PHONE CASE WILL BE DECIDED IN DECEMBER

MATTER IS BEFORE SUPREME COURT OF STATE

Oral Arguments Made Month Ago and Briefs Have Been Filed by Sunset Company and by Pasadena

[Special to The Herald.] PASADENA, Oct. 17.—The decision of the state supreme court in the matter of the city of Pasadena against the Pacific Telephone company is expected to be rendered in December. Over a month ago the oral arguments were made before the supreme court and both the telephone company and the city have filed their briefs and the matter will come up October 20 before the court.

The decision in this case is all important to the city of Pasadena and other municipalities in the state that are awaiting the action of the court before they take action against the telephone company in the matter of compelling the company to take out franchises to operate in their cities.

This case will decide whether the court can prevent the city from enforcing its ordinance. It will be remembered the city cut the lines of the telephone company when the case was decided in their favor in the superior court and the business of the telephone company was badly crippled for days.

The telephone company secured an order from the court directing the city not to molest the telephone company during the time the case was on appeal. The city claims the court, in view of its former decision, could not make such an order or allow such an injunction, and it is this point that will be decided.

NOVEL CELEBRATION OF HALLOWEEN IS PLANNED

Children of Pasadena Will Be Assembled at New Playground, Where Surprises Will Be Sprung

PASADENA, Oct. 17.—If the plans do not go astray Pasadenaans will witness a Halloween celebration that will be both novel and on a wholesale plan. It is hoped to assemble as many of the children of the city as possible at the new public playground between the hours of 6:30 and 8 o'clock with jack-o'-lanterns and all the other weird effects that can be produced by clever youths. All the arrangements are in the hands of Harold Eversen, director of the new playgrounds, and he has made a request for pumpkins, squashes and other material to make a showing the night of October 30.

The public will be invited to witness the display and many novel features will be sprung as surprises. The grounds are large enough to accommodate a huge crowd and it is expected that thousands will be attracted to the park to see the weird entertainment.

CHICKEN ORDINANCE WILL BE DISCUSSED

PASADENA, Oct. 17.—Once again there will be a battle waged before the city council in behalf of the chickens and roosters, and Tuesday when the matter comes up it will be settled one way or the other. Either the rooster will be put on the block or he will grow in Pasadena to his heart's content.

Mayor Earley says that the matter will not be delayed any longer. Constable Newell, who is the friend of the rooster, wants all petitions signed by the protesting residents in his hands before Tuesday to present to the city council in order to show them how public opinion on the question stands.

PASADENA, Oct. 17.—G. A. Durand Beach place, an employee of the Pasadena Transfer and Storage company, met with a compound fracture of his leg yesterday. Bystanders lifted the piano off the prostrate man, and he was rushed to the hospital, where the fracture was set.

PASADENA, Oct. 17.—President Chamberlain of the board of education will call a special meeting of that body to take action to call for the publishing of bids for sites for the contemplated new high school in this city, which has been made necessary owing to the rapid growth of the city and the terribly congested condition of the present high school.

INJUNCTION HEARING TO BE HELD TODAY

SEEKS TO STOP ANNEXATION ELECTION

Attorney Files Suit to Prevent Belmont Heights from Voting on Acquiring Shoestring Strip

[Special to The Herald.] LONG BEACH, Oct. 17.—A hearing of the injunction suit brought to restrain Belmont Heights from holding an election Tuesday of this week on the annexation of a "shoestring strip" will be heard tomorrow. The suit was filed by Attorneys Denio & Hart on behalf of Albert Teague.

City Attorney Knight of Belmont Heights has secured an affidavit from John Mason, city clerk, to the effect that Teague's total yearly assessment in Belmont Heights is but \$2.60, and that he would have to live in the city nearly 200 years before his taxes would equal the amount of the costs of bringing the injunction suit. Knight declares that the Long Beach board of education prompted the suit and that Attorney Denio really represented that board in filing the papers.

STOLEN FAMILY HEIRLOOM FOUND IN CLUMP OF BRUSH

Watch Belonging to Col. Charles R. Drake's Great-Grandfather Is Recovered

LONG BEACH, Oct. 17.—A valuable silver watch, especially dear to Jean G. Drake of this city and to his father, Col. Charles R. Drake, of Los Angeles, because it formerly belonged to the latter's great-grandfather and was a family heirloom, was among the articles stolen from the J. G. Drake home two months ago by William Charleston, who was arrested here last week and confessed to eight robberies.

