WORTHLESS CHECKS PROMPTED DECEPTION

SUICIDE ONLY A THREAT IS POLICE BELIEF

Man Who Left Note Declaring He Would Kill Himself Had Two Years' Sentence Over His Head

[Special to The Herald.] PASADENA, Sept. 18.—That Samuel J. McGuire, who left a pile of clothes on a bench at Santa Monica Monday with a note saying that he intended to commit suicide, has an old prison sentence hanging over his head was admitted by local officers today. McGuire came here several years ago from Lawrence county, Ill., worked for a time as a coachman on Hope street, Los Angeles, and did many odd jobs around livery stables here later, acting as substitute driver. In his capacity of expert horseman he undertook to sell a horse and buggy for a friend in Los Angeles, and after the sale was consummated forgot to turn over the money. For this offense he was arrested, tried and sentenced to two years in San Quentin. After a very short time, however, he was paroled, being placed in charge of Probation Officer Dodge of Los Angeles, and as he worked steadily he reports each week to Constable Harley Newell. Newell admitted today that his ward had deserted him. The offense of breaking a parole makes it possible for the state to seize the offender and place him in the penitentiary at once to serve the original term. Usually an other year is added. When he disappeared from the Charter Oak rooming house on Dayton street last Monday morning McGuire left a large number of worthless checks here. The officers are certain that this was his reason for pretending suicide, and will probably institute a vigorous search for him, if one of the merchants he passed will swear out a warrant. It is said that McGuire had an account of about \$10 with the Union National bank of Pasadena, which is now overdrawn to the extent of \$100 in checks of a small denomination. It is evident that these complications caused McGuire to believe that he needed a change of residence. He was packing an extra suit in a bundle shortly before he left his rooming house here, and when a pile of his clothes was found on the beach the police at once decided that it was merely a sham.

NORTH PASADENANS SHOW DEEP INTEREST IN WATER Realty Board, Which Formally Indorsed Bond Issue, Discusses Ways and Means to Assist Campaign

PASADENA, Sept. 18.—Much interest was shown in the water meeting in North Pasadena this evening. He held under the auspices of the board of trade. W. W. Ogier presided and the audience was addressed by Judge Merriam, Mayor Earley and A. J. Toole. North Pasadena is considered doubtful territory, and both sides are working to arouse sentiment here. The Pasadena and city board, which has formally indorsed the bonds, held a meeting tonight to discuss ways and means of helping the campaign. At present it is running a full page advertisement in the local papers, advocating the measure. The citizens' committee continues to remain silent in regard to its plans, but is said to be doing much quiet, personal work.

KICK OF HORSE WILL NOT CAUSE DEATH OF VICTIM

PASADENA, Sept. 18.—Physicians in charge of Willie DeLapp, who was kicked by a horse last night and sustained concussion of the brain, think he will recover. In the third and fourth games of the Y. M. C. A. indoor baseball series the Fresno team defeated the Lincoln team, and the first Methodist defeated the Lake Avenue Methodists, 16 to 10. Ranchers in the eastern section of the city are complaining of fruit thefts by small boys. One peach grower says he has lost \$100 worth, besides heavy damage to the trees.

SERIOUS CRIME CHARGED TO SAN BERNARDINO MAN

SAN BERNARDINO, Sept. 18.—Lloyd Mitchell, a highly respected young married man, was arrested tonight on a serious charge, involving the 15-year-old sister of his wife. The intimacy is alleged to extend back for two years, in spite of the tender years of the girl. While no official statement is given out, it is alleged that he admits the crime. He comes from a highly respected family and the arrest was a shock to his friends.

COUNTERFEIT DOLLARS CATCH SOME PASADENA MERCHANTS

PASADENA, Sept. 18.—That someone is circulating counterfeit dollars here is the discovery made by several local merchants, who accepted the bogus coins without suspicion. The first National bank has found three this week in the pockets of merchants, and the San Gabriel Valley bank has another. The coins are a trifle thicker than is proper, and the milling on the edges is very poor.

