CHICKENS TOO CLOSE; WANT LIMIT RAISED
PROTESTANT INVITES COUNCIL TO NIGHT'S LODGING

Offers to Demonstrate to Satisfaction of Lawmakers That Fifteen Feet from House Is No Restriction

PASADENA, June 18.—Calling attention to the city ordinance which forbids the keeping of chickens within fifteen feet of a dwelling place within the city limits, E. W. Leslie, of 230 Mentoria court appeared before the city council this morning with a request that the limit be increased to fifty feet.

He has reasons for wishing the amendment and offered, if the councilmen would accept a night's lodging at his hands, to prove these reasons. He claims that for nights he has been kept awake by the crowing of his neighbor's roosters, the quacking of their ducks and the cooing of their pigeons.

According to his statement the feathered menagerie is in operation at all hours of the night, and with the first peep of dawn becomes an unbearable nuisance. Various members of the council seemed, either from experience or through the possession of a vivid imagination, to agree with the protestant.

J. D. Mersereau said that, in his opinion, the proper limit would be about a mile and a half, while the chairman of the sanitation committee, H. G. Cattell, to whom the petition for relief was referred, thought a mile and a half too close to a house for comfort.

A protest against the improvement and widening of North Raymond avenue was made by J. W. Pickering, while other petitioners appeared to recommend the passage of the measure.

The council will hold up the improvement of the street until the abutting property owners can agree in this matter. The ordinance regulating the places to be occupied by the public carriage drivers of the city was passed on its second reading, and is not a law, but requires the drivers to stand not more than two on any one block in the restricted business section.

Wainwright, refused to appear and the case was dismissed.

HUMANE SOCIETY DIRECTOR TO LEAVE SOON FOR EAST
PASADENA, June 18.—Miss Mary Stewart, director of the Pasadena Humane society and city president of the W. C. T. U., will leave soon for Cleveland and the east, where she will spend the summer. The body of her father, the late Gideon Tabor Stewart, will be taken to Cleveland for burial. Today the Humane society elected Mrs. Elizabeth Grinnell to fill temporarily the vacancy in the directorate left by the absence of Miss Stewart, who expects to return in the fall.

Mrs. Mary M. Coman tendered her resignation from the society today, as she is about to make her home on her own in the east. Her resignation was accepted and authorized Mrs. Coman to act as its representative in that section of the county. Resolutions were passed and a motion picture was shown which both women have done for the good of the society.

INDIVIDUALS FENCE UP FORTY FEET OF HIGHWAY
PASADENA, June 18.—Forty feet of the east half of Eugene street, or what has always been considered Eugene street, has been fenced off from the eighty-foot roadway by H. E. Hamilton and Jacob B. Wagner.

Not only has the land been fenced off, but the claimants have what seems a valid title to the land, for there is no sign on the city records that this land has ever been dedicated for street purposes. Mr. Wagner says the action was taken simply to protect the property owners.

The street came in recently under an annexation election. On the city map it shows forty feet wide from Villa to the south line of the Wagner property and seventy feet wide from that point south. The forty-foot portion has in reality been eighty feet wide until the erection of this fence. Mayor Earley's attention has been called to the matter and an investigation will be conducted.

NOTED HORSE TRAINER IS DECLARED INCOMPETENT
Claimed to Be Owner of Large Tracts of Land in West Virginia and Oregon

SANTA ANA, June 18.—Robert H. Tapp, known as "over the country" as a professional trainer of horses, was today pronounced incompetent to care for himself and placed in the care of Roy McKean of Garden Grove as his guardian. Tapp is 83 years old and has worked as a horse trainer for over forty years. He was born in West Virginia and claims to be the owner of a large tract of land there as well as of 4000 acres in Oregon, but investigation has shown that his claims are not well founded.

Tapp gained fame as a horse trainer thirty-five years ago by subduing a "man-eating" Norman stallion owned by Worden Bros., importers of stock, and Miss Beckley today is afterward exhibiting the animal in San Francisco, where he charged a dollar to see the horse put through his exercises.

The carriage was completely wrecked and the automobile more or less damaged.

Today it developed that the boy is under 18 years of age and was therefore sent to the juvenile court and will be dealt with tomorrow. Young Salazar escaped after the shooting and was arrested in the district although much time has been spent in searching for him.

One-tenth of an inch of rain fell last night, but no damage was done, as today the sky has been clear and a warm wind blowing, which has dried the moisture rapidly.

SEVENTEEN MONROVIA STUDENTS GRADUATED
COMMENCEMENT EXERCISES AT HIGH SCHOOL HELD

Four Seniors Given Honors for Excellent Class Standings During Years. Dispense with Usual Orations

[Special to The Herald.]
MONROVIA, June 18.—Commencement exercises for the senior class of Monrovia high school were held last evening in the opera house. Prof. E. E. Knepper stated that the class had maintained an exceptionally high standard throughout the year in every branch of high school activity.

First honors for excellent standing during the four years' course were awarded to Isis Carter, Theresa Dunn being given second honors. Julia Baer and Helen Davis, who completed their course with third and fourth class honors, respectively, were less than 1 per cent lower than Miss Carter and Miss Dunn.

The opera house was decorated in the class colors of blue and gold, the graduates sitting on the stage beneath the motto "Out of School Life Into Life's School." A large crowd of persons saw the exercises.

The evening's program opened with a recitation by the high school choir, which was followed by the invocation, delivered by Rev. Ansel E. Johnson. The high school girls' double quartet also contributed to the program, and were heartily applauded.

Rev. Leslie E. Learned of Pasadena contributed the annual address to the class on "Culture and Character." He spoke of the importance of developing morality with ability, and touched on the certainty of success which would come to all who lived their lives in this manner.

Prof. E. E. Knepper presented the class of seventeen, this ceremony being followed by the awarding of diplomas by Mrs. F. P. Marshall, president of the school board.

The ancient custom of compelling the audience to sit through a number of orations delivered by the graduates was dispensed with. The exercises were closed Saturday evening with the alumni banquet to be held at the club house.
