SAN PEDRO PETITION BACKED BY COUNCIL

PLEA FOR TERMINAL RATES WIDELY CIRCULATED

Ordinance Naming February 19 for Charter Amendment Election Re-scheduled and One Week Later Named as Date

[Special to The Herald.] PASADENA, Dec. 21.—The Pasadena city council today endorsed a petition addressed to the Southern Pacific Railroad company asking for terminal rates to be granted on freight for San Pedro. This petition is being generally circulated through Southern California. Another copy is in the hands of the board of trade and will undoubtedly be endorsed by that body. The council today gracefully completed its withdrawal from the mistake it made in fixing the charter amendment election for February 19 by rescinding the ordinance and passing another naming February 26 as the date. The ordinance amendments passed their second reading.

ATTEMPT TO ROB HIM OF HOLLY AND PINE TREES

PASADENA, Dec. 21.—Set upon by two young fellows from Los Angeles who were plundering his property of the holly and pine trees he had planted as decorations, Ralph Rogers, owner of the Park Hill property in South Pasadena, only escaped serious injury because of the fact that he was armed with a club with which he knocked one of his assailants down. Alarmed by the depredations of the past week, Mr. Rogers passed the entire Sunday guarding his property. He turned away numerous parties of men and women who were intent on plundering the thickets of their treasures. When he came on the two young men from the city late in the afternoon he ordered them to get away, and as they did not go with a good grace, an altercation arose which ended in the attempted assault on the owner. These acts have been a source of great annoyance to the owners of property in both South Pasadena and Oak Knoll. Last year the thefts were so numerous and outrageous in their character that special watchmen were hired to protect several of the estates from the depredation.

SINGLE TAXER BROKAW'S SON TO BE BURIED TODAY

PASADENA, Dec. 21.—The funeral of little Leonard Brokaw, son of Mr. and Mrs. W. E. Brokaw of 1385 Morton avenue, will be held at 11 o'clock today from the residence of his mother, 1385 Morton avenue, Saturday from a severe attack of gastric intestinal trouble. Two other children, Vaughan and Innes, both girls, were seriously ill from the same trouble but the latter is now out of danger. Mr. Brokaw, a prominent single taxer, has been devoting all his time of late to the study of the subject, and his studies and the family has been, for this reason, in reduced circumstances. Whether the children were weakened by their privation to a poor diet, or the slight touch of ptomaine poisoning proved too much for them, or whether, as Mr. Brokaw believes, their illness came from eating green fruits, is a question not yet decided. Several attempts to relieve the family have been made by both the humane society and the Salvation army, but as the Brokaws are vegetarians of the most pronounced type it was found difficult to procure food they would eat.

TOURNAMENT PRESIDENT MARRIED TO MISS ROSS

PASADENA, Dec. 21.—Lucky in love, even if he was unlucky in politics, George P. Carey, who as the Democratic nominee for assemblyman in the sixty-seventh district ran a close race with the late Governor, married at noon today Miss Florence Mabel Ross, sister of Mrs. J. W. Edminson. The marriage was solemnized at the home of Mrs. Edminson, 730 North Fair Oaks avenue, and was marked by extreme simplicity. Rev. Leslie E. Learned, rector of All Saints church, read the ceremony. Miss Ross was attended by Miss Adeline Wright as bridesmaid and Miss Edith Edminson as maid of honor, and was given away by her brother-in-law, Frank Long and William G. McLaughlin were in attendance on the groom. Mr. and Mrs. Carey left this afternoon for a short honeymoon, from which they will return before the first of January, his duties as president of the Tournament of Roses association making it impossible for Mr. Carey to absent himself from the city for any considerable length of time just now. Later the couple will make an extended tour of the east.

WILL GIVE ENTERTAINMENT TO LONELY CHRISTMAS SOULS

PASADENA, Dec. 21.—For the sake of those in Pasadena who will be alone and lonely Christmas, prominent singers, writers and lecturers of Pasadena have secured the use of Tally's theater for the afternoon of December 30 and will give an entertainment which, it is hoped, will drive away the blues. This is the idea of Mrs. Russell-Duncan, the most successful singer, and there will be no admission fee. In addition to the moving pictures there will be songs by Mrs. Russell-Duncan, readings by Mrs. Elizabeth Grinnell, the poet and author, and an address by Rev. Robert B. Burdette. The use of the theater is donated for the entire afternoon.