PAINTER MEETS TERRIBLE DEATH FROM HIGH FALL

OAKLAND, Sept. 18.—Chris Lund, a young Danish painter, met a fearful death this morning by slipping from the roof of a house at Ninth and Madison streets and striking the sidewalk, thirty-five feet below. Fracturing his skull so badly that he died ten minutes later at the receiving hospital. The responsibility for the accident, according to such investigation as the police have made, remains entirely with the dead man. He was 19 years old and had arrived in this city from Denmark two years ago.

SUES TO GET FEES FOR SELLING STOCK

PSYCHOLOGICAL SECURITIES ARE ATTACHED

Defendant Declares Case Is but Continuation of Personal Fight Waged Against Him—One Suit Thrown Out

[Special to The Herald.] LONG BEACH, Sept. 18.—To recover \$5000, which he alleges Dr. W. R. Price, head of the Psychological society, owed him in fees for selling National Gold Dredging company stock, George H. Walker has brought suit, through his attorney, F. A. Knight, and has secured certain writs of attachment. Walker claims that several people in other parts of the country desire to see the prosecution of Dr. Price. Dr. Price's stock in the association which built the Psychological temple was attached this afternoon. So far as could be learned no other personal property of his was attached. The suit is regarded by Dr. Price as a continuation of a personal fight against him. Walker brought a similar suit some time ago and it was thrown out of court. "This suit will go the same way," said the defendant in the action today. "The only thing is a personal attack on me. I have met them before and will this time." F. A. Knight, Walker's attorney, said this afternoon that the former suit was intended to enable him to learn certain facts, which he can use in the present suit to good advantage.

WOMAN OF MANY NAMES KNOWN IN LONG BEACH

LONG BEACH, Sept. 18.—Mrs. Cora Belle Crocker-Davis-Martino, who with her husband has been arrested in Denver, while their 8-year-old daughter, Artilla, is in the hands of the Humane society, lived in Long Beach with her former husband, Davis, when the little girl mentioned in the Denver dispatches was 2 years old. They lived a while at the Del Mar hotel. Davis left the woman, charging that it was because she drank excessively and he had to help her home. She roomed at a place which Davis had secured for her, but upon coming to the landlady that Mrs. Davis' actions seemed to her to be questionable, Davis took her away. Two years ago Mrs. Davis kidnaped the child from a Los Angeles convent.

BROKEN WIRE SMASHES WINDOWS IN STREET CAR

LONG BEACH, Sept. 18.—A broken guy wire near Hotel Virginia snapped about in such a way that it broke both front and rear windows in an Alameda bay car, shortly before midnight last night. The only passenger on the car thought shot fired from a revolver crashed the windows, and leaping from the steps fled at top speed.

LONG BEACH NEWS NOTES

LONG BEACH, Sept. 18.—The Atlantic, Gulf & Pacific company will finish repairs on the ship tomorrow. When the company's bill for about \$7000 is allowed for these repairs the city probably will sue to recover damages because of the cruising away of the concrete caissons of the pier, which were constructed by the same construction company. The Consolidated Lumber company, which some time ago announced a plan to dredge a channel a mile and one-half in length from the extreme northwest boundary of Long Beach to Wilmington, will let the contract for dredging within a few days, it was said today, and the work is expected to begin shortly afterward. The coat which was washed ashore yesterday belonged to Macy Mann, formerly a cook on the City of Long Beach. Mann recently resigned from the position. His coat was thrown overboard yesterday in a general clean-up of the boat. Mann is said to live on John street, Los Angeles. Seventh ward residents held an enthusiastic meeting last night at the State street market and instructed Councilman Hoag of that ward to bring to the council's attention numerous urgent wants of the people of the district. They desire a greater percentage of the taxes collected in the district to be spent in improvements there, and they want American experts to inspect various ways, as it is to be one of the entrances of the Los Angeles-Long Beach boulevard into this city. At a meeting in the Psychological temple at 2 o'clock next Tuesday afternoon by depositors of the Citizens' Savings bank, now defunct, a report will be heard from the attorney employed to investigate the findings of the receiver appointed by the court. Sensational developments are promised. Mrs. Louise Noxon, who made two attempts yesterday to take her life, was taken to the county hospital today, an insanity warrant having been issued by Justice Hart.

