

ARMY OFFICER DIES ON TRAIN

LIEUT.-COL. NEWBOLD GOES TO LAST REST

NOTED VETERAN EXPIRES ON WAY TO COLORADO

Was Father of Well Known Washington Newspaper Man, and Father-in-Law of Associated Press President

WASHINGTON, Sept. 16.—Lieut. Col. Charles Newbold, U. S. A. retired, died in California today while en route to Colorado Springs.

FIRE STARTS IN WYOMING MINE

CHEYENNE, Wyo., Sept. 16.—Fire broke out in mine No. 1 at Diamondville today and is still burning.

Its origin is a mystery, as the mine has closed since the first of the month pending settlement of the dispute between operators and miners.

BLAMES CONSTABLE FOR HIS WHIPPING

OAKLAND MAN WOULD REVENGE BEATING

Seeks Warrants for Arrests—Tied to a Post and Badly Lashed by the Angry Citizens of Elmhurst

OAKLAND, Sept. 16.—Robert Guptill, who was whipped at the post by a mob of angry citizens in Elmhurst last Saturday night, appears at the office of District Attorney Brown late this afternoon and demanded warrants for the arrest of Deputy Constable Mitchell of that town and other peace officers, on the ground of official misconduct.

He declared to Deputy District Attorney Donohue that it was owing to the cowardice of those constables that he was whipped by the mob and given twenty-four hours to leave Elmhurst under pain of being lynched if he did not.

Guptill's attentions to a 14-year-old girl in Elmhurst led to the trouble. The application of the man was taken under consideration.

CAN'T LIMIT HEIGHT OF BIG SKYSCRAPERS

Favors Eliminating Frame Structures, and Building of Steel Variety to Any Height Allowing Street Light

NEW YORK, Sept. 16.—The commission appointed about a year ago to investigate high buildings in New York city, and particularly on Manhattan island, is ready to submit the printed record of its work. It is said the report points out that it is impossible to find the height of buildings down to the public fire protection bureau. It is argued, that would limit buildings to about 100 feet in height.

OAKLAND STORM LEAVES ONLY GAS FOR LIGHTING

OAKLAND, Sept. 16.—Oakland was in darkness most of last night on account of high wind and rain. The fire department is ready to submit the printed record of its work. It is said the report points out that it is impossible to find the height of buildings down to the public fire protection bureau. It is argued, that would limit buildings to about 100 feet in height.

TWO DOZEN HORSES ALL WORTH \$200,000 SHIPPED TO FRANCE

LEXINGTON, Ky., Sept. 16.—A shipment of horses from the Mill Stream stud here, owned by Miller, Bishop & Co. of New York, composed of the \$300,000 stallion Adam and twenty-three brood mares valued at a total of \$200,000, left here today for New York, where they will be shipped for France to be sold.

FIVE MORE DEATHS DUE TO SEDALIA'S EXPLOSION

SEDALIA, Mo., Sept. 16.—Five additional deaths due to the explosion at Sedalia, Mo., yesterday afternoon occurred in the hospitals at Sedalia today. This brings the total dead up to twelve.

COILLER ELECTED

JACKSON, Miss., Sept. 16.—Practically complete primary in this district shows that J. W. Collier of Warren has been named as the successor of John Sharp Williams over Patrick Henry of Rankin by a majority of 676 votes.

DEMANDS A RECEIVER FOR TEN MILLION DOLLAR FIRM

CHICAGO, Sept. 16.—A bill was filed in the superior court in this city yesterday asking that a receiver be appointed for property in Illinois of the A. McElhenny Canning and Manufacturing company, a \$10,000,000 corporation engaged in the manufacture of tobacco sauce and in the oyster trade.

A restraining order is asked to prevent the removal of goods said to be stored in Chicago. The goods, according to Titcomb, consist of systems and tobacco sauce in warehouses and valued at more than \$100,000. The oysters, however, Titcomb alleges, are unfit for the market and are practically valueless.

AIDS SENTIMENT FOR ANNEXATION

OFFICIAL VISIT TO HARBOR BEARS FRUIT

Harbor Company Signs Contract for Channel Dredging and Will Arrange for More Coastwise Ships

One of the important developments growing out of the visit of the Los Angeles mayor, harbor commissioners and councilmen to San Pedro with the army engineers Tuesday was the reawakening of sentiment in favor of annexation.

