RENEWS WAR AGAINST CITY LIGHTING PLANT

EDISON ELECTRIC COMPANY REOPENS FIGHT

Concern Will Compete with Municipality by Trying to Give Superior Service at Reduced Rates

(Special to The Herald.)

PASADENA, July 31.—With the passing of the new electric sign over the new offices of the Edison electric company on East Colorado street tonight is opened another chapter, and an interesting one, in the fight between the city and company for control of the electric light and power situation locally.

Manager Colner of the municipal plant is obviously worried over the fact that the Edison company is offering a flat rate lower than it would cost to take city lights.

The Edison company had rather ordinary offices on South Fair Oaks avenue, a third-class business street. This did not suit Manager Mulligan, and so the company has moved into splendid offices on Colorado street in the best business section.

YOUNG MAN SHOT WHILE WALKING IN ARROYO SECO

Companion Stumbles and 22-Caliber Bullet Enters Back of Kenneth Knight

PASADENA, July 31.—Kenneth Knight, 16 years old, son of Curtis Knight of Oakland avenue, was shot accidentally in the back today while walking with his companion up the Arroyo Seco.

A quarter of a mile below Zanger Stanford's cabin, Phillip, who was directly behind Knight, stumbled and fell, his rifle being discharged by the fall.

The 22-caliber bullet entered Knight's back.

TO APPOINT OLMSTEAD AS HEALTH INSPECTOR

PASADENA, July 31.—After considering several names the board of education has practically decided to appoint Dr. H. C. Olmstead as health inspector for city schools in place of the former incumbent of the position, Dr. E. B. Hoag, who has gone to Berkeley to study health inspection there.

The board has not yet elected Dr. Olmstead to the position, but a caucus of the members shows that they are practically unanimous in favor of him, and so he is as good as appointed.

As a matter of fact, while there are three communities on the beach and one of them is called Venice, the latter point has this government and is a part of the city of Ocean Park.

"The statement published in this paper this evening," said A. F. Webster, one of the consolidation leaders, "is a statement of the government of the beach cities, Santa Monica, Ocean Park and Venice."

As a matter of fact, while there are three communities on the beach and one of them is called Venice, the latter point has this government and is a part of the city of Ocean Park.

"One would think from statements of this character that the people of Venice were united for those of Santa Monica to associate with, and vice versa. They claim that there is a difference. I have lived here for some time and I can see no difference between them.

"Why should there be a permanent factional war, as the citizens of Venice contend," Mr. Webster said, "if one pretends to believe that the citizens of this beach cannot get together and decide an issue without forever designing up old sores and abiding by the issue? We don't believe that such talk will have any force with the voters and we are ready to abide by the decision of the voters on August 5. I believe that consolidation will carry by a large majority."

Auto Strikes Bicycle

PASADENA, July 31.—Dr. Elliot Alden, while driving his automobile today, ran into a bicycle ridden by Milton Newman. The boy escaped serious injury, but he had a very close call, the fact that he fell to the pavement between the front wheels of the heavy car alone saving him from broken bones.

To Celebrate Manila's Fall

PASADENA, July 31.—Ensign Blev Camp, Spanish War Veterans, will celebrate in a novel way the fall of Manila and the surrender of Puerto Rico.

Woman Dies of Apoplexy
PASADENA, July 31.—Mrs. Ida Francis Potter, 48 years old, died suddenly at Balboa from apoplexy. Mrs. Potter was the wife of H. J. Potter and a resident of Sierra Madre. The funeral will be held in Pasadena and the burial will be at Sierra Madre.

PASADENA NOTES

PASADENA, July 31.—Tilman Hobson, many years ago a resident of Pasadena and now the noted evangelist of Anderson, Ind., will speak at the First Methodist church Sunday evening. His visit will be one of the important church events of the year.

George Bertonneau and Connor Donnelly have been named to have charge of arrangements for Pasadena for the coming picnic and reunion of Catholics at Long Beach. The picnic takes place next Saturday and many will go from this city.

Unexpected value has been attached to the coin collection of Frederick Packner, whose death was occasioned by a fall which fractured his neck. The bag of coins were at first considered of little value, but experts now claim that they are worth about \$4000.

Under the auspices of Scott chapel (African) there will be special song services at the First Christian church Sunday afternoon at 3 o'clock. This is a rather novel affair, giving over one of the newest and most fashionable of the churches to a negro congregation.