MT. WILSON SCIENTIST TO VISIT HIS NATIVE COUNTRY

PASADENA, Dec. 21.—Prof. J. C. Kapteyn, director of the astronomical department of the University of Groningen and lately engaged in special research work at the Carnegie Solar observatory on Mt. Wilson, left this morning for the east on his way to

PASADENA

Holland, where he was summoned by order of Queen Wilhelmina. The professor expects to return to California about the middle of July and will take up his work again on the plan of the universe. This has engaged his entire energies for a number of years. He is recognized as world authority on the distribution of stars and kindred topics.

PASADENA BRIEF NOTES

PASADENA, Dec. 21.—The usual Monday grit of speed violators was dealt with about the middle of the morning. A. L. Holmes of 747 East Twenty-third street, Los Angeles, paid a fine of \$5 for speeding a motorcycle on Orange Groves avenue, and fines of \$25 and \$30 were imposed respectively on H. R. Bradley of 500 Lockhaven street and John Kirby of 263 Grove street.

RAILROAD FRANCHISES GRANTED BY COUNCIL

[Special to The Herald.] SAN BERNARDINO, Dec. 21.—By a vote of 4 to 1 the council tonight passed the Southern Pacific franchise for the motor line from this city to Redlands, a standard gauge railroad. This is expected to be the first step in the plan for operating all local trains between Los Angeles and Redlands via this city, instead of Redlands Junction. It is possibly also the first step in the direction of changing the main line to this city and Redlands and out through Yucaipa, to join the present line at Beaumont. The passage of the franchise is most important for this city.

POMONA

115 South Thomas. Home Phone 1758.

ANNUAL CHARITY CALL TO BE HELD BY LOCAL ELKS

POMONA, Dec. 21.—Elaborate plans are being made for the annual charity ball of the Pomona lodge of Elks, which will be held at the Hotel Palomares Wednesday evening. The music for the orchestra will be furnished by the orchestra from Los Angeles and the patronesses will be Mrs. W. S. Newton, S. N. Andrews, T. Hardy Smith, Thomas Green, Hector Steeger, C. Emory Huing, Eugene G. Tinsley, Charles Clark, W. M. Avis, J. T. Brady, G. S. Phillips, F. W. Balfour, Wilmet W. Migley, W. H. Schureman, John L. Means, Charles Northcraft, Charles F. Loop, U. S. Wood, G. L. Travis, Charles G. George, R. M. Teague, E. Hart, J. H. Coolman, W. L. Griff, L. Kennedy, G. A. Cable and Charles Thorpe. The young ladies of the Pomona Fruit and Flower mission are busy preparing for the Pomona college girls' club, are away on a concert tour to San Bernardino, San Diego, Coronado, El Cajon and Oceanside. All the local public school teachers, including Superintendent Principal Parks W. Kaufman, are in Los Angeles attending the Los Angeles city and county teachers' institute. Professor Kaufman gave an address at the meeting this morning upon the subject, "Reading Based on Interest." An effort is being made to have the Pomona and Redlands college girls' club, are away on a concert tour to San Bernardino, San Diego, Coronado, El Cajon and Oceanside.

SAYS LIFE SAVER AT ALL TIMES WAS SAFE

VENICE, Dec. 21.—The members of the United States volunteer lifesaving crew of Venice are disturbed at the story which appeared in a morning paper today, in which it is stated the drill given by the crew yesterday nearly resulted in a tragedy and that the man supposed to be in distress had to be rescued in fact instead of play. As a matter of fact, Mr. Toenges, who pretended to be drowning and was rescued, was never at any time during the drill in any danger. The only basis for the story is the remark which he laughingly made to the effect that "if you fellows had kept me out there much longer you would have had a sure enough case." The drill yesterday was one of the most successful ever held and was witnessed by more than eight hundred persons.

AGED MAN TRIES TO RECOVER HAT; FALLS FROM WAGON

REDLANDS, Dec. 21.—Horace Roberts, 80 years old, lying at his home in Beaumont with several broken ribs, crushed hand and a cut in his head as the result of an accident in San Timoteo canyon near Redlands, where he was driving a team of horses attached to a load of hay. The wind lifted his hat from his head and in attempting to catch it he fell forward, with head downward, between the horses and the wagon, striking the hard road. Doctors say his recovery is extremely doubtful.

LONG BEACH

No. 4 Pine Street. Phone Home 28.

