

WANT JAPANESE COME RAILROADS

LEGISLATURE SOON TO TAKE UP VITAL MEASURES

OLD ORDER OF MACHINE REGIME MAY DISAPPEAR

Conditions at Sacramento justify the fond hope that at last the common public may be protected

SACRAMENTO, Feb. 7.—Now that the death knell of race track gambling appears to have been sounded, and with some kind of solution—right or wrong—to the Japanese problem at last in sight, the attention of our state's lawmakers soon will be directed to the many and onerous measures pending before it.

Two years ago not even the most optimistic advocates of fair treatment at the hands of the great railroads in California would have dared to hope that what now appears to be in sight could have been brought to pass in many a long year.

But the old order of things is changing—yes, it may truthfully be said that the old order has changed. Sad havoc has been wrought in the ranks of those who in years past responded instantaneously to the beck of monopoly. Within two years the master and the servants have exchanged places.

Want Real Reciprocation

From the Siskiyous to Tia Juana there is an insistent demand for a reciprocal demurrage law which actually reciprocates. The measure introduced by Senator Stetson at the request of Governor Gillett and Attorney General Webb contains no provision for reciprocal demurrage.

WESTINGHOUSE, JR., GOES TO ENGLAND TO MARRY BEAUTY

Young Millionaire Will Wed Daughter of Sir Thomas Brocklebank at Irton Hall Within Fortnight

NEW YORK, Feb. 7.—The happiest man aboard the great Cunard liner Muretania, which has just sailed for Europe, undoubtedly was George Westinghouse, Jr., son of the famous inventor of the airbrake and several times a millionaire in his own right.

Mr. Westinghouse said farewell to America as a bachelor. He will return to it before many moons a benedict—the proud possessor of one of England's wealthiest and most beautiful maidens, Miss Evelyn Violet Brocklebank, daughter of Sir Thomas Brocklebank, a wealthy baronet and owner of the famous Irton hall, ancestral home of the Brocklebanks at Holbrook.

Not until the eve of his departure did Mr. Westinghouse confide even to his close friends the date of his wedding. Then he admitted it was to take place at Irton hall within a fortnight.

Many friends were at the pier to wish him a pleasant voyage and to congratulate him on the nature of his errand. It is said the international romance which led up to the engagement of the happy couple has been highly interesting.

A Drastic Resolution

The most drastic resolution pertaining to railroads thus far introduced is that proposed by Senator Cartwright, which instructs the attorney general to institute criminal proceedings against railroads and other common carriers participating in the recent advance in rates.

OKLAHOMA'S NEW ROAD TO EXTEND INTO TEXAS

Authoritative Announcement Is Made of Railway to Be Built Immediately

MUSKOGEE, Okla., Feb. 7.—Authoritative announcement was made here by Vice President D. P. Dewar of the Missouri, Oklahoma and Gulf railroad today that this new line which has just been completed from Wagoner to Calvin, Okla., a distance of 111 miles, will immediately be extended on from Calvin to Denison, Texas, ninety-two miles farther.

The announcement was based on a cablegram received yesterday by William Kenefick, president of the road, from the president of the Franco-American bank of France, which with the Societe Centrale du Province bank, both located in Paris, has financed the building of the road from Wagoner to Calvin.

Important Measures

Several other important measures will be acted upon this week, chief among which are the so-called Sunday rest law, the direct primary law, and the free text book bill.

The question of submitting to the people a constitutional amendment setting aside Sunday as a day upon which no business may be legally transacted will be taken up in the assembly on Thursday at the request of its author, Johnson of Sacramento. The bill was reported unfavorably by the committee and was then amended by a select committee so as to eliminate all the features except that relating to automobiles.

STAGE NOW WORSE THAN EVER, SAYS ARCHBISHOP

Noted Prelate Declares Theater More Evil Than in the Days of Paganism

NEW YORK, Feb. 7.—"The stage is worse today than it was in the days of Paganism," said Archbishop Farley in his sermon in St. Patrick's cathedral today. "The old preachers wanted us to believe that we must live undefiled to be saved," said the archbishop.

"All about us we have the men and women who are setting evil examples. Men hoary with age go to the public places and to theaters in shamelessness and they bring with them youngsters who cannot escape corruption. We see today men and women—old women and men—who ought to know better, bringing the young to these orgies of obscenity."

15,000 LABORERS NEEDED, BUT LACK THE CAR FARE

Federal Official Tells of Demand for Toolbars and Poverty Which Handicaps

WASHINGTON, Feb. 7.—An official of the bureau of information, department of commerce and labor, said today that within the last ten weeks fully 15,000 laborers could have been sent out to different parts of the country if they had had the means to travel.

To Return Miners' Charter

INDIANAPOLIS, Feb. 7.—President Lewis of the United Mine Workers announced today that the charter of the Hudson, Ind., miners' union would be returned and that the differences between the officers of district No. 11 and the national union had been settled.

