

'ANTI' BILLS TO SET LEGISLATIVE KETTLE BOILING

LIVELY LINEUP OF FORCES DUE THIS WEEK

REPORTS ON VITAL MEASURES ARE SCHEDULED

Japanese Exclusion and Race Track Laws Are Those Expected to Precipitate Bitter Contests

(Continued from Page One)

The State Building Trades council, will appear for the bill.

Pure Food Bills Approved

The committee on public health and quarantine, of which Senator Roseberry is chairman, has approved two bills by Senator McCartney enlarging the operation of pure food laws.

The first provides for the sanitation of food producing establishments, and declares politics in violation of this to be nuisances dangerous to health, and providing for their abatement. The other act prevents the manufacture and sale of spurious food and liquors and drugs, and makes an appropriation to carry out the acts.

The committee on county government reported favorably upon a senate bill relating to the making of contracts by counties. It makes a general rule to the effect that when amounts above \$500 are involved the board of supervisors must advertise for bids and let the contract to the lowest bidder. At present there are seven special laws of the kind, but none that apply generally.

Leads of Los Angeles has introduced a bill in the assembly regulating the pilot charges to be made by regularly licensed pilots at San Pedro. The bill substantially makes the charges the same as those prevailing at San Francisco.

A similar bill will be introduced in a few days covering the port of San Diego. Leads also introduced a bill that makes it possible for cities acting under a freeholders' charter to change their names. Upon petition of 40 per cent of the qualified voters of a city the board of trustees or city council must call an election to pass on the question of change, and if a majority of the electors vote favorably the name will be changed.

This measure specifically affects Ocean Park, Los Angeles county, it being the wish of certain persons to change it to Venice. The bill will be antagonized.

Other bills introduced in the assembly were:

By Rutherford—An act to regulate the hours of labor for underground miners in mines, making the eight-hour day prevail.

By Coghlan—An act increasing the number of notaries public in the state to eighty-five, giving San Francisco five more notaries.

Woman Gets Damages

WILLOWS, Cal., Jan. 16.—Mrs. Dille of Chico, whose husband was killed a year ago near Hamilton City by a wire of the Northern California Power company which had fallen across the county road, was awarded damages today to the amount of \$50,000 by a jury in the superior court of Glenn county. The suit was for \$50,000.

Report Prince Abducted

PARIS, Jan. 1.—A special dispatch received here from Vienna says it is rumored Prince Nicholas of Montenegro has abdicated in favor of his son, Prince Mirko.

Pimpily Pretty Faces

May Be Made Clean and Clear by Using Stuart's Calcium Wafers

Trial Package Sent Free

Pretty faces are daily seen about us marred and marked with pimples, blotches and eruptions.

There is absolutely no necessity for this condition being so exceedingly prevalent. Pimples and skin troubles show that the blood is impure, and is forcing its impurities into the cells and glands of the skin, there festering and breaking out at last into many eruptive disorders.

Don't Mar Your Beauty by Neglecting Stuart's Calcium Wafers Sent Free for Trial

Calcium Sulphide is one of the greatest blood purifiers known to science, and is so powerful that in a few days dreadful conditions of skin disease are overcome, and pimples and ordinary skin troubles have been removed in a few days.

Stuart's Calcium Wafers contain this great purifier and preserves its fullest strength in the peculiar process called Stuart's. Combined with the Calcium Sulphide are three other great blood invigorators, each doing a special work intended for rapid and complete mastery over blood impurities and skin diseases.

By using Stuart's Calcium Wafers in a few days one notices the good effects, and in a short time the blood responds quickly and purges itself of its irritating and impure parts.

These wafers are not experimental, they do their great work so fast and are so uniformly successful that they are known in every hamlet and by every druggist. Physicians will tell you of Calcium Sulphide, and how hard it is to prepare it to hold its full strength.

Stuart has solved the question with Stuart's Calcium Wafers. They sell at all druggists for 50c, or send us your name and address and we will send you a trial package by mail free. Address: P. L. Stuart Co., 275 Stuart Bldg., Marshall, Mich.

SAYS TEN-YEAR-OLD CHILDREN CANNOT BE FIFTY-YEAR-OLD SAINTS

CHICAGO, Jan. 16.—"The habit of making a fifty-year-old saint out of a ten-year-old child is wrong," said Herbert W. Gates last night to Evanston mothers.

"This forcing process in religion is as disastrous as in any line. It is a great mistake to spend the time reading the Bible that should be spent talking to our children or playing with them.

"I will bank more on the children brought up by the parents who are not so pious, but who are able to keep the love and confidence of their children, than I will on those whose parents pay too much attention to piety."

