WIFE SAYS SOCIETY MAN DESERTED HER

WOMAN ALLEGES AGREEMENT WAS BROKEN

Mrs. Frank D. Turner Tells Court She Left Pasadena On Promise That Money Be Sent to Her

(Special to The Herald.)

PASADENA, June 16.—Evidence submitted to Judge H. H. Klamroth today was the cause of Frank D. Turner of Turner & Co., real estate brokers in South Raymond avenue and one of the prominent young society men of the city, being held for appearance in the superior court on a charge of abandonment preferred by his wife.

The hearing today was the preliminary examination in a case which has interested Pasadena society beyond all other of the season. Having its inception in the Hotel Green, where Chief of Police H. E. Favour had to be called in to arrange an armed, it broke out anew when the beautiful young Mrs. Turner returned from the east to claim the money which she guaranteed for her support in the event she would leave the city and which she alleges has never been paid her.

Her case was entrusted to Attorney Seward A. Simpson and proceedings begun for abandonment. The preliminary examination has been delayed by the illness of Mrs. Turner, who has been confined to her bed since her departure from the Hotel Green in Los Angeles, and she showed the effects of this illness today in the courtroom.

She testified that the promises which were made at the Hotel Green by her husband and his father, when she agreed to leave her husband and return to her relatives in the event she was not regularly money for her support. This money, she says, has never been paid.

Her husband, Frank D. Turner, testified that his wife did not do the cooking and take care of the house to suit him and that she spent more money than his income. The plaintiff's father-in-law, who is accused by Mrs. Turner with having persuaded her husband to separate from her, told on the witness stand that he had no knowledge of the money Mrs. Turner confessed, but which she denies. Witnesses were examined one by one in the course of the trial and the jury retired at 10 o'clock. After hearing all the evidence Judge Klamroth held the defendant for the action of the superior court.

PASADENA MAY ORGANIZE SECOND MILITIA COMPANY

Members of California Rifles Will Hold Meeting to Consider Formation of New Body

PASADENA, June 16.—Pasadena may organize a new militia company to take the place in the seventh regiment left vacant by the transfer of company B of San Diego into the coast artillery June 1. Los Angeles was expected to make up this company, but it is now believed that there are a number of men in this city who are anxious to form an organization apart from company A. It is possible the recruits may be obtained in Pasadena.

Capt. Charles Hutchins of the local company says a meeting has already been held with a view to organizing the California rifles, including C. S. Backus, Elliot Alden and G. L. Wotkins of Pasadena and Roy Stevens of South Pasadena. An organization was considered advisable to agitate the formation of a new company here, and a petition to this effect will be accessible at the armory in West Union street within a few days.

If sixty young fellows between the ages of 18 and 35 can be secured, Capt. Hutchins is positive there will be little difficulty in securing the consent of the regimental and state officers to the transferring of company B to this city. It is expected that a right company of Throop institute will join this company in large numbers.

MILLINERS WARNED NOT TO SELL PROTECTED FEATHERS

PASADENA, June 16.—With the going into effect tomorrow of the new state law which prohibits the selling or displaying for sale, even the having in one's possession of the plumage of birds protected under the laws of the state, the Pasadena Audubon society will awake to renewed activity. Members of the society will be detailed to the task of inspecting the various millinery stores of the city and any violations of the law will be rigidly prosecuted.

Notice was served more than a month ago on the seventeen milliners of Pasadena that they must exercise care in the selection of their feather stock in the future.

The bureau of birds is expected to furnish most of the plumage from now on, with an occasional feather from some of the birds of prey which are not protected by the law.

FATHER OF JOHN SNELL CHARGED WITH BATTERY

PASADENA, June 16.—Arrested on a charge of battery at the instigation of Ignatius G. Lechert of Linda Vista, Charles Snell, the father, will appear before Judge Robert McDonald tomorrow at the same sitting of the police court at which the father was given his preliminary hearing on the charge of an assault with intent to commit murder on the same complainant.

Lechert, in swearing out the warrant against Snell, the elder, alleges that when he was struggling with the boy for the possession of the revolver the father attacked him from behind, choking him.

Lechert is anxious to swear out a complaint alleging conspiracy, but the request has not been granted, Judge McDonald waiting until after the evidence is submitted in the preliminary examination of John Snell, which is set for 10 o'clock tomorrow morning.

(Special to The Herald.)

SAN BERNARDINO, June 16.—Following surveillance by the police for several weeks, Mrs. Callie Brown, a resident of the western part of the city, was today placed under arrest by Chief of Police Shay and County Probation Officer J. W. Baldwin in connection with the further investigation of charges brought by Baldwin.

The woman is a Filipino and the fact that she was almost constantly on the street with young girls finally aroused the suspicions of the police, and following the securing of evidence last night she was placed under arrest today.

It is alleged that the woman for months has been taking young girls, ranging in age from 8 years up, into her home, where shocking violations of the law in relation to minors took place.

The charge on which she is held is that of allowing an 8-year-old child to pass the night with herself and a man at her home. The woman's husband is in the northern part of the state and she has been repeatedly arrested at her home. It is reported that a well known business man of this city is also connected with the case and will be asked to explain what he knows about it.

Owing to the fact that the banks were closed Saturday afternoon, when he passed the checks, no attempt was made to cash them until Monday, when they were returned marked "No funds." The matter was reported to the sheriff's office today and an effort will be made to locate Williams.

The police believe that the robbery was done by the same parties, who were well acquainted as to the surroundings of the saloons. The robbery was discovered when the places opened for business this morning.