BASCULE BRIDGE IS NEARLY COMPLETED

STRUCTURE WILL BE OPEN FOR TRAVEL JAN. 1

Viaduct Across Long Beach Harbor Said to Be One of the Largest of Its Kind in the United States

[Special to The Herald.] LONG BEACH, Dec. 21.—A foreman in charge of a part of the work on the new steel bascule bridge across the mouth of Long Beach harbor said this morning the great bridge would be ready for travel by January 1. The tracks already are laid on the bridge and the work of connecting this trackage with the road on either side of the channel is now in progress. Machinery for the operation of the bridge by electricity has been set up and the electricity can be turned on in a short time. The bridge will be operated by a controller similar to the ones in use on trolley cars. The bridge will be one of the largest, if not the largest, of its kind in the United States. The cost of the steel structure has been about \$250,000.

COMPANY H OF SEVENTH REGIMENT GIVES BALL

Military Organization Observes Its Fourth Anniversary and Grand March is Led by Colonel Schreiber

LONG BEACH, Dec. 21.—Tonight at the Majestic pavilion the fourth anniversary of company H, Seventh regiment, was celebrated by a ball which was given by the members of the company. The music was furnished by a fifteen-piece orchestra, led by E. H. Willey, furnished music. Representatives from at least nine companies of militia in surrounding cities were present, also in dress uniform, and the floor was a pretty scene. The hall was in gala dress. Elaborate programs had been prepared. Colonel Schreiber led the grand march, the music for which was arranged especially for this occasion by Mr. Willey.

PETITIONS FOR AND AGAINST COUNCILMAN'S RECALL FILED

LONG BEACH, Dec. 21.—When a petition for the recall of Councilman Hoag of the Seventh ward was submitted to the council this morning a surprise was sprung by the presentation of another petition protesting against the recall. The former petition was signed by seventy-five residents of the ward, the latter by eighty-five. The petition for the recall had the required 40 per cent of names, however, and City Clerk Boynton was granted the power to employ extra help to check up the list.

Sign Rate Petition

LONG BEACH, Dec. 21.—S. M. Stoger of San Pedro this morning asked the council of this city to endorse a San Pedro petition to the Southern Pacific Railway company to grant terminal rates to San Pedro. On motion of the council the petition was referred to the city engineer and city clerk were empowered to sign the petition in behalf of Long Beach.

LONG BEACH ITEMS

LONG BEACH, Dec. 21.—Councilman McGee this morning led the city council this morning for the first time an ordinance calling an election when another councilman will be chosen for the first time. W. W. Lowe complained to the council this morning he had been wrongfully assessed for the Pine avenue tunnel being from the foot of Pine avenue to the First National bank. The tunnel is assessed for \$1500. Mr. Lowe stated he had assigned the franchise to the Westminster company and that had the party getting the limit. Hoppe's party was assigned to the First National bank. At the Alamitos Gun club 237 ducks had been killed up to last Saturday night, and yesterday 15 more, including Warren Hopperstead and Messrs. Myrick, Fishburn, Bixby and others, made good shoots, every member of the party getting the limit. Hoppe's party was assigned to the First National bank. A police patrol system is being established and the tunnel telephone company. Besides the central office at police headquarters ten stations will be placed in locations convenient for the patrolmen in different part of town.

L. A.-P. RAILWAY CHECK IN SUPPORT OF BAND MISSED

Manager Sherman Expresses Surprise at Failure of Chamber of Commerce to Receive Contribution for Music

OCEAN PARK, Dec. 21.—Much speculation has been indulged in by interested parties as to reason of the supposed withdrawal of support for the band at Ocean Park by the Los Angeles-Pacific Railroad company, as the company has been a contributor to the band fund for a long time. The following letter received by President Webster of the Santa Monica bay chamber of commerce partially explains the matter:

LOS ANGELES, Cal., Dec. 17, 1908. "Dear Sir: I am in receipt of your letter of the 15th inst. and am surprised to learn that check has not been sent to you in support of the band at Ocean Park for the last two months. I know that vouchers were made up regularly for this. I will see that check is sent at once. Yours truly, "R. P. SHERMAN."

The band committee wonders who got in the way of those checks after Manager Sherman signed the vouchers.

CHOSEN AS REFEREE IN ELECTION SNARL

LYNN HELM NAMED BY COURT TO TAKE TESTIMONY

Will Inquire as to Qualifications and Residences of Voters in Connection with Disputed Territory

[Special to The Herald.] SAN PEDRO, Dec. 21.—In order to ascertain if the 550 voters of this territory are qualified for the exclusion of the northern third of the city and also to determine how many, if any, of them resided in East San Pedro, Territorial Island, on the strip north of O'Farrell street, the district court of appeals in Los Angeles this morning appointed Lynn Helm, referee in bankruptcy, to act as referee and come to San Pedro to take testimony as to these matters.