3 BANKERS ARE SENT TO PRISON

Two Other Men Are Expected to Be Sentenced Later—All of Them Get Five Years in the Penitentiary

PITTSBURG, Pa., Jan. 16.—In the United States district court today bankers and a business man were sentenced in regard to irregular banking methods. Two others will be sentenced later.

William McKee, vice president of the Farmers' National Bank of Emmonston, Pa., and director of the First National bank of Clintonville, Pa., who was convicted of misapplication of funds, was sentenced to five years in the penitentiary.

McKee, brother of William C. McKee, president of the First National bank of Clintonville, Pa., convicted of misapplication of funds, five years in the penitentiary.

Charles E. Mullett, cashier of the Farmers and Merchants' National bank of Mount Pleasant, Pa., convicted of misapplication of funds, five years in the penitentiary.

E. H. Steinman of Mount Pleasant, president of the Aetna Lumber company, convicted of having aided and abetted in the misapplication of funds from the Mount Pleasant Farmers and Merchants' National bank, five years in the penitentiary.

Leads of Los Angeles has introduced a bill in the assembly regulating the pilot charges to be made by regularly licensed pilots at San Pedro. The bill substantially makes the charges the same as those prevailing at San Francisco.

A similar bill will be introduced in a few days covering the port of San Diego. Leads also introduced a bill that makes it possible for cities acting under a freeholders' charter to change their names. Upon petition of 40 per cent of the qualified voters of a city the board of trustees or city council must call an election to pass on the question of change, and if a majority of the electors vote favorably the name will be changed.

HARRIMAN HITS AT COLLEGE MEN

Says Employes Must Start in at the Bottom, No Matter How Well Educated They Are

NEW HAVEN, Conn., Jan. 16.—Edward H. Harriman has written for the Yale Daily News his views of college training as preparation for railroad service. He said in part:

"A college education will be a great help if the man in going through college has kept the foundations of his school learning firmly fixed.

"On the other hand, if he has neglected his handwriting and forgotten his arithmetic in the higher mathematics, nothing could be worse for him. The college education is, in the beginning, a real disadvantage, and I have found that in every case the high school boy does better work than the college man for the first few years. However, as soon as the college man has gotten back to the first principles he works much faster than his less educated rival.

"No matter how well educated a man may be he must start in railroad work at the very bottom. It is the hardest life I know of, and yet one of the most pleasant. It cultivates an insight. It teaches a knowledge of men, and in this way is the best training for any profession.

"Full can never carry a man far in railroad work. It is hard work and application that counts.

"My advice to the college man expecting to enter railroad work and hoping to have an easy life is DON'T, but to the man who does not mind the hardest kind of work, who will not quit under disappointments and who wishes to have the most interesting sort of a career is by all means—DO."

Taft Says 'Taters' and 'Possum' Made an Excellent Feast

ATLANTA, Ga., Jan. 16.—"Did you see the way the president-elect ate 'possum and 'taters last night?" This was the prevailing question in rain-soaked Atlanta today.

Then Mr. Taft said: "Well, I certainly like 'taters and 'possum very heartily. It last night and it did not disturb in the slightest my digestion or my sleep."

Beginning his day with a ride to the chamber of commerce Mr. Taft was made to know in very certain terms that his remarks last night, particularly about the rule that should govern him as to federal appointments in the south, to select men of standing in their own communities—was the most valuable promise which could have been made. The statement met universal applause.

The day's round of speeches and receptions began early at the Georgia Technological school. To the students the president-elect made a characteristic speech. Later he spoke at a big meeting in the Baptist church.

All Sing "America"

The meeting was opened by the audience singing "America." Mr. Taft joined in the singing. University education for the leaders of the negro race, for the physicians and professional men and industrial and primary education for the body of workers composing the balance of the race was the note struck by the president-elect.

MASKED BANDITS IN OREGON LOOT BANK

KLAMATH FALLS, Ore., Jan. 16.—The Klamath Falls County bank at this place was robbed of \$2000 by two masked men, who entered the bank this afternoon with drawn revolvers, compelled the cashier to pass over the counter all money in sight, amounting to about \$2000.

Several citizens who were inside the bank were held at bay while the robbers escaped.

The money was in a sack. The robbers separated, one of them going east of the city and the other sought refuge in a barn near the bank and was captured.

The robber who took the money was one of the men who were seen in the vicinity of the bank.

Officers are in pursuit.

FIND AMERICANS DEAD IN MESSINA

BODIES OF CONSUL CHENEY AND WIFE RECOVERED

WILL BE RETURNED TO UNITED STATES FOR BURIAL

Estimate of Number of Killed in Sicilian City Now Reaches 90,000.

