CONTEST DEPARTMENT KEPT BUSY REPLYING TO MANY QUESTIONS

INFORMATION SOUGHT ABOUT A.Y.P. EXPOSITION TRIP

One of the Most Traveled Highways of the Fair Will Be Known as Yukon Avenue

The contest department of The Herald has indeed been a busy place the last few days. Ministers, labor union officers and the officials of the several fraternal orders have been calling at headquarters for subscription books and information.

The friends of the eligibles have been even more enthusiastic than those most directly concerned. Superintendents of Sunday schools, presidents and officers of Women's Aid and Young People's societies as well as church members generally, together with the friends and associate members and fellow officers of the labor unions and lodges have kept the clerks of the contest department busy explaining the details of the Alaska-Yukon-Pacific contest.

In pursuance of our promise we give an explanation of another of the proposed features of the fair. Yukon Avenue is Main Street

One of the most traveled highways of the Alaska-Yukon-Pacific exposition will be the street to which has been given the name of Yukon avenue. Yukon avenue makes its way across the exposition grounds from west to east, and the ends are represented by Klondike circles, near the entrance, and Nome circle, on which fronts the classic Forestry building. It crosses the roaring cascades on oriental bridges of handsome design, and from its central part the buildings of Hawaii and Alaska, backed by the enormous federal structure, are directed to the west of Klondike circle the Pay Streak winds in a general direction from north to south, and at the eastern end the land gives way precipitously to the shores of Lake Washington. It is on this beautiful shore of the lake the natural amphitheater is located, and nature has so quaintly formed this delightful spot that small effort has been required of man to transform it into as perfect an exhibition place as is possible. Its curving, sloping sides complete a semi-circle, and from its tiers of towering seats 30,000 spectators may witness the entertainments with no possibilities of occupying a single undesirable seat.

A wonderful variety of architectural display is shown by the many buildings through which Yukon avenue passes, and during its course the visitor passes through parts of magnificent forests whose grandeur has never been marred by the destructive craft of Mammoth's disciples. From every side the line of horizon is defined by mountains whose lines are delineated in perpetual snows, and stretching away as far as the eye can travel rest the blue waters of Puget sound.

YUKON AVENUE

FALL CAUSES DEATH OF REV. C. R. PATTEE

After Sixty-four Years' Service in the Methodist Church, Divine Prayed for Trip to Paris, France

Rev. Calvin R. Pattee, one of the oldest Methodist ministers in California, died unexpectedly yesterday morning at the home of his son, Frank A. Pattee, 449 North Grand avenue.

Rev. Mr. Pattee, who was nearly 83 years of age, was in good health until a week ago, when he suffered a fall which confined him to his bed and which developed into acute appendicitis, causing his death.

Rev. Mr. Pattee had made all arrangements for a trip abroad, with his objective point Paris, France, where he was to visit his son, Elmer Pattee, an artist and proprietor of the American art store. He had set May 1 as the date of his departure and was to have sailed June 3, his steamer reservation having been made.

He had lived in Los Angeles sixteen years and for sixty-four years he had been a minister of the Methodist church, serving in the pioneer mission field in the Adirondacks among the lumber camps. He later held pastorates in New York, Geneva, Ohio, Waterford, Pa., Wisconsin, Kansas and various places on the Pacific coast. One of his last acts as a minister was the offering of prayer at the farewell reception tendered to Bishop McIntyre, whose personal friend he had been.

not get very far and would probably be killed, to which Mr. Pattee answered that it would at least start the good cause. In after years Mr. Pattee wondered, if the thoughtless words started the idea in the mind of John Brown which ended in his death at Harper's Ferry.

He is survived by three children—Elmer Pattee of Paris, William Pattee, a musician of Davonport, Iowa, and Frank A. Pattee, an insurance broker of Los Angeles.

The funeral will be held Monday afternoon at the First Methodist church, the hour not having been decided. Rev. Charles Edward Locke, the pastor, will officiate.

