

MERGER ROBBED BY PROSECUTOR

FEDERAL ATTORNEY CONTINUES INVESTIGATION

WITNESSES AT SAN FRANCISCO ADD NEW DATA

Testimony Shows How Effectually Big Combine Shut Out Competition.

Clark's Relations to S. P. Revealed

[By Associated Press.] SAN FRANCISCO, May 11.—A number of witnesses were questioned today by C. S. Severance, special assistant attorney general, before Examiner Williams in an attempt to show that all competition between the western railroads practically ceased after E. H. Harriman secured control of the Southern Pacific, Oregon Railway & Navigation and Oregon Short Line, in connection with the Union Pacific.

Testimony of interest was presented by A. L. Scott, president of the Pacific Hardware and Steel company. He stated that his company formerly shipped to southern Idaho via Ogden, but that after the combine was formed that route was abandoned and a tariff via Portland substituted, including a sea and rail shipment.

Since that all shipments have gone to the Southern Pacific and the latter's west bound freight, but afterward the business was virtually all given to the Southern Pacific.

The Union Pacific, in recent years, had made no effort to obtain this trade, said the witness, who incidentally noted of the increase of rates since opposition had ceased.

Scott severely condemned the vessels of the Pacific Mail line running between this city and San Francisco, which were examined by Attorney Peter F. Dunne of counsel for the Southern Pacific in an attempt to secure a modification of some of his statements.

McCartney Testifies The chief witness at the afternoon session was H. M. McCartney, first assistant engineer of the Western Pacific railroad. He was employed formerly by the Clark road to run a survey through Nevada for the San Pedro line, and testified that about the same time the Oregon Short Line sent out a surveying party.

The rival camps were running parallel lines, McCartney said, and there was some trouble over the route until an order came for the San Pedro surveyors to run both lines.

Near Caliente was a narrow pass through which it was imperative to run both, and instead of laying out a route for separate roadbeds, but one was made for the two roadbeds.

The government attempted to demonstrate that the Pacific Mail Steamship company had ceased to be a competitive factor in the Pacific-Antic Pacific business at the same time it was brought out that a plan on the part of the Clark road to compete for traffic of the orient had been nipped in the bud.

The Clark officials had been negotiating with the Dollar Steamship company for transpacific boat connections at San Pedro, according to testimony given, but the idea was abandoned after it came to the attention of the Harriman officials.

JURY OUT IN TRIAL OF LUTHER BROWN

Case of Alleged Kidnaper Submitted in San Francisco at 5 O'Clock Yesterday Afternoon—Verdict Not Reached

SAN FRANCISCO, May 11.—The jury in the case of Attorney Luther G. Brown, accused kidnaper, was out at 5 o'clock this afternoon and the members of that body have been wrangling ever since over several important points, the principal one of which was the question as to whether or not Brown requested the constable who took order out of the city in an automobile to do so without giving any opportunity to inform his attorneys or his friends of his arrest.

The testimony regarding this issue was called for by the foreman at 10:30 a. m. and the voices of the jurors in argument could be heard for a considerable distance from the jury room, so earnest were they in their dispute over the merits of the case.

Shortly after midnight the jury was locked up for the night.

RIOTS NEAR BEIRUT LAY WASTE EXTENSIVE REGION

BEIRUT, May 11.—The recent rioting in the vicinity of Marasch has laid waste that entire district.

Marasch itself was spared, although a few persons were killed, but within sixty miles southwest a total of sixteen villages, with a population of 8000, have been practically wiped out.

The only survivors are boys under 10 and old women. The girls were carried away and the women killed.

Telegraphic reports received today declare that the hungry and naked number 14,000. Immediate relief is required.

The interior districts are still far from settled, and from all reactions the most heartrending accounts and appeals are being received.

After the verdict was announced the defendants shook hands with each other and tonight they played the banjo and danced in their cells.

DR. ELIOT OF HARVARD GETS ORIENTAL INSIGNIA

GREAT EDUCATOR DECORATED IN IMPRESSIVE MANNER

Ceremony at Boston Invests Famous Pedagogue with Badge of the Rising Sun

[By Associated Press.] BOSTON, May 11.—With an impressive ceremony, President Charles W. Eliot of Harvard university was invested tonight with the insignia of the Order of the Rising Sun, bestowed honorably by order of the emperor of Japan.

The red and white ribbon and jewels of the order were placed about President Eliot's shoulders by Ambassador Takahira, who said: "The emperor, my august sovereign, fully appreciative of the great services you have rendered for the welfare of human life, as one of the foremost educators of the age, and for the making of many useful men of Japan who have come here to study at Harvard university during the last twenty years of your presidency over that institution, thus largely contributing to the advancement of our country, has been graciously pleased to confer upon you the grand cordon of the Imperial Order of the Rising Sun, as a mark of his majesty's good will toward you."