From the expressions made by representative San Pedro men there is but little doubt that annexation will carry. The principal opposition exists among saloon men, who fear their privileges may be curtailed, and railroad men, who think corporation domination might be weakened.

Out of the seventy-three persons present at a meeting some weeks ago held in connection with the Fourth of July celebration, having no bearing on annexation, sixty-five were for consolidation with Los Angeles, said Secretary Bickenbach of the San Pedro chamber of commerce to the visitors.

Contracts were closed yesterday by the Los Angeles Harbor company for the dredging of a channel from the present government turning basin to the channel 100 feet wide basin and along the frontage which the harbor company has leased from the city of Wilmington.

The contract was captured by the Atlantic Gulf and Pacific company, four others bidding. The contract calls for excavating 600,000 cubic yards by July 1 next year for a channel 100 feet wide on the bottom, 20 feet deep and a mile long.

Director W. J. Arkell of the company will go east a month hence to close contracts for two ships for use in the Mexican coast trade. These ships will be brought around from the Atlantic to the Pacific about February, though temporary vessels will be used if necessary to put these craft into commission in these waters.

Mr. Arkell says the harbor company expects to spend between \$50,000 and \$200,000 in the west basin before July, and within two years at least two millions will have been spent in improvements.

EDISON HARBOR WIRES MUST BE ALTERED

Since the construction of the rolling-lift bridge of the Salt Lake railroad at the entrance channel to Long Beach harbor, it will be necessary for the Edison company to put its wires either under the harbor entrance or to lift them high enough for vessels with tall masts to pass under them.

The Edison company has made application to Capt. Fries' corps of engineers for permission to construct a power transmission wire across the entrance channel alongside the new bridge, which will have a clear height of 140 feet above low water.

A map showing the location of the proposed structure will be on exhibition at Capt. Fries' office, 723 Central street, until September 23, where interested parties can inspect the map or submit objections in writing in duplicate.

RAWHIDE PROMOTER IN CHICAGO PRISON

CHICAGO, Sept. 16.—Talking between the bars of his cell in the prison here today today Thomas Kearns, arrested here last night, charged by James O'Brien, president of the Kearns No. 2 Gold Mining company of Tonawanda, N. Y., with embezzlement of \$8500, declares his arrest is malicious and unwarranted.

Kearns, who says he is a mining promoter in Rawhide, although his home is in San Francisco, declared he is president of the Kearns No. 1 Mining company, and with his sister, Miss Mary Sullivan, owns 200,000 shares in the No. 2 mine.

"My arrest," he said, "followed my refusal to turn over to O'Brien 60,000 shares of stock in the No. 2 company, given me three months ago by the stockholders of the company to be loaned to the Rawhide Waterworks company, of which I am president."

A tentative meeting of the board of directors will convene here, and then I shall call Mr. O'Brien to account before the courts."

Mr. Kearns, valuing extradition, will start for Rawhide tomorrow.

Those who died today were: A. P. HERSEBERGER, freight conductor, Sedalia, Mo. JOHN WALKER, negro hotel porter. IRA MALONE, miner. J. G. MALL, drayman, Sedalia. ERNEST GOE, baggage man.

TELEPHONE FIXED TO ORDER HIM

DIABOLICAL SCHEME TO KILL PRESIDENT CABRERA

INFERNAL MACHINE FASTENED TO RECEIVER

Guatemala Ruler Stunned by Terrible Explosion—Five Salvadoreans Arrested Here for Plot to Assassinate

SAN FRANCISCO, Sept. 16.—According to reports by officers of the steamer City of Para, which arrived yesterday, an attempt was made recently upon the life of President Cabrera of Guatemala, by means of an infernal machine.

According to information just obtained here, the would-be assassins connected the machine with a telephone in the president's room in such a manner that it would be exploded when the communication was made.

Answering a call, President Cabrera was flung from his chair against the wall by a deafening explosion and almost stunned. He escaped, it was said, with a few bruises.

Five Salvadoreans were arrested on suspicion of being implicated in the plot, but were relieved after their execution was ordered and placed aboard the Para, which conveyed them to Acapulco.

The officers believe the American minister at Guatemala was instrumental in having the sentences commuted from death to banishment. The Para brought news of the arrest of Frank Moore, an American, accused of being a spy and having maps of Salvador in his possession.