BAY DEMOCRATS HEAR ISSUES OF CAMPAIGN

JOE SIMONS PREACHES GOOD DOCTRINE

Tells Something About Citrus Fruit Industry Under Republican Administration—No Protection to Western Growers

[Special to The Herald.] SANTA MONICA, Sept. 18.—The Santa Monica Bay Bryan club held a well attended meeting in the council chamber at the city hall this evening. That old Democratic warhorse, Joe Simons, led off with a rousing appeal to Democrats and Republicans alike. He talked to his audience from the standpoint of a business man and neighbor, rather than as a Democrat and politician. He reviewed the situation of the two previous presidential campaigns and laid the Republican victories to the fact that the trusts got the free use of contributions from the great trusts and corporations. He carried his hearers through a brief review of the financial conditions in the first Bryan campaign till now. He laid great stress on the fact that the Democratic party was the real party of protection; that the trusts in protection of citrus fruits as well as trust manufactured articles. He stated that during the past five years \$50,231,476 worth of fruit was imported into the United States free of duty, and \$54,978,000 worth paid only a nominal duty. "Why," he said, "are we the west not protected as well as those of the east?" William Fleet Palmer pointed out the grave danger existing from a continuance in power of the party of trusts. He called his hearers' attention to the fact that the trusts could only exist by the protection of a high tariff. He briefly compared the prices in the United States and out of trust-made products and asked his hearers whether it were right to let the people at home be discriminated against. Attorney Loucks of Pomona followed with a brief review of the local situation in politics. He made a strong appeal for the support of the local Democratic candidates by the voters of Southern California. A number of phonographic selections were interspersed between the addresses, notable among them being a speech by W. J. Bryan, which was received with great enthusiasm by the assembly. Judge Steele and Frank Richmond, president and secretary of the club, are making arrangements for regular meetings from now until the close of the campaign. The speaker made a receipt of inquiries daily regarding membership in the organization, a number of life-long Republicans expressing their interest in the campaign, with Bryan voters at the next election.

SANTA MONICA, Sept. 18.—The members of the Woman's Christian Temperance union kept open house this afternoon and evening at the Phelps building on Third street. The rooms were beautifully decorated with flowers and green, with the white ribbon symbol being conspicuously here and there. A number of prominent W. C. T. U. workers made addresses. Among them Mrs. T. Hughes-Lodge, who delivered the address of welcome; Mrs. Blanchard, county president; Mrs. Blanchard, state vice president; Mrs. Hester Griffith, state president; Miss Stickney and Sam Carlisle. Mr. Carlisle spoke on "The Past and Future." The music included "The Flag and Temperance," by Miss Daisy Auld and Sam Carlisle. Refreshments were served during the day and evening.

BAY CITIES FORGET TROUBLES AND ALL PULL TOGETHER

VENICE, Sept. 18.—A "mixing committee" from the Santa Monica board of trade entertained the chamber of commerce meeting this evening. Speeches were made by Judge A. C. Noyes, Abbot Kinney and others, urging the people of the beach to get together and pull for Santa Monica bay as a whole. By far the largest attendance of several months past was present and much enthusiasm was manifested. The members of the visiting committee were President H. X. Goetz, P. H. Smith, vice president of the Merchants bank; W. H. Atwell, C. B. Irvine, secretary of the board of trade; L. E. Goodrich, Judge A. C. Noyes and C. D. Middlekauff. After the business of the evening had been disposed of a short social time was indulged in before the members dispersed. A committee was appointed by President Stanwood to visit the board of trade on its next meeting night.

