

SOX AND ANGELS PLAY TWO GAMES

DOUBLE HEADER SCHEDULED FOR TODAY

FIRST STARTS AT 10:15 O'CLOCK AT VERNON

Afternoon Contest Begins at 2:30 at Chutes—Dillon Plans to Win Entire Series with Americans

Rain prevented the Angels and White Sox players from pulling off the second game of their spring training series yesterday afternoon at Chutes park, but the schedule will be resumed today with a double-header, the first game being started at 10:15 o'clock this morning at Southside park, Vernon, and the second game being started at 2:30 o'clock at the Chutes.

The game this morning at Vernon will be the first Sunday morning game to be played between league teams in Los Angeles in a long time and as the fans must become accustomed to attending morning games every Sunday during the Coast league season the occasion will be in the nature of an experiment by fans and baseball writers alike.

When the regular season opens the team in the Coast league that is filling home dates will play every Sunday morning and Tuesday afternoon at Vernon and at the Chutes at other times, including each Sunday afternoon, thus furnishing the fans with a regularly scheduled double-header every Sunday, as in the case of "Doc" White who will pitch the morning game at the White Sox and Brinswaller and Phillips probably will pitch the evening game at the Angels.

Both teams will line up practically the same as on Friday afternoon, except in the batteries. Cap Dillon is very sanguine of winning the series with the White Sox teams, both of them, and figures that he must do so to maintain the prestige of his Coast league territory. Hap Hogan is figuring on making a better showing against the Sox than will the Angel team, and will not overlook any opportunity that is presented for permitting himself and Freddie Maier to crowd over Dillon and Berry. It is the old story of rivalry for popular favor, and it looks like the two teams and their factions will extend the rivalry throughout the season.

Hap Hogan and his Vernon team are at San Diego, having gone to the southern city Friday evening to play there yesterday and today. This series will enable Hogan to get a fair line on his men, although all of them have not shown up yet, and give him a fair idea of his lineup for the Coast league pennant chase. His heart will be broken if he is beaten once during the series.

The Angels are getting into fine trim for starting the season off with a series of victories, and all the boys are showing up in exceptionally good form for this early in the spring practice. All the twirlers are taking things with ease, but are showing enough to justify confidence in them. The pitching staff that may be expected of the tossing staff during the season and will not be worked too hard until the boys are warmed up. The batting staff, however, is showing up in the season of the hour, his showing in center being so delightfully good that Oakes will not be missed. Dillon seems to have another bunch of men who represent the Angelic hopes in the rag chase, and the fans will have to be shown before they will believe that any other team in the league is strong enough to beat them in the long race.

The Sox also are showing up exceptionally well for early season practice, and if they are not completely as strong as the Yankees the other American league teams will find a formidable contender for the season honors when they line up against the Sox.

SWEDISH RUNNER RECORD BREAKER

Svanberg Has Turned Professional Since Olympic Games in London and Races for the Simoleons

NEW YORK, March 6.—With a string of records that make the best American figures look sick, John F. Svanberg, the Swedish professional runner, has arrived here.

Svanberg can run any distance from one mile to the twenty-six and a fraction that make up the London Marathon distance. At the shorter distances, however, he is not so good. In the race for the local amateur title, Trube, White, Collins and Sullivan, for example, could not beat him. But above three miles he is a wonder.

Most of the records made while he was still an amateur, and are as follows: One thousand five hundred meters, 4:11; one mile, 4:24; 5000 meters (3 1/8 miles), 18:52; ten miles, 36:13; a world's record; four miles, 19:50; five miles, 24:37; 10,000 meters (6 1/4 miles), 51:30; ten miles, 51:58; 20,000 meters (12 1/2 miles), 1:06:12; 25,000 meters (15 1/2 miles), 1:23:14; 25,000 meters (22 miles 634 yards), 1:35:54.

Since he turned pro shortly after the Olympic games at London last summer Svanberg ran five miles in 24:31.2. Shrub's best record for the distance is accepted by the Swedish authorities, however, because none of the official timers held their watches on the race.

For some years Svanberg was one of the greatest distance men in Europe. At Athens he finished second to Sherring in the Marathon, and at the London Olympic was eighth in the race won by Hayes after running second to Voight in the five-mile. Svanberg was far from being at his best at that time. Still Voight was forced to do the distance in 25:11.

Ernest Hernberg is busy planning a campaign for the Swede. He is making up a circuit of the Swedish centers of the north and it is likely that Svanberg will show around Minneapolis, St. Paul and northern Minnesota, Michigan and Wisconsin before he tackles the metropolitan circuit.

