and Fairview, and at their next meeting the supervisors will be asked to take favorable action.
Advocates of the scheme claim it will be a great advantage to have a court stable and justice of the peace nearer than Santa Ana, but a large majority of those who will be called upon to pay the cost look on the plan with disfavor, as if carried it will mean an additional tax burden of over \$200 a month.

UNIVERSITY CLUB SWOOPS DOWN UPON OCEAN PARK

Started Inhabitants Rush Into Streets as the Yells of the Frenzied Invaders Break in on Their Quiet

Special to The Herald.
OCEAN PARK, Aug. 1.—A severe seismic disturbance was noted at this beach shortly after 2 o'clock today. Amid the shaking of buildings and the trembling of the earth wild yells and shouts of agony rent the eardrums of the startled inhabitants. The populace rushed to the streets in fright to discover one of the most remarkable sights Ocean Park has ever seen.
The disturbance, whose line of vibration was along Pier avenue to the beach, was accompanied by a stream of fantastically clad beings who poured from a Los Angeles-Pacific railway train to the number of about 175.
A Herald representative, taking his life in his hands, set out to discover the cause of the pandemonium. Approaching the beach, where a large body of the weirdly clad beings was sporting and dancing, he discovered that what had been thought to be an earthquake was nothing more than the sensation produced by the arrival of the members of the University club of Los Angeles and high jinks.
After a dip in the surf the party boarded its car, and amid the blaring of trumpets, the booming of drums and yells of delight departed for Santa Monica canyon, where a varied program of fun and humor reigned the entire evening.
Manager Lamson of the canyon had one of his sumptuous barbecue dinners prepared for the revelers, who did ample justice to it.

UNDER ARREST FOR CARRYING OFF AUTO

GIRL GIVES POLICE NEEDED INFORMATION

Describes Boisterous Journey to Compton and Back to Naples in Machine Stolen from Hotel Virginia

Special to The Herald.
LONG BEACH, Aug. 1.—Claude James and E. H. Putnam, charged with malicious mischief, were arrested by the local police today.
At an early hour this morning Kenneth Newell Avery of Los Angeles reported at police headquarters that his automobile, an Old Roadster, had been taken from in front of the Hotel Virginia at 2 o'clock this morning.
Shortly after a report was received at headquarters to the effect that a party of rovers, two men and two girls, had visited Naples at 4 o'clock in the morning, coming in an automobile.
An investigation followed and one of the young women was finally located, and she told who the men were.
Putnam was taken into custody at a cafe on Ocean avenue this morning, and James was arrested this afternoon by Chief of Police Williams, who, with Detective Sergeant Phillips, had been working on the case.
According to the story of the girls, they were invited for an auto ride with the men, who procured the machine at the Virginia. The party first went to Compton and then returned to Naples, where the machine stuck in the sand.
The girls charged the driver, who was required to extricate it; but this was finally accomplished.
Just at daybreak the young people abandoned the car, which is a high priced one, in an alley on the west side of the city.
When found it was discovered that the gas lamps had been broken and other damage done, including the misuse of the engine.
Putnam and James were admitted to bail today and will answer Monday to the charges preferred against them.

Repairs on the pier commenced again today, plenty of material now being on hand. The work has been greatly delayed by the non-arrival of piling, but the contractor now hopes to have it completed within thirty days.

TENNIS MATCHES WILDLY EXCITING

STRUGGLE FOR CUP RESULTS IN WONDROUS PLAY

FIFTY-SIX GAMES END IN WIN BY ONE POINT

Each Team Had Acquired Coveted Goblet Twice, and Final Contest Produces Almost Unparalleled Finish

Special to The Herald.
LONG BEACH, Aug. 1.—The tennis tournament on the Virginia courts came to a climax this afternoon in a wildly exciting display of across-the-net fireworks between Bell and Way on one side and Sinsabaugh and Browne on the other. According to the Phoenix, Greeks or whoever it was invented the system of scoring, Sinsabaugh and Browne won. The famous Tennis association club, over which players have been struggling for eight years is now their to have and to hold until death do them part. Both of these teams had won the coveted goblet twice, so the decisive contest today was of unusual interest.
It took five full sets to get a decision. Fifty-six games were played, and of those each side won twenty-eight. By actual count Sinsabaugh and Browne won 193 points and Bell and Way placed 192 to their credit. During the five sets a gallery crowded to its utmost saw some of the fastest tennis ever played in this section. The four were at their best. Sinsabaugh found in Way a man who could return more of his tremendous smashes than any other player the tournament has brought forth. Way played a game remarkable for its steadiness and sureness. The score by sets is 10-8, 4-5, 6-4, 2-6.

The match which probably drew most of the audience was the challenge contest between Miss May Sutton and Miss Florence Sutton in the afternoon. The expected happened, but nevertheless it was a wonderful exhibition of fancy tennis. The champion won 6-1, 6-0.
Bell and Bundy in the final men's single contest played another hardly fought match. Bundy took the honors, 6-1, 6-2, 5-7. The other matches of the day were simply exhibitions between more excellent players and most excellent players. Any novice could have picked the winners by a glance at the names.
The reputation which young Rogers has been acquiring apparently over-awed Cawson to the extent of his accepting defeat in the final junior singles by 6-3, 6-0. Miss May Sutton and Miss "Bunny" Ryan won 6-1, 6-3.
Bruce and Mrs. Farquhar, 5-1, 6-3.
The tournament closed with the finals in the mixed doubles between Miss May Sutton and Sinsabaugh and Miss Florence Sutton and Bell.
The condensed score of the day's principal matches follows:
In the finals for the championship singles Rogers defeated Wayne for third place—4-6, 6-3, 7-5.
Sinsabaugh and Brown defeated Bell and Fay in the men's championship doubles—10-8, 4-6, 6-4, 2-6, 6-4.
In the mixed doubles May Sutton and Sinsabaugh defeated Miss Florence Sutton and A. E. Bell—6-3, 6-5.