Young Millionaire Son of Famous Inventor, and Girl Whom He Goes to England to Wed

WESTINGHOUSE, JR., GOES TO ENGLAND TO MARRY BEAUTY

Young Millionaire Will Wed Daughter of Sir Thomas Brocklebank at Irton Hall Within Fortnight

NEW YORK, Feb. 7.—The happiest man aboard the great Cunard liner Muretania, which has just sailed for Europe, undoubtedly was George Westinghouse, Jr., son of the famous inventor of the airbrake and several times a millionaire in his own right.

Mr. Westinghouse said farewell to America as a bachelor. He will return to it before many moons a benedict—the proud possessor of one of England's wealthiest and most beautiful maidens, Miss Evelyn Violet Brocklebank, daughter of Sir Thomas Brocklebank, a wealthy baronet and owner of the famous Irton hall, ancestral home of the Brocklebanks at Holbrook.

Not until the eve of his departure did Mr. Westinghouse confide even to his close friends the date of his wedding. Then he admitted it was to take place at Irton hall within a fortnight.

Many friends were at the pier to wish him a pleasant voyage and to congratulate him on the nature of his errand. It is said the international romance which led up to the engagement of the happy couple has been highly interesting.

The bride-to-be is one of the most beautiful of all the noted English beauties, and has been much sought by noted portrait painters as a model. She is said to be highly talented.

The announcement was based on a cablegram received yesterday by William Kenefick, president of the road, from the president of the Franco-American bank of France, which with the Societe Centrale du Province bank, both located in Paris, has financed the building of the road from Wagoner to Calvin.

Several other important measures will be acted upon this week, chief among which are the so-called Sunday rest law, the direct primary law, and the free text book bill.

NORTH DAMAGED BY HEAVY RAINS

ELECTRICAL STORM FOLLOWS TERRIFIC DOWNPOUR

LANDSLIDES BLOCK TRAFFIC NEAR OCEANA

Yosemite Valley in Grip of Blizzard. Much Alarm Caused at San Francisco by Lightning

[By Associated Press.] SAN FRANCISCO, Feb. 7.—The roar of thunder and the vivid glare of lightning preceded the breaking of a storm today that did considerable damage along the railroads in the central part of the state.

The thunderstorm caused considerable excitement in this city and surrounding country, but no damage beyond broken sewers is reported.

Lightning struck the flagpole at the St. Matthew military school near Belmont street during the course of the storm and was torn down.

For the first time in nearly thirty days the weather forecast for this vicinity is for clear weather tomorrow.

On the valley line a heavy storm is raging in the Tehachapi and about Santa Paula, and the northbound Owl train has been tied up for the night at Mojave.

Both routes will be resumed in the morning when there is less risk in operating the trains.

This recent damage is not extensive, and as clear weather is anticipated tomorrow throughout the storm-swept area it is believed conditions will be normal by tomorrow evening.

PREDICT COLD WAVE TODAY WILL COVER ENTIRE NORTH

Lower Temperatures Also Forecasted for Southern Country—Storm Moving Eastward

WASHINGTON, Feb. 7.—Following a storm which will move eastward from the extreme west tomorrow, a cold wave which now covers the northwest will prevail over the entire northern section of the country by the middle of the week.

Much lower temperature will be experienced over the southern districts, according to the prediction of the weather bureau tonight.

The thermometer registers from zero to 10 below from Northern Minnesota westward into northeastern Montana.

WORST STORM IN HISTORY, REPORT FROM ONE SECTION

ARROYO GRANDE, Cal., Feb. 7.—The worst storm experienced in this section of the state this winter occurred this morning, causing numerous washouts on the Southern Pacific and the narrow gauge roads.

Several thousand acres of land in the lower part of the valley are under water and much damage has been done.

700 Feet of Track Gone

SAN LUIS OBISPO, Feb. 7.—Seven hundred feet of track were washed away near Oceano by the severe storm today, and all traffic on the coast division of the Southern Pacific is blocked.

Passenger train No. 18, due at 4 p. m., taking six hours to come over the ten miles of the Cuesta grade.

Biggest Rain Yet

REDDING, Feb. 7.—Kenneth claims the largest rainfall record in the state. The total precipitation for the season is 80.72 inches. During January 54.03 inches of rain fell, or an average of 1.75 inches a day.

SALVADOR AND NICARAGUA AGAIN THREATEN TO WAR

Overthrow of President Zelaya Said to Be Sought by Cabrera and Figueroa

PANAMA, Feb. 7.—Passengers by steamer have just arrived here and report warlike preparations on the part of Salvador and Nicaragua.

When the last Pacific Mail steamer passed down the coast, President Figueroa of Salvador, with a military staff, was inspecting all part garrisons, it being reported that an invasion of Salvador by revolutionists headed by Dr. Alfaro and assisted by Nicaragua was imminent.

A dispatch from Managua says: "The government of Salvador, instigated by Guatemala, ordered that its gunboat Presidente should fire its guns at night in the pretense of repulsing Nicaraguan forces invading Salvadoran territory, the intention being to create ill feeling against the Nicaraguan government."

It is generally believed that President Figueroa and President Cabrera of Guatemala are anxious for the overthrow of President Zelaya of Nicaragua.