LOS ANGELES PIONEER DIES IN HONOLULU

John Chanslor, Who Came to California in 1837 Falls to Find Health in Hawaiian Islands

John Chanslor, well known in local business circles, died in Honolulu yesterday morning. No details of the death have reached Los Angeles. Walter Chanslor, of the firm of Chanslor & Lyon, received a cablegram from his brother Joseph at Honolulu yesterday at San Francisco, while en route for Seattle. The cablegram, which was first sent to Los Angeles, read as follows: "Father died this morning. Details later."

TO GET BUSINESS OF SAN JOAQUIN VALLEY

CHAMBER OF COMMERCE WILL MAKE NOTABLE TRIP

"Glad Hand" Excursion No. 112 Will Pass Through Section of Wonderful Progress in Recent Years

The "Glad Hand" business getting excursion under the auspices of the Los Angeles chamber of commerce, through the famous San Joaquin valley above the Tehachapi, April 21 to April 25, will be one of the most notable trips in the history of the organization and considerable enthusiasm has been aroused among the wholesalers and jobbers of the city, as well as among many of the investors, who will enjoy exceptional opportunities to meet friends and view a section of the state which has made wonderful progress in recent years.

This will be glad hand excursion No. 112, with President Booth and other members of the official family of the chamber of commerce in charge of the special train, which will include not fewer than three sleepers, possibly four. Leaving Los Angeles at 8:30 p. m., the special will proceed direct to Porterville, where the party will visit Lindsay and Exeter, comprising the famous orange belt of the valley, where oranges ripen sixty days earlier than at Riverside, and where the record price was paid for an improved orange grove, \$400 an acre.

Will See Sugar Beets

At Visalia, the county seat of Tulare county, is the best sugar district, where there is a large sugar factory in operation, also a fine section for deciduous fruits.

Marvelous developments have been made in the vicinity of Dinuba, the great vineyard district. Thousands of miles of vineyards may be seen.

Orchards and Vineyards Abound

Delano is a flourishing town that is being developed rapidly by Los Angeles capital. Orchards and vineyards abound in the region of Delano. Opportunity will be given at Bakersfield to view the great Kern oil district, the stock farms, dairy and alfalfa fields. At this point the Kern County Land company owns and operates the oldest of the old-time ranches in California. There are 400,000 acres in the ranch, 55,000 acres in

alfalfa and 60,000 to 80,000 acres devoted to stock raising and grazing. One of the special sights of the trip will be seen at Pixley, between Tulare and Delano, where there are 1000 acres planted in eucalyptus. The plants were set out in March. Some distance away are more acreage in eucalyptus, planted a year ago. Those intending to enjoy the privileges of this trip should send in notice for tickets without further delay.

No Bar to Pipe Line into Ocean WASHINGTON, April 17.—Attorney General Wickersham has given an opinion to the secretary of war to the effect that the war department is powerless under the law to prohibit the proposed construction of a pipe line into the Pacific ocean at Santa Barbara, Cal., unless the proposed construction is an obstruction to the navigation of the harbor.

THE WEATHER LOS ANGELES, April 17, 1909. Time Bar. Ther. Hum. Wind Vel. Weather 5 a. m. 70.4 65 97 S 3 Cloudy 5 p. m. 70.4 61 63 SW 11 Clear.

Weather Conditions SAN FRANCISCO, April 17.—The area of low pressure over Nevada and Utah this morning is moving rapidly eastward and is being followed by an area of high pressure now overlying Washington. This has caused cloudy weather along the coast from Point Conception to Point Reyes with light sprinkles of rain over the interior of California and northern California is favorable for fair weather in California Sunday, except fog and probably light sprinkles in the morning.

Forecast Los Angeles and vicinity—Fair Sunday; light west winds. San Francisco and vicinity—Fair Sunday except foggy and probably light sprinkles in the morning; moderate northwest wind. Santa Clara valley—Fair Sunday; light north-west wind. Sacramento and San Joaquin valleys—Fair Sunday; light north wind.