Moore had recently come from Amalapa, Honduras. He was taken ashore by officers at Acapulco.

DOCTOR HELD ON MURDER CHARGE

San Jose, Sept. 16.—Steven S. Prosser, better known here as Dr. J. F. Abbo, was today formally charged with the murder of Miss Hattie Hatch, the young woman of Morgan Hill who died in a San Jose lodging house August 20, as the result of a criminal operation. The girl's father, a well-to-do orchardist, is the complainant.

The inquest over the girl's body was held a week after her death. The jury returned a verdict that death was due to an abortion performed by unknown parties, but the suspicion was that Abbo performed the operation.

DIES IN EFFORT TO REMOVE LIVE WIRE

Alameda Man, Nephew of Sir Edward Packenham and Grandson of Historic Commander, Killed Tragically

ALAMEDA, Sept. 16.—Alva C. Ward, a nephew of Sir Edward Packenham, who died four years ago, and who was also a grandson of the British commander defeated by General Andrew Jackson at New Orleans, was electrocuted last night when he attempted to remove an electric wire which had been blown down by the wind.

For twenty minutes his body writhed on the ground while the wires were made to have the power turned off. Ward, who was 28 years of age, was well known as a yachtsman.

TOO POOR TO VISIT MOTHER; ENDS LIFE

Husband Earns He Will Work Extra to Earn the Money, but She Kills Herself—Leaves Infant

OAKLAND, Sept. 16.—Because her husband was too poor to send her back to her old home in Nebraska, and because she was too poor to support her 19-year-old son, Mrs. J. J. Jager, aged 19, of 763 1/2 Fourteenth street, killed herself by taking carbolic acid. She died in great agony this morning.

The woman is survived by her husband and a 3-month-old baby. Last night Mrs. Jager told her husband she was homesick and wanted to go back home, and if he did not send her she would leave him.

He told her he did not have the money, but would work extra and get it for her. She excused herself a moment and later after taking a pint of carbolic acid, and the husband rushed into the room and found her dying.

NEW BANK TO OPEN AT 2ND AND SPRING

Well Known Los Angeles Men Incorporate Institution to Be Opened for Business Octo.

As an evidence of returning prosperity, Los Angeles is to have a new bank. The new institution, which was incorporated yesterday, will be known as the Interborough bank, and some of the most prominent men in Los Angeles are among its backers. The incorporators are Addison Lytle, W. B. Ames, Bradner W. Lee, F. E. Pierce, Gen. Adna R. Chaffee, John H. Foley and E. L. Blanchard.

The bank will be open for business October 1 in the Bryson block, Second and Spring streets, in the quarters formerly occupied by the State Bank and Trust company, which was absorbed by the Central National bank some months ago.

In immediate charge of the new bank's business will be W. B. Ames, president; F. E. Pierce, vice president, and Addison Lytle. One of the incorporators said last night the new institution will transact a general banking business, including a savings department and safety deposit vaults. The capital stock is \$200,000.

TELEGRAPHIC BRIEFS

TWO MORE DEAD—Two additional deaths occurred early yesterday at Sedalia, Mo., as the result of the explosion of Nevada. Joseph E. Davison, 42, and John Fitzgibbon, who came to this country to attend the biennial convention of the United Fruit League at Boston, were a warm reception on their arrival in New York yesterday. The party was escorted to the Hoffman house.

IRISHMEN WELCOMED—John C. Redmond, the Irish leader in the house of commons, Joseph E. Davison, and John Fitzgibbon, who came to this country to attend the biennial convention of the United Fruit League at Boston, were a warm reception on their arrival in New York yesterday. The party was escorted to the Hoffman house.

POWERS TO CONFER—At the request of Germany and Italy, Holland is to invite the powers represented at the second Hague conference at The Hague, probably in 1909 for the elaboration of a draft of a universal peace treaty, and several other matters that the royal commission of international law, as affecting private persons, make the arrangements.

STATION COMPLETED—The submarine station, recently ordered by the navy department for San Diego, has been completed and is now being tested. The station is a large structure with a cable and other equipment to overhaul the cable and other equipment without raising the ship.

