

PART II SOX AND ANGELS HOOK UP TODAY

OPEN LOCAL LEAGUE BASEBALL SEASON

Comleky's No. 2 Aggregation Returns from San Diego This Morning and Will Begin Series of Games with Los Angeles Clubs

The baseball season will be opened this afternoon at Chutes park when the Angels and White Sox No. 2 will play the first game of the spring training series.

His royal majesty, "Bull" Perrine, the best umpire that ever worked in the Coast league and who goes to the American league this year, came down from Frisco yesterday to umpire the White Sox series with the local teams.

The game this afternoon will be called at 2:30 o'clock, says Hen Berry, and it will be for blood.

ACADEMIC GOSSIP

BY RED PERKINS

Rumor had it in high school circles yesterday afternoon that Rickerhauser, the Southern California high school champion hammer thrower, would be protested by students of Los Angeles high school on account of the age limit.

It was whispered among students of Los Angeles high school yesterday that George Thorpe, the Harvard military sprinter, would enroll on the hill-top register for next year.

The girls of the Los Angeles high school indoor baseball team will try conclusions this afternoon at Santa Monica with the Santa Monica high school first team.

The game scheduled for this afternoon between the students of Polytechnic and Hollywood has been called off on account of the county school club not being in condition.

Jack Hartigan, the fast little sprinter of Los Angeles high school, is improving rapidly and will be in a few days from the injury sustained in the recent track meet between Los Angeles and Polytechnic on Bovard field.

Athletes of St. Vincent's are rounding in shape for their first track meet of the season with Polytechnic high school two weeks hence on the St. Vincent's field.

Robertson, the fast athlete of Los Angeles high school, is training hard for the Los Angeles interschool track meet, which will be held on the Harvard military field.

Captain Chamberlain of the Polytechnic high school track team is also doing road work and taking long-distance runs with other athletes for the county meet.

The girls of Polytechnic high school indoor baseball team are practicing daily for the L. A. high school and expect to win the same by a large margin.

Good news was received by the Herald last night from Chicago to the effect that "Shorty" Roach would, in all probability, take charge of the Saints this year in football practice. Roach developed the Los Angeles high school championship and also made a good showing with the Throop college football eleven this year.

Moat, the speedy track man of St. Vincent's college, the other night cleared the bar in the pole vaulting department 10 feet 6 inches in practice. With Donahue the Saints have a track team by themselves. Donahue also is a fine pole vaulter.

George Stoney, manager of the baseball team and who will captain next year's football eleven at St. Vincent's, turned out for the first time yesterday for track work and with Donahue did several laps around the 440-yard circle.

Bad news was received at St. Vincent's college yesterday over the death of the Kennedy boys' mother, who passed away in San Francisco the other day.

Captain Monk Pierce of the baseball team at Polytechnic is the best "queener" on the team and has Price and Bibb faded seven city blocks.

This afternoon there will be a track and field battle on the Occidental campus between U. S. C. and Occidental college. U. S. C. has the shade in many points.

"Mary" Pierce, brother to Tom Pierce of Polytechnic high school, is thinking of entering the second Polytechnic high school team, and for the past few days has been seen on the campus of St. Vincent's college with his friend Nofziger.

Track athletes at St. Vincent's have been given new track suits and have started training with a rush.

While running backward across the courts of the Roosevelt school in Pasadena yesterday afternoon after a baseball game, Cory fell over a tennis net and fractured his right arm below the elbow.

Tennis players are very active on the Los Angeles high school tennis courts, rounding into shape for the coming tennis tournament, which will be held at Nirdhoff during April.

"Pinkey" Grindle, former St. Vincent high school catcher, has given up the idea of joining "Hap" Hogan's team, and says school life is good enough for him. Pinkey paid a most mysterious visit to Downey the other night.

FIERCE FIGHT ENDS IN DRAW

BAKER AND ENGLISH PUT UP TERRIFIC BATTLE

COLORADO MAN PROVES TO BE THE MORE CLEVER

Omaha Pugilist Claims to Have Injured His Arm in the Eleventh Round and to Have Lame Hand

[Special to The Herald.]

SAN BERNARDINO, March 4.—In the classic heavyweight pulled off before the Gate City Athletic club Howard Baker of Boulder, Colo., and Clarence English of Omaha tonight fought to a draw after twelve rounds. It was the hardest fought battle ever seen here, and the decision of Referee Howard Walker was popular except with the English fans, who felt that he had the better of it.

This was true, so far as his condition at the finish was concerned. Baker, however, proved to be in many ways the more clever of the two, and landed more clean punches than his opponent, but in the in-fighting English had decidedly the upper hand.

After that Baker seemed to tire until the eleventh round, when English appeared to hurt his left arm. In the next round English suffered a severe cut on the head, and this worried him badly throughout the rest of the fight, as he bled considerably at times. At the end of the fourteenth round English fell in making a swing just as the gong sounded.