Because of the success of the Throp institute summer school, which was directed this year by Dr. A. B. Cooke, it is planned to enlarge the scope of this work another year. The summer school closed yesterday.

Justice H. H. Klamroth today sentenced Floyd Merchant, a tailor, to the county jail for fifteen days for hitting Lieutenant of Police Copping on the chin when Copping attempted to arrest him. Merchant was very drunk at the time.

Prof. Arthur H. and James F. Chamberlain have returned from attending the annual meeting of the National Educational association at Denver. Prof. James F. Chamberlain was in charge of the important educational sections, while Prof. Arthur Chamberlain was re-elected as national treasurer.

SEES NO DIFFERENCE IN CITIZENS OF BAY

CONSOLIDATION ANSWERS INTERVIEW

A. F. Webster Replies to Statements Printed in Los Angeles Evening Paper—Venice and Ocean Park One Community

(Special to The Herald.)

SANTA MONICA, July 31.—Much amusement is being expressed this evening over an article regarding consolidation which appeared in one of the Los Angeles evening dailies today. The article in question is in the nature of interviews with a prominent citizen of the bay cities, although the issue does not give the name of that citizen.

"The statement published in this paper this evening," said A. F. Webster, one of the consolidation leaders, "is a statement of the government of the beach cities, Santa Monica, Ocean Park and Venice."

As a matter of fact, while there are three communities on the beach and one of them is called Venice, the latter point has this government and is a part of the city of Ocean Park.

We don't believe that such talk will have any force with the voters and we are ready to abide by the decision of the voters on August 5. I believe that consolidation will carry by a large majority."

To Manage Phone Company

SANTA ANA, July 31.—Ralph Hawley, who is in the employ of the Sunset Telephone company in Los Angeles, has arrived to take the place as local manager made vacant by the resignation of W. H. Ripley, who goes to Whittier to take the position of general manager for the National Electric works.

Pleads Not Guilty

SANTA ANA, July 31.—Ed Markwarder, charged with criminal assault, this morning pleaded not guilty in the superior court, and his trial was set for August 23.

EVERY BALLOT CAST FAVORS ANNEXATION

NEGATIVE VOTES CONSPICUOUS BY ABSENCE

By Taking in Strip on West Side of San Gabriel River, City Secures Control of the Inner Harbor

(Special to The Herald.)

LONG BEACH, July 31.—The election just held here is unique in that it is the only one at which no negative vote has been cast. It was for the purpose of annexing a strip of land on the west side of the San Gabriel river, at the time the supreme court gave Terminal to San Pedro the San Pedro lines did not include this strip, on which is located the San Pedro salt works, the oil refinery at Ostend, the west side of the ocean entrance to the inner harbor and the west San Gabriel jetty.

Desiring to have the complete control of the inner harbor under this municipality, no time was lost in calling an election. There were six candidates in the districts. Five ballots were in favor of the question and one was blank and therefore thrown out. The city vote was very light, only forty-six being cast.

An election for a councilman will be called soon.

TO ARGUE PETITION FOR REOPENING SAVINGS BANK

Majority of Stockholders and Depositors Want to Put Institution on Its Feet

LONG BEACH, July 31.—The petition asking for an order to reopen the Citizens' Savings bank will be argued in the superior court next week and a decision is expected to be handed down at that time. Great interest is manifested as to whether the decision will be favorable or otherwise, for while there are many who are in the way as far as counsel has been retained, still it is distinctly a novel step and without precedent.

Attorney Hahn of Pasadena will be in court to represent the stockholders, and Attorney Daly will also be present. Nine-tenths of the depositors and 80 per cent of the stockholders have signed up on the proposed plan to reopen the bank. If this is done the stockholders will make good the deficit in the assets and the depositors will get their money out on time certificates.

CELLULOID COLLAR SET ON FIRE; MAN'S NECK BURNED

LONG BEACH, July 31.—William Gillespie's celluloid collar caught fire when the man's rays were focused on it yesterday, and the young man's neck was burned painfully. The incident happened at State street and Elm avenue, where the young man was in the way as far as counsel has been retained, still it is distinctly a novel step and without precedent.