White Sox Players Who Are Entertaining Coast League Clubs While Taking Spring Training Practice for Beginning American Pennant Race

GOLF AMATEUR NEWLY DEFINED

RECENT CLAUSE PROMISES TO MAKE TROUBLE

Professionals in Other Sports Can Be Admitted as Amateurs in Golf with Exception of the Championship

(Special to The Herald.)

NEW YORK, March 6.—A new definition of an amateur sanctioned by the executive committee of the United States Golf Association gives a clean bill of health to all players in good standing on January 1, but sounds a warning note to any and all who are inclined to stray from the straight and narrow path. The bar against persons who have been caddies, caddiemasters or greenkeepers for pay after the age of 16 is restored specifically after being only covered in a general way for some years, but it has always existed. Professionals in other sports in all other branches of athletics are debarred from playing as amateurs as they are in the case of the amateur by the Western Golf Association. A professional in any other athletic game if elected to a golf club may not join in the amateur championship, "or in any event of amateurs authorized or held by the United States Golf Association."

The clause regarding such professionals of other sports seems apt to be a trouble maker. As to open tournaments, the clause is not so strict, for they are for all members of the U. S. G. A. in good standing the committee often adds "and for such other amateurs as the committee." As to protests on this basis and in reviewing the counter evidence, the U. S. G. A. executive committee will make a decision in each case, and it is a professional in branches of athletics far from the ken of the golf solons.

The new by-laws read: "No person shall be considered an amateur golfer or shall be eligible to compete in the amateur championship of this association or play in any tournament authorized or held by it who accepts or has accepted directly or indirectly any fee, gratuity, or other consideration for playing or teaching the game of golf, or who personally makes or repairs golf clubs, golf balls or other golf articles for pay, or who, after the age of 16 years, has received pay for services as caddy, caddiemaster or greenkeeper, or who is or has been a professional in any other branch of athletics, provided, however, that any person who is or at the time becomes ineligible as an amateur by reason of this by-law may be reinstated upon giving to the executive committee of this association satisfactory evidence of meriting such reinstatement. Nothing herein contained shall apply to a person in good standing as a professional on January 1, 1909, under the provisions of section 7 of the by-laws of this association then in force."

Section 8. Protests against any individual for violation of section 7 of these by-laws must be made in writing to the secretary of the association and must be sent to the secretary of this association with a certificate by the secretary of such club that the protest is lodged by a member in good standing of such club. Of the recently revised rules of the game rule 15 is amended to read: "The custom of a worthy one if not abused. The rule and change: Rule 15. Before striking at a ball in play a player shall not move, bend or break anything fixed or growing except so far as is necessary to enable him fairly to take his stance in addition to the ball or in making his backward or forward swing. The club may only be grounded lightly, and not pressed on the ground. The penalty for breach of this rule shall be the loss of the hole. The interpretation of this rule additionally by the U. S. G. A. is as follows: "This rule does not prohibit a practice stroke more than a club's length from the ball."

New amendments to revised rules 36 and 16, stroke play, merely demand that the players in cases of disputes may not choose their own referee. Rule 36 is amended to read as follows: "In a dispute on any point, a claim must be made before the players strike off from the next teeing ground, or in the case of the last hole of the round, before they leave the putting green. All disputes shall be decided by the committee in charge of the competition, which decision shall be conclusive."

Rule 16. (Strike competition) is amended to read as follows: "All disputes shall be decided by the committee in charge of the competition, which decision shall be final unless appeal is taken to the executive committee of the United States Golf Association, whose decision shall be conclusive. Rule 16. (Strike competition) is amended to read as follows: "All disputes shall be decided by the committee in charge of the competition, which decision shall be final unless appeal is taken to the executive committee of the United States Golf Association, whose decision shall be conclusive."

POLY WILL PLAY HOGAN'S TEAM

FIRST MATCH TO BE HELD WITH PROFESSIONALS

Game Will Take Place at South Side Athletic Club's Grounds Next Tuesday in Vernon

Arrangements were made yesterday afternoon by Representative McAleer of the Los Angeles Polytechnic high school baseball team to play the Vernon team at South Side Athletic club Tuesday next, starting at 3:15 o'clock. Polytechnic, although not expecting to defeat the professionals, will no doubt give a good account of herself, as she has been putting up a strong article of ball in the interscholastic county league. Both the first and second teams of the Washington street institution will be seen in the lineup against the Vernon club, while on the other hand Manager-Captain "Hap" Hogan will try out all his material, as in the St. Vincent's contest.