DEPARTURE PERISH—The barkentine Fremont which arrived at San Francisco from the Arctic yesterday brought the news of the crew of the ship, which was wrecked on the coast of Alaska. They were rescued on their perilous trip late one night during the height of a storm. A search was made for them but without success and several days later the dory they had occupied was picked up at Dublin bay. It is believed all of the men perished. They had been disoriented for some time over the amount of their spring allowance.

ARRIVAL INJURED—The Farswell airplane was wrecked in the air at Berlin yesterday morning and had to come down in the Grunewald near Berlin. At the time of the accident the airplane was racing with the Gross balloon in the direction of Dohritz, where Emperor William was waiting to see them. The airplane was racing with the Gross balloon in the direction of Dohritz, where Emperor William was waiting to see them.

ANGELINO INVENTOR—A train-stopping device which will practically eliminate the telegraph operator as a factor in the movement of railroad trains, is an invention of E. J. Jager, a Los Angeles inventor. The device is a small box which is placed on the track and is connected with the telegraph system. It is expected to be put into use shortly.

SAYS LOWER TARIFF WILL CLOSE 'EM UP

Paper Manufacturing Congressman Dreads Hour When Duty on Canadian Import Is Cut Off. Supply Limited

APPLETON, Wis., Sept. 16.—"Because raw material is much cheaper in Canada and labor considerably cheaper we would have to go out of business if the tariff on wood pulp were to be cut off, unless we could obtain higher prices for our pulp," said E. J. Jager, congressman from Wisconsin, at a meeting of the paper manufacturers of the state here today.

Mr. Jager said that in Maine the pulp wood supply is perhaps practically inexhaustible. But in the states of Wisconsin, Michigan and Minnesota, where most of the paper mills are located, the manufacturers will be obligated soon to procure their pulp wood from Canada.

"The only thing I see to do," said Mr. Jager, "is to make a treaty with Canada. Not as a tariff, but as a reciprocity treaty, which would give us the right to cut off our mills were allowed to purchase pulp wood in Canada at the same price as the Canadian mills do, but I would also increase the duty on European pulp 100 per cent."

"Europe is our greatest competitor in Canada," he said. "The tariff on European goods is 10 per cent, and the duty on Canadian goods is 10 per cent. The tariff on European goods is 10 per cent, and the duty on Canadian goods is 10 per cent."

INTERPARLIAMENTARY UNION CONVENES TODAY IN BERLIN

BERLIN, Sept. 16.—The interparliamentary union is to hold its opening session tomorrow and already 300 members of different parliaments of the world have arrived in Berlin.

The opening ceremony will be presided over by Chancellor von Buelow, who is a subject of much interest, as it is believed that he will take advantage of the occasion to make an important declaration.

The taking of testimony will be resumed tomorrow morning in Monahan, F. B. Jager, aged 19, of 763 1/2 Fourteenth street, killed herself by taking carbolic acid. She died in great agony this morning.

PRIZES FOR CHILDREN

AUNT LAURIE has come to live with the Herald. Now Aunt Laurie is a very comely person. She claims to be auntie to every boy and girl in Los Angeles and all the children of the Herald. Aunt Laurie has just returned from her vacation and is anxious to see her nephews and nieces spend their holidays. So sit right down and write a letter to her. She will tell you all about the happiest day of your vacation.

Aunt Laurie will give two prizes for the letters, one to the letter writer and one to the writer of the best letter. The letters should be sent to the Herald, care of Aunt Laurie, 1111 Broadway, New York.

The letters must be written on one side of paper only, from 150 to 250 words in length, signed name and address, and if writer attends public school with the name of school and grade.

Letters for this competition must be received in this office not later than September 25.

Later Aunt Laurie will offer many other prizes and rewards for this kind of work. She will tell you all about it in a supplement which is to be published for the young people beginning October 1.

Write a letter to this new department. The Herald, 1111 Broadway, New York. Address AUNT LAURIE, 1111 Broadway, New York.

NEW YORK CONVENTION OF DEMOCRATS CLOSED

FULL TICKET NOMINATED BY ACCLAMATION

W. J. Bryan and Judge Alton B. Parker Address Grand Gathering—Nebraska—Can Accorded a Wonderful Demonstration

(Continued from Page One) its congressional committee in 1906 called for dollar contributions from individuals to aid in the election of the Republican members of congress.

