JAPANESE NAVAL HERO SMUGGLED

COLLECTOR MAKES CHARGES AGAINST CAPTAIN

ADMIRAL URIU AND WIFE NOT LANDED PROPERLY

Commander of Steamship May Have to Pay \$2000 Fine as Result of Complaint—Orientals Are Guests of Honor

(By Associated Press.) SAN FRANCISCO, May 22.—Were the naval aide appointed to meet Admiral Uriu guilty of smuggling the famous Japanese sea fighter, the baroness, his wife, their baggage and their valet into this country?

This is the momentous question which has been agitating federal officials since Captain Edward W. Eberle, commandant of the Yerbu Buena training station, in his eagerness to welcome the distinguished visitors on behalf of the army and navy, took them from the Nippon Maru yesterday without the formality of first securing the consent of the boarding officer, Charles Stephens, the personal representative of collector Stratton, who, in the present case, also claimed to be the personal representative of President Taft.

Now Stratton claims the rules of the United States treasury have been violated by Eberle and the latter has laid himself liable to a fine of \$2000, \$1000 each for landing the noted admiral and his charming wife before the formalities of the customs service had been complied with.

Complaint Filed Acting on instructions from Collector Stratton, Chief Boarding Officer Charles Stephens preferred yesterday a complaint against E. Filmer of the Japanese liner Nippon Maru, who is accused of violating a section of the passenger act making it an offense, punishable with a fine of \$1000 in each case, to permit passengers to land from a foreign vessel without the express consent of the collector of the port, which was not given yesterday when the admiral and his wife were landed by Captain Eberle, commandant of the naval training station in the tug Vigilant.

It is believed the charge is merely formal and will not be pushed. Early yesterday morning the navy officials sailed forth in the tug Vigilant to meet the admiral and his wife, as is his custom when a liner appears in port. Chief Boarding Officer Stephens started out in the revenue cutter Golden Gate. But, unlike ordinary trips, he went armed with instructions to pass the admiral and his party into this port free of duty and the petty annoyances which less distinguished travelers must endure.

Navy Tug Faster The navy tug proved the faster, however, and when Stephens arrived Captain Eberle had made off with Admiral Uriu, his wife and his baggage without even a "by your leave" to the representative of another arm of the government seeking to do honor to the famous visitor. There was nothing for the official representative of the president to do but report to his superior, the collector of the port, and nothing for the latter to do but report to Washington. Both did so and the outcome is awaited with interest.

Admiral Uriu and his wife, Baroness Nagai, were the guests of honor at two luncheons given at the Fairmont and St. Francis hotels today. Count General Nagai was host at the affair in honor of the admiral, and Mrs. Nagai, assisted by women of the Century club and the Japanese Women's society entertained the baroness at the St. Francis.

Among those who attended the consul general's luncheon were Chief Justice Beatty and Justice Melvin of the supreme court, Judges Morrow and Gilbert of the federal court, Rear Admiral Miller, Lieutenant Colonel Haines of Washington, and the leading San Francisco dailies and officers of all the larger commercial organizations.

LAWYER CONFESSES WHOLESALE GRAFTS

IMPLICATES JUDGE IN STORY OF BRIBERIES

County Attorney in Oklahoma Admits He Got Money from Boot-Leggers, and Says Others Also Did

SHAWNEE, Okla., May 22.—Confessing his own guilt and implicating others in a charge of grafting in the protection of "boot-leggers" and "joint keepers," Yargil Biggers, recently suspended as county attorney of this county, testified here yesterday in a bribery case in which William Mabon, a district judge, is defendant.

Biggers declared that Judge Mabon, himself and others met the boot-leggers in conference, agreed upon terms and later accepted money brought to them by County Commissioner Hager.

Biggers said that certain sums had been delivered to Hager in an envelope by Ott Johnson and L. B. Howell, jointists.

Johnson then took the stand and reiterated the story of the conference and the passage of money.

Mabon and Biggers were indicted several weeks ago following charges by the Rev. Mr. Bulgin, an evangelist, who charged county officials with accepting bribes from boot-leggers and gamblers of Shawnee. Mr. Bulgin charged that in the last year \$125,000 had been paid for protection.

NORTHERN ARTILLERISTS MAKE REMARKABLE RECORD

BORT TOWNSEND, Wash., May 22.—Figures covering the sub-caliber target practice of the Sixty-second company of coast artillery at Fort Worth are said to carry the highest score ever made with this practice in the history of artillery defense.

The record of 80 per cent covers a total of sixty-five perfect bullseye hits out of eighty shots fired.

Sub-caliber practice is the usual target firing given artillery commands. It consists of a one-pound projectile fired from heavy armament through a sub-calibered chamber placed within the gun's breech.

The Sixty-second company is commanded by First Lieut. Charles L. Hurl and distinguished itself further during the present week by winning a competitive drill contest that gave it the honor of being one of the three companies to represent the artillery troops assigned to ten days' service at the Alaska-Yukon-Pacific exposition in Seattle.

The record was made at a moving target at an average range of 1600 yards with 10-inch disappearing rifles. Other companies of the post scored six and eight perfect hits, respectively, out of eighty shots.

COUNCILMAN GUILTY OF GRAFT IN OFFICE

SHEPARD QUICKLY CONVICTED AT STOCKTON

Jury Is Out but Fifteen Minutes—Appeal from Verdict Expected—Various Charges Included in Indictment

STOCKTON, May 22.—Councilman W. T. Shepard of this city, accused by the grand jury of malfeasance in office, was this morning found guilty by the jury, which was out but fifteen minutes.

The court set a week from next Tuesday at 2 o'clock as the time for pronouncing judgment which is removal from office. The trial occupied nearly two weeks and attracted large crowds of spectators.

The defendant will probably appeal. Councilman Shepard was accused by the grand jury with having used his office as a club to prevail upon saloonmen and heads of local corporations to buy shares of stock in the Todman Paint company at \$100 each.

It was also charged that Shepard had arranged that his name should not be known in the corporation so that he could do city work—a violation of the charter. It was charged also that he had frequently borrowed money from saloonmen, the means employed being to exhibit to them an ordinance which provided for changes detrimental to their interests.

Another count charged that he had endeavored to have workmen put bills into the city for work performed for his firm, he to O. K. the bills as chairman of the finance committee, and he also was accused of asking his partner to charge the city exorbitant prices for labor and material. There were seven teen counts, all bearing on the charges mentioned.

COURT UPHOLDS NEW LAW ON INSURANCE SALARIES

Companies in Missouri May Not Pay Officers in Excess of \$50,000 Yearly

JEFFERSON CITY, Mo., May 22.—The Missouri supreme court today sustained the state law which denies licenses to insurance companies which pay any of their officers salaries in excess of \$50,000. The act was passed two years ago, and has been the subject of extended litigation.

Today's decision was on an application from three large eastern companies for a writ of mandamus to compel the state insurance department to issue licenses to them. The writ was denied to the petitioners—the Equitable Life Assurance society, the Prudential Insurance company and the Metropolitan Life Insurance company. While upholding the validity of the statute, the court declared that it was unwise legislation and recommended its repeal.