The order was given because City Attorney Henry Stieglitz and Judge J. W. McKinley, who represent the city trustees, declared the petition was insufficient. Their answer was filed with the court December 7. Nevertheless Mr. Stieglitz told the trustees at their weekly meeting, December 8, that the petition was legal and sufficient and that he had the ordinance in his pocket to call the election.

The petitioners filed with the court this morning a map showing old San Pedro, the territory on the east side which is in question and the line dividing the territory to be excluded from the rest of the city at Fifth street. It has not been learned just where the referee will begin his work here, but it is believed that as soon as it is completed the court will issue a mandamus to the trustees compelling them to comply with the law and the wishes of the voters of this city.

Meanwhile enthusiasm for annexation was Los Angeles is increasing. By the distribution of 1000 copies of the bulletin of the Municipal Waterways association of Los Angeles county and a circular showing up the benefits of the combination, the people are kept informed of the matters at issue, which, when carried through, will mean so much for this city and harbor.

FISHERMEN HAVE UNUSUAL LUCK, FINDING TORPEDO

Missile, Supposed to Have Been Lost by the Perry, is Practically Uninjured—Lucrative Salvage Expected

SAN PEDRO, Dec. 21.—While trolling for albacore in the launch Shamrock about eight miles off White's point yesterday morning Tom Dennis and Charles Mitchell, two fishermen of the Los Angeles Interurban railway, sighted what appeared to be a half-sunken log. On investigation they discovered the object was a big torpedo with its nose stove in. They passed the rest of the day towing their find to San Pedro, and this morning notified the naval authorities at Los Angeles, who advised them to let the water out, if possible, and clean it up. A letter was also sent to Captain Larimer of the United States torpedo boat with his new torpedoes here last week. It was not learned until today that a torpedo was lost, but the one found has the following markings: "Bliss-Leavitt; 5 M. 45 C. Mark III U. S. N. No. 1014, E. W. Bliss Company. E. B. Mc. Co."

The Perry was trying out this new type the "Bliss-Leavitt" which is much faster than the old Whitehead torpedoes, having a speed of thirty knots an hour. The target used yesterday was a half-sunken log. On investigation they discovered the object was a big torpedo with its nose stove in. They passed the rest of the day towing their find to San Pedro, and this morning notified the naval authorities at Los Angeles, who advised them to let the water out, if possible, and clean it up. A letter was also sent to Captain Larimer of the United States torpedo boat with his new torpedoes here last week. It was not learned until today that a torpedo was lost, but the one found has the following markings: "Bliss-Leavitt; 5 M. 45 C. Mark III U. S. N. No. 1014, E. W. Bliss Company. E. B. Mc. Co."

CHILD PAINFULLY INJURED WHILE PLAYING WITH BRAKE

SAN PEDRO, Dec. 21.—While playing with the brake on the Crescent avenue street car Allan Adair, a nephew of Charles J. Adair, Wells-Fargo agent of this city, was painfully cut in the hand over the left eye. The brake, which had been set, came loose and in whirling struck the child on the head several times. The accident occurred at the end of the line, near the child's home, the hand brake having been left set by the motorman. The injured boy was brought in immediately on the car to Dr. Reynolds, who stated that no serious injury had been done. Ten days ago Mr. Adair's wife was nearly killed by being thrown from a horse, but she is now slowly recovering from her injuries.

FOR EXCHANGE—40 ACRES IN COACHELL 1/4 valley, nicely improved, with 3-room house, good barn, 22 acres alfalfa, handsome shade trees, 800 feet high around entire land. Beautiful driveway lined with pepper trees. Four acres of cabbage, estimated 3 tons to the acre, present market value \$6 per ton. Pumping plant, furnishing 60 inches of water. Two wells (flowing), that furnish water for 25 acres without pumping. Alfalfa yields 15 tons per acre for season, the hay selling at \$12 per ton loose in the field. This is an income of \$20 per acre per year. The land lies 1 1/2 miles from town. Good roads and granary and high school, churches, stores, ice plant, etc. Will exchange for clear residence, income, rental property in Los Angeles, Long Beach, Covina, Redlands, San Bernardino or Riverside, up to \$2000. A. G. MUNN, 202 Mason building. 12-22-3
