WILL ORGANIZE TO PERPETUATE CIVIL RECTITUDE

GOOD GOVERNMENT FORCES TO BE UNITED

REPRESENTATIVE BUSINESS MEN HOLD FIRST SESSION

Prime Object of League is to Oppose Nomination and Election of Candidates Unfit for Office

An important movement for the betterment of civic government in Los Angeles was instituted yesterday afternoon at a meeting of twenty representative business men of Los Angeles in Blanchard hall.

To perpetuate the results of the recall campaign and insure a decent administration of the municipal affairs of Los Angeles was the object desired by the persons who formed the Los Angeles good government organization.

The object of the organization, as expressed in the constitution, is to unite and organize the various forces of good government in the city of Los Angeles.

The executive committee will meet Thursday afternoon at 4 o'clock to perfect details for the formation of the organization.

The association desires it to be understood that all members of organizations of city wide activity are eligible to membership and will be welcomed in the organization.

An organization similar to the one formed yesterday afternoon has been in active operation in Boston, Mass., for several years.

Before every election the records of the candidates for various offices are looked up, recorded and placed before the voter for inspection.

The objects of the organization, as stated in its constitution, are as follows: "To unite and organize the various forces of good government in Los Angeles."

To unite and organize the various forces of good government in Los Angeles, to organize in each precinct a good government club, which shall be represented in the councils of the organization by one of its members or officers.

That the membership of the organization may be liberal and open to all parties in the constitution, the following clause has been inserted in the constitution: "The following shall be eligible to membership: Members of the governing bodies of the City club, chamber of commerce, College Men's association, Central Labor union, Democratic league, Good Government fund, Lincoln-Roosevelt Republican league, Merchants and Manufacturers' association, Municipal league, non-partisan city central committee, Federation of Improvement associations, and Voters' league; also members from the governing bodies of such other organizations having city-wide activity as may be named from time to time by the executive committee of the organization."

One representative from each precinct good government club which is eligible to membership in the organization. A clause in the constitution provides that in no event shall more than three members be accepted from the governing body of any one organization.

The executive committee shall be composed of twenty-five members, twenty-four of whom shall be elected by ballot at the annual meeting. Immediately after their election the executive committee shall organize and select the twenty-fifth member, who shall be the secretary of the good government organization.

The executive committee may make recommendations for political action or for endorsements for nominations for public office, but no such action shall be considered binding upon the organization unless it shall have been approved at a called meeting of the membership of the organization.

Immediately after their election the executive committee shall select from their own number a president, first and second vice president and treasurer, who shall with the remaining members of the committee be the officers of the organization.

The treasurer shall keep in some bank designated by him, with the approval of the executive committee, the funds of the organization, paying out the same only on the draft of the president and secretary or under specific directions from the executive committee.

To Maintain Good Work In order that every citizen in Los Angeles interested in the civic betterment of the city may understand the object of the organization, the president will, thirty days before the annual meeting, appoint a nominating committee of five, none of whom shall be members of the executive committee. They shall within a week tender a report making nominations for members of the executive committee.

The annual meeting of the organization shall be held on the 1st Monday of May in each year. Whenever twenty per cent of the members desire a meeting for the consideration of any topic they may join in a petition to the president setting forth the purpose for which the meeting is desired.

30c and 35c Scotch Gingham 25c

Wonder if you know how fine and beautifully soft these imported gingham are that we are selling for twenty-five cents a yard, instead of thirty and thirty-five?

They are as silky in appearance as mercerized goods; fine and sheer—just the thing for children's dresses; sturdy, too, of course, so that they will give no end of wear, and the colors are fast-to-rubbing; just as bright the last day the garment is worn as they are when the material leaves the store.

Plain colors of every shade, and all sorts of light, medium and dark combinations—stripes, checks, plaids, etc. Best of all we've reduced the price of 30c and 35c grades to.....25c

A Sale of Cloths and Napkins

We couldn't afford to sell such linens for a penny below regular prices, had they cost us what such grades usually do. They are samples, for the most part. Included are also some from our own regular stocks which have become a trifle soiled from displaying, or being in the windows:

Prices run a quarter to a third under what you're accustomed to pay for cloths and napkins to match. When the sale began there were 100 2x2-yard cloths; 150 2x2 1/2-yard cloths and 25 cloths 2 1/2 yards square; there will be a good variety of patterns for today's choosers.