CARLSON'S SON WANTS AUTOMOBILE RETURNED

GENERAL FRIEND PLAYED FALSE WITH MACHINE

Tries to Interest Sheriff's Office at San Bernardino, but Purchaser Says He Bought Motor Car in Regular Form

[Special to The Herald.] SAN FRANCISCO, Sept. 18.—A son of Banker W. H. Carlson of Los Angeles, who is having financial troubles, has been in the city this week trying to interest the sheriff's office in an automobile which he claims is his and which is in the possession of J. D. Gentry of this city. He claims that he loaned the machine to a friend, the friend and machine disappeared and no trace of it had been secured until he saw Gentry with it on the streets in Los Angeles. Gentry claims he purchased it from the owner. In order to convince himself that all was right he visited the garage in Los Angeles where it was kept and was told that the man who offered it was not the owner. Now young Carlson says the man who sold it to Gentry was the man who stole it from him. It is quite doubtful whether Carlson can secure the machine, but if he does the Los Angeles garage will probably have a suit on its hands with Gentry as complainant.

WOMAN'S ACCOUNTS SHORT; FADES FROM POLICE SIGHT

Manager of Electrical Company's Store at San Bernardino, Transferred to Redlands, Has Disappeared

SAN BERNARDINO, Sept. 18.—Local officers are pondering the present whereabouts of Miss Maud Lochran, who for two years or more was manager of the Southwest Electrical company store in this city, having been transferred some months ago to Redlands pending an examination of her books, in which it is said that a \$1600 shortage was found. General Manager H. S. Roach of Riverside started to have the matter taken up by the district attorney's office, but during Roach's absence in the mountains on a vacation the young woman disappeared, and it has never been taken up. Now he will seek to locate her and will prosecute her to the limit, it is said.

CHARGE IS WITHHELD UNTIL VICTIM'S FATE IS DECIDED

Officials Believe They Can Convict Switchman of Attempt to Murder if Foreman Recovers from Attack

SAN BERNARDINO, Sept. 18.—Joe Nichols, the Santa Fe switchman who is charged with attempting to kill Will H. Godfrey, foreman of the Santa Fe icing station, last night, is in the county jail, being held a victim of the outcome of Godfrey's injuries, which are very serious, it being feared that he cannot recover, though his condition today is as good as expected. Godfrey should live his assailant will be charged with assault with a deadly weapon with intent to murder, as the officers say they have ample testimony to prove the charge. Nichols had murder in his heart, having made the boast a few moments before that he would cut Godfrey into ribbons. Godfrey stands very high in the community, his family also being highly respected.

REPUBLICAN COMMITTEE TO EFFECT ORGANIZATION

SAN BERNARDINO, Sept. 18.—The Republican county central committee will meet in this city tomorrow to effect an organization. Though the committee was chosen last May at the county convention, no move has ever been made to effect an organization, owing to some factional growing out of the still fight made by the Lincoln-Roosevelt league. It is quite probable that Lyman M. King of Redlands will be the champion, though a candidate may be named against him. For secretary there will probably be two or three candidates.

SAN BERNARDINO, Sept. 18.—P. Gonales is in the county jail charged with making a vicious attack on Tulo Silas, a fellow countryman, with a dirk, only being prevented from killing him by the crew of a traction car passing the scene of the assault yelling at him and frightening him, caused him to attempt to escape, but a few minutes later ran the arms of a pair of officers. MAY EXTEND STREET AND CONNECT CITIES

Thoroughfare Running from Eastern Limits of Santa Ana Will Be Cut Through to Bay City

[Special to The Herald.] SANTA ANA, Sept. 18.—A movement is being agitated to open and extend First street, that starts at the eastern boundary of Santa Ana, and runs to within two and one-half miles of Bay City, clear into that town, so as to provide a good road that will connect with the boulevard now being constructed from Long Beach to the Los Angeles county line. The right of way for extension will have to be secured from I. W. Hellman, who owns the land over which the road will run, but as the county already has a right of way over a route north of the one proposed, which also runs through Hellman's property, it is believed an exchange can be made by the county abandoning the right of way already secured in exchange for the one required. The matter will be taken up at the next meeting of the supervisors and definite action is expected.

SANTA ANA, Sept. 18.—Kitty Meador, a well-to-do widow, and Elsie Eggers, wife of a south side rancher, are in trouble over a horse trade in which Mrs. Meador is said to have gotten the worst of the deal, and a complaint sworn to yesterday alleges that Mrs. Meador evened matters up by surreptitiously recovering possession of the animal given Mrs. Eggers, having taken it from the latter's corral. The matter will be investigated in court next week.