Apparition Frightens Catania

WASHINGTON, Jan. 16.—An invasion in international relations is under way, so far as Europe is concerned, and will be undertaken by the American government in expending the \$800,000 appropriated by congress for the Italian earthquake sufferers.

Realizing that a great need among the sufferers will be shelter, President Roosevelt has decided to send to Italy material for the construction of 2500 or 3000 substantial, but modest, frame houses.

Ever since the appropriation was made serious consideration has been given by the president and the state department as to the best uses that could be made of the way re- lief. A final decision was reached yesterday.

[By Associated Press.]

WASHINGTON, Jan. 16.—The bodies of the American consul and Mrs. Cheney were found in the ruins of the American consulate at Messina yesterday afternoon by the sailors of the American battleship Illinois, which arrived at Messina yesterday from Suez.

The bodies were prepared for shipment and taken aboard the American supply ship Culgoa, which will carry them to Naples.

Arrangements are being made for the shipment of the bodies to the United States.

Having accomplished her mission at Messina, the Illinois has returned to Malta.

An estimate of the dead in Messina as a result of the earthquake of December 28, made by Stuart K. Lupton, the American vice consul, on behalf of the American embassy at Rome, places the number at 90,000.

Mr. Lupton estimates also that there are today still 10,000 people in the city. The work of getting information concerning individuals who were in Messina at the time of the earthquake is extremely difficult, as there are undoubtedly tens of thousands under the ruins and other tens of thousands have scattered themselves throughout Sicily and the peninsula.

The people still in Messina are camping out in the outskirts and it has been impossible to take any census of them.

Major Landis, military attache to the American embassy at Rome, who is quartered on board the United States battleship Illinois, reorganized the work of searching the ruins of the American consulate and the bodies of Consul and Mrs. Cheney.

A number of things which the Cheney family possessed were found by the rescuers.

Mr. Lupton left today for Catania to establish an American consulate there.

Eighty-two persons have been arrested up to the present time for stealing during the confusion incident to the earthquake disaster.

They will be tried by martial law.

GHOST OF ST. AGATHA SAID TO HAVE BEEN SEEN ON PEAK

CATANIA, Jan. 16.—For two days the populace of Catania has been in a state of great excitement over a report that an apparition of St. Agatha, the protectress of the town, had been seen on the summit of Mount Etna.

Those who say they saw the specter declared that the vision seemed to them "like an angelic dream." St. Agatha being enveloped in thin, vaporous clouds, through which shone rays of dazzling light, while her right hand was extended as though in a sign of benediction and protection over Catania.

Because of these reports the belief has spread that the outbreak and the eruption of St. Agatha.

Great groups of persons assembled in the square and on roofs of houses, peering at Mount Etna, waiting for the vision to reappear.

Many of them say that when the smoke from the volcano was densest and the sun was shining strongly on the glittering snow.

Agatha fall upon her knees. The credulous, on hearing these tales, knelt in prayer and beat their breasts as penance for their sins.

The Duke of Genoa arrived here yesterday and visited the hospitals, where he addressed words of consolation to the wounded.

SACRAMENTO RIVER HIGHEST IN HISTORY

(Continued from Page One)

41 inches for the season. Every stream in the county is overflowing and much damage has been done. Dozens of bridges have been carried away, including the large steel bridge across Wolf creek.

Feather River Subsides

OROVILLE, Cal., Jan. 16.—The Feather river at this point dropped six feet this afternoon and is continuing to fall rapidly. The whole country around Biggs is still under water and no trains have been run in or out of Oroville for three days. The damage by the flood waters around Oroville is estimated at \$125,000, including the loss of the huge dam on Philbrook creek and a gold dredger belonging to the Indiana Mining company.

Levee Breaks Near Colusa

COLUSA, Cal., Jan. 16.—Some excitement prevails here tonight as a result of a break in the levee on the east side of the Sacramento river, half a mile north of Colusa, which occurred at 8:30 o'clock. All the levees on the Colusa side of the river are still intact. The water is slowly rising tonight and the high water mark will be reached by morning.

All Streams Raging

SUSANVILLE, Cal., Jan. 16.—Continuing heavy rains for several days and the melting of snow in the hills have turned every stream into a torrent, flooding the valleys and causing numerous families to move to higher ground. No mail has been received for several days. The storm is now over.

Marysville Escapes Luckily

MARYSVILLE, Jan. 15.—The storm has cleared and the water in the Tuba river is receding rapidly. Aside from the damage sustained by the railroads the loss by the high water in this vicinity has been small.