And Roosevelt Subscribed "The president himself subscribed a dollar and a few others whose names were advertised, and then the publication of subscriptions ceased and the chairman of the congressional committee, how the Republican candidate for vice president, went down, as had to get the money which to influence the doubtful districts."

"Judge Taft in his letter of acceptance admits that the great majority of the combinations in the tariff and tariff especially invites, have arisen within the last ten years. During all that time the Republican party has continued to support the government and the government of substantially all those states which have created or tolerated them, for we have yet to hear of their creation or toleration in the southern states which are under Democratic control.

Essential to Liberty "It is not only the highest desire of all good citizens of all parties whatsoever that our political life should be clean, but it is essential to the liberties of the people. The result will not be accomplished until business and politics are disyoked by statutes the violation of which will result in imprisonment. We can never hope for that result while the Republican party is in power."

It was at this point that Judge Parker made his attack on Sherman, and turned to President Roosevelt and Mr. Harriman, saying: "Here we see a man of great ambition, as we are told of lofty ideals, become so accustomed to this party cause that he does not hesitate to invite Mr. Harriman to Washington to secure his good offices for money raising purposes, taking indeed the precaution absolutely to assure his coming by suggesting in a letter that he would like the railroad feature of his message."

"What may have occurred at that meeting we do not know, but that it was sufficiently agreeable to Mr. Harriman to lead to his contribution and raising immediately upon his return to New York the sum of \$25,000 we do know. It was also the result of a million of that money was scattered over this state of New York for 'practical' uses by 'practical' men."

Arrival of Leader A speech by W. J. Bryan, Democratic candidate for president, in this city tonight, drew a large crowd and his speech was a triumph for the Democrats. Bryan's speech was a triumph for the Democrats.

CLUBMAN FACES MURDER CHARGE

OAKLAND NIMROD IN JAIL; HE PARTLY CONFESSES

MYSTERY OF BOY'S DEATH IS BELIEVED SOLVED

Police Declare Story of Prisoner Implicates Others—Had Orders to Shoot All Trespassers, Is Claim

OAKLAND, Sept. 16.—John Ray, who is in jail here charged with the responsibility of the death of a boy near Movry station and on the premises of the Albrae Gun club, party confessed the act this morning to Jailer White.

It is said that the jail Ray implicated others in the matter by telling of orders he had to shoot all trespassers on the gun club premises.

John Ray stated this afternoon he would insist on waiting for the return of Sheriff Barnett from San Jose before making a confession regarding the killing of Carl Moller on the Alviso marsh.

"I must wait for the sheriff," said Ray, "for I want to right myself with him first. I have told him many stories that were not true, and I want to correct them. I admit that I shot young Moller, but insist that it was not intentional."

Ray's Attorney, R. Porter Ashe, advised his client to tell everything. Sheriff Barnett is in San Jose attending the inquest into the death of the Moller boy. He will return to Oakland this evening.

Verdict of Jury

SAN JOSE, Sept. 16.—The jury which heard the testimony at the inquest into the shooting of young Carl Moller of Irvington today returned a verdict that came to his death at the Belvidere hospital in San Jose as the result of a gun shot wound inflicted by parties unknown to them.

Roy Morgan, the carpenter who was employed in building a barn near the gun club house stated that while on the roof of the structure he heard two shots on the marsh. He went into the club house where Jack Ray, keeper of the Ambrase preserve, and his wife were working and told them of what he had heard.

"Ray," he said, "ran out and clambered up on a fourteen-foot platform surrounding the tank and surveyed the horizon with a pair of powerful field glasses. To the southwest and fully 100 yards away a speck could be seen moving on a big slough. Ray called to his wife for a rifle, a 30-30 Marlin repeater, which was brought to him. He then raised the gun into the air and fired twice. When I asked him if he was not afraid he would hit them he said, 'Ah no, I'm shooting over them.'"

Dr. C. A. Wayland, a local practicing physician, testified that the bullet which killed Moller entered the body in a downward direction. He identified the bullet which was submitted as evidence. The bullet exactly fitted the empty shell found in Ray's rifle.

Wurtz' Bonds \$5000

Robert A. Wurtz, former examiner for the Title Insurance and Trust company, who was arrested at Fresno some time ago on a charge of forgery, was given his preliminary examination before Police Justice Frederickson yesterday afternoon and held to answer to the superior court in bonds of \$5000.