SUIT TO DISSOLVE MERGER WILL BE HEARD TOMORROW

Federal Action Against Harriman Has Been Transferred to Cincinnati for Trial

CINCINNATI, Feb. 7.—The case of the government against the Union Pacific railroad, E. H. Harriman and others, called a year ago in the federal courts to break up what is claimed to be a merger of the Harriman lines, will be heard here next Tuesday, having been transferred to Cincinnati recently.

What is the best book for you? Boys and girls of public school age may win prizes by writing best letter on this subject. Address Aunt Laurie, Herald Junior, care this office.

Many to Discuss Tariff

NEW YORK, Feb. 7.—Announcement was made today that the convention of the national tariff commission in Indianapolis on February 15 in an endeavor to bring about the establishment of a permanent bi-partisan tariff commission, will be attended by over 2000 delegates, including representatives of manufacturing concerns, many congressmen and financial interests.

OREGONIANS AGAINST JAPANESE

PORTLAND, Ore., Feb. 7.—The doings of the California legislature in regard to the Japanese, while followed with interest in this city, are discussed but little. Sentiment of nearly all classes is in favor of discouraging immigration of Japanese and resolutions are pending in course of preparation in the legislature at Salem, seeking their further exclusion.

Tacoma Is Apathetic

TACOMA, Wash., Feb. 7.—No interest is taken in Tacoma in the anti-Japanese agitation and the matter has not been discussed at any public gathering. The newspapers commend President Roosevelt and Governor Gillett, but the general public is apathetic.

SENATOR NEWLANDS SAYS NATION MUST CONTROL JAPANESE

(Continued from Page One)

but which, if given play on American soil, would develop the strongest form of race antagonism.

"That history teaches that it is impossible to develop such homogenous people by the juxtaposition of races differing in color upon the same soil; that under such conditions race tolerance means an undesirable race amalgamation, and that race intolerance means ultimate race war or the reduction of one race to servitude.

Our Duty to Ourselves

"That therefore our duty to our race and our institutions and the maintenance of friendship with races differing in color, alike demand that we abandon the attempt to take similar action against the Japanese and race integrity, and that such action was entirely consistent with absolute friendliness between the nations.

Speaker P. A. Stanton of the assembly will leave this afternoon on the Owl train for Sacramento, where on Wednesday he will again wage a fight against the bill providing for separate schools for the Japanese.

Mr. Stanton came in yesterday morning from Bay City and went to the Jonathan club and later to his office.

It was stated last night that he would leave on this evening's train for the north. After Speaker Stanton had refused on Saturday to make public the telegram that he had received from President Roosevelt regarding the Japanese situation, Governor Gillett received word from Washington that there was no necessity of maintaining such an air of secrecy.

Assemblyman Transe in Sacramento yesterday gave out a copy of the message in which President Roosevelt congratulated Stanton on the attitude the speaker had shown regarding the Japanese situation and expressed the hope that this course would be supported by the people of California.

SAYS ONLY INSULT COULD MAKE JAPANESE OUR FOES

Prominent Coloradoan Declares Cowardly Abuse Would Be Necessary to Change Their Friendship

COLORADO SPRINGS, Colo., Feb. 7.—"It is my firm conviction that none but the most cowardly insult and unrighteous grave denunciation of the Japanese nation to the point of breaking the time-honored relations of friendship with our people. Japan looks to us with utmost friendliness as an elder brother in the family of nations."

In these words, G. S. Phelps, secretary of the international committee of the Y. M. C. A., who for years has been stationed at S. S. S. S., expressed his opinion of Japan's attitude toward the United States.

He continued: "The criticism of many European nations that we are conceited, narrow and provincial is partly justified by our attitude toward other nations. The new world civilization is not to be Anglo-Saxon, Germanic, Slav, Latin or Mongolian, but it will be cosmopolitan."

Los Angeles reports that the sentiment in that vicinity is opposed to legislation at this time.

Stockton, Fresno, San Jose and other interior points are taking little interest one way or another in the contest at the state capital.

In San Francisco the main question as to the necessity for anti-Japanese legislation is lost sight of in the general interest with which the public is watching the contest of the president, aided by Governor Gillett and the Republican organization and the anti-Japanese side.

Aside from a protest by local business men against legislation at this time there have been no public meetings or other demonstrations for or against the measures.

SERIOUS CRISIS IS THREATENED IN LEGISLATURE

(Continued from Page One)

what he termed the only exception in his record in support of the navy and his needs—his vote against the four battleship program urged by the president.

Relative to the position he has taken on the Japanese question, Senator Perkins said that such immigration treaty with a foreign power in his opinion the right of a state to have its own policing power was beyond question.

Senator Perkins stated that his position on the matters referred to by the president in his telegram was well understood, particularly in his own state.

SPEAKER STANTON IS READY FOR FRAY

Head of Assembly to Go to Sacramento Tonight—Fight on Japanese Bill Expected Wednesday

Speaker P. A. Stanton of the assembly will leave this afternoon on the Owl train for Sacramento, where on Wednesday he will again wage a fight against the bill providing for separate schools for the Japanese.