Attorney Hahn of Pasadena will be in court to represent the stockholders, and Attorney Daly will also be present. Nine-tenths of the depositors and 80 per cent of the stockholders have signed up on the proposed plan to reopen the bank. If this is done the stockholders will make good the deficit in the assets and the depositors will get their money out on time certificates.

LONG BEACH NOTES

LONG BEACH, July 31.—James Lawford, a beach visitor, this afternoon reported to Patrolman Shinkle the loss of a suit of stickpin, valued at \$45. It is probable some smooth pickpocket secured it.

It was reported today that the west jetty had been considerably damaged by the big swell, but President C. J. Curtis of the Dock and Terminal company said that things were in a satisfactory condition and that the dredger would get the jetty in shape by next week. It is expected that by next week all the city officers will be housed in the remodeled city hall. The mayor and board of public works will be on the ground floor.

Installing Phone Cables
LONG BEACH, July 31.—Men employed by the Pacific Telephone company are busy installing cables in several locations in the city. Beginning at the office near First street and Pacific avenue, and continuing east on First to American avenue, a 400-pair cable will be installed. From American avenue to Alamitos avenue a 300-pair aerial cable will be used. From Bonita to Grand avenue and on the ocean front to Miramar avenue a 200-pair cable will give to the residents of Belmont Heights an improved service. The work will be completed within thirty days and will cost approximately \$20,000.

Rat-Tailed Stingray Caught

LONG BEACH, July 31.—A monster stingray, weighing about thirty-six pounds, but minus its stinger, was landed on the outer wharf this morning after a fierce struggle. The stingray, which was of the variety known as the rat-tail stingray, was hooked on a small tackle by George Munger, and in its rage on finding itself securely fastened, struck at one of the pillars of the pier, and his stinger was imbedded and broken off in it.

The queer fish, with a tail about a yard long, attracted much attention on the pier, where it was exhibited as an "ox-ray," or "sea devil."

Old Man Injured

LONG BEACH, July 31.—While talking with relatives in his home last night, Henry McArthur of 519 Cedar avenue was seized with a sudden fainting spell and toppled over, striking a bedpost and sustaining a fracture of one of his ribs. This caused traumatic pneumonia, and as Mr. McArthur is over 70 years of age it is feared that the illness will prove serious.

Better Demand for Apricots

SANTA ANA, July 31.—Demand for dried apricots is stronger, and as a result the week closes with quotations in advance of last week. As high as \$7.65 has been paid for choice fruit, and buyers say the price has reached the top notch. It is estimated about 200 tons of the 1200 tons in the valley have been purchased.

WOUNDED DESPERADO MAY BE RICHARDSON

SHERIFF BELIEVES MAN IS FRESNO FUGITIVE

Escaping Prisoner Is Shot and Sent to Hospital, Where Officers Become Convinced He Is Noted Murderer

(Special to The Herald.)

SAN BERNARDINO, July 31.—That Edward Rice, lying perhaps mortally wounded in the county hospital as the officers constantly declared, was James West of Needles yesterday morning as the desperate prisoner attempted to escape, is James Richardson, wanted for the murder of Deputy Sheriff J. D. Friedman, Fresno, on March 13, 1907, is believed by the local officers, after comparing the injured desperado with photographs and descriptions of the murderer. There is a reward of \$1000 offered for the capture of Richardson.

Unable to otherwise understand why Rice made his two desperate chances for escape while in the custody of officers constantly declaring the most dangerous criminals, unless he was wanted for a far more serious crime than robbery, Sheriff Ralph and his men went carefully over the records, and believe there is little doubt that Rice and Richardson are one.

The wounded criminal was brought to this city on the Santa Fe Overland this morning by Deputy Sheriff Bortoroff and is now lying in the county hospital with but a fighting chance for recovery, with a dangerous wound through his lungs.

Deputy Bortoroff brings the first version of the escape as told by the prisoner. Rice says he made his escape from the berth in which Sheriff Romero was also sleeping and, taking that officer's revolver and keys, fled to the river bottoms. There he remained two days before the escape was reported by the New Mexico officers, who then left for home, much to the disgust of the Needles force, with a decision to locate their prisoner.

It is stated that when, on the morning after his escape, Rice entered a restaurant in Needles, threw his gun on the table and ordered his meal. The New Mexico officers were in the town. The shooting of Rice as he attempted to escape from Deputy Sheriff West was only after that officer had shot three times in the air calling on the prisoner to stop, which he refused to do. He then shot, hitting Rice squarely through the lungs.