In the fifteenth Baker came up strong and put English to the floor with a straight right, but English was up at once and Baker fell in attempting to repeat the operation. From that time it was anyone's fight.

English at the opening of the last round rushed at his man like a demon, but failed to make good, as Baker proved too clever.

The fight was remarkable for the terrific fighting in the clinches, and with two or three exceptions every round could be told by the same story—fierce in-fighting, repeated attempts at fierce swings by both men and an occasional stiff blow landed.

During the last round English led the fighting rather more than did Baker. English stated after the fight that he nearly threw out his arm in the eleventh round, when he seemed to go to his knees and Mrs. English said that he injured his right hand with Indian Joe Greg, went back on him. However, Baker's plucky fight with the English champion, and with a little more age should be able to whip his opponent easily.

BALDWIN'S BODY NOW REPOSES IN VAULT

Ceremonies at Cypress Lawn Cemetery in San Francisco Confined to Musical Program Directed by Turf King

SAN FRANCISCO, March 4.—The body of E. J. Baldwin was laid to rest today in a temporary vault at Cypress Lawn cemetery, just south of this city. There were no ceremonies of any kind beyond the musical program rendered by an orchestra, as had been desired by the dead millionaire.

The train which brought the leaden casket from Los Angeles was seven hours behind time when it arrived at the gate of the cemetery the coffin was lifted out and quickly taken to the chapel, where the orchestra was stationed. About it were placed a few floral offerings, among them the tributes of the Los Angeles Racing association, Thomas Williams and Battling Nelson.

Wife Joins Cortege Behind the carriage in which the coffin was being walked Mrs. Lillian Bennett Baldwin and her mother, Albert Bennett, H. A. Unruh, manager of Baldwin's estate; Mr. and Mrs. Harry Stocker, Mr. and Mrs. J. H. Trueworthy, E. H. Sharp, H. H. Cross and Oscar Tolle. These, with a few former employees of Mr. Baldwin, composed the funeral cortege, though a considerable crowd of morbidly curious persons were present.

After the orchestra had finished the selections which had been chosen by Mr. Baldwin when he felt death approaching, the casket was rolled into the vault, and the coffin closed and the funeral of the man who has been known as the "turf king" was over.

CIVIL ENGINEER SECURES GOLD MEDAL AS MILLINER

Young Man Says Knowledge of His Profession Necessary in Building Women's Hats

CHICAGO, March 4.—Walter H. Doherty, aged 22, has won the gold medal at the convention of the National Milliners' Association for the best design in women's hats. He is a civil engineer by profession, the son of a South Bend, Ind., millionaire, and a University of Illinois graduate.

"You see, this way," he explained: "Father wanted me to become a civil engineer. However, I was always artistically inclined and in college took up art and color harmony as a side issue. "When I graduated father wanted me to open an office at once and follow the profession of engineering, but that did not look good to me. I had always been a close observer of millinery and decided to try something in that line myself. You know, the market suddenly became insane and the manufacture of a woman's hat nowadays is something of a feat of engineering in itself, and with the knowledge I gained at the university I thought I was pretty well fitted to make a start."

ERRATIC REUBEN FILES SUIT FOR DIVORCE ON CRUELTY

ST. LOUIS, March 4.—A petition for divorce was filed by George Edward "Reube" Waddell, the ball player, here today. The document charges that Mrs. Waddell showed a "violent and unbecomingly temper" various times, and also that on one occasion, when Waddell threatened to leave her on account of her association with persons distasteful to him, she caused him to be attacked by two vicious dogs.

WIFE RECOGNIZES IN WATTS HER HUSBAND

STOCKTON MERCHANT DISAPPEARED JUNE, 1908

Man Named Wyandt Does Not Remember Anything of His Life Prior to the Time He Left Home

STOCKTON, March 4.—Private letters received in this city today from E. P. Llewellyn, the Stockton traveling man, who found D. B. Wyandt, the missing Stockton merchant, at El Centro, Southern California, disclose a remarkable condition of affairs.

Wyandt remembers little or nothing of his life up to last June, when he mysteriously disappeared. He remembers nothing of Stockton, his home for years, and was surprised to learn that he had a wife and child.

He had a faint recollection of his wife's maiden name—Miss Whidden—but says if he has a wife and child he will take care of them. The first thing he remembers, he says, is that bound for Benson, Ariz., with a ticket for that point. He found a lump on his head and his arm was bruised. He could not recall his name, but took the name of Watts. He got off the Overland at Imperial Junction and went to Imperial, where he took a job making boxes for cantaloupes at Heber, 150 miles from El Centro. He had but \$20 on his arrival. Later he went into a creamery, and was conducting a creamery when found.

On his handkerchiefs and today arrived the day following the date of the letters to Benson, Ariz., and today expressed the desire to see her in the hope that she would be able to assist in clearing his befogged brain.

A telegram from Mrs. Wyandt today states she has reached El Centro and recognized her husband.

