The Extreme of Fashion

At the minimum of cost to the wearer is best exemplified in the early Spring models of this, the most popular shoe for women. The Patrician is high grade in every detail, nothing but the very best materials entering into their construction. Patrician is a shoe built on honor and sold at an honest price.

The New Spring Oxfords

Are everything that they should be. Here you find the rare combination of style, fit, service and economy. No men's shoes, nothing but women's styles are made by the Patrician manufacturers. The result is evident in the purely womanly footwear produced—the correct anatomical lines and shape—the daintiness and individuality of the style. All shoe needs are met and even the most critical cannot fail to be pleased with the nobby appearance of Patrician.

TARIFF DEBATE OPENS QUICKLY

NEW YORKER SAYS MEASURE ATTACKS WOMEN

HARRISON TALKS ON FABRICS AND GARDNER ON HIDES

Congressman from Empire State Denounces Several Features of New Schedule in Unsparring Language

[By Associated Press.] WASHINGTON, March 27.—In order to expedite the passage of the bill in the house, unanimous consent today was given that the sessions hereafter should begin at 10 o'clock instead of 11 o'clock, and recess at 8 o'clock, and resuming at 8 o'clock, the sessions to continue until 10:30 p. m. each day.

The quest for unanimous consent was made by Mr. Payne, who said forty or fifty members already had indicated their desire to this end. Mr. Clark of Missouri, the minority leader, asked how long general debate would continue, said he was somewhat embarrassed by this lack of information. Some of his colleagues Democrats had asked for time to speak and it was difficult to make allotments. Mr. Payne replied that he was suffering under a similar embarrassment, but did not supply the information desired. Without any intimation being given as to when the general debate on the measure would cease, the bill was presented for general debate. Mr. Harrison of New York, the new Democratic member of the committee on ways and means, at once took the floor, followed by Nicholas Longworth.

Declaring there would be no discussion in the Democratic ranks of the bill, Mr. Harrison declared every item on the steel and iron schedules should be put upon the free list in order to cheapen the price of these products to the American consumers. He attacked the maximum and minimum provisions of the bill, the countervailing duty on coffee, and said the Democratic party favored an income tax, rather than an inheritance tax. "This bill contains heavy taxes on the women of America," he continued.

"In many respects they seem to have been singled out for attack. The new taxes upon tea and coffee, upon women's gloves and cotton stockings are a direct provocation to woman suffrage. If this tariff bill does not bring about the franchise of women, their cause is hopeless. But the most serious aspect is that these duties fall more heavily upon the poor than upon the rich."

The Great Danger

"The great danger of the situation is that the lowering of the tariff rates is to be used as a pretext for lowering wages. "I have not the slightest doubt that the American manufacturers of steel and iron are strong enough to enter every market of the world." Mr. Harrison declared every item on the steel and iron schedules should be put upon the free list in order to cheapen the price of these products to the American consumers. He attacked the maximum and minimum provisions of the bill, the countervailing duty on coffee, and said the Democratic party favored an income tax, rather than an inheritance tax. "This bill contains heavy taxes on the women of America," he continued.

necessity for protection to the boot and shoe industry, saying the American maker of cheaper grades must be protected or go to the wall.

FORCE JAPANESE TO CONFESS TO MURDER

ADMITS HE HELPED TO KILL CALIFORNIAN

Police of Salt Lake Elicit Story of Crime at Betabel from Oriental—Struck Victim with Hammer

SALT LAKE CITY, March 27.—To-raniko Yoshimizu, the Japanese arrested here recently on suspicion of being concerned in the murder of a white section foreman at Betabel, Cal., broke down and confessed last night at police headquarters that he is the man wanted. Thomas Mulhall, chief deputy sheriff of Santa Clara county, Cal., arrived in Salt Lake yesterday and went to the station, where he confronted the Japanese. Yoshimizu at first stoutly denied his identity, but when confronted by photographs of himself, finally admitted that there was no mistake and that he struck the foreman, John Kyrne, over the head with a hammer. The story, told in the broken English of the oriental, in part is as follows: "Yes, I struck him with a hammer, but I was not the only one, for all of my countrymen in the camp wanted to kill him, and after the first blow was struck they all hit him. "There were sixty of us in the camp and few white men. One night, when he had bothered us all day, we got drunk on sake and made up our minds we would kill him. "It was fixed among us that whoever he swore at first was to hit him, and the others would finish the job. He called me a name and I struck him over the head with a hammer. He fell, but jumped up and ran at me. Then the rest of the Japanese closed in around him and I ran away, while they were beating him with clubs, picks, shovels and crowbars. I did not kill him myself." Yoshimizu will be taken back to California today or tomorrow. Rabbi Hecht Will Speak Dr. S. Hecht, D. D., will speak on the "Voice of the People" at the Los Angeles Liberal club, Mammoth hall, 517 South Broadway, at 8 p. m. this evening. Dr. Wells, Osteopath, 110 1/2 S. Spring.