The watch of the Drake property was returned but Charleston told the police he had thrown the watch away while going to San Pedro by trolley the night of the robbery.

TUESDAY SET ASIDE AS "BUY IT AT HOME" DAY

Merchants of Long Beach Will Offer Special Bargains and Dance Tickets to Patrons

LONG BEACH, Oct. 17.—The merchants of this city will offer special bargains to patrons Tuesday of this week, October 19, which has been set apart as "Buy it at Home" day. The city council has given merchants the privilege for this day of making displays on the sidewalks in front of their stores.

The city band will play on various business corners during the afternoon. A live stock and wagon exchange will be held at the corner of Second street and American avenue.

LONG BEACH NOTES

LONG BEACH, Oct. 17.—Mrs. M. E. Pendleton, 55 years old, the mother of Mrs. Roy Clanton, died today at her home, 1126 East Sixth street. She had been an invalid for a number of years.

The macadamizing of American avenue from Anaheim street north to Hill street will be taken up at once and hastened to completion. The improvement has been planned for some time.

Alleging that the banks tie up their deal for too long periods of time on some occasions, the members of the Realty board of this city have delegated a committee to ask for the establishment here of a branch of the Title and Trust company to take charge of the escrows of local deals. The committee will report Tuesday night at a meeting of the board. At that meeting officers will be elected for the ensuing six months also.

Bullet Misses Mark

LONG BEACH, Oct. 17.—A few nights ago Deputy Constable Cason fired a shot at a man whom he saw in the rear of a Pine avenue grocery store. The man had refused to obey the officer's command to halt. Cason's bullet missed his mark. He found out the next morning that the man at whom he fired was an employee of the grocery store and was only loitering in the alley to wear off a state of intoxication. The employee and the deputy were equally glad that the former succeeded in making his getaway without being mortally wounded.

It's as easy to secure a bargain in a used automobile, through want advertising, as it used to be—and still is—to secure a horse and carriage.

Want Paving Accepted

SAN BERNARDINO, Oct. 17.—Before the city council Monday night the property owners of West Third street are again to urge the officials to accept the recent paving laid on that thoroughfare by ordinance. Last week the council took the matter under advisement until the law on the matter could be looked into, it being asserted by the property owners they could force the city to accept the improvements by a recent supreme court ruling.

POLITICAL SKELETON IS UNEARTHED IN NEW YORK

Scandal Alleged to Have Taken Place in Time of Mayorality Campaign of Grace

NEW YORK, Oct. 17.—Taken from the graveyard of forgotten campaigns, a political skeleton was brought out in New York tonight after twenty years' hiding, adding intensity to the three-cornered struggle for the mayor's chair, for which William J. Gaynor, Democrat; William R. Hearst, Independent, and Otto T. Bannard, Republican, are struggling. It had to do with the political record of William M. Iyins, Hearst's ardent Republican supporter, and came in the form of a statement by Henry George, Jr., son of the famous single tax reformer, who charges that Iyins went to his father in 1886 and offered him inducements to withdraw from the mayoralty race against William R. Grace. George refused to be sidetracked and entered the contest only to meet defeat.

ITALIAN EXTREMISTS TO WAGE WAR ON CLERICALS

ROME, Oct. 17.—All indications are that the extremists in Italy are determined to make an anti-clerical campaign, more vigorous even than that in France. This is being directed by the Masons, whose grand master has issued a most violent manifesto in behalf of Ferrer, recently executed, and against the church.

The manifesto said: "Sacredotal tyranny, still vermillion with Italian blood, imposed and obtained through the fright of a boy and the cowardice of the government, the slaughter of an innocent, who was not judged but murdered, Italy, which has seen scaffolds reddened, fire applied to the stakes and the slaughter even of unarmed women and children ordered by the church, must understand its duty. Rome, which has inside its walls the Vatican for centuries has supported all tyrannies from which to our shame the slaughter of Babelona originated, must decree that the last crime will not remain unpunished."

"An international subscription has been opened to establish, in the Piazza of St. Peter's, facing the Vatican, Ferrer's modern school, which was suppressed at Barcelona."

America Leads Fashions

Nuremberg, Germany, has a population of 320,000. In most shop windows, United States Consul George N. Ift says, are seen shoes marked "American form," "American style," or "American fashion," indicating that the superiority of our footwear is admitted, but in the whole city there is not an American shoe for sale. Fashions in Russian shoes are entirely different as to shape and weight from those made in the United States, but the American article finds a