For the Washington street school Portery, Terry, Tompkins and Carlini will go on the mound, while Price will act as catcher. Bryan will be first base; Bibo, second base; Monk, Piers, shortstop; McAleer, left field; Terry, third base; "Mary" Pierce, right field; and Sebastian, center field. The Vernon club will line up as follows: McGee, pitcher; Sturges, right field; Martine, left field; Branshear, first base; Mott, third base; Goodman, center field; Graham, second base; Hogan, Kinkel and Colbath, catchers; Coy, Shafer and Hensling, pitchers.

This will be the first time in the history of the Washington street team that it will have lined up against really classy ball players, and no doubt the boys will learn many fine points from the old timers.

A small admission fee will be charged at the gate to defray the expense of the students' journey from their institution to the South Side Athletic club diamond.

the sport has been attacked in the last two or three years. A. H. Harlin, prize press booster of the outlaw State league and editor of the Stockton Independent, left for home this morning after a visit of ten days in the south. His sister has been seriously ill for several days, and he came to visit her, remaining until she had shown sufficient improvement to justify the belief that she has passed the dangerous period in her illness. Harlin formerly was employed by local papers and is well acquainted here. He is about the same build as Hen Berry, and as much of a "kicker," and since he is on the other side of the baseball fence, he and Hen had a lovely time last night trying to "bull" each other. Harlin says that the outlaws will go into Sacramento and Los Angeles next year and rout the Coast league clubs. Same old talk, same old laugh, and probably the same old result.

ROUGH RIDING TACTICS BY JOCKEYS

serve to put racing in disrepute with the patronizing public, and the Santa Anita judiciary very properly is going after the offenders with a sharp stick.

The exhibition given yesterday in the Derby race marred the enjoyment of the crowd for the remainder of the afternoon, and the judges had dealt out severe penalties to the offenders who were well received in all quarters. Because many believe that the big hue and cry for the same weight but meet over the same distance, and since F. A. Forsythe, owner of High Private, yesterday proposed such a race and promised to keep High Private here to make a sharp stick. The exhibition given yesterday in the Derby race marred the enjoyment of the crowd for the remainder of the afternoon, and the judges had dealt out severe penalties to the offenders who were well received in all quarters.

Monte Preston, the crack jockey who was suspended at the close of last season for one year, has been restored to good standing by order of the Pacific Jockey club, according to official notification received by the Santa Anita establishment at Puenete, dated Friday afternoon.

Frank Farrell, baseball magnate, business man and sportsman of New York, was at Santa Anita yesterday afternoon for a visit to inspect the scenic beauty of the plant and see some of the record-breaking performances for which Santa Anita has become famous.

Andy Blakely has shipped his horses and those in his charge belonging to Sam Emery back to Emeryville, where they will finish out the season.

Ed Gorman, for fifteen years in charge of "Lucky" Baldwin's breeding establishment at Puenete, died Friday night.

Jeans Morley will be on duty again this morning at the Ship hotel at Venice. His duties consist chiefly in extending the glad hand to his friends and seeing that they enjoy their visit to his popular resort by the sea. The ship is most popular with racing folk, tourists and citizens who delight in eating and drinking to the music furnished by the sad sea waves and professional entertainers. Selbert and Newton are doing the entertaining stunt at the ship, and are a big card, as usual.

W. M. Murray, promoter of race meetings, including those at Salt Lake and El Paso, as well as many others in the west, left for Salt Lake City last night to look into the prospects for holding a summer meeting in the Mormon capital. He said that a carload of horses would be shipped Tuesday from Santa Anita to Albuquerque, where a thirty-day meeting will be held. Another carload will be shipped Wednesday, and it is expected that others will follow before the meeting begins.

Footpad is not as foolish as his conduct yesterday seemed to indicate when he started to run away. He dashed madly from the five-eighths pole to the judges' stand and halted suddenly as he jumped into the circle reserved for winners. He knew he ought to win some time, and thought he belonged there. The crowds cheered him for his good "sense."

Canardo, the good thing several times this season that has failed to deliver the goods, has offered Owner W. H. Spurling an excellent excuse for his

ICURE MEN

The Work of a Specialist Is the Doing of a Few Things BEST

There is not a physician living who can claim to be proficient in the treatment of all human ailments and diseases. To attain the highest possible degree of proficiency in all departments of medical science would require half a dozen lifetimes of study and as many more of practical experience.

