A suit that will suit—a fit that fits—style that is style

MADE IN NEW YORK BY
ALFRED BENJAMIN & CO.

A man is known by the company he keeps—and the suit he wears. A man may pay \$80 for a "made-to-order" suit, but the world judges his appearance, not by the price or the reputation of the tailor, but by the suit itself. The masterful creations of Alfred Benjamin & Co. are worn by the better class of dressers, not because a Benjamin suit costs about half what the tailor charges, but because the Benjamin suit is superior, a more finished product, a better designed and proportioned suit.

Instead of paying the tailor a fancy price for a suit, why not buy two Benjamin suits for the same money?