Rice called to West from his cell to open the door, as he wished to throw on a blanket. When the deputy complied Rice sprang out, striking his guard in the face and fleeing to the railroad yards, where he was found and shot.

CITIZENS URGE RAILROAD TO ERECT NEW BUILDINGS

In Midst of Beautifying City, Residents Appeal to Corporation to Add Its Share

SAN BERNARDINO, July 31.—A movement was launched last night at a public meeting for the erection of a depot of commerce for a new Santa Fe depot in this city.

The chamber not only passed a statement regarding the railway company to join with the improvement movement which has taken a firm hold on this city and erect a suitable terminal building in the city, but also a promotion committee to immediately take up the matter and visit General Manager A. G. Wells of the Santa Fe with the request that the company raise the present building structure and in its place construct a depot which will be a credit to the city and the railroad.

The new depot is requested in view of the fact that both the city and individual residents are in the midst of an era of improvement. One item alone totaling \$250,000 for the new passenger building take the place of the present depot, which was constructed when the road was in its infancy in Southern California.

It is also desired by the people of the city that in addition to the depot proposed at the corner of Garey avenue and Holt avenue to the corner of Williams street and Hamilton avenue, is about ready for occupancy.

Frank D. Lewis, brother of Walter Lewis, was here today from Riverside. Mr. Lewis has large land holdings in Riverside county.

To Renovate Hotel

POMONA, July 31.—Improvements have been started on the Hotel Palomares and the hostelry will be thoroughly renovated. More than \$15,000 will be expended in reconstruction work. Suits with private baths will be arranged, a complete new steam heating plant installed and the kitchen completely re-equipped. Hardwood floors will be laid in the office and reception rooms and new furniture purchased.

The location of the hotel is one of the most attractive in the city, the trees and grounds of the property having been brought to their present state of perfection by years of cultivation. Mr. Ferris of La Casa Grande hotel, Pasadena, is the new manager and numerous local business men are interested in the proposition, so that it now looks as if this city is to have what has long been needed, a first class hotel.

RIVERSIDE ELECTRIC LINE WILL ENTER THROUGH BORE

Conference Between Southern Pacific and Colton Officials Results in Important Announcement

SAN BERNARDINO, July 31.—As the result of a conference yesterday between officials of the Southern Pacific and the city council of Colton it was decided that the electric line from Riverside would enter the Hub city through a tunnel to be constructed by the tracks of the Southern Pacific at Fifth street. The line will turn east from the railway tracks, crossing the Santa Fe near the parking lot, and connecting with the San Bernardino line on Eighth street.

It was also decided to close Mt. Vernon avenue across the northern Pacific tracks, placing gates at the Eighth street crossing and a viaduct over the tracks at Third. Other steps were taken which will mean much to the city of Colton by the enlargement of the facilities of the Southern Pacific.

Arraigned for Assault

SANTA ANA, July 31.—Valentine Zuniciga, charged with feloniously assaulting Jennie Devaux, a French woman, was arraigned in the superior court last Wednesday night, and today arraigned in the township court and set for his preliminary examination set for next Friday.

A FEW Good Reasons WHY THE Careful Investor

Will Put His Money Into Our Company:

- 1st Because; our stock can be bought at its par value of \$1.00 per share.
2nd Because; money invested in building companies in Los Angeles has been yielding from 25% to 50% annually.
3rd Because; every share of stock is amply secured by Gold Bonds of the Granite Securities company of Los Angeles.
4th Because; only men of many years' experience in the building business are intrusted with the management of its affairs.
5th Because; every stockholder will share equally in all the profits, there being no high-salaried officers to eat up profits.
6th Because; every dollar this company invests is secured by a mortgage or trust deed on Good Homes worth twice the amount of the investment.

Mr. Investor: Let us tell you more about this gilt edge proposition while a limited amount of stock may be secured at \$1.00 per share. We will gladly answer all inquiries. Respectfully,

California Building and Land Syndicate 1004 Security Building Fifth and Spring

POMONA NOTES

POMONA, July 31.—The funeral of Miss Armlida Boyler was held this afternoon, the body having been sent here from Deming, New Mexico. Interment was made in Pomona cemetery.