Eliot's Response President Eliot responded briefly. General Armstrong followed with a speech which the health of the emperor, the ambassador, the president of the United States and Dr. Eliot were drunk.

Previous to this ceremony Ambassador Takahira discussed the relations between Japan and the United States in an address to the guests at a dinner, which he presided over.

"I was rather surprised only a few weeks ago when I was told in Connecticut that some people believed the Atlantic fleet visited Japan last year for the purpose of demonstration, and thought the welcome extended to the officers and men of that magnificent fleet by the Japanese government and people was a result of intimidation."

"Nothing can be farther from the truth," he said, "than the idea that the secretary of state a most courteous invitation of the Japanese government, who sincerely desired to take the opportunity of their visit to strengthen the traditionally friendly relations between the United States and Japan."

"Believe me when I say that peace is the only policy which should govern Japan, especially among the commercial corporations, industrial circles and educational societies, which are the backbone of a nation constituting the national strength."

Paymaster Attacked SALT LAKE CITY, May 11.—Fourteen Japanese seamen, hands full on Charles Anderson, paymaster at the branch of the road, on the Park City branch of the road, and beat him brutally today because their pay was not what they thought it should be.

TWENTY TURKS MAY BE EXECUTED TODAY

Former Governor General of Adana Must Return to Face Court—Martial—Further Massacres Threatened

CONSTANTINOPLE, May 11.—The execution of twenty persons concerned in the recent mutiny has been fixed for tomorrow, but it is reported the military have failed to induce the sultan to sanction the carrying out of the sentence.

It is said the council of ministers has decided that Djavid Bey, former governor general of Adana, should be returned to Adana to stand court martial for complicity in the massacres.

The Armenian patriarchs at Moosh and Diarbekir have issued a warning to the government that further massacres of Armenians are threatened in those towns.

The American-missionary relief committee announces it has on hand enough nurses to care for the present number of sick and wounded.

The local mills have resumed grinding and the importation of flour is no longer necessary.

An opinion has arisen between Schekaf Pasha, commander of the Constitutional army that entered Constantinople April 24, and the president cabinet.

Schekaf Pasha is of the opinion that the cash found in the Yildiz Kiosk after the expulsion of Abdul Hamid should be paid to the army, while the money turned into the national treasury. The funds in question now amount to almost \$5,000,000 in cash and immediately marketable securities.

Schekaf Pasha has one advantage in the controversy inasmuch as the money is in the possession of the military and has been deposited in the war office.

Thief's Conscience Hurts Him SALT LAKE CITY, May 11.—Claiming to have stolen and cashed a draft for \$250 in Seattle in 1907, A. E. Tucker sought refuge from a troubled conscience behind the bars of the city jail here today. His story is that the money was taken from a letter and that a saloon keeper named Sullivan assisted him in the crime. Tucker says he told his wife of the affair, and that she left him on account of it. He is about 50 years of age and has just arrived in Salt Lake. The police took him into custody and notified the Seattle police.

Losses Suit Because of Shoes OAKLAND, May 11.—Because she was wearing high-heeled shoes when she was injured by a fall from a street car Mrs. Anna Peterson lost her suit for damages against the Oakland Traction company. Counsel for the company advanced the plea that Mrs. Peterson was guilty of contributory negligence, as no woman wearing high heels could expect to navigate a level street, let alone step hurriedly from a street car without being overbalanced by such footwear.

STABS MEXICAN IN FIGHT OVER WOMEN

DESCRIBES GRIM CONFLICT WITH COUNTRYMAN

Accused Alien Says He Used Knife When Attacked with Stone. Victim Not Expected to Live

[Special to The Herald.] PASADENA, May 11.—Making no denial of the charge on which he is held, that of having cut his fellow countryman, Guadelup Veta, in Altadena, Luis Sales, a Lamanda Park Mexican, was arraigned before Judge Robert W. McDonald in police court this afternoon and held in jail for \$1000 for assault with a deadly weapon.

Far from seeming troubled, Sales was perfectly composed, and although he did not plead to the charge, explained calmly and with fair command of English that the fight was the result of a six months feud over a woman, and that Veta had previously threatened him and was said to be carrying a revolver. When they met yesterday they grappled, and Sales was also wounded in the field when the latter's body with nine wounds in it was afterward found.

Sales did not escape scot free, as his nose is broken and a big gash cut in his cheek by the rock in the hands of his opponent. He claims Veta had cut his cheek with a razor there were no witnesses. Veta, according to advice received by Constable Newell from the county hospital, is in a serious condition, the wound on his body aggregating fifty inches in length. He has not recovered consciousness and his life is feared for.

To Erect Office Building

PASADENA, May 11.—J. W. Maak of this city has purchased from Miss E. M. Fox a piece of property at 855 East Colorado street, with a frontage of 60 and a depth of 205 feet. It is the intention of the buyer, it is announced, to build in the near future an office building which will be one of the finest in the city. The price of the land sold today was \$12,000.