During the last round English led the fighting rather more than did Baker. English stated after the fight that he nearly threw out his arm in the eleventh round, when he seemed to go to his knees and Mrs. English said that he injured his right hand with Indian Joe Greg, went back on him. Dr. Pierce's Favorite Prescription

Is no "cure-all" humbug, but is made for just one purpose—to cure the weaknesses, painful disorders and irregularities of the womanly organism. It is

THE ONE REMEDY for these ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and is carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath—thus taking its users into their full confidence, and warranting physicians in prescribing it in their worst cases, which they do very largely.

It is foolish as well as dangerous to take medicine the composition of which you know nothing. Therefore, don't let a dishonest druggist prevail on you to accept a secret nostrum for this professionally approved medicine of KNOWN COMPOSITION. Every ingredient in its make-up has the strongest indorsement of the leading medical men of all the several schools of practice. Send postal card request for free Booklet of same.

Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her, absolutely free.

In addition to this free advice, Dr. Pierce will send a fine French cloth-bound copy of his great 1000-page book, "The Common Sense Medical Adviser," to any woman who will send 31 one-cent stamps to pay the cost of mailing only.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They work in harmony with "Favorite Prescription" when needed as a gentle laxative. Sugar-coated, tiny granules, easy to take as candy.

BE YOUR OWN LANDLORD

Stop paying rent—live in a home of your own. How many times have you wished that you could? Figure how much you have paid your landlord during the last few years—compare this sum with the price of a comfortable home that you will see in Herald Want Ads. But it's not too late—please don't think so. You can buy a home in the suburbs, and pay for it as you would rent. In time the home is yours. Many men who work in the city raise fruits, vegetables and chickens for profit, besides supplying the table. This helps to pay for the home quickly—then it's so healthful for the children. You want a bargain—that's why you should read Herald Want Ads. Read them every day for profit.

PAN-ANGLO-FUND TO BE EXPENDED FOR EDUCATION

Six Foreign Countries to Profit by Thank Offering Made at Convention in 1908

SAILOR THROWS SIGNAL CODE BOOK INTO CHANNEL

Divers Recover Precious Document and Save Revision of Entire British System

LONDON, March 4.—In its main details the scheme for the allocation of the fund of \$1,750,000 raised in connection with the Pan-Anglican congress last year has been settled. Of the total, \$25,000 was earmarked by its donors for specific purposes. The unappropriated amount is, at the instance of the Pan-Anglican committee, to be devoted almost wholly to educational work abroad, thus:

Africa (South Africa) \$120,000. Egypt (\$10,000) 250,000. India 250,000. China and Japan, each 150,000. Australia 50,000. N. W. Canada 75,000. S. America (new Argentine diocese) 15,000.

The educational work may be divided into two branches, the training and equipment of missionaries and the education of natives. The South African \$120,000 will be devoted equally to the education of the whites and the negroes. The \$150,000 to Japan will be spent in building a theological college of the first order in Tokio. It is believed that the \$80,000 for Australia and New Zealand will be expended on secondary schools. Jamaica has already received \$75,000 to help the rebuilding of the churches after the earthquake.

Cash prizes will be given to boys and girls for best letters on the topic, "What I Bought in —." Letters may be truthful or imaginary, and may describe any sort of a purchase, large or small, serious or amusing. Address: Aunt Laurie, care of this paper.

MAN LURED TO NOTORIOUS RESORT, THEN MURDERED

Painter's Body Found in Tenderloin District Gives Indication of Brutal Assault

SALT LAKE CITY, March 4.—The body of John C. Barnett, a painter, was found today in a room in a notorious lodging house on Commercial street, and the surrounding circumstances indicate that Barnett was lured to the room last night and then brutally murdered.

He evidently had been beaten to death by some blunt instrument that had cut his face and head so as to be almost unrecognizable. From all appearances he had been bound before having been killed.

The disordered condition of the room gave evidence that he had made a strong defense of his life, but persons sleeping in adjoining rooms declare they heard nothing except loud talking and laughing in the room.

Barnett entered the room about midnight last night with two other men, one of whom had previously rented the room. Both the men have disappeared.

Wind Is a Gale NORFOLK, Va., March 4.—A storm of great velocity swept through eastern Virginia, Maryland and North Carolina last night, with a maximum wind velocity at Cape Hatteras of fifty-two miles an hour during the early morning. The winds brought freezing weather, but the temperature in Norfolk and vicinity only fell to 28. High winds prevailed throughout the night, many cities and towns reporting serious storms, particularly along the coast.

Earthquake Does Damage

MEXICO CITY, March 4.—News has been received here of an earthquake shock on the isthmus last Saturday. At Moctozintla, Chiapas, nearly every building in town was damaged and many fissures appeared in the ground. Shocks were also felt at Tonala and San Cristobal de las Casas, in the same state, and the natives were terrified, but no great damage was done. Shocks were also felt at Tuxtla and San Juan, state of Tabasco.