Earle Blakeslee, Lewis Johnson, Alan Benner and Chesney Carver, who comprise the troubadour male quartet of Pomona college, are on a concert tour around Ventura, Santa Barbara and Nordhoff.

A large number of former residents of Iowa left for Long Beach to attend the Iowa state picnic which was held there today. Dr. E. Henderson had charge of the local arrangements.

The Pomona Manufacturing company is now employing about seventy men in the day and night shifts. The company has orders far ahead and plans are being made for the further enlargement of the plant.

Prof. George G. Hitchcock of Pomona college has left for an extended eastern trip and will not return to California until late in September.

The former residence of Cyrus Burdick, which was moved by F. W. Ritter from the corner of Garey avenue and Holt avenue to the corner of Williams street and Hamilton avenue, is about ready for occupancy.

Frank D. Lewis, brother of Walter Lewis, was here today from Riverside. Mr. Lewis has large land holdings in Riverside county.

SURF FISH NEARLY PULLS SMALL GIRL INTO OCEAN

PLAYA DEL REY, July 31.—Surf fish weighing more than seven pounds, with strength enough nearly to pull a 12-year-old girl from her perch on the wharf, were the features of the fishing at this place today.

Of late these varieties have been taken in quantities, and their size is remarkable. Little Ruth Engella, while angling this morning, was frightened by a severe tug on her line, which but for the timely arrival of assistance would have pulled her into the water. More experienced hands secured control of her tackle and pulled the fish in. When weighed it was found to weigh seven pounds and a quarter.

INSTRUCTED TO ISSUE LEASES TO SQUATTERS

Council Sells at Auction Wharf Franchise to Stockholders of Outer Harbor Dock Company

SAN PEDRO, July 31.—At an adjourned meeting of the city trustees this morning the president and clerk were instructed to issue leases for fifty years to a hundred squatters on their holdings along the government wharf at East San Pedro. The action today followed a petition presented at the last meeting of the board of trustees, and it is thought probable that a number of other squatters not included in the application will apply for leases at the next meeting.

Wharf franchises covering the holdings of the Outer Harbor Dock and Wharf company, which is known as the Miner concessions in the outer harbor, excepting that reserved for the city of San Pedro, were sold at auction this morning. The sale was a mere formality, there being no bidders other than eight stockholders in the company, namely John E. Bradlee, J. M. Peck, Lyman Stewart, Randolph H. Miner, Giles Kellogg, Gervase Purcell, Frank A. Garbutt and J. M. Rust. The frontage was divided among the eight applicants to comply with the law prohibiting more than a thousand feet to be held by one individual or corporation. The amount of the bid tendered in gold.

AT CAMP HOEGEE

Lying in a pretty rock land canyon, covered with ferns, with the cooling waters of Winters creek dashing over rocks and boulders, making pretty falls here and there sandy beaches, a delight to the children, lies Camp Hoegee. The ride up the trail is one of ever-changing beauty. It has trapped the hunter, charmed the artist, delighted the children, held spellbound the lover of nature and lured the lazy dreamer who likes to lie in the hammock all day under a tree.

The deer season has just opened up, and the cook at camp is kept busy getting meals at all hours for the hungry hunters. George Piester of Los Angeles and Ariel Hoogee of Sierra Madre started on their first deer hunt last Saturday night. They hunted most of the day, came into camp at night, not with a deer, but had a diamond rattler five feet long.

A Putnam has been passing his vacation with his family in camp. Mrs. A. V. Folkerson of Highland Park has been passing two weeks, doing oil and water colors. She plans to return in the fall for a stay of two weeks.

Mr. and Mrs. James Metcalf are passing two weeks in camp hunting and sightseeing. Mr. and Mrs. Angel and children, Mrs. Putnam, son Ralph and mother, Mrs. Ebenhart, left camp Saturday after a month's stay.

Eighteen of the persons in camp formed a merry picnic party to pass the day at Sturdevant Wednesday. With a burro train and well filled baskets they were royally received by Mr. and Mrs. Boyer, who did all in their power to make the day one long to be remembered.

Mrs. J. J. Williams entertained a merry picnic party on the beach at her tent "Minnehaha," Monday in compliment to Mrs. Roy Corson and children of Boyle Heights.