Special Prices on Silks

Silks at such prices are as cheap as wash goods; and are adaptable to many more purposes. For pongees are highest in popularity among summer silks for wraps, coats, capes, tailored suits, men's shirts, undergarments, etc.

Plain taffeta silks, fancy designs in foulards and pretty pongees; broken lines which include silks now marked \$1 and \$1.25, for.....50c Plain or striped pongees—very fashionable now, and styles which will be worn well into fall; values \$1 and \$1.25, for.....75c

KAYSER ITALIAN SILK

Combination Garments Reduced

These are the famous Kayser Italian silk garments; being unribbed, they wear far better than the ordinary silk undergarments, and every woman prefers silk to cotton, when she can afford it:

These garments may be had in the new Sheathboker or bloomer style, in combination with a corset cover, or with the umbrella style drawers, as preferred: The \$6.50 styles at \$4.00 are plain, the \$7.50 styles at \$4.75 are silk embroidered, and the \$10.50 styles at \$7.00 are very handsome.

APPOINTS COMMITTEE TO AID GOOD ROADS

ADVISORY BODY WILL CONFER WITH COUNTY BOARD

Supervisors Will Act in Conjunction with Men Selected for Carrying Out Plans for Public Highways

Following out the plan adopted at a joint meeting of the board of county supervisors and the advisory committee of the harbor work Friday, five members of the advisory committee will be members of the executive committee. They shall within a week tender a report making nominations for members of the executive committee.

The committee appointed by Chairman Butler is an exceptionally strong one, including Mayor Thomas Earley of Pasadena; A. P. Fleming, secretary of the harbor commission; F. W. Blanchard, secretary of the advisory committee; William Muholland, chief engineer of the aqueduct, and Homer Hamlin, city engineer.

The first joint meeting of this committee, the supervisors and the highway commission probably will be held some time this week, at which time a general policy will be mapped out for the future.

In compliance with the suggestion of the advisory committee, made last week, the supervisors submitted the proposition of Frank Gillespie for the construction of two miles of roadway

SECURES ALL SILT WANTED FROM BASIN AT SAN PEDRO

Pacific Wharf and Storage Company Will Obtain Material for Fill from Silps

Having prepared all the silt desired from the dredging of the turning basin in San Pedro harbor which has been used in its fill, the Pacific Wharf and Storage company has notified the government officials that henceforth the silt can be pumped into the outer harbor or outer side of Terminal island.

All material needed for the fill from now on will come out of the silps which the company will dredge. The fill is at the lower end of the island. The government dredges have been pumping the silt into this fill by means of a relay plant operated at the expense of the company.

Send Dynamite by Mail BUTTE, Mont., May 3.—Twice within the past two weeks a package containing dynamite, wrapped, stamped and addressed to a town in Nova Scotia, Canada, has been received in the package chute of the local post-office. The instance happened two weeks ago and the second last Saturday. The postoffice authorities, hoping to capture the guilty persons, have kept the matter a secret. No clew has yet been obtained, however.

TO HEAR TESTIMONY ON SWITCHING FEES

Special Examiner for Interstate Commerce to Come to Los Angeles to Listen to Complaints of Jobbers

J. D. Lederman, a special examiner for the interstate commerce commission, will be in Los Angeles May 14 to take testimony regarding switching charges, concerning which much complaint has been made by Los Angeles jobbers.

In order to get certain evidence before the examiner, inspectors were placed in the railroad yards to check up the switching of cars, with particular reference to the time required in placing cars on private tracks as compared to that consumed in placing them on team tracks.

Their findings, it is said, are at variance with the statements made by the railroads. The investigations show that an enormous volume of business is done on private or spur tracks in Los Angeles. The private spurs aggregate about sixty miles of track. The hearing will attract widespread attention among shippers.

House Session Short WASHINGTON, May 3.—It took the house just twenty minutes today to transact its business. In its short time, however, the objectors got in their work in telling effect. Mr. Wagner of Pennsylvania again lost out on his resolution of congratulation to the Turkish people on the subject of the recent revolution for constitutional government, unanimous consent being refused. So did Mr. Hay of Virginia, who wanted a lot of information from the civil service commission regarding appointments, dismissals and resigna-