The regular practitioner is proficient in a large number of the commonest and most easily conquered diseases. The specialist must first become proficient for general practice, and must then go on to proficiency in a few of those conditions and diseases more difficult to understand and more difficult to cure.

EXAMINATION AND ADVICE FREE I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No calling man should neglect this opportunity to get expert opinion about his trouble. My office is open all day from 9 a. m. to 9 p. m., and Sundays from 9 a. m. to 12 m. only. Alling men out of town who cannot call, write for symptom blank.

DR. MILES The Master Specialist Pay Me When Cured My specialty includes Varicose Veins, Hydrocele, "Weakness," Stricture, Blood and Skin Diseases, Eczema, Kidney and Bladder Troubles, Rupture, Catarrh, Rheumatism, Gonorrhea, and all pelvic and special diseases of the genito-urinary organs and their complications.

The news that Texas has joined the ranks of the anti-racing states came as quite a big surprise to horsemen from that state and elsewhere. It confidently was predicted that the anti-racing bill would not pass because of the opposition of those interested in the success of the great state fair that annually is held at Dallas; but the opponents of the sport made a vigorous fight and won out, just as they have done in every other legislature where

CLAMOR TAKES WATERHOUSE CUP

OUTSIDER BEATS ANIMUS AND OTHER CRACKS

Good Thing That Turns Up Occasionally at Long Odds and Wins Beats Classy Field in Long Distance Feature at Emeryville

[By Associated Press.]

OAKLAND, March 6.—Clamor, a long shot, won the Waterhouse cup at Emeryville today. The result of the long distance race was a complete surprise, as the Keene horse was almost completely overlooked.

Although showery weather prevailed there was a large attendance. Firestone assumed command after the first quarter and led for over a mile and a half, when he tired. Clamor had moved up from last place and won easily from Animus, while Firestone was also almost completely overlooked.

Results: First race, 4 furlongs, selling—Ketchenka, 110 (Keogh), won; May Amelia, 105 (King), second; Pimkin, 103 (Tappin), third. Time, 1:19.4. Oerine, Tolter, Suced and Platoon also ran.

Second race, 4 furlongs—Ollie James, 107 (Archibald), won; Baltham, 111 (Butwell), second; Indian, 104 (Doverich), third. Time, 1:09.5. Madeline L., Garnett, Inflection, Alford, Oerine, Kittle Rodd and Pride of Lamore also ran.

Third race, 1 mile and 20 yards, Grinstead handicap—Rose Queen, 92 (Fulton), won; Tony Faust, 102 (Burns), second; Orestes, 97 (Clark), third. Time, 1:56. Rockstone and Bellweather also completely overlooked.

Fourth race, 1/4 mile, Waterhouse cup, \$500 added—Clamor, 100 (Buxton), won; Animus, 114 (Butwell), second; Firestone, 110 (Butler), third. Time, 1:25. Milford, Naden, Montgomery, Big Bow and Lady Alicia also ran.

Fifth race, 1 mile and 20 yards, selling—Barney, 102 (Archibald), won; The Peer, 93 (Ross), second; Bight, 91 (Doverich), third. Time, 1:40. Dainty Belle, Brookland, Sir Llewellyn, Winkley, Bucket Brigade, Alaboids and Talumand also ran.

Sixth race, 5/8 furlongs, purse—Trots Tomp, 112 (McIntyre), won; Bubbling Water, 102 (Burns), second; Rubin Grand, 107 (Butler), third. Time, 1:09. Colypto, Workbox, Warden, Fred Maier, Dandy Time and False Run also ran.

Too much self-praise by several amateur bowlers last night who discussing their near-championship qualifications brought about a match series of two games that will be played by two seven-man teams at Miller's. They will play all next Wednesday night. Auditor McHale of the Brunswick-Balke-Colender company and Hector McKenzie, the Montgomery team, organized the Pommerys with the following players in addition to themselves: Bob Lacey, Fred Simpson, Jim Morley, Glimp and Griffin. They will be opposed by the Oldfies, organized by Barney Oldfield, whose makeup will be as follows, in addition to Barney: Billy McKenzie, Joe Duffield, Seaside Hill, Eddie Maier and Freddie Maier. Just to preserve their amateur standing, it was agreed that in lieu of a side bet of money the losers would be required to furnish a banquet for the winners and include an elaborate wine course. Three games will be rolled and total wins will count. Charlie Eytan will referee the match.

BOWLERS FORM TEAM AND ARRANGE MATCH
